Interests:

My wife and I purchased land in North Garden several years ago, and completed the construction of our home in 2024. After many years of living in urban settings, we were pleased to move to the country -- specifically, Bundoran Farm, in southern Albemarle County. I enjoy being outdoors, gardening, spending time with our 8 month old daughter, and have always had a strong interest in public service. Other interests include sailing on the Chesapeake Bay, traveling, and learning.

Reasons for Seeking to Serve on the Board, Commission, or Committee:

For as long as I can remember, public service has been just been in my blood. In 2012, I ran for Harrisonburg City Council (Independent — a moderate, not a particularly partisan person) and served a four year term at age 24. Those 4 years were incredibly formative for me; good things in our communities don't just happen by accident — it requires people serving with a mindset of making the lives of others better. Public service. I have a varied background, and interests. In addition to being a business owner (for over 10 years my business partner and I have grown a Shenandoah Valley based registered investment advisor), I continue to be involved in service to my community. Currently, I am chair of Bridgewater Retirement Community, with my term ending late this year. The past 5 years on this board has opened my eyes to the importance of healthcare workers, and the shortage we faced during the pandemic, which will continue to be struggle in the future. Building our home also made it clear how important various trades are, which we take for granted each day. These professions, and so many others are crucial to society. Traditional 4 year college is not right for all. And I feel community college should (and will) increasingly be encouraged as a cost effective and wise approach to educating much of the workforce of the future. I am looking for the opportunity to be connected with the community where we have decided to plant our roots. And education I feel is so important, at all levels. It would be an honor to serve and promote our community college system here in Albemarle and regionally too.
