

STUDENT INVOLVEMENT IN DECISION-MAKING

The School Board recognizes the student body as a significant part of the community and in the decision making process.

~~The School Board recognizes the importance of student recommendations and responses relating to policies, which affect them directly. Wherever practicable, representative student input on relevant issues will be sought and considered by the administration.~~

Student input is important in the data collection process, and on relevant issues students' views will be sought and considered by the superintendent and the School Board.
