Charlottesville, VA 22911

Albemarle County School Board
401 McIntire Rd
Charlottesville, VA 22903

To the Selection Committee,

I ran for the position of Rivanna District School Board member against Sue Bell-Friedman in 2006. Her hard work and dedication lead to my deserved defeat. During that campaign I learned much about the workings of the system and the time and effort required to successfully serve in that position. Since that election my situation has changed and I now find myself able to meet those demands easily.

Orthopedic issues have forced me to retire from my construction and home decoration businesses. Not being one to remain idle, I took a position at Five Guys Burgers and Fries at Hollymead Town Center. As a shift manager there, I have gained a valuable, new perspective and connection to the community.

I am not your typical candidate. I did not achieve success via the "usual" educational path but rather, a combination of education, entrepreneurialism and hard work. Here is a list of some of the valuable assets I offer to the people of Albemarle County as a School Board Member:

1. **Construction Experience**
2. **Architectural Expertise**
3. **Business Development and Management**
4. **Proven Volunteerism with Desire to Serve**
5. **Connection to the Pulse of the Community**
6. **PVCC Student**

Should I win the appointment, I will be there with an open mind to educational matters. I will make the elimination of bullying and addressing the needs of our local service community two of my primary goals. I hope to be the member focused on addressing our buildings and grounds needs in the most cost effective way.

Sincerely,

Franklin P. Micciche
