Periodic SRO Program Review Report
FALL SEMESTER 2026

Kim Powell
powellk1@charlottesvilleschools.org

5 November 2026

The SRO Work Group met on September 23, 2026 to discuss the program and review data collected for the school year-to-date.

September Review Participants:

- Jason Bennett, LMA Principal
- Amanda Burns, School Board Member
- Royal Gurley, Superintendent
- Rodney Jordan, Director of Facilities Operations
- Justin Malone, CHS Principal
- Jodie Murphy, Coordinator of Mental Wellness
- Denise Mulford, Director of Strategic Initiatives
- Kim Powell, COO
- Rachel Rasnake, Director of Student Services
- Amanda Korman Simalchik, Director of Community Relations
- Summerlyn Thompson, CMS Principal
- Lisa Torres, School Board Member
- Lamont Trotter, Director of Organizational Supports
- Greg Wade, CPD

All data provided in this report is as of September 30, 2026.

Data from CPD Records

Attached to this report is the CPD Calls for Service data for the quarter ending June 30, 2026; as well as the Calls for Service data for the quarter ending September 30, 2026.

All Calls for Service (CFS) data come from CPD records management. The SRO program also has forms to capture data relevant to the program. CPD CFS data and CCS SRO data will overlap, but they are not identical. For example, some things logged on the CCS SRO Official Contact Form will also be in CFS data, but other things such as threat assessments will not. If non-SROs are responding to a school such incident would only be in the CFS data. A property vandalism, theft or trespass situation not involving CCS students would have entries in the SRO Daily Activities Log and be in the CFS data, but would not be in the CCS Official Contact data.

There have been no juvenile arrests associated with any CCS addresses for calendar year 2026 January 1 to September 30.

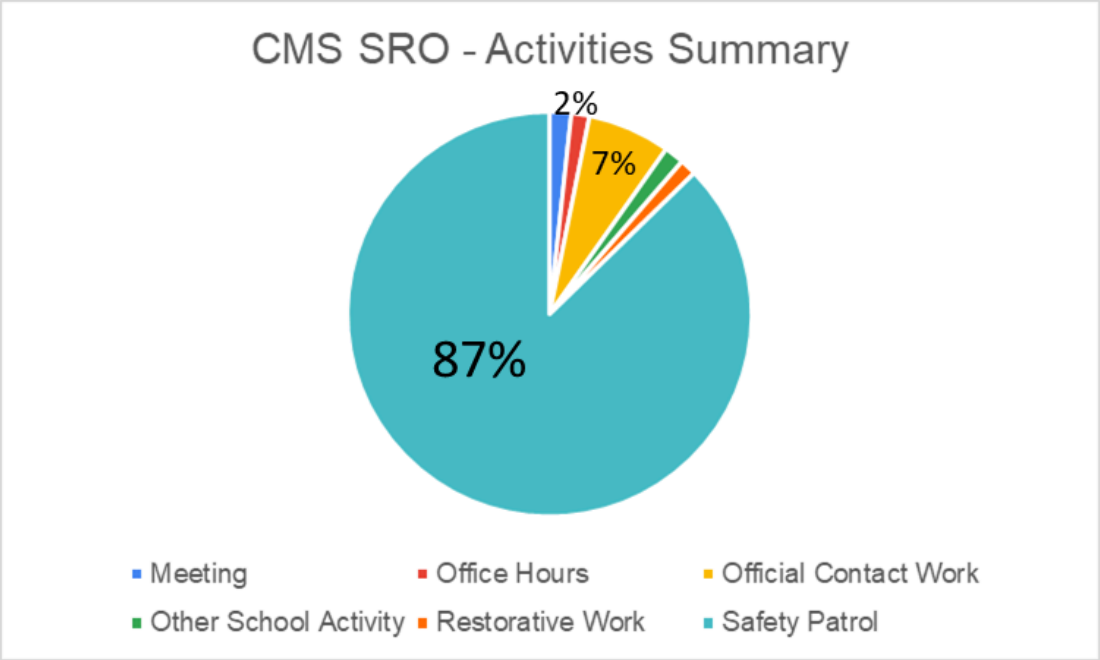
Data from CCS Forms

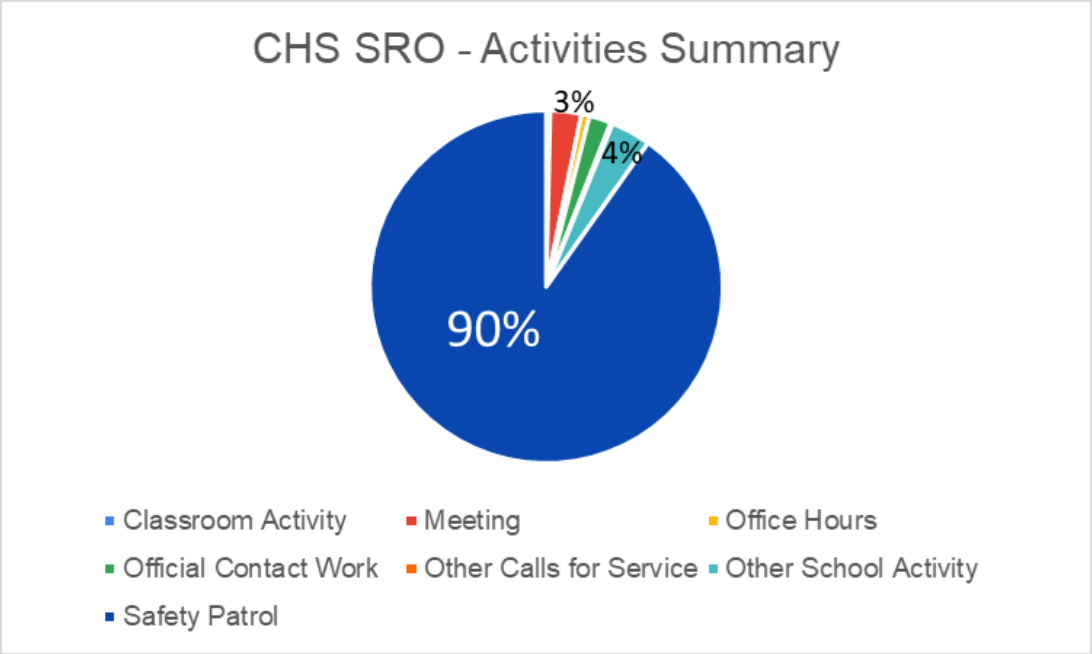
CCS has three (3) forms to collect data associated with the SRO program:

1. SRO Activity Logs
2. SRO Official Contact Logs
3. SRO Feedback Form

<u>SRO Activities (August - September)</u>

The graphs below show the SRO Activities by Category for each officer from the first day of this school year (August 12th) through September 30, 2026.





The majority of the SRO days consisted of safety patrols.

The CMS-based SRO supported LMA over the course of a week following an incident on school grounds. His other school activities included supporting the CMS Grand Opening,

drills and the media story on Channel 29. Outside of the daily activity log, the CMS SRO also serves as part of the CHS football coaching staff.

The CHS based SRO was able to provide assistance regarding a missing juvenile and a trespasser situation as part of his safety patrol work during this reporting period. He also supported CATEC when there was police activity in the area around the school. His other school activities included participating in student assemblies, supporting a pep rally and assisting with homecoming festivities. The CHS SRO is also supporting the investigation of a drone reported stolen from CHS.

SRO Official Contacts with Students (August - September)

SROs were involved in 5 of 175 threat assessments conducted during this time period across 3 different locations.

The CMS SRO had 6 official contacts for the school year for the same period. Four were supporting threat assessments. One involved a student conflict after school in the community, and one was addressing student possession/distribution of illicit images.

The CHS SRO logged 4 official contacts for this school year as of September 30.
Two were supporting threat assessments. Two were in response to a verbal altercation and alleged assault involving multiple students that took place in the community after school.

Program Feedback (August - September)

The feedback form is linked from the charlottesvilleschools.org/sros web page.

There was no feedback submitted via the online form as of 9/30/2026. In order to ensure students and families are aware of the opportunity to submit feedback, the form has been included in CMS/CHS principal newsletters in October. Feedback received via the online form after 9/30 will be included in the next periodic program report for the period 10/1 to 12/31/2026.

Other Information

Verbal feedback regarding the SROs has been universally positive this school year-to-date. For example, School Board Student Representative Zaki Farhat recently noted that their SRO has become an integral part of the CHS community.

The SROs participated in training with CSAs during pre-week to review CCS safety protocols and to reinforce the roles & responsibilities of administration, CSAs and the SROs in various scenarios.

The Student Services team is scheduling meetings with the CSAs and SROs during October to discuss the information they need to know to support student Behavior Intervention Plans (BIPs).

Summary

The next program review meeting will be held in January, and the next report to the Board will be provided for the March 5th meeting.
