## OFFICE OF THE GENERAL REGISTRAR OF VOTERS

### Monthly Report for December 2025

On December 31, 2025, Greene County had 16,349 registered voters, which is 203 more than December 31, 2024. Statistics by precinct are as follows:

Dyke: 1,425 registered voters  
Swift Run: 2,442 registered voters  
Ruckersville: 4,117 registered voters  
Stanardsville: 3,803 registered voters  
Stanardsville Town: 229 registered voters  
Midway: 4,333 registered voters

In early 2025, 271 voter registrations were purged due to voting inactivity or voter not responding to correspondence from the Department of Elections regarding an address change or incorrect address. Currently, the number of inactive voters is 443, 126 fewer than on December 31, 2024.

Even during non-election season, the registrar's office processes voter registration applications, voter registration changes, such as name and/or address updates, cancelations due to felony convictions, death, or voters moving out of state or out of Greene County to another Virginia location.

Over the course of 2025, the Greene County Voter Registration office processed the below, to name a few:

967 Address Change Registrations  
140 Name Change Registrations  
50 Removed or Denied due to Felony  
534 Transferred Out Registrations  
151 Deceased Voters  
95 Removed due to Out of State  
63 Refused/Denied due to Missing Information on Registration

Greene County may have a Special Election in April depending upon the General Assembly's vote in mid-January. Stay tuned.
