

What is an R-7 Development? Information Sheet

The R-7 zoning district is intended to provide opportunities for the development of planned residential communities offering a mix of single-family detached units, single-family attached units, and in certain circumstances, multi-family units. R-7 communities are developed under an approved master plan that incorporates regulatory text for the communities. Aside from particular provisions of the Zoning Ordinance (ZO) that must be met, the approved master plan is the “zoning” by which the development must abide. The R-7 zoning district requires a minimum of two contiguous acres at the time of application, a minimum of 15 percent open/green space, and at least two types of residential housing types, where no one type can exceed 70 percent of all residential units. Maximum density is limited to 15 units per acre.

To date, the City has approved five R-7 master planned communities:

- Brookside Park located at Roberts Court, Drake Lane, and Suter Street, rezoned to R-7 in 2006, and then amended in 2007, 2011, and 2024;
- The Quarry located along Linda Lane and Smithland Road, rezoned to R-7 in 2007;
- Collicello North located along Collicello Street north of 5th Street, rezoned to R-7 in 2013;
- The Village at Chicago Park located along Saturday Drive, which is off of Chicago Avenue, rezoned to R-7 in 2014; and
- Bluestone Town Center, rezoned to R-7 in 2023 and then amended in 2025.
