To the Government Officials Listed on Attachment A

**Petition of Rappahannock Electric Cooperative
for Approval to Implement a New Large Power Dedicated Facilities Rate Schedule
Case No. PUR-2025-00048**

Ladies and Gentlemen:

On March 12, 2025, Rappahannock Electric Cooperative (REC) petitioned the State Corporation Commission (SCC) for approval to implement a new large power dedicated facilities rate schedule (Schedule LP-DF). A copy of the Petition and the Order for Notice and Comment is enclosed. In addition, consistent with Ordering Paragraph 6 of the Order for Notice and Comment, notice is also being published in newspapers throughout our service territory.

REC filed a petition for approval to implement this new rate schedule pursuant to §§56-231.34 and 56-236 of the Code of Virginia. Schedule LP-DF is a new rate schedule designed to provide service to very large, high load factor members. Specifically, Schedule LP-DF will be used to serve all similarly situated consumers that are served through dedicated facilities with a contracted billing demand that exceeds 25 MW and an annual average load factor of 75%

Schedule LP-DF provides a structured rate that is designed based on the requirements to serve large load, high load factor members, and includes multiple protections for existing REC members. Timelines for public participation are included in the Order for Notice and Comment.

Please contact me any time with questions as they arise.

My contact information is provided here:
Lindsey Watson, Director of Government Affairs
