

Criteria for rental of fields will be consistent with current field and building rental policies with the addition of the changes below:

1. Albemarle County Parks and Recreation would maintain criteria and establish a list of sponsored youth organizations. These organizations could apply through the Athletic Director and Parks and Recreation for free use of the turf field for practices
2. Albemarle County Parks and Recreation sponsored youth organizations and VHSL in district teams could apply for access to the field for use in games or other events. These users would have access at a \$50/hr fee.
3. All other users, including VHSL regional and state tournaments that do not meet the above criteria or are not sponsored by Parks and Recreation can apply for field use at a \$100/hr fee.
4. All game use or other use requiring staff maintenance requires the payment of a \$25/hr additional fee for staffing to control the scoreboard and/or maintain the facilities. The Athletic Director will determine the need to have staff on site, although all weekend rentals will require it. Beginning January 1, 2010, a minimum of 3 hours of staff time will be charged for all weekend events.
5. All fees in excess of standard field rental rates will be applied to a turf field replacement fund.
6. Direct operational savings generated by the turf field will be applied to a turf field replacement fund.
7. This fee structure will be effective October 15, 2009. Prior to this time, the standard field rental rates will remain in effect.

Below are the proposed fees for the synthetic turf field at Monticello High School:
