

Board/ Superintendent	Strategic Goal	Goal 5: Establish efficient systems for development, allocation and alignment of resources to support the Division's vision, mission and goals.
	Board/ Superintendent Priority	5.1 Use feedback/analysis from VCU-CEPI resource utilization study to identify and develop short term and long-term applications of the study to financial planning to include, but not limited to: budgeting, staffing, organizational structures, capital projects and space/facilities utilization.
Superintendent/Assessment Staff	Yearly Measurement Indicators	Recommendations from the VCU-CEPI study, adopted by the Board, are implemented with resulting savings directed toward initiatives that support the Board goals. (Priority) The Office of Instruction has undertaken the process of moving to an Instructional Coaching model as a response to the VCU-CEPI study.
		A continuous quality improvement process is in effect in every organizational unit of the School Division with one of its key charges being examination of current processes and procedures to determine whether they facilitate the accomplishment of Board goals based on the Baldrige organizational profile. (Goal) School and department staffs participated in initial training. Three Division organizational units are piloting the SPQA application process.
		Any new initiatives are evaluated in terms of their effectiveness in meeting Board goals. (Goal) All budget initiatives are aligned to Board goals.
Superintendent/Staff	Division-level High-yield Strategies July 2008 - June 2009	Status
	Senior leadership/cost center managers with support from Executive Director for Fiscal The VCU-CEPI study recommendations will continue to be studied and discussed by the Board, Superintendent and staff for possible implementation. Recommendations for ideas for implementation in the 2009-10 school year will be made by staff and included in the budget, if	The Board received a matrix in January outlining implementation considerations over a three-year period.
	Begin analysis of program offerings and departments for resource allocation, utilization, and efficiency.	Centralized services analyzed resource allocation during the development of the 2009-10 budget, creating efficiencies and reducing operational costs that resulted in minimal school-level reductions in the face of significant revenue reductions.
	The cross-walk of the CEPI study's recommendations to the Baldrige criteria will be used in assessing the relationship of budget initiatives to Board goals.	A cross-walk Excel spreadsheet using pivot tables was developed and presented to the Board.
	Costs for long-term initiatives (2008-and beyond) are projected in time for submission for 2009-2010 budget.	A two-year budgeting strategy was implemented. A central office reorganization plan and a revised building capacity formula have been developed and presented to the Board. The revised building capacity formula will be used to inform future CIP requests.

Board/ Superintendent	Strategic Goal	Goal 5: Establish efficient systems for development, allocation, and alignment of resources to support the Division's vision, mission, and goals.	
	Board/ Superintendent Priority	5.2 Identify the resources needed to support the Division's vision, mission, and goals	
Superintendent/ Assessment Staff	Yearly Measurement Indicators:	Staff capacity will be increased to maximize efficiency through appropriate productivity and communication tools. (Goal) SchoolNet adoption continues to grow across the Division. The SASI replacement is scheduled to go live in January 2010. K-12 Insight, a web-based survey tool, was used to conduct a number of pilot surveys. Additional funding was provided for teacher professional development for 2008-09.	
		The Division will implement a biennial, strategic goal-based budget development process. (Priority) With input from Board members, the Division implemented a biennial, strategic goal-based budget process.	
		New programs/services will not be implemented without the identification of desired outcomes and implementation of a suitable program/service evaluation model. (Goal) Preliminary identification will be discussed by Quality Council and included in the budget process. A prototype was presented to the Board in support of alternative education programming.	
		Standard operating procedures will be formalized for key business processes in the Division. (Goal) The target of the summer Darden/Curry school improvement work is implementing strategic processes for all integral Division processes.	
Superintendent/Staff	Division-level High-yield Strategies July 2008 - June 2009		Status
	Consistently implement continuous improvement model, including piloting implementation of a balanced scorecard and project management model to improve management and alignment of projects and resources in support of Division goals.		School and department staffs have participated in training on Baldrige criteria. Three Division organizational unit are piloting the SPQA application process. The Department of Accountability, Research, and Technology is collaborating with all Division departments to develop internal metrics.
	Identify and document position-based responsibilities and key processes. A user-friendly guide will be developed to allow easy access to responsibilities and responsible staff.		A two-phase central office reorganization plan was developed. The first phase was implemented for 2008-09. The second phase will be completed by the end of 2009-10. Position-based responsibilities and key process owners will be identified in the process.
	Develop and implement results-based professional development model (job-embedded) for classified staff that defines skill sets by position and assures competency in those skills in the use of appropriate systems/tools.		Classified staff training available in 2008-09 incorporated training on school-specific productivity applications including student information management and communication systems, in addition to standard productivity/competency training tied to the classified performance appraisal.
	Identify and document standard operating procedures.		The target of the Summer Darden/Curry school improvement work is implementing strategic processes for all integral Division processes.

Goal 5

Include:

Resource Utilization Key Issues Summary

				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009
Rec	Primary Strategic Goal	Secondary Strategic Goal(s)	Board Priorities	RUS Key Issue Rec.	PROGRESS: 11-2009	PROGRESS 3-2009	
			3/5.1/5.2	I.8 Review non-instructional staff training opportunities. This review should be conducted by the financial and human resource staff.	A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			5.1/5.2	I.9 Maintain an ongoing dialogue with the general government finance and budget directors so that critical stakeholders have the most current financial information and can make responsible, realistic financial budget planning and requests as Albemarle County navigates these slower economic times.	Regular discussions take place between the Board of Supervisors, School Board, Superintendent, County Executive and their staffs about financial and other matters.	The Assistant Superintendent meets regularly with the Deputy County Executive to discuss financial, building services, human resources and other issues. These meetings are in addition to meetings involving the Boards, Superintendent, County Executive and their staffs. This ongoing discussion facilitates understanding of major issues affecting the Division and local government.	
			5.1	II.5 Develop and implement, in collaboration with the County govt., a formal documented process for primary and support responsibilities for the execution of school CIP projects from initiation through program development, design and construction.	This will be done this year.	Due to budgetary constraints, the CIP process has been different this year than in regular years. As the Division moves forward with its new administrative organization, and all support services functions report through one Asst. Superintendent, the Offices of Primary Responsibility will be better defined	
			5.1	II.6 Utilize more detailed GIS and census-type methodology, along with a more clearly identified office of primary responsibility for projections and attendance zone planning.	This will be done as part of the master plan.	See above regarding defining offices of primary responsibility.	

				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009
Rec	Primary Strategic Goal	Secondary Strategic Goal(s)	Board Priorities	RUS Key Issue Rec.	PROGRESS: 11-2009	PROGRESS 3-2009	
			3/5.1/5.2	I.8 Review non-instructional staff training opportunities. This review should be conducted by the financial and human resource staff.	A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			1.2/2.1/3.1/5.1/5.2	III.3 Establish staffing standards and annually review staffing allocations to maximize resources that address local school needs which include, but are not limited to: school offerings, class sizes, special needs students, administrative services, instructional support services and changing demographics.	Given budget constraints, it is doubtful that any major staffing changes can be done this year however a plan to maximize resources at the school level can certainly be studied.	Due to budgetary constraints, the Staffing Committee did not meet this year to discuss changes to the current staffing standards. Depending on the revenue picture for 2009-2010, a determination will be made at a later time as to whether a review of current staffing standards should take place.	
			1.2/2.1/4.1/5.2	III.5 Strengthen the high school academic programs by expanding AP courses; offering the IB (International Baccalaureate) Program; utilizing regional programs; offering electronic or distance learning; and, participating in joint ventures with private schools, local colleges/universities, and other community agencies.	A study of the IB program, its benefits and costs is being conducted now. Other alternative instructional delivery models are also being researched.	While various initiatives for expansion of high school offerings are being studied, the budget constraints for this year and next year will delay any implementation of new programs until a later date.	

 Primary Strategic Goal Secondary Strategic Goal(s) Board Priorities				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009
Rec				RUS Key Issue Rec.	PROGRESS: 11-2009	PROGRESS 3-2009	
			3/5.1/5.2	I.8 Review non-instructional staff training opportunities. This review should be conducted by the financial and human resource staff.	A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			5.1	III.6 Develop a plan that clearly delineates the school division's organizational structure: 1) An organization flow chart which specifies reporting protocol; 2) Offices of Primary Responsibility (OPR); and, 3) job descriptions for all persons and groups of personnel.	The 2008-2009 school year is a transition year that will lead to a new central office organizational structure. The new structure will better delineate responsibilities and include updated job descriptions.	The organizational structure for 2009-2010 has been defined and is on its way to implementation. A new coaching model has been initiated for instructional/teacher support, thus eliminating the equivalent of 10 Central Office positions for next year. Again, the Offices of Primary Responsibility will be clearly defined when all new positions/personnel are in place. Job descriptions will also be reviewed for accuracy.	
			1.1/5.2	III.8 Develop a "phased-in" implementation plan for the division's three major curricular and instructional initiatives (FQL, PLC, TPA).	This is an ongoing effort.	The new coaching model that will be in place for 2009-2010 will support implementation of all of these initiatives.	
			4.1/5.1/5.2	III.10 Initiate a review of the central office instructional staff functions to determine where reductions can be made.	\$400,000 in central administrative changes was reduced for FY 2008-2009. Continuous efficiency studies will take place to assure that all resources are needed and are aligned with Board goals.	The 2009-2010 budget reflects the reduction of 10 FTE central office positions in addition to the reductions that occurred at Central Office for 2008-2009.	
			1.2/5.2	III.13 Consider payment for AP exams as an incentive for students who elect to take AP courses.	Not implemented due to funding shortfalls.	Not implemented due to funding shortfalls.	

 Primary Strategic Goal Secondary Strategic Goal(s) Board Priorities				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009
RUS Key Issue Rec.				PROGRESS: 11-2009		PROGRESS 3-2009	
			3/5.1/5.2	I.8 Review non-instructional staff training opportunities. This review should be conducted by the financial and human resource staff.	A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			1.2/5.2	III.18 Consider the improvement in the coordination, training and delivery of support services to the school counseling program (47 counselors) and Career and Technical Education (48 teachers) by providing two separate leadership positions.	No changes are planned due to budgetary constraints.	No changes are planned due to budgetary constraints.	
			1.2/2.1/3.1/4.1	V.2 Restore, as soon as feasible, the financial support for teachers' coursework and conference attendance from a current maximum of \$500 to previous levels.	No new initiatives due to budget shortfall.	No new initiatives due to budget shortfall.	
			5.2	I.7 Maintain the strong level of review of "Access Albemarle" among the finance, instructional and human resource departments to ensure that the system provides maximum information, like multiple teaching certifications, status of proposed building(commercial and residential) for impact of schools services, etc.	The Access Albemarle project is still being developed and is not yet accessible to the School Division.	The Access Albemarle project is still being developed and is not yet accessible to the School Division.	
6	5		5.1/5.2	Review collaboratively with the Department of Instruction and principals the higher staffing and reduced capacity of facilities, especially at the secondary level.	All school capacities were revised for the 2008-2009 school year and the high schools used a 15 pupil minimum as a guideline in making decisions about elective courses.	A review of middle school and high school elective enrollments will occur after students enroll for 2009-2010 to assure that the 15 pupil average for non-core subjects has been implemented.	

				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009
Rec	Primary Strategic Goal	Secondary Strategic Goal(s)	Board Priorities	RUS Key Issue Rec.	PROGRESS: 11-2009	PROGRESS 3-2009	
			3/5.1/5.2	I.8 Review non-instructional staff training opportunities. This review should be conducted by the financial and human resource staff.	A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			4.1/5.1	VI.c.7 For both effectiveness and efficiency, the strategic plan should focus on fewer implementation strategies for addressing priority goals.	The strategic plan is focused on the 5 Board goals and has been streamlined to include Board priorities and strategies for each goal.	The School Board reaffirmed its commitment to its current goals and priorities. Strategies will be updated for 2009-2010 at the end of the 2008-2009 school year.	
			5.1	VII.b.1 Maintain the constant contact with general government officials to prepare and implement the Capital Improvement Plan and projects, as well as significant projects completed typically during each summer break.	This is an ongoing process.	The budget issues, experienced this year and extending for at least the next year, have impacted the CIP process. Careful prioritization has been critical. Contact with local government and between the boards has been necessary and decisions on the CIP have not yet been made.	
			1.2/2.1	VII.f.5 Review, along with instructional leadership (including principals), lunch periods to offer students the possibility of having a nutritional meal.	All schools offer a period for nutritional lunch.	The length of lunch periods will be discussed with principals in preparation for next year.	

				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009

			3/5.1/5.2	I.8 Review non-instructional staff training opportunities. This review should be conducted by the financial and human resource staff.	A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
8	1	2	1.2/2.1/3.1/4 .1/5.1/5.2	Increase efforts to more fully integrate and sequence the training and implementation for the three primary initiatives: Framework for Quality Learning (FQL), Professional Learning Communities (PLC), and Teacher Performance Appraisal (TPA).	The Curriculum and Assessment Institute (CAI) has been expanded every year. Principal meetings focus primarily on instruction. The revised Learning Walk document allows principals and others to visit classrooms frequently and focuses on the TPA domains. SchoolNet will provide a means for principals and teachers to have quick access to student assessment data so that intervention/prevention efforts can be implemented quickly for students who are not achieving.	For 2009-2010, a new coaching model will be implemented which is designed to assure transfer into practice related to FQL, PLC and TPA. The coaches will be able to model for teachers the skills they most need to successfully implement these initiatives and then provide feedback to teachers to assure that the teachers are using the initiatives in the most effective way possible.	
			5.1	VIII.6 Revisit and review the Department of Community Engagement and Strategic Planning in view of its purpose and effectiveness in meeting the defined goals. Further, determine if the responsibilities of the various positions can be merged for greater effectiveness and efficiency.	Strategic planning was moved from this department to the Quality Council.	Positions in this Department were reviewed along with all COB positions in making decisions for 2009-2010.

The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			4.1/5.1/5.2	VI.c.6 Develop a process that guides the establishment, facilitation and tracking of community partnerships to improve the effectiveness of this resource.	Board Clerk has developed a database in conjunction with Community Engagement of business partnerships.	The School/Community Relations Coordinator has established formulized partnership agreements with 35 organizations/agencies. On April 24 th there will be a strategic partner appreciation breakfast.	
			1.2/2.1/5.2	VI.c.9 Establish standards for volunteers to facilitate effective and efficient use of this resource and utilize for consistency in supporting volunteers at the individual school sites.	A volunteer training program has been initiated and an electronic management system implemented to monitor work in schools as a pilot.	The Division Volunteer Handbook was updated and copies sent to the schools. The volunteer website was updated with the handbook and registration forms posted. An online data base has been developed to log interested volunteers and catalogue school volunteer requests. Currently, X schools have the electronic School Check-in system. Volunteer Appreciation Week is scheduled for April 19-25, which will include an appreciation breakfast for strategic partners. Volunteers of the year, chosen by each school, will be recognized at the May 14 school board meeting. To date, school volunteers have registered over 30,000 hours.

Due to budgetary reasons, no expansion in training is planned at this time.	
1	5	1,2,3,4	5.1	I. Monitor small elementary schools for their high costs related to staffing and facilities.	1. A master plan for the School Division is being developed to plan for future enrollments, school capacity and school size. The first phase of this master plan will focus on the southern feeder pattern small elementary schools.	The three southern feeder pattern small schools have been studied and recommendations are going to the public for feedback before finalization. The remainder of the southern feeder pattern will be studied and recommendations for the entire feeder pattern will be submitted in May, 2009.	
			5.1/5.2	I.3 Reevaluate future student increases and compare these increases to future capacity needs, based on current functional capacities at existing schools to determine if capital costs (new additions as well as new schools) might be delayed.	This will occur in developing the master plan noted above.	All school capacities have been increased due to a change in the capacity formula. This information, along with student enrollment projections and operational costs, are all included when studying schools during the Long Range Master Facilities planning.	
			5.1	I.4 Evaluate class and school size to help control the cost per child. In addition, regularly review all existing school facilities to identify any areas of low utilization/high cost and recommend options for streamlining operations.	Class size and school capacities were reviewed for this year with changes in school capacity occurring based on RUS recommendations.	The new school capacity figures are being used during the Southern Feeder Pattern phase of the Long Range Master Facilities planning and will be used in making recommendations for all schools in the future.	

				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009

			3/5.1/5.2	I.8 Review non-instructional staff training opportunities. This review should be conducted by the financial and human resource staff.	A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
2	5		5.1/5.2	II. Evaluate class and school size to control the cost per pupil.	A master plan for the School Division is being developed to plan for best practice instruction, future enrollments, school capacity and school size. The first phase of this master plan will focus on the southern feeder pattern small elementary schools.	The Southern Feeder Pattern phase of the Long Range Master Facilities Plan is well underway. Research on student achievement, staff turnover, length of bus rides, operational costs and other factors have been studied and a variety of options have been dev	
			5.1	II.1 Develop a comprehensive long-range planning capability and designate one point of accountability for this function.	Presently the Senior Management Analyst for Operations and Planning is researching a way to have a common data base that would include enrollment projections, school capacities and information from Planning and Community Development. This database would be accessible to everyone and include a means of sorting information in a variety of ways to facilitate decision making.	This project is still in the research stage and will not likely be done this year. The hope is to have it done for the 2009-2010 school year.	

				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009
Rec	Primary Strategic Goal	Secondary Strategic Goal(s)	Board Priorities	RUS Key Issue Rec.	PROGRESS: 11-2009	PROGRESS 3-2009	
			3/5.1/5.2	I.8 Review non-instructional staff training opportunities. This review should be conducted by the financial and human resource staff.	A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			5.2	II.3 Include educational program adequacy, along with the student membership projection data currently used, to plan for future capital improvements needed at each school.	See above regarding the master plan.	The Southern Feeder Pattern phase of the Long Range Master Facilities Plan is well underway. Research on student achievement, staff turnover, length of bus rides, operational costs and other factors have been studied and a variety of options have been developed regarding the future of the 3 small schools in this area. A series of community meetings will be held to receive feedback on the options and a recommendation will be presented to the Superintendent. The remaining schools in the Southern Feeder Pattern will also be studied and recommendations made by the end of May.	
			5.1/5.2	III.2 Although not currently feasible with available capacity, very small and expensive-to-operate elementary schools should be combined when possible. In the interim, consider development of a different organizational structure (i.e., K-2 and 3-5) for those schools for the purpose of improving instructional program offerings and for the efficient use of staff.	See above regarding the master plan.	See above regarding the master plan.	

 Primary Strategic Goal Secondary Strategic Goal(s) Board Priorities				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009
				RUS Key Issue Rec.	PROGRESS: 11-2009	PROGRESS 3-2009	
			3/5.1/5.2	I.8 Review non-instructional staff training opportunities. This review should be conducted by the financial and human resource staff.	A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			1.2/2.1/5.1/5.2	III.4 Evaluate the current staffing formula to establish pupil-teacher ratio guidelines for each content area, which includes minimum and maximum class sizes required for courses and/or sections to be offered.	The Staffing Committee met to consider this recommendation. The Committee recommended that, for any classes other than core subject areas, an average of a 15:1 student/teacher ratio was needed in order to offer a class. This is going to be discussed at the Feeder Pattern level and then a final recommendation will go to the Superintendent.	The new minimum class size will be used in staffing for next year.	
			5.1	III.7 Develop a memorandum document model which includes topics, timelines, and Offices of Primary Responsibility (OPR) for communication between central administration and the schools.	This has been developed and will be implemented in the near future.	The new memorandum document is available for use when the Superintendent feels it is appropriate to introduce into the Division.	
			5.1	III.15 The superintendent should work with staff and advisory groups to determine the appropriate instructional decisions to be made at the school level and those to be made at the Central Office level.	A Decision Making Matrix is being piloted this year that should help in determining at which level such decisions should be made.	The Decision Making Matrix committee will meet again at the end of the year to review any recommendations for revisions to the document. This will allow the committee to incorporate any changes that may be needed as a result of the new Central Office organization.	

 Primary Strategic Goal Secondary Strategic Goal(s) Board Priorities				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009
				RUS Key Issue Rec.	PROGRESS: 11-2009	PROGRESS 3-2009	
			3/5.1/5.2	I.8 Review non-instructional staff training opportunities. This review should be conducted by the financial and human resource staff.	A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			2.1/3.1/5.1/5.2	V.12 Review and refine the Staffing Standards Committee procedures and criteria. Factors currently in place include student membership and free and reduced lunch. Develop specific strategies for applying those factors currently in place, plus other criteria used for staffing standards by school. (Also refer to Curriculum, Instruction and Student Services, Recommendation #3)	The Staffing Committee met to consider these recommendations and has asked the feeder patterns for feedback on the current staffing formula.	Due to budgetary constraints involving no additional staffing available for 2009-2010, the Staffing Committee decided to hold on further discussion on revising the formula until next year's planning for 2010-2011.	
			5.1	VI.p.1 Develop a protocol that clearly delineates roles and responsibilities of school staff and county attorney office to ensure effective development of school division policies.	A protocol is currently in place that delineates responsibility of the County Attorney and Special Asst. for Quality Systems and Planning	The protocol delineating responsibilities for reviewing, revising and developing policies is in place. To further facilitate efficient procedures, the School Board attorney and Special Asst. for Planning and Operations will be bringing major policy revisions to the Board on a quarterly basis.	
			3.1/4.1/5.1	VI.p.2 Establish processes that ensure policies are developed, giving consideration to the views of teachers, parents, and other concerned citizens and by which policies can be proposed by the school community for School Board consideration.	The Decision Making matrix clarifies when various employee groups and parents should have input into major decisions in the Division.	The School Board Attorney and Special Assistant work together to examine updates and new policies from VSBA, respond to requests for policy amendments or new policies and to obtain the appropriate feedback from stakeholders prior to bringing recommendations to the Board for its consideration.	

				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009

Due to budgetary reasons, no expansion in training is planned at this time.	
			4.1/5.1	VI.p.3 Consider establishing a process to confirm new or revised policies are acknowledged and implemented by the appropriate parties to ensure effective policy implementation.	This is an ongoing process.	The Special Assitant assures that, after Board action on policies, appropriate staff is notified.	
7	5	1,2	1.2/2.1/3.1/4 .1/5.1/5.2	Evaluate the current staffing formula used to establish pupil-teacher ratio guidelines for <u>each content area</u> .	The high school principals used a 15 student minimum for guiding the staffing of elective courses for 2008-2009.	This formula will be used for 2009-2010 staffing.	
			5.1/5.2	VII.b.2 Review and revisit the need for school additions and additional new schools based on the slower housing market and minimal student growth projections	This was just recently done for the new ten year Capital Improvements Plan.This Plan is reviewed each year using the most current data available.	The Long Range Master Facilities planning team is reviewing each school and its 10 year enrollment/capacity in order to make decisions about how to best utilize the Division's schools.	
			5.1/5.2	VII.t.1 Fill the Director of Transportation position, as quickly as feasible, with someone with strong student transportation experiences. This position should report to an assistant superintendent who will be responsible for support services (See Part Eight, Recommendation #5).	An Acting Director is in place and there are plans to recruit for and select a permanent director in 2008-2009.	In January, a new Director of Transportation Services was appointed. The new Director has extensive experience in transportation and we are confident that he will make a positive impact in the department.	

				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009
Rec	Primary Strategic Goal	Secondary Strategic Goal(s)	Board Priorities	RUS Key Issue Rec.	PROGRESS: 11-2009	PROGRESS 3-2009	
			3/5.1/5.2	I.8 Review non-instructional staff training opportunities. This review should be conducted by the financial and human resource staff.	A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			5.1	VII.t.7 Stress to all principals the importance of timely updating student enrollment data so that transportation adjustments can be made quickly.	This was done however the number of changes sent to Transportation in August still impeded having accurate manifests for the beginning of school.	This is an ongoing process which is continually reviewed with principals.	
			3.1/4.1/5.1/5.2	VIII.1 Increase the number of positions at the Assistant Superintendent level that provide direct support to the superintendent to two (2), keeping it in line with other similarly situated school divisions and allowing for a more manageable span of control.	This is being planned for the 2009-2010 school year.	For 2009-2010, there will be two Assistant Superintendents in the Division, i.e. one for Student Learning and one for Operations and Planning. The current Assistant Superintendent for Student Learning is transferring into Operations and Planning; the replacement for him should be appointed soon.	
			5.1	VIII.2 Consider reducing the number of administrative positions at the subsequent levels of the organization chart.	\$400,000 in central office administrative costs were eliminated for the 2008-2009 school year. There is a transition plan in place that will reduce positions at the Executive Director level for 2009-2010.	For 2009-2010, a new organizational model will be in place. Most central office coordinator positions have been eliminated and Lead Coaches and Instructional Coaches are being appointed. Their roles will be focused on providing support to teachers in effectively implementing the Framework for Quality Learning. Approximately 10 administrative positions were eliminated for 2009-2010.

This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			4.1/5.1/5.2	VIII.4 Study the organizational models of other school divisions and devise a plan for an organizational structure that is both efficient and effective, and that best meet the needs of the school division. Develop a plan that clearly delineates the school division's organizational structure: 1) An organization flow chart that specifies reporting protocol; 2) Offices of Primary Responsibility (OPR); and 3) updated job descriptions for all classifications.	Other school systems' central organization structures were studied which led to the plan that is going to be implemented in 2009-2010.	The new organizational model clearly delineates the reporting structure and major focus areas for the top-level positions. As new staff are appointed and further discussions are held, more detail on responsibilities will be developed. At that time, the Offices of Primary Responsibility ought to be able to be identified for next year.	
			3.1/5.1/5.2	VIII.5 Fill the vacant position of Director of Transportation, as soon as feasible, and have it report to the appropriate Assistant Superintendent who will be responsible for support services.	An Acting Director is in place and there are plans to recruit for and select a permanent director in 2008-2009.	See above regarding the new Director of Transportation. This position will report to the Asst. Superintendent for Planning and Operations.	
14	3			Give the highest priority to the recruitment and employment of a permanent and experienced Director of Transportation	An Acting Director is in place and there are plans to recruit for and select a permanent director in 2008-2009.	See above.	

				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009

17	4	5		Reexamine the size, organization, titles and job descriptions of the central administration staff to create an organizational structure more closely aligned with current leadership and management expectations.	The 2008-2009 school year is a transition year from the prior organizational structure to a new structure for implementation in 2009-2010.	The new organizational model clearly delineates the reporting structure and major focus areas for the top-level positions. As new staff are appointed and further discussions are held, more detail on responsibilities will be developed. At that time, the Offices of Primary Responsibility will be clearly designated.	
			1.2/5.2	I.6 Evaluate class offerings vs. costs, particularly at the high school level, including electives, and recommend a minimum number of student enrollment (12 or 15) before it is feasible and cost effective to offer.	The high schools used a 15 student guideline this year in making decisions about which classes to offer.	A staffing formula change was adopted to not allow any non-core classes to be offered unless the average class size for that class is 15 or more students.	
			5.1/5.2	VII.f1. Monitor closely cost increasing factors and recommend meal price changes periodically to maintain fund balance and self-sustaining status.	This is an ongoing process.	The Food Service Director monitors operational cost and cost influencing factors regularly. Each year the Food Service Director assesses the need to increase meal prices. A meal increase was requested in the preparation of the 09-10 school year budget.

			5.1/5.2	VII.f.3 Albemarle School Food Services program budget has grown from \$3.8 million in FY'07 to just over \$4 million in FY'08. The major increased cost factors include costs of food, insurance premiums and wages (primarily with substitutes and overtime pay).	The Food Service Director and staff monitor and control operational cost of food by working with cafeteria managers and using tools to closely monitor inventories and % food cost on a daily and monthly basis. Commodity food values are monitored closely	The Food Service Director and staff monitor and control operational cost of food by working with cafeteria managers and using tools to closely monitor inventories and % food cost on a daily and monthly basis. Commodity food values are monitored closely	
			1.2/2.1/3.1	VII.f.4 Maintain the initiative of offering more free/reduced fat and calorie content within the NSLP offerings, as well as ala carte choices for paying students/adults.	This is an ongoing process.	The CNP has implemented nutritional standards in addition to those required by state and federal regulations. These standards are posted on CNP website as well as addressed within the County's wellness policy. Food Service Director and Central staff keep current with nutrition education through resources such as membership to the School Nutrition Association, local Childhood Obesity Task Force, resources from Center for Science in the Public Interest, Virginia Action for Healthy Kids, American Dietetic Association.	

 Primary Strategic Goal Secondary Strategic Goal(s) Board Priorities				KEY ISSUES SUMMARY PROGRESS REPORT Resources Utilization Study Recommendations Correlated with Board Goals and Baldrige Criteria			REVISED 4/13/2009
				RUS Key Issue Rec.	PROGRESS: 11-2009	PROGRESS 3-2009	
			3/5.1/5.2	I.8 Review non-instructional staff training opportunities. This review should be conducted by the financial and human resource staff.	A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
5	5		5.1/5.2	Use detailed GIS and census-type methodologies for membership projections and attendance zone planning at individual school levels.	Transportation has requested a GPS system that will provide more accurate student data for planning purposes. The local government system is currently used to assist in planning for growth, future development, etc.	Expanding our existing GIS-based software to include a GPS-based tracking system (from vendor "Everyday Wireless) would cost ~\$500K. Despite School Board approval in Fall 2008 this project was delayed during a capital improvement review.	
			5.1/5.2	VII.t.2 Complete the upgrade implementation to the automated student tracking system. Unnecessary stops should be eliminated as soon as feasible to avoid wasted fuel consumption.	A student registration for transportation system was done for the first time this year which helped to make the routes more efficient. Two routes/buses were eliminated as a result of this process.	Despite a high return rate, completion of student registration ridership forms has not provided a tangible benefit. A very small percentage indicated no pupil transportation was needed, but many of those students have resumed riding buses, some just show up	
			5.1/5.2	VII.t.3 Continue to request funding to maintain the 13 year replacement cycle for busses.	Funds are being used to purchase cars and smaller buses for greater efficiency.	Six 53-passenger buses and seven cars were purchased.	
			5.1/5.2	VII.t.4 Evaluate the size of buses being purchased and consider possibly purchasing a mix of some smaller capacity busses for rural routes with fewer students and bridge restrictions if ridership on some routes will permit.	Funds are being used to purchase cars and smaller buses for greater efficiency.	The six 53-passenger buses replaced larger buses that were being used to transport a limited amount of students. Most are serving pupils in the Southern County.

Rec				RUS Key Issue Rec.	PROGRESS: 11-2009	PROGRESS 3-2009	
			3/5.1/5.2	I.8 Review non-instructional staff training opportunities. This review should be conducted by the financial and human resource staff.	A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			3.1/5.1/5.2	VII.t.5 Prepare market salary surveys, with the assistance of human resources, to ensure driver pay is equitable.	Currently the major discrepancy in driver pay is the requirement that they work 8 hours for participation in the state retirement system. All other surrounding localities have a fewer hours requirement for earning this benefit.	The first market salary survey was compiled by Transportation in 2007. It was updated in fall, 2008 and should be updated annually. Results are shared with the Human Resources department.	
			5.1/5.2	VII.t.6 Review all financial aspects of the operation to identify possible cost saving idea processes to bring cost per mile in line with other similarly sized counties.	An efficiency study was conducted in the Transportation Department last spring and \$340,000 in savings was identified. The study continues this year with in-depth analyses occurring with the localities CEPI used to compare cost per mile. Practices that could result in savings will be identified and implemented.	Transportation has proposed options for the Southern Feeder pattern which could save over \$200K annually.	
			3.1	VII.t.8 Revitalize, with the assistance of human resources, a driver recruitment effort to allow for the creation of a strong substitute pool and fill the 6% annual average turnover in permanent driver positions. Some possible advertising choices might include ads on school marquis, notes on cafeteria menus, fliers distributed at area churches, community clubs, etc.	A bus driver job fair was held in May and 45 applications were received. For the first time in years, all vacancies were filled at the beginning of the school year.	The hiring freeze has been lifted for bus drivers and transportation assistants. Transportation seeks to hire and train 20 new personnel, HR is planning a job fair for March 28.

The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			1.2/2.1	VII.t.9 Continue to evaluate reductions in lengths of bus rides. While the department has made strides in this area, there still remain 65 routes over 60 minutes.	Although the Department tried to accomplish a 60 minute maximum for bus rides, the size of the County and the distance between stops has made accomplishing this goal nearly impossible. The Department hopes that the new GPS system can help to better pinpoint the student locations.	Achieving a higher level of service will be require more labor and likely more equipment. Given the current fiscal restraints, it is unlikely that many bus routes will be shortened.	
15	5			Complete the upgrade implementation to transportation's automated student tracking system.	The Versatrans update has been completed and training has taken place on using it effectively.	Additional training will be required for new personnel.	
			1.2	III.11 Evaluate the current plan of "same number allocations" per school for staff development and consider staff development allocation based upon the size of the school's staff.	The Staffing Committee met to consider this recommendation. The Committee has forwarded this to the feeder patterns for discussion about what is working and what is not working with the staffing formula. Further discussion will occur after we have feedback.	Due to budget issues and no new initiatives being proposed for 2009-2010, the Staffing Committee decided to postpone making any changes to the current staffing formula until it meets again in the fall of 2009.	
			5.1/5.2	I.2 Improve planning information by requesting monthly or quarterly updates from the planning/zoning office on actual building and housing occupancy permits to refine student growth projections.	This will be done as a regular part of the master plan.	Fiscal Services obtains information from Community Development to create the annual student projections.

A classified staff needs assessment will be done this year in order to expand the skills of these employees through increased training opportunities. This will supplement training that is already offered through Human Resources.	The Human Resources Department offers a wide variety of training opportunities for classified staff and Division employees are free to attend these classes. Due to budgetary reasons, no expansion in training is planned at this time.	
			1.2/2.1/3.1/5.1	V.7 Continue and enhance efforts toward increased minority hiring by utilizing effective targeting of recruitment sources. Of the 828 applications received from August 15, 2005 through August 13, 2006, only 7.1% self identified as being a minority.	Human Resources has increased the number of college and univerestiy partnerships in minority recruitment.	Human Resources has increased the number of college and univerestiy partnerships in minority recruitment.	
			1.1/3.1/5.1/5.2	V.8 Analyze the impact and implications of actual salaries given as the department continues with its plan to evaluate the performance appraisal system and the pay-for-performance program for administrative and classified personnel; identify potential salary issues, particularly recognizing the distinction between employees above the mid-point of the scale and those below.	A compensation study is underway.	This is an ongoing process. However, salaries will remain flat for next fiscal year.	
			3.1/5.1	V.10 Increase efforts to develop a succession plan to meet the need for more administrators, as more of this class reaches retirement age, and provide additional opportunities for current teachers who wish to move into administration.	A leadership academy is being developed to address sucession planning needs.	A leadership academy is being developed to address sucession planning needs.

			1.2/2.1	III.9 Develop an action plan template for student achievement which would include a list of identified students, lead personnel for each student, timelines, resource needs, and assessments.	This is part of SchoolNet. There are plans to fully implement SchoolNet. There is now a Personalized Learning Plan document that does address these issues.	Edplan is now fully implemented across the division. Edplan is an on-line data management system that has a structured template that assists school personnel in developing a list of identified students, lead personnel who are responsible for the interventions for each student and timelines for implementation and monitoring of progress. A balanced scorecard along with revised metrics is in the formative stages. members of the Division's PMOC and representatives from the Department of Accountability, Research, and Technology are currently vetting these products.	

Quick Links

[How to Get Started with Project Based Learning](#) by David Andrade

This blog article provides information on how to begin using Project Based Learning in the classroom. PBL can be used in any classroom for any subject, it just takes planning.

[Framework for 21st Century Learning](#)

The information on this site looks at "21st century teaching and learning that combines a discrete focus on 21st century student outcomes (a blending of specific skills, content knowledge, expertise and literacies) with innovative support systems to help students master the multi-dimensional abilities required of them in the 21st century."

[CCSSO supports state education agencies to create successful students](#)

This is the position statement of the Council of Chief State School Officers. The article speaks to the need of changing the education system in order to prepare students to succeed.

[K-12 Benchmarks](#)

The information at this web site discusses what students should know and do by the time they graduate from high school.

[Learning Initiatives Cross the Atlantic](#)

This site can be found on the American Association of School Administrators site and provides information about the 21st Century Learning Initiative. "The 21st Century Learning Initiative, which John Abbott directs, is a not-for-profit foundation in the United States dedicated to exploring new understandings about the brain, human intelligence and human memory to better understand human learning and how it can be further facilitated by communities."

[Virginia ASCD Position Statement 2008-2009: Teaching and Learning for a Changing World](#)

This site contains the position statement from the Virginia Association for Supervision and Curriculum Development on the need to change teaching and learning in order to prepare students to be successful in a rapidly changing world.

Design 21 is a faculty run redesign of the Weymouth High School curriculum. Our goal is to embed core 21st century skills across the curriculum to prepare students for post-secondary education, career, and active citizenship.

This site exists to create complete transparency in the process and maximize input for every stakeholder. At WHSDesign21.wikispaces.com you will be able to view the minutes from every Design Team meeting, check the calendar for upcoming meetings, and publicly post your feedback. The site is faculty run and operated to allow for timely updates and a full democratization of the redesign.
