General Comments on 8/25:

- We had a great first day so far; no lines outside of guidance. Thanks to a lot of hard work done here by guidance over the last three weeks...
- Our counseling staff has reduced the number of students with “holes” in their schedules by some 75% over the past two or so weeks. We began today with 105 students, and most of those will be taken care of by end of today. Of course there will be the usual scheduling issues to fix, but that’s expected. I cannot brag enough about the work they have done to prepare for today. I am very, very pleased.
- We have had an outstanding day!!! I believe that we are down to about 30 or fewer students who have incomplete schedules (the day is not over yet!!!) I am ecstatic because our counselors ROCK!!!! Of course, we still have our usual group of students who want to make changes, but we will continue to take care of them this week!
- GREAT first day. Some of our problems are also staffing. Our classes are very full. Many core at 28-29.
