

COMPETITIVE FOOD SALES

Income from the sale of food items sold anywhere in a school from 6:00 a.m. until the end of the scheduled breakfast period, and from the beginning of the first scheduled lunch period to the end of the last scheduled lunch period shall accrue to the school lunch program, including income from student sales as well as vending machines. The purpose of this policy is to eliminate competition with the National School Lunch/Breakfast Program in those schools participating in this Program.

"Food items" include both food and drink.
