Staff Contacts:	Krisy Hammill, Director of Budget
Title:	Resolution to appropriate State assistance and citizen donation for Spay and Neuter Program at SPCA - \$450.00

Background

The City has received State assistance in the amount of \$450.00 from the Department of Motor Vehicles for sales of license plates bought to support spay and neutering of pets. The amount will be received in Fiscal Year 2025. These funds are appropriated to the local agency that performs the local spay and neutering program, which in this case is the Charlottesville/Albemarle Society for the Prevention of Cruelty to Animals (SPCA).

Discussion

The City currently has a contractual obligation to support the SPCA to provide services that the City does not. Supporting the organization with additional funds will increase the level of service that SPCA can provide and potentially supplement the level of funding that is needed from the City each year.

Alignment with City Council's Vision and Strategic Plan

This resolution contributes to Council's Strategic Outcome areas of Public Safety and Partnerships by supporting a local community partner and helping to improve community health and safety outcomes by connecting residents with effective resources.
