

BUILDINGS AND GROUNDS INSPECTION

~~A Board responsibility is to maintain all school buildings at maximum efficiency. In order to accomplish this goal, it is important that repairs and maintenance of each building be done on a regular basis. Buildings will be inspected annually.~~

The School Board is responsible for the maintenance of the property of the school division. In order to fulfill this responsibility, the School Board will cause the schools to be inspected at reasonably frequent intervals. Inspections required by law will be performed as required by law.

~~The inspection will include maintenance items that are required for care of the building and grounds. Inspection information reports will be compiled and priority placed on the correction of deficiencies. A written report summarizing the inspections and deficiencies noted will be presented to the School Board.~~

~~Any change, alteration, addition, or installation to or on property of the School Board that is not financed in the budget shall have the approval of the Board. The result of inspections will be reported to the School Board.~~
