I believe I have the knowledge and interest to make a positive contribution to the Blue Ridge Committee for Shenandoah Park Relations with regards to building relationships, work, planning, and future goals. I have worked well with the Good Neighbors Program Manager for Shenandoah National Park Trust in the past and have also worked well in the past with Jake Hughes, the NPS staff biologist in charge of managing invasive plants and restoration in the Park. I believe strongly that Albemarle County has a positive and strong role to play in being a good neighbor and stewardship partner with Shenandoah National Park. I am a long time resident of Albemarle County and this committee aligns well with both my personal and professional interests. I hope to make a positive contribution to the county where I have lived for so many years, and help preserve and enhance our county's (as well as the Park's) landscapes for current residents and future generations.

### Professional Summary

Nonprofit sector professional specializing in public relations, policy analysis, and communications. Extensive experience in the environmental nonprofit and State government arenas. Areas of expertise include policy analysis and development, communications strategy and implementation, collaborative networking, educational programming, training development, program management, social media management, narrative writing, and relationship building with organizational partners and the public.

---

### Professional Experience

**Director, Virginia Invasive Plant Coalition**, Blue Ridge PRISM, Charlottesville, Virginia,  
November 2025–present

The Virginia Invasive Plant Coalition (VIPC), an arm of Blue Ridge PRISM. VIPC is a collaborative of 90 organizations that are committed to addressing the issue of invasive plants in Virginia. It is composed of nonprofits, state agencies, private sector vendors/contractors, landowners, educators, and farmers. As the Director, I foster collaboration, communication, and engagement among the members. I recruit new members, build relationships, and represent VIPC on boards and at public events.

**Director of Communications & Outreach**, Blue Ridge PRISM, Charlottesville, Virginia,  
2021– November 2025

As the Director of Communications & Outreach, I manage PRISM's outward facing work which encompasses overseeing all aspects of publicity for the organization, including social media and outgoing communications; overseeing the logistical aspects of organizational events; crafting the majority of written material and publications; and facilitating online and in-person events.

- Communications: Transformed Blue Ridge PRISM's communications and reach by focusing on inclusive, accessible, and consistent land stewardship messaging.
- Public Speaking: Routinely speak to audiences of all backgrounds and sizes on the topic of invasive plants in Virginia. Frequently host well-known conservation speakers and engage them in insightful and productive conversation in front of a large crowd.
- Social Media: Have exponentially increased Blue Ridge PRISM's social media reach and mailing list subscriptions.

- Relationship-building: Collaborate effectively with volunteers, fellow conservation professionals, State employees, and legislators.
- Partnerships: Actively initiated and continue to cultivated relationships with conservation organizations such as Virginia Conservation Network (VCN) and Virginia's United Land Trusts (VaULT). This has resulted in the expansion of PRISM's partnerships in land conservation and its inclusion in a wider, statewide network of land conservation professionals.

This position provided the opportunity to form relationships with two Native American tribes (Upper Mattaponi and Rappahannock) to respectfully provide training and resources regarding invasive plants on tribal lands. I believe in the inherent rights of indigenous tribes to territorial integrity and governance.

**Principal, Virginia Grantworks, Charlottesville, Virginia, 2015–2021**

Drawing from my experience with nonprofit organizations and their needs, I launched Virginia GrantWorks. I constructed, wrote, and edited grant proposals for nonprofit organizations. In addition, I researched grant opportunities and worked with clients to assess organizational goals and funding priorities.

**Executive Director, The Oratorio Society of Virginia, Charlottesville, Virginia, 2016–2019**

Managed all operational aspects and oversaw the communications/publicity and fundraising for this performing arts nonprofit organization. Substantially expanded its public relations reach and audience base, increased social media and online presence, and established a targeted print advertising strategy. Oversaw and administered donor-engagement campaign as well as grant writing projects.

- Worked closely with the Board of Directors, donors, choral members, and volunteers to achieve organizational tasks and goals.
- Pursued collaborations with other arts organizations to increase musical educational outreach.
  - o Developed a music mentoring program in collaboration with The Wednesday Music Club and The Boys & Girls Clubs of Central VA.
  - o Organized teen workshops in collaboration with the UVA Dept. of Music.

---

**Relevant Past Experience**

**Senior Associate Legislative Analyst, Joint Legislative Audit and Review Commission (JLARC), Richmond, Virginia, 1993–1998**

Worked as a legislative analyst to conduct program evaluation, policy analysis, and oversight of state agencies on behalf of the Virginia General Assembly.

- Conducted in-depth evaluations of Virginia state agencies and policies by assessing

personnel, resources, effectiveness, and capital needs.

- Implemented surveys and reviews of operating procedures and financial records along with site visits and interviews with agency personnel.
- Composed extensive narrative and detailed reports for publication which often included suggested amendments to the *Code of Virginia*, depending on JLARC recommendations.
- Tracked bill legislation during the General Assembly session and worked with legislators to explain study results and relevant data.

This position launched my appreciation for the benefits of public organizations and instilled the desire to work toward policy and communication for the public good.

**Board of Directors and Public Relations Chair**, The Women's Committee, Martha Jefferson Hospital Foundation, Charlottesville, Virginia, 2013–2016

Created, planned, and executed the public relations and marketing strategy for print, radio, television, and social media for The Women's Committee and its major fundraising events which raised more than \$1.3 million. This position required a high degree of interpersonal skills and the ability to work with many people with different personalities.

**Chair and Founder**, Speaker Series, St. Paul's Memorial Church and the University of Virginia, 2010–2014

Created, organized, supervised, staffed with volunteers, and advertised a speaker series that recruited esteemed academic speakers from the University of Virginia to create and foster a forum for communication and intellectual exchange between the university and the local community.

# Blue Ridge Committee for Shenandoah Park Relations

## Board Details

The purpose of the Blue Ridge Committee for Shenandoah Park Relations (Committee) is to provide a two-way conduit for information. Park management decisions today impact surrounding counties much as the original land acquisitions did in the 1930s. These include wildlife management practices, law enforcement, cross promotion of tourism, and potential expansion. Likewise, decisions on the County level can have significant impact on the Park, especially land use issues.

By establishing this Committee, the Counties can consider issues related to the Park in a comprehensive and informed manner and, when consensus is reached, communicate with one voice to Park management. Park management can have an ongoing and regular dialogue with its neighbors. Legislators can avail themselves of this opportunity to keep current on the issues which impact a large number of constituents and vast land area.

## **Biography - David T. Pastors**

Dave Pastors served as the Director of Blue Ridge Court Services in Staunton, Virginia for 23 years until his retirement in March 2019. He returned to BRCS in May 2019 to work as a part-time criminal justice planner for the Central Shenandoah Valley. Over the course of his 47 years working in community corrections, he served as the Executive Director of the Jefferson Area Community Diversion Incentive Program in Charlottesville. While working with Jefferson Area CDI, he helped re-establish the Shenandoah Valley Community Diversion Program in 1989. With enabling legislation, the Shenandoah Valley CDI Program transitioned to become Blue Ridge Court Services in July, 1995.

Dave has an interest in program development for special needs populations, having led the effort to establish Piedmont House, a halfway house for non-violent offenders in Charlottesville, the Blue Ridge Restorative Justice Program, the Staunton-Augusta-Waynesboro Drug Treatment Court and the Staunton-Augusta Therapeutic Docket Program.

Dave has served as the Chair of the Jefferson Area Community Criminal Justice Board in Charlottesville and the Chair of the Board of Directors of the Valley Mission, Inc., He has also served as the President of the Virginia Community Criminal Justice Association and is active in promoting legislation for the expansion of local probation and pretrial services in Virginia.

Dave is a graduate of the University of Virginia and resides with his family in Albemarle County.

Albemarle County

# Places 29 Hydraulic Community Advisory Committee

Board Details

The Advisory Committees will provide assistance, feedback and input to County staff and the Board of Supervisors on community and county efforts related to implementation and support of the adopted Master Plan, in accordance with established county procedures. Advisory Committee members will communicate with their constituencies to increase understanding of and support for successful implementation of the Master Plan. The membership is broad-based to incorporate a variety of perspectives and ideas and to provide citizens, business people, and representatives of community groups a chance to be engaged and to be heard in a constructive and meaningful way.

The Committees will be a catalyst for helping foster a sense of community and work towards effective and efficient Master Plan implementation. Committees are a venue to discuss and provide comments on program and policy questions and/or proposals. Community Advisory Committees are an important venue for discussion and Committees can provide feedback and indicate preferences related to development proposals, although Committees do not have a legislative role in the development process.

Responsibilities:

1. Serve as liaisons
2. Gather input from constituencies represented and bring these issues to the attention of staff and the Committee, and distribute information from the Committee back to constituents.
3. Stimulate creative thinking in examining implementation issues and identify ways of using community resources to meet implementation needs and challenges.
4. Provide advisory input, comments, and information to the Board of Supervisors on new and emerging policies, projects, and programs as requested.
5. Maintain a forward-looking agenda with respect to adopted Master Plans and policies of the Board of Supervisors. Committee meetings are not the appropriate venue to oppose adopted policy.
6. Commit to support and work to implement the adopted Master Plan.
7. Work with Staff to provide an annual report of activities to the Board of Supervisors in accordance with the Board of Supervisors' adopted Rules of Procedure for Boards and Commissions.

---

## Overview

- ▢ **Size** 16 Seats
- ▢ **Term Length** 2 Years
- ▢ **Term Limit** 3 Terms

---

## Additional

**Length of Term**

Members will be appointed for either a 2 or 3 year term to stagger the transition of new members on and off the committee. After initial appointments, terms will be for 2 years. While Members will be generally expected to serve no more than 2 terms, additional terms may be considered if desired and if the Board of Supervisors deems appropriate.

**Frequency/Times for Meetings:**

The 2nd Monday of each month at 5:30 pm in the Media Center at Greer Elementary School, unless otherwise noted.

**Membership:**

The Board of Supervisors shall appoint eleven members to the Committee.

**Qualifications**

The Board of Supervisors shall appoint eleven members to each of the three subcommittees (Places29-North, Places29-Hydraulic, and Places29-Rio). Each member shall be a resident of or business owner in Albemarle County. For all representatives, the member's home or business shall be located within their appointed sub-Committee's geographic area; representatives from adjoining areas may also be appointed as deemed appropriate by the Board of Supervisors. An individual may not serve on more than one sub-Committee. Each sub-Committee shall have members along the following representations: Places 29 Hydraulic shall have members along the following representations: Large Neighborhood (2) Small Neighborhood (2) Development Community (1) Business Community (2) School Community – staff, school board, PTO member (1) Office/R&D/Flex/Light Industrial or Heavy Industrial (1) Urban Mixed Use (1) Other – RSWA, RWSA, CHO Board, non-profit or community group with a focus on open space, water resources, transit, etc. (1)

**RESUME: Bill McLaughlin**

**EXPERIENCE:** Upon leaving the federal government in 1998, until retirement in 2007, I was a data processing consultant for database development, computer support and training for a number of organizations including DynCorp, TRW, Securities and Exchange Commission, Fairfax County, Alexandria Adult Education, and the Environmental Protection Agency. Prior to 1998 I worked for the Internal Revenue Service as a programmer, systems analyst, and manager; retiring as a data processing manager in charge of office automation systems (networks, computer equipment, and software) for IRS Headquarters in Washington DC. I served as an Infantry Officer in the US Army from 1966 until 1969.

**VOLUNTEER SERVICE:**

I was elected to two terms as a Watergate at landmark (WAL) Board member and served as Board Vice President for two years prior to moving to Hollymead. I was also liaison to the Infrastructure and Recreation Committees, and as a board member of the Budget Committee. WAL is a large condominium consisting of four 18 story high rise resident buildings on 37 acres in Alexandria Virginia. In addition to residential buildings housing about 4,000 residents there are indoor and outdoor pools, a community center, an indoor racket club, and gym that the board oversees. It has an annual budget exceeding \$15,000,000, and is staffed by over 70 full time employees.

Prior to being elected to the board I served on the Recreation and Social Committees, and for several years on the budget Committee, and as Chair of the Recreation Committee.

While living in Mineral Virginia from 2007 to 2009 I was elected to my community's HOA Board and chaired the Roads Committee which developed specifications, selected a contractor, and closely oversaw the repaving of all five miles of roads in the community.

**EDUCATION/TRAINING:** I graduated from LaSalle University with a B.A. in Political Science in 1966. Over the course of my career I received extensive training in computer systems, instructor training and quality management.

**PERSONAL:** My wife Joy and I owned and, except for 2007 -09 lived at Watergate from 1990 until July 0f 2016 when we moved to Hollymead.

## SOFTWARE ENGINEER / DATA ANALYSIS ENGINEER

I am passionate about debugging embedded hardware and cloud-based systems. I enjoy working with people to solve their unique software and hardware issues. My broad background and team player mentality enables people to succeed with their projects.

### AREAS OF EXPERTISE

Software Engineering ☐ Communication Protocols ☐ Embedded/IoT Design ☐ RF Analysis  
Testing ☐ Documentation ☐ DevOps

### SUMMARY

- Development of concurrent and real-time applications along with web service-based applications
- Broad experience with problem-solving embedded IoT devices and cloud-based systems
- Implementation of Message Queuing (MQ) (Active MQ and Zero MQ) for enterprise and real-time GNU Radio systems
- Experience with relational database SQL (H2) in production systems and Oracle certified SQL expertise
- Author of wireless and Rust articles on Medium ([medium.com/@potto\\_94870](https://medium.com/@potto_94870))
- Organizer for Charlottesville Rust Meetup ([meetup.com/Charlottesville-Rust-Meetup](https://meetup.com/Charlottesville-Rust-Meetup)), given talks on Post Quantum Encryption and designing with asynchronous Bluetooth Rust (BlueR)
- Skilled in low frequency circuit board design, fabrication, assembly, and testing

### PROFESSIONAL EXPERIENCE

TELEDYNE LECROY – CHARLOTTESVILLE, VA

#### SOFTWARE ENGINEER

1/2022-Present

- Developed real-time code to process over-the-air communication protocols for 802.15.4 (6LoWPAN, Matter, and Thread) for the Teledyne LeCroy Frontline X500 and X240 series wireless analyzers
- Coordinated with multiple teams (IT infrastructure, IT security, tool managers) to design a firmware build system using Jenkins, Docker, and Yocto
- Planned with team and participated in overseas testing to capture new wireless technologies to validate analyzer capabilities
- Worked with customer to design automation code to control Bluetooth device testing
- Synthesized Bluetooth device certification tests for Teledyne LeCroy Harmony platform from Bluetooth test specifications
- Implemented smart battery communication using SMBus
- Created and presented wireless technical webinars with our marketing team covering Wi-Fi, Bluetooth LE Audio, Bluetooth Security, and Thread (see below section for titles)
- Comfortable using AI assisted code design on large C++ and Python code bases

LEIDOS (FORMERLY SAIC) – CHANTILLY, VA

#### SOFTWARE ENGINEER / DATA ANALYSIS ENGINEER

6/2009-12/2021

- Experience with Active MQ and Zero MQ for enterprise and real-time systems

- Established an automated Java based testing strategy to validate the weather server's ability to update weather forecasts and verify its temporal and spatial accuracy for returning requested weather data
- Coded Java objects to store XML and JSON based data in H2 and mongoDB databases.
- Created Servlets and JSP's to view weather data status using the Apache Tomcat server
- Developed a multithreaded file downloader in Java to autonomously pull GRIB data files through Air Force Weather Agency's (AFWA) JMBL web interface using SOAP requests
- Wrote a multithreaded weather server to provide current global weather forecast data for requesting classes
- Worked in a team to create an Android app to interface with a software defined radio.
- Experience setting up and maintaining H2, mongoDB, and Oracle 11g databases
- Created a GPU implementation of the Multistage Wiener Filter (MWF)
- Developed a GPU based matched filter for meteor tracking
- Designed and analyzed a MWF CPU fixed point implementation
- Authored a Matlab/C++ interface to the Microsoft Media SDK to create WMV sequences
- Modified the Berkley MPEG1 Matlab/C++ interface to generate large image sequences
- Wrote high speed frame grabber (100+ fps) using Sapera++ API

### **Image Processing and Communications Research Engineer** 5/2003-1/2009

- Created stabilized stereo sequences from a monocular image sequence using affine projection techniques on data generated from the Boujou Camera Tracker
- Analyzed and implemented various histogram and gradient based image enhancement techniques to improve image interpretability for customer specific requirements
- Designed and implemented program to implement vector quantized adaptive pulse code modulation (VQ ADPCM) for the purpose of achieving higher coefficient quantization ratios when combined with a unique SAR compression algorithm
- Developed a cyclostationary detector to analyze data for signal periodicities
- Created a simulation to analyze the effects of unique channel types on transmission and reception of PN, Gold, and optical codes
- Analyzed the effects of adaptive transmission code designed to improve BER in a heavy interference environment

UNITED STATES PATENT AND TRADEMARK OFFICE

### **PATENT EXAMINER**

1/2009-6/2009

- Evaluated patent applications for novelty and usefulness
- Attended the USPTO Patent Training Academy to receive training on all aspects of laws, rules, practice, and procedures in the examination of patent applications
- Obtained proficiency in using automation tools, including latest search and communication tools

GEORGE MASON UNIVERSITY

### RESEARCH ASSISTANT

10/2019-12/2021

- Embedded real-time TI C2000 and ARM software development
- Experienced troubleshooting low power analog circuits and ultrasound transducers using data capture and Spice evaluation
- Experienced working with PCB and assembly vendors as well as performing PCB reflow soldering
- Developed data analysis programs in Python and Matlab
- Taught sessions on time-delay spectrometry (TDS) / frequency modulated continuous wave (FMCW) signal processing techniques and hardware implementation
- Maintained lab network including design and execution of data backup plan and Linux administration

### ADJUNCT LECTURER

9/2014-12/2019

- Taught Java based IT 206 Object-Oriented Techniques for IT Problem Solving and CompTIA A+ certification course using active learning techniques
- Recorded, edited, and published courseware using Blackboard and Camtasia video editing software

### GRADUATE RESEARCH ASSISTANT

8/2010-8/2016

- Created technique for tracklet stitching, from a multitude of feature point sources using OpenCV
- Developed agent-based image analysis framework for feature tracking of ultrasound data using optical flow and active contour techniques
- Created program to stream Ultrasonix RP ultrasound machine data to remote host for the purpose of real-time collection and analysis of shearwave propagation for clinical study under NIH grant
- Developed methods to rapidly process and store large ultrasound datasets in a timely manner

---

### TECHNICAL SKILLS

**Software:** C++, Python, Rust, JavaScript, Java (Android/Enterprise), Matlab, CUDA, PL/SQL, FORTH, assembly (x86, MSP430)

**Communication Protocols:** Bluetooth (link layer and higher), 802.15.4 (Thread, Matter, 6LoWPAN), SPI, I2C, I2S, SMBus

**Software Defined Radio (SDR):** USRP N300, LimeSDR-Mini, HackRF, RTL-SDR, Airtys HF+ Discovery, ELAD FDM-S2

**Embedded Processors:** Cortex M4, TI C2000, NVIDIA Tegra K1, TI MSP430, 8051, Microchip 16x

**DevOps:** Kubernetes, Chef, Artifactory, Maven, Ant + Ivy, Splunk, AWS

**Databases:** mongoDB, MySQL, Oracle 11g, H2

**Certifications:** Wireshark Certified Network Analyst, CertNexus Certified Internet of Things Security Practitioner (CIoTSP), ISTQB Certified Tester Foundation Level, CompTIA: Security+, A+, Server+, Linux+, Cloud+ (expired), Cisco Certified Network Associate (expired), ASQ Six Sigma Green Belt, Oracle Certified Professional, Java SE 6 Programmer, Oracle 11g Administrator Certified Associate, Oracle PL/SQL Developer Certified Associate, Oracle Certified SQL Expert, C Programming Language Certified Associate, C++ Institute

**License:** Amateur Radio Operator, General Class (KG4LGI), Passed NCEES Fundamentals of Engineering Exam

### EDUCATION

---

- PhD, Electrical Engineering, George Mason University
- BS, Electrical Engineering, University of Missouri Rolla
- MS, Electrical Engineering Virginia Tech
- Machine Learning, Stanford (Coursera)

### SELECTED WEBINARS

---

- Bluetooth LE Debugging and Regression Testing
- How Bluetooth Security Has Improved and Expanded
- Organizing Bluetooth Complexity with Wireless Protocol Suite 3.00
- Shorten the debugging of Bluetooth LE Audio with Audio Expert System
- Rapid Decoding of Bluetooth GATT Applications with WPS
- Getting Value Out of Your Wi-Fi Capture
- In-Depth Analysis of Wi-Fi 7 and Bluetooth
- Threading the 802.15.4 Stack
- The Matter Device Development Cycle
- Less Work and More Reliability with Wireless Protocol Suite Automation
- Remote Wireless Protocol Capture Using Ethernet
- Channel Sounding Coffee Break Series

Albemarle County

# Places 29 North Community Advisory Committee

## Board Details

The Advisory Committees will provide assistance, feedback and input to County staff and the Board of Supervisors on community and county efforts related to implementation and support of the adopted Master Plan, in accordance with established county procedures. Advisory Committee members will communicate with their constituencies to increase understanding of and support for successful implementation of the Master Plan. The membership is broad-based to incorporate a variety of perspectives and ideas and to provide citizens, business people, and representatives of community groups a chance to be engaged and to be heard in a constructive and meaningful way.

The Committees will be a catalyst for helping foster a sense of community and work towards effective and efficient Master Plan implementation. Committees are a venue to discuss and provide comments on program and policy questions and/or proposals. Community Advisory Committees are an important venue for discussion and Committees can provide feedback and indicate preferences related to development proposals, although Committees do not have a legislative role in the development process.

- Responsibilities:
- 1. Serve as liaisons
  - 2. Gather input from constituencies represented and bring these issues to the attention of staff and the Committee, and distribute information from the Committee back to constituents.
  - 3. Stimulate creative thinking in examining implementation issues and identify ways of using community resources to meet implementation needs and challenges.
  - 4. Provide advisory input, comments, and information to the Board of Supervisors on new and emerging policies, projects, and programs as requested.
  - 5. Maintain a forward-looking agenda with respect to adopted Master Plans and policies of the Board of Supervisors. Committee meetings are not the appropriate venue to oppose adopted policy.
  - 6. Commit to support and work to implement the adopted Master Plan.
  - 7. Work with Staff to provide an annual report of activities to the Board of Supervisors in accordance with the Board of Supervisors' adopted Rules of Procedure for Boards and Commissions.

## Overview

- ☐ **Size** 13 Seats

# Board of Social Services

Board Details

This is an advisory board that monitors the formulation and implementation of social welfare programs in the county and advises the director on program and policy matters. Members serve as advocates for the Department of Social Services with the community, the Board of Supervisors, and the State, seeking information regarding department services and the community, and as liaisons between the community and the Board of Supervisors. The board also advises on policies that would help the department focus energy on specific opportunities.
