Re: FY 2027 Secondary Six-Year Plan – Turkey Ridge Road

Members of the Board,

The FY 2027 Secondary Six-Year Plan (SSYP) must be adopted prior to the end of FY 2026. We understand the Board's comments and request regarding Turkey Ridge Road; however, the evaluation necessary to determine eligibility cannot be completed before the plan adoption deadline.

We will present the results of the Turkey Ridge Road study as soon as all options have been fully reviewed. If all or portions of Turkey Ridge Road are found to meet SSYP criteria, the plan may be amended at any time to include the project. Additionally, the earliest funding that could be allocated to any new project selection would not be available until FY 2029; therefore, completing the evaluation after adoption of the current plan will not delay future project implementation.

Based on these factors, we recommend adoption of the FY 2027 Secondary Six-Year Plan previously reviewed by the Board of Supervisors during the February 24 Board of Supervisors meeting.

Sincerely,

A handwritten signature in black ink, appearing to read "Matthew Mashhadi".

Matthew Mashhadi, P.E.  
Assistant Resident Engineer
