- 1) The number of Affordable Bedrooms shall be roughly proportional to the number of bedrooms provided in each type of units within the Project, and shall be dispersed throughout the Project in a mix of units that is roughly proportionate to the overall unit mix within the Project, such that:

In the event the fully allowed rental reimbursement amount is less than the total rent for the Affordable Bedroom, the Qualifying Tenant shall be responsible for the difference between the rental reimbursement and the applicable rent for the Affordable Bedroom.
