4. Resolution – To Approve the 2026 Holiday Schedule

RECOGNITIONS

Mr. Goodwin read the Resolution posthumously honoring the life and service of Gloria Layne. Mr. Williams then presented a framed copy of the resolution to Ms. Layne’s family.

PUBLIC COMMENT PERIOD

Chairman Adams opened the public comment period.

Mr. Terry Zamski, Mineral District, appeared before the Board to express his support the through truck traffic restriction on Route 665 (Kennon Road) in the Mineral District.

Mr. Keenan Dakota, Mountain Road District, submitted a public presentation speaker card to voice his support of a through truck traffic restriction on Route 665 (Kennon Road).

Mr. Brad Kirley, Spotsylvania County, appeared before the Board to offer positive remarks regarding Kinetic Endeavors and the annual races they host in the Bumpass area.

Ms. Vicky Harte, Louisa District, noted concerns regarding the volume of construction traffic moving through town and referenced recent damage that had occurred as a result.

Mr. Bill Walling, Mineral District, spoke regarding the withdrawal concerns related to the North East Creek data center . He expressed that the situation feels like an “imminent peril” to nearby residents and urged the Board not to impose on others what they themselves would not want imposed upon them. Mr. Walling asked the Board to end what he described as a continuing threat and to consider a motion to prevent the existence of any further data centers in Louisa County.

With no one else wishing to speak, Chairman Adams closed the public comment period.

INFORMATION/DISCUSSION ITEMS

Discussion – Road Naming and Signs

Mr. Goodwin provided additional detail, noting that as road name signs continue to age, more of them will require replacement. He explained that this includes private road name signs and suggested that the Board consider proposing amendments to the County Code and updating the fee schedule accordingly. He added that establishing a reasonable reserve for ongoing sign maintenance may also be appropriate.

Mr. Manning commented that the item is well-suited to move through the standard review process and recommended allowing the Planning Commission to work through the details.

Mr. Jones inquired about potential liability if the County fails to maintain the signs, noting that due diligence is necessary to ensure signage is properly managed.

The Board directed staff to continue researching the matter and to return with recommendations.

Presentation – Update from Kinetic Endeavors Triathlon

Mr. Greg Hawkins, Founder of Kinetic Multisport, provided the Board with an update on the series of triathlon events held annually in Louisa County. He reviewed several areas of concern that residents and staff have raised in previous years and outlined the steps the organization has taken to improve safety, communication, and traffic management.

Mr. Hawkins also discussed the positive economic impact these events bring to Louisa County, noting that participants and their families regularly dine in local restaurants and stay in area hotels and short-term rentals, including Airbnbs.

The Board commended Mr. Hawkins for his continued efforts to address concerns and enhance the events.

Mr. McCotter concluded the discussion by highlighting his remaining concerns, particularly related to ensuring that officers working the events are compensated fairly for their time.

Discussion – Update on the East End Tower

Mr. Barlow provided a brief update on the status of the East End Radio Tower project, noting that there has been what appears to be a delay in the process. He requested that staff remain actively engaged and continue monitoring the project to ensure timely progress.

UNFINISHED BUSINESS

(None)

NEW BUSINESS/ACTION ITEMS

Resolution – Requesting an Evaluation of a Through Truck Traffic Restriction on Route 665 (Kennon Road) in the Mineral District

In accordance with Section 46.2-809 of the Code of Virginia, through trucks can be restricted on certain primary and secondary routes in the limited number of cases where doing so will promote the health, safety, and welfare of the public without creating an undue hardship on transportation users. The Board of Supervisors feels there is a need for consideration of a Through Truck Traffic Restriction on Route 665 (Kennon Road). The Board feels that safety on this highway may be significantly improved by such a restriction.

Should a restriction be implemented on Route 665 (Kennon Road), through truck traffic would need to be redirected to utilize Route 522 (Cross County Road) from I-64 to Route 33 (Jefferson Highway).

On the motion of Mr. Barlow, seconded by Mr. Barnes, which carried by a vote of 7-0, the Board voted to requests that the Virginia Department of Transportation conduct an evaluation of a potential Through Truck Traffic Restriction on Route 665 (Kennon Road).

Resolution – Approving the Tourism Advisory Committee’s Recommendation for the Louisa County Fair’s Tourism Support Request

The Louisa County Fair has been a signature community event for more than forty years, attracting residents and visitors to the County for livestock shows, competitions, live entertainment, vendors, children’s activities, and other tourism-driven programming. The Fair experienced substantial growth in 2025, drawing approximately 8,000 attendees over the three-day event (an increase from nearly 5,000 attendees in 2024), and operating with a surplus, demonstrating strong return on investment and continued growth as a tourism asset.

The Louisa County Fair submitted a 2026 Tourism Support Request in the amount of \$131,867.25 to expand its main stage entertainment, marketing, tramming operations, security, rentals, and other program components to support increased tourism visitation and overnight stays.

At its meeting on October 10, 2025, the Tourism Advisory Committee reviewed the Fair’s request and unanimously recommended partial funding in the amount of \$54,450, covering support for musical acts, stage production, trams, and security, based on staff analysis and identified tourism impact.

The Board of Supervisors previously approved \$26,699 in tourism support for the 2025 Fair (\$20,000 for musical acts and \$6,699 for advertising and marketing), which contributed to a highly successful event year and strengthened Louisa County’s tourism profile.

The Board of Supervisors finds that continued strategic investment in the Louisa County Fair advances county tourism goals by attracting regional visitors, increasing overnight stays, and promoting economic activity consistent with the use of Transient Occupancy Tax funds.

On the motion of Mr. Barnes, seconded by Ms. Jones, which carried by a vote of 6-1, with Mr. Barlow voting against, the Board voted approve the Tourism Advisory Committee’s

recommendation and authorizes tourism funding in the amount of \$54,450 to support the 2026 Louisa County Fair, to be allocated from Transient Occupancy Tax revenues designated for tourism initiatives.

The Board directs staff to prepare any necessary Memoranda of Understanding, ensure compliance with reporting requirements, and coordinate with the Louisa County Fair to support marketing and promotional partnerships that maximize tourism benefits.

Resolution – Authorizing a Budget Supplement to the Louisa County Airport for Virginia Department of Aviation Grant Funding Received for Fuel Tank Relocation Capital Project

The Louisa County Airport received grant funding in the amount of \$145,055 from the Virginia Department of Aviation for a Fuel Tank Relocation Capital Project. \$72,000 of the state grant funding was appropriated on September 3, 2024 (RES-2024-185) and the remaining \$73,055 needs to be appropriated at this time.

The grant also requires a local match of \$71,445 that was not included in the 2025 budget and needs to be appropriated at this time.

On the motion of Mr. Barnes, seconded by Ms. Jones, which carried by a vote of 7-0, the Board voted authorize a budget supplement in the amount of \$144,500 to the Fuel Tank Relocation Capital Project (30384000-482025). The source of funding is \$73,055 from State VA Aviation Grants (0303R24-324050) and \$71,445 from Contingencies (10091000-410010).

Resolution – Amending the Louisa County Board of Supervisors Meeting Schedule for 2025

The Louisa County Board of Supervisors previously adopted its 2025 Board meeting calendar establishing the dates for regular meetings of the Board. The Board desires to amend the 2025 meeting calendar to remove one scheduled regular meeting date.

The Board has determined that the regular meeting currently scheduled for Monday, December 15, 2025, is no longer necessary and should be removed from the 2025 Board meeting calendar.

On the motion of Mr. Barnes, seconded by Ms. Jones, which carried by a vote of 7-0, the Board voted to amend the 2025 Board meeting calendar to remove the regular meeting scheduled for Monday, December 15, 2025.

REPORTS OF OFFICERS, BOARDS AND STANDING COMMITTEES

Committee Reports

Board Appointments

On the motion of Mr. Williams, seconded by Mr. Woodward, which carried by a vote of 7-0, the Board voted to appoint Ms. Cara Coleman to the Commission on Aging to serve as one of the Mineral District representatives.

County Administrator's Report

Mr. Goodwin provided the Board with his report, which included updates on departmental operations, project progress, and upcoming events.

PUBLIC HEARINGS

ADJOURNMENT

On the motion of Mr. Barnes, seconded by Mr. Williams, which carried by a vote of 7-0, the Board voted to adjourn the November 17, 2025, meeting at 6:50 p.m.

COUNTY OF LOUISA

MEMORANDUM

TO: The Honorable Members of the Board of Supervisors

FROM: Sam Massie, Purchasing Coordinator
Anderson Woolfolk, General Services Manager

CC: Christian Goodwin, County Administrator

DATE: November 21, 2025

RE: A Resolution to Approve and Award a Contract for HVAC Preventative Maintenance and Repairs

I. Background:

a. Project Description

The County of Louisa invites qualified HVAC contractors to submit proposals for providing preventative maintenance services, emergency service and “on call” repair service on a time and materials basis for makes and models of heating, ventilation and air conditioning (HVAC) equipment now owned or later acquired by the County of Louisa.

b. Need

Preventative Maintenance, meaning all adjustments and servicing required to maintain systems and equipment in good operating condition, in accordance with manufacturers’ specifications.

Services anticipated under the resulting contract include, but are not limited to, the following commercial and residential type HVAC work:

- a. Installation of new HVAC equipment.
- b. Repair and service of existing HVAC equipment to include Chillers, Boilers, VAV Systems, Cold Water and Hot Water Loop Systems, and Building Control System components.
- c. Modification, if required of existing HVAC systems.
- d. Perform electrical installations and repairs of the HVAC systems as required.

- e. Installation and knowledge of the proper types of duct materials and insulation.
- f. Proper installation and knowledge of any type of support system for the HVAC systems.
- g. Knowledge and familiarity of Building Automation and Control Systems.

From time to time, the County may request an estimated project cost prior to starting a particular Work Order. At its own expense, the contractor shall visit the site and prepare a detailed hourly rate bid, based on the contractor's contract rates for accomplishing the work. Each bid prepared by the contractor shall include an acceptable description of the nature, extent and character of the HVAC work required, as well as performance and delivery schedules.

c. Project Budget

Funds for such services are included in the General Services budget, under various GL#'s.

d. Request for Proposals

On November 6, 2025, the County issued a Request for Proposals inviting qualified HVAC contractors to submit proposals for HVAC Preventative Maintenance and Repairs. Louisa County will select the firm who they determine most closely satisfies the needs of the County. There is no requirement for acceptance of the lowest price of service offered, and specific requirements may be waived or amended at the discretion of the County.

II. Current Situation:

a. Proposals

Three (3) proposals were received by the closing date of November 17, 2025. Proposals were received from the following firms:

- Benchmark Service Group dba JRC Services, LLC
- Johnson Controls, Inc.
- Riddleberger Brothers, Inc.

b. Short Listed Firms

The selection committee reviewed and evaluated the proposals. Negotiations with the following firm were conducted:

- Riddleberger Brothers, Inc

c. Selected Firm

After careful consideration, the selection committee determined that Riddleberger Brothers, Inc. would be the most qualified HVAC contractor to meet the needs of the County.

d. Justification

Riddleberger Brothers, Inc. has been under contract for these services for the past twelve (12) years. This firm has met the needs of the County, has been very responsive to the County's requests for work, and is very familiar with Louisa County and its facilities. Their total preventative maintenance price was less than half of the next lowest firm.

e. Recommendation

The recommendation is for the Board of Supervisors to approve and award a contract to Riddleberger Brothers, Inc for a period of one year beginning December 5, 2025, and ending December 4, 2026, with the option to renew for two additional one year terms.

DEED OF EASEMENT

DEED OF EASEMENT made this ____ day of _____, 20____, by and between The Board of Supervisors of Louisa County, Virginia (hereinafter called "Grantor") with an address of P O Box 160, Louisa, Virginia 23093, and both SummitIG, LLC and SIG Peak, LLC, each a Virginia limited liability company, and each's successors, assigns, lessees, licensees and agents (individually and collectively hereinafter called "Grantee") with each having an address of 22365 Broderick Drive, Suite 250, Sterling, Virginia 20166.

For and in consideration of One Dollar (\$1.00) cash in hand paid unto Grantor and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor hereby grants and conveys unto each Grantee, its successors, assigns, lessees, licensees and agents, a perpetual easement and right of way (the "Easement") to install, access, construct, operate, repair, maintain, test, inspect, improve, relocate, alter, replace and remove an underground communications system, and such uses compatible therewith and ancillary thereto, consisting of such buried cables, wires, conduits, innerducts, vaults, manholes, handholes, and related above-ground and under-ground facilities, including but not limited to, posts, terminals, handholes, manholes, location markers, cabinets, shelters, equipment housings, and other appurtenances (the "Facilities"), as each Grantee may from time to time require, over, across, under, through and upon Grantor's real property being located in the County of Louisa, Commonwealth of Virginia, more particularly identified as Tax Map Parcel I.D. No. 76-14-A (the "Property"), as depicted on a plat identified as Exhibit A, attached hereto and made a part hereof (the "Easement Area").

Said Easement is hereby granted and conveyed unto each Grantee together with the following rights and covenants:

1. Each Grantee shall have the right of ingress and egress over, upon and across the Property, including drives, lanes, ways or private roads, to and from the Facilities and Easement Area, including the right to temporarily open and close fences, to exercise the rights herein granted.
2. Each Grantee shall have the right to trim, cut and remove trees, shrubbery, undergrowth and other obstructions within the Easement Area, which interfere with or threaten the efficient and safe operation, construction or maintenance of the Facilities or impede access thereto.

3. The Facilities constructed hereunder shall be owned by and shall remain the property of the respective Grantee. Each Grantee shall have the right to inspect, rebuild, access, relocate, repair, replace, and remove the Facilities, or any part thereof, within the Easement Area, and may make such changes, alterations, substitutions, additions in and to, or extensions of the Facilities as it deems advisable without the prior consent of the Grantor.

4. During periods of construction, repair, and maintenance of the Facilities, each Grantee shall have the temporary right to use Grantor's property lying adjacent to the Easement Area. Each Grantee, after constructing, inspecting or maintaining the Facilities, will restore the Property impacted by such work, as nearly as reasonably practicable, to the condition of the Property existing immediately prior to commencement of its work to construct, inspect or maintain the Facilities. Grantor shall not interfere with the Facilities.

5. NOTICE TO LANDOWNER: You are conveying rights to a public service corporation. A public service corporation may have the right to obtain some or all of these rights through exercise of eminent domain. To the extent that any of the rights being conveyed are not subject to eminent domain, you have the right to choose not to convey those rights and you could not be compelled to do so. You have the right to negotiate compensation for any rights that you are voluntarily conveying.

6. Grantor covenants that it is seized of the Property and has the right and authority to convey the Easement and the rights and privileges herein conveyed to each Grantee, that no consent is required, and that each Grantee, its successors, assigns, licensees, lessees and agents shall have quiet and peaceable possession, use and enjoyment of the aforesaid Easement, rights and privileges hereby granted. This Easement shall be a covenant running with the land, shall be a burden upon the Property and shall be binding upon and shall inure to the benefit of the parties and their successors, assigns, licensees, lessees and agents.

7. Each Grantee shall have the right to assign, lease, license, sell or transfer all or any part of the rights granted pursuant to this Deed of Easement, including without limitation, the Easement and the Facilities to third parties, and such third parties shall have the right, in like manner and to like extent as provided herein, to operate their Facilities on the Property as provided herein.

8. Grantor represents and warrants that, as of the date of this Agreement, the Property is not encumbered by any mortgages or deeds of trust.

9. This instrument may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one instrument.

IN WITNESS WHEREOF, the Grantor has caused this Deed of Easement to be executed by an authorized representative as of the date set forth above.

**Request for Taxpayer
Identification Number and Certification**

Go to www.irs.gov/FormW9 for instructions and the latest information.

Give form to the
requester. Do not
send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See <i>Specific Instructions</i> on page 3.	1	Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)	
	2	Business name/disregarded entity name, if different from above.	
	3a	Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only one of the following seven boxes. <input type="checkbox"/> Individual/sole proprietor <input type="checkbox"/> C corporation <input type="checkbox"/> S corporation <input type="checkbox"/> Partnership <input type="checkbox"/> Trust/estate <input type="checkbox"/> LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner. <input type="checkbox"/> Other (see instructions) _____	
	3b	If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions <input type="checkbox"/>	
	5	Address (number, street, and apt. or suite no.). See instructions.	Requester's name and address (optional)
	6	City, state, and ZIP code	
	7	List account number(s) here (optional)	

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

**A RESOLUTION REQUESTING THE COMMONWEALTH TRANSPORTATION
BOARD TO NAME A PORTION OF ROUTE 208 AND ROUTE 22 IN HONOR OF
COLONEL SAMUEL "NELSON" DREW AND AGREEING TO PAY THE COST OF
SIGNAGE**

WHEREAS, the Louisa County Board of Supervisors has established an Honorary Road Naming Policy to recognize and honor individuals with strong ties to Louisa County who have achieved notable distinction at the national or international level or made significant sacrifices in the line of duty; and

WHEREAS, Colonel Samuel “Nelson” Drew was raised and graduated in Louisa County, served as a distinguished military officer, respected teacher, and renowned strategic thinker whose contributions had a lasting impact on U.S. diplomatic efforts, particularly in the Balkans; and

WHEREAS, Colonel Drew passed away while in service to his country, and his life exemplified leadership, honor, and devotion, earning recognition through numerous articles and commendations, and leaving an enduring legacy of integrity and dedication that continues to reflect positively on Louisa County; and

WHEREAS, Section 33.2-213 of the Code of Virginia authorizes the Commonwealth Transportation Board (CTB) to give suitable names to state highways, bridges, interchanges, and other transportation facilities forming a part of the system of state highways; and

WHEREAS, Section 33.2-213 further provides that the Virginia Department of Transportation shall place and maintain appropriate signs indicating the names of highways, bridges, interchanges, and other transportation facilities named by the CTB, and requires that the costs of producing, placing, and maintaining such signs shall be paid by the locality in which they are located unless the naming honors a state official killed in the line of duty; and

WHEREAS, the Louisa County Board of Supervisors wishes to recognize the lasting contributions of Colonel Samuel “Nelson” Drew by requesting that a portion of Route 208 and Route 22, from Route 623 (Chopping Road) to Route 645 (Poplar Avenue) in the County of Louisa, be named the “Colonel Samuel ‘Nelson’ Drew Memorial Highway.”

NOW, THEREFORE, BE IT RESOLVED, on this 1st day of December, 2025, that the Louisa County Board of Supervisors hereby requests the Commonwealth Transportation Board name the portion of Route 208 and Route 22, from Route 623 (Chopping Road) to Route 645 (Poplar Avenue), in Louisa County, Virginia, as the “Colonel Samuel ‘Nelson’ Drew Memorial Highway.”

BE IT FURTHER RESOLVED, that the Louisa County Board of Supervisors agrees to pay the costs of producing, placing, and maintaining the signs calling attention to this designation, in accordance with Section 33.2-213 of the Code of Virginia and current Virginia Department of Transportation guidelines.

COUNTY OF LOUISA

MEMORANDUM

TO: Board of Supervisors

FROM: Chris Coon, Deputy County Administrator

DATE: November 24, 2025

RE: Comprehensive Plan Outreach Mailer & Public Engagement Strategy

Purpose:

The purpose of this memorandum is to outline the County's comprehensive outreach strategy for the ongoing Comprehensive Plan update, including a countywide postcard mailer containing a QR code to the public survey and promoting four upcoming open house events across Louisa County. The goal is to ensure broad awareness, maximize resident participation, and address concerns related to public engagement.

Background:

The Comprehensive Plan is the County's long-range policy document guiding land use, growth management, transportation planning, infrastructure needs, economic development, and overall community vision. It establishes priorities for the next 15–20 years and serves as the foundation for zoning, capital investment, and future planning decisions.

A strong and defensible Comprehensive Plan depends on broad public participation. Surveys allow residents to express priorities, concerns, and preferences that help shape policy direction. High-quality public input provides a clearer understanding of community values, helps identify emerging challenges, and improves the legitimacy and transparency of the final plan.

In addition to surveys, open house events offer residents an accessible forum to ask questions, speak directly with staff, and better understand the planning process. These sessions help ensure that residents who may not follow meetings at the County Office Building still have meaningful opportunities to participate.

To support this public engagement effort, staff prepared a countywide postcard mailer that includes a QR code linking to the survey and advertises four open houses across the County. This mailer complements online outreach, school

communications, targeted stakeholder notifications, and coverage from local media outlets

Outreach Plan:

Countywide Mailer with QR Code:

- Staff received three competitive quotes for approximately 18,500 postcards:
 - Vistaprint – \$13,000
 - Printing for Less – \$9,834
 - Next Day Flyers – \$9,400
- Mail postcard to all USPS-served households in Louisa County.
- Include a QR code that links directly to the Comprehensive Plan Survey.
- Clearly list the four open house dates, times, and locations

County Social Media & Website:

- Post regular updates on all County social media platforms.
- Maintain prominent, easy-to-access survey links and open house details on the County website.

Targeted Stakeholder Engagement:

- Coordinate outreach with community organizations such as Farm Bureau, 4H, FFA, the Council on Aging, and others.

Media Support

- Continue active collaboration with Engage Louisa, The Central Virginian, and other outlets to promote survey participation and open house attendance.

Recommendation:

Staff are prepared to move forward with the outreach plan if the Board wishes to proceed. If the Board prefers an alternative approach or modified scope, staff will adjust accordingly based on Board direction.

**A RESOLUTION TO APPROVE A LOCAL PERFORMANCE AGREEMENT WITH
EDI LOUISA 1, LLC (EDGECORE)**

WHEREAS, the County of Louisa (the “County”) is vitally interested in the economic welfare of its citizens, the creation and maintenance of sustainable jobs for its citizens, and the development of the Shannon Hill Regional Business Park ("SHRBP"), and therefore wishes to provide the necessary conditions to stimulate the local economy and promote business, resulting in the creation of a substantial investment in the County, and to encourage economic growth and development opportunities; and

WHEREAS, EDI Louisa 1, LLC., a Delaware limited liability company (the “Company”) is engaged in the development and operation of data centers, including through direct ownership and third-party partners; and

WHEREAS, the County and the Company desire to enter into Economic Development Local Performance Agreement (the “Agreement”), and

WHEREAS, the Company has proposed to build, develop, and operate, or cause to build, develop, and operate, data center facilities in the County, more specifically within the SHRBP, and may build at additional sites in the future; and

WHEREAS, to build, develop, and operate data center facilities with the SHRBP, the Company intends to make, or cause to be made, billions of dollars in capital investment and create, or cause to be created, hundreds of new jobs in the County which collective development, job

creation and capital investment will be referred herein as the "Project", and

WHEREAS, the Company may lease some or all of such data center facilities to third-party tenants and licensees ("Tenants") who will make their own capital investments into such facilities in the form of business personal property and other capital improvements and also create new jobs in the County in support of their own operations in the facilities, all as components of the Project; and

WHEREAS, to encourage the Project, the County desires to support data center development within the SHRBP built by the Company, or caused to be built by the Company, by providing incentives to the Company pursuant to Annual Performance Grants ("APG") as described in this Agreement; and

WHEREAS, the provision of the APG were important factors in the Company's decision to make, or cause to make, Capital Investments and create, or cause to create jobs in the County; and

WHEREAS, the County recognizes that the Project will bring direct and indirect benefits to the County that constitute a valid public purpose for the use of public funds, including stimulating additional tax revenue and economic activity, and has offered to provide the APG to induce development of the Project; and

WHEREAS, the County may act in cooperation with or through the Louisa County Industrial Development Authority (the "Authority") for provisions of its commitments under this agreement; and

WHEREAS, the Company acknowledges that its decision to locate the Project in the County resulted, in part from the availability of the APG.

NOW, THEREFORE BE IT RESOLVED, on this 1st day of December 2025, in consideration of the mutual covenants and agreements set forth herein, the Louisa County Board of Supervisors hereby agrees to the terms and conditions of the Agreement.

BE IT FURTHER RESOLVED, the Louisa County Board of Supervisors authorizes the County Administrator, or his/her designee to ratify the Agreement with the Company on behalf of the County.

ECONOMIC DEVELOPMENT LOCAL PERFORMANCE AGREEMENT

This Economic Development Local Performance Agreement (the “Agreement”) is entered into as of the Effective Date by and Between EDI Louisa 1, LLC (the “Company”) and the County of Louisa, Virginia, a Virginia political subdivision (the “County”), and describes the agreement between the Parties relating to an economic development project to assist the Company in the location of the Company’s data center facilities in the County. The Company and the County may be referred to herein individually as a “Party” or collectively as the “Parties.”

RECITALS:

WHEREAS, the County is vitally interested in the economic welfare of its citizens, the creation and maintenance of sustainable jobs for its citizens, and the development of the Shannon Hill Regional Business Park (“SHRBP”), and therefore wishes to provide the necessary conditions to stimulate the local economy and promote business, resulting in the creation of a substantial investment in the County, and to encourage economic growth and development opportunities; and

WHEREAS, the Company is engaged in the development and operation of data centers, including through direct ownership and third-party partners; and

WHEREAS, the Company has proposed to build, develop, and operate, or cause to build, develop, and operate, data center facilities in the County, more specifically within the SHRBP, and may build at additional sites in the future; and

WHEREAS, to build, develop, and operate data center facilities with the SHRBP, the Company intends to make, or cause to be made, billions of dollars in capital investment and create, or cause to be created, hundreds of new jobs in the County which collective development, job creation and capital investment will be referred herein as the “Project”; and

WHEREAS, the Company may lease some or all of such data center facilities to third-party tenants and licensees (“Tenants”) who will make their own capital investments into such facilities in the form of business personal property and other capital improvements and also create new jobs in the County in support of their own operations in the facilities, all as components of the Project; and

WHEREAS, to encourage the Project, the County desires to support data center development within the SHRBP built by the Company, or caused to be built by the Company, by providing incentives to the Company pursuant to Annual Performance Grants (“APG”) as described in this Agreement; and

WHEREAS, the County recognizes that the Project will bring direct and indirect benefits to the County that constitute a valid public purpose for the use of public funds, including stimulating additional tax revenue and economic activity, and has offered to provide the APG to induce development of the Project; and

WHEREAS, the County may act in cooperation with or through the Louisa County Industrial Development Authority (the “Authority”) for provisions of its commitments under this agreement; and

WHEREAS, the Company acknowledges that its decision to locate the Project in the County resulted, in part from the availability of the APG; and

WHEREAS, the Company is committed to making the most efficient use of water and will employ a closed-loop cooling system(s) at its Louisa County campus; and

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements set forth herein, the Parties agree as follows:

- I. **DEFINITIONS.** For the purposes of this Agreement, unless defined elsewhere in this Agreement, the following terms will have the following meanings:

“Agreement” is defined in the Preamble.

“Authority” is defined in the Recitals.

“Company” is defined in the Preamble.

“County” is defined in the Preamble.

“Effective Date” is the date upon which both Parties have signed this Agreement and the County Board of Supervisors has voted to approve this Agreement. Such date will be added to the signature page hereof when determined.

“Party” and “Parties” are defined in the Preamble.

“Project” is defined in the Recitals.

“SHRBP” is defined in the Recitals.

II. COMPANY INVESTMENT.

- A.** COMPANY CAPITAL INVESTMENT. Starting on or after July 1, 2025, but prior to July 1, 2040 (the “Investment Period”), the Company intends to invest, or cause to be invested including by its affiliates and its and their Tenants, in the County billions of dollars related to the Project. Nothing in this agreement shall be construed as permitting the County to compel the Company to make investments or as conditioning the APGs on any particular investment amount.

III. COUNTY ECONOMIC DEVELOPMENT INCENTIVES – ANNUAL PERFORMANCE GRANTS.

- A.** The County will provide APG to the Company to offset a portion of the projected development costs to be incurred by the Company or on behalf of the Company. APGs will be paid in the form of a grant based on annual revenues generated in real and

business tangible personal property taxes generated by the Company's and its Tenants' activities and activities performed on its or their behalf.

- B.** The APG payments shall be calculated at fifteen percent (15%) of the annual revenues derived from real and tangible personal property taxes paid to the County by the Company, its affiliates and its and their Tenants in connection with the Project. As an example, and for illustrative purposes, if the Company pays one million dollars (\$1,000,000) in tax payments to the County in any qualifying year, the APG that year would equal one hundred fifty thousand dollars (\$150,000). Notwithstanding the foregoing, the Company may elect in writing and in its sole discretion to reduce the APG payable in any given year, in which case the APG payable to the Company hereunder shall be such reduced amount and the difference between such reduced amount and the APG amount to which the Company would have otherwise been entitled in that year shall remain earnable in future years during the Grant Period as part of the remaining Max Grant amount.
- C.** The County agrees to pay the APG to the Company for a period not to exceed fifteen (15) years with the first payment to be made in 2027 and the last payment to be made in 2041 ("Grant Period"), or until such time that the County has paid APG to the Company equal to fifteen million dollars (\$15,000,000) (the "Max Grant"), whichever occurs first. As an example, and for illustrative purposes, if the cumulative total of APG paid to the Company in year ten (10) of the Grant Period equals the Max Grant, the County has no further obligation to pay the Company APG for the remainder of the Grant Term. Conversely, if the total of APG paid to the Company is less than the Max Grant at expiration of the Grant Term, the County shall have no further obligation to pay APG to the Company.
- D.** The APG will be paid by the County to the Company through the Authority and shall be subject to annual appropriations by the County Board of Supervisors. The County shall pay the APG to the Authority and then the Authority to the Company both within 60 (sixty) days of receipt of the Company's payment of its annual property taxes. Annual property taxes are due to the County no later than December 5th each year. Each APG payment shall be based on the Company's, its affiliates' and their tenants' property tax payments related to the Project made in the same calendar year in which the APG payment becomes payable. As an example, and for illustrative purposes, the County's APG payment payable in 2026 shall be based on the Company's tax payment of the property tax bill(s) due on December 5, 2026.
- E.** For the avoidance of doubt, the Authority will make no deductions from the amounts paid to it as APGs that are required to be paid to the Company hereunder and shall promptly pay to Company the entirety of all APGs it receives from the County to such account or accounts designated in writing to the Authority by the Company. In the event the Authority ceases to exist or operate at any time during the Grant Period, the County shall pay all APGs directly to the Company or through such other qualified intermediary as the County may form and cause to join this Agreement in the place of the Authority.

- F. The Company may subdivide the Project and transfer ownership to one or more of its affiliates or third-parties. In such case, those successor owned portions of the Project and real and tangible personal property taxes paid to the County by such parties and their Tenants thereon shall be included in the calculation of APG hereunder. The Company shall be permitted to divide the APG among itself and such parties in its sole discretion.
- G. The Parties agree that for the purposes of determining the amount of the APG in any qualifying year during the Grant Period, the example calculation in Section III B above shall control.
- H. The Parties agree that the aggregate value of the APG shall not exceed \$15,000,000 or the Max Grant during the Grant Period.

IV. WITHOLDING, REDUCTION, AND RECAPTURE OF ANNUAL PERFORMANCE GRANTS

- A. If any taxes, fees, or assessments owed to the County by the Company at the time any APG installment is to be paid is outstanding, but not subject to dispute, the County may withhold the APG until such required payments are satisfied, at which time the full APG shall be promptly paid.
- B. The County may cease further APG payments to the Company if the Company makes a public, formal announcements of its plan to terminate the Project, as of the date of such termination for any reason.
- C. During the term of this Agreement, the Company agrees to notify the County and the Authority as soon as practicable of the Company's intent to terminate the Project.

V. TERMINATION OF AGREEMENT. This Agreement shall terminate upon the final APG payment to the Company equal to the Max Grant amount, or at expiration of the Grant Period, whichever occurs first. After such termination, the Agreement will be null and void, and the Parties to this Agreement shall have no further obligations from one to the other thereafter.

VI. REPRESENTATIONS.

- A. The Company represents as of the date of this Agreement as follows:
 - a. The Company (a) is a Delaware limited liability company duly organized and validly existing under the laws of its state of organization; (b) is duly qualified to transact business and is in good standing in Virginia; (c) is not in violation of any provision of its organizational documents; (d) has full corporate power to own its properties and conduct its business; (e) has full power and authority to enter into this Agreement and to enter into and carry out the transactions contemplated by this Agreement; (f) by proper action has duly authorized the execution and

delivery of this Agreement; and (g) is not in default under any provision of this Agreement;

- b. To its knowledge, the Company's execution and delivery of this Agreement neither conflicts with, nor will result in, a breach or default under its organizational documents; nor, to the best of its knowledge, will its execution and delivery conflict with, or result in, a breach or default under the terms, conditions, or provisions of any statute, order, rule, regulation, agreement, or instrument to which the Company is a party or by which it is bound;
- c. This Agreement constitutes its legal, valid, and binding obligations, enforceable in accordance with its terms; and
- d. To the Company's knowledge, there is no litigation or proceeding pending or, to its knowledge, threatened against the Company, which would adversely affect the validity of this Agreement.

B. The County represents as of the date of this Agreement as follows:

- a. The County (a) has full power and authority to enter into this Agreement and to enter into and carry out the transactions contemplated by this Agreement; (b) by proper action has duly authorized the execution and delivery of this Agreement; and (c) is not in default under any provisions of this Agreement;
- b. This Agreement constitutes the County's legal, valid, and binding obligation enforceable in accordance with its terms;
- c. To the County's knowledge, there is no litigation or proceeding pending or threatened against the County or affecting it which would adversely affect the validity of this Agreement, or its ability to meet its obligations under this Agreement;
- d. To the best of the County's knowledge, the County is not in default under any provision of Virginia Law which would affect its existence or its powers; and
- e. The County shall make every effort to obtain timely appropriations required to fund the provisions of this Agreement.

C. NO PROVISION OF THIS AGREEMENT SHALL BE CONSTRUED OR INTERPRETED AS CREATING A PLEDGE OF THE FAITH AND CREDIT OF THE AUTHORITY OR THE COUNTY WITHIN THE MEANING OF ANY CONSTITUTIONAL DEBT LIMITATION. NO PROVISION OF THIS AGREEMENT SHALL BE CONSTRUED OR INTERPRETED AS DELEGATING ANY GOVERNMENTAL POWERS NOR AS A DONATION OR A LENDING OF THE CREDIT OF THE AUTHORITY OR COUNTY WITHIN THE MEANING OF THE STATE CONSTITUTION. THIS AGREEMENT SHALL NOT DIRECTLY OR INDIRECTLY OR CONTINGENTLY OBLIGATE THE

AUTHORITY OR COUNTY FOR ANY FISCAL YEAR IN WHICH THIS AGREEMENT SHALL BE IN EFFECT NOR TO MAKE ANY PAYMENTS BEYOND THOSE APPROPRIATED IN THE SOLE DISCRETION OF THE COUNTY AND THE AUTHORITY. NO PROVISION OF THIS AGREEMENT SHALL BE CONSTRUED TO PLEDGE OR TO CREATE A LIEN ON ANY CLASS OR SOURCE OF THE AUTHORITY OR COUNTY'S MONEYS, NOR SHALL ANY PROVISION OF THE AGREEMENT RESTRICT TO ANY EXTENT PROHIBITED BY LAW, ANY ACTION OR RIGHT OF ACTION ON THE PART OF ANY FUTURE AUTHORITY BOARD OR COUNTY BOARD OF SUPERVISORS. TO THE EXTENT OF ANY CONFLICT BETWEEN THIS ARTICLE AND ANY OTHER PROVISION OF THIS AGREEMENT, THIS ARTICLE TAKES PRIORITY.

VII. MISCELLANEOUS.

- A. Governing Law; Venue.** This Agreement is made, and is intended to be performed, in the Commonwealth and shall be construed and enforced by the laws of the Commonwealth, without reference to its conflict of law rules. Jurisdiction and venue for any litigation arising out of or involving this Agreement shall lie in the Circuit Court of the City of Richmond, and such litigation shall be brought only in such court. With respect to any proceeding or action arising out of or in any way related to this Agreement (whether in contract, tort, equity or otherwise) the parties knowingly, intentionally and irrevocably waive their right to trial by jury.
- B. Dispute Resolution.** In the event of any dispute, controversy or claim of any kind or nature arising under or in connection with Agreement (including disputes as to the creation, validity, or interpretation of this Agreement) (a "Dispute"), then upon the written request of either Party, each of the Parties will appoint a designated senior executive whose task it will be to meet for the purpose of endeavoring to resolve the Dispute. The designated executives will meet as often as the Parties reasonably deem necessary in order to gather and furnish to the other all information with respect to the matter in issue which the Parties believe to be appropriate and germane in connection with its resolution. Such executives will discuss the Dispute and will negotiate in good faith in an effort to resolve the Dispute without the necessity of any formal proceeding relating thereto. The specific format for such discussions will be left to the discretion of the designated executives but may include the preparation of agreed upon statements of fact or written statements of opposition furnished to the other party. No formal proceeding for the resolution of the Dispute may be commenced until the earlier to occur of (a) a good faith mutual conclusion by the designated executives that amicable resolution through continued negotiation of the matter in issue does not appear likely or (b) the 30th day after the initial request to negotiate the Dispute. Such formal proceedings may include, as applicable, the right to appeal all matters pertaining to the assessment to the Tax Commissioner of the Commonwealth pursuant to Section 58.1-1821 of the Code, or directly to a Circuit Court, as described in Section VII(A) above.

- C. Limitation on Liability. No officer, agent, or employee of the Authority, the County, or the Company shall be subject to any personal liability or accountability by reason of the execution of this Agreement nor any other documents related to the transactions contemplated hereby. Such officers, agents, or employees shall be deemed to execute such documents in their official capacities only, and not in their individual capacities. This Section shall not relieve any such officer, agent, or employee from the performance of any official duty provided by law.

In no event will the Company be liable for any loss of data, loss of profits, cost of cover or other special, incidental, consequential, indirect, punitive, exemplary or reliance damages arising from or in relation to this Agreement, however caused and regardless of theory of liability. In no event will the Company's liability for direct damages under this Agreement exceed the amount of APGs paid by the County under this Agreement for the twelve-month period preceding the claim.

- D. A Party will not be considered in material breach of this Agreement unless the breaching party is given written notice of its breach and fails to cure within sixty (60) days of the notice. If the breach remains uncured following this sixty (60)-day cure period the non-breaching party may terminate this Agreement upon written notice to the breaching party.
- E. Confidentiality and Proprietary Information. Any documents relating to this Agreement which contain confidential proprietary information made available by the Company shall be maintained as confidential to the maximum extent permitted by law, by the County and any other parties with which the County must share such information in order to meet its obligations under this Agreement, including Commonwealth agencies, departments, and offices.

The County and the Authority shall, and shall direct any other party receiving confidential proprietary information to:

- a. Use adequate safeguards to maintain the security and confidentiality of all materials, communications, data and information related to this Agreement or supplied by the Company in connection with this Agreement;
- b. exercise the utmost discretion in oral and written communications regarding this Agreement;
- c. provide information internally only to those individuals who need the information to facilitate the parties' performance under this Agreement; and
- d. use adequate physical and technical measures to maintain the security of all electronic and tangible records relating to this Agreement.

The County and Authority agree to promptly notify the Company in the event of a security breach that could have impacted any electronic or tangible records relating to this Agreement.

F. Notices.

- a. Any communication required or permitted by this Agreement must be in writing and will refer to this Agreement, except as expressly provided otherwise in this Agreement.
- b. Any communication under this Agreement shall be sufficiently given and deemed given when personally delivered, sent by receipted facsimile transmission, or after deposited in the mails by registered or first-class certified mail, postage prepaid, with return receipt requested, and addressed as follows:

- G. Non-Business Days.** If the date for making any payment or performing any act or exercising any right is not a day when County's general government offices are open for public business, such payment must be made or act performed or right exercised on or before the next business day such offices are open for public business.
- H. Assignment.** The Parties shall not assign this Agreement or any portion thereof without the written consent of the other Parties; provided, however, the Company

shall be permitted to assign this Agreement or any portion thereof, or any funds due or to become due to it hereunder, to any direct or indirect wholly-owned subsidiary or other related party of the Company or to any company that is the successor by merger, asset purchase, or otherwise to all or substantially all of its business (and any such party shall assume all obligations of the company under this Agreement).

- I. Dissolution of Company. If the Company's legal entity is dissolved or suspended and the Company does not notify the County of such dissolution within ten (10) calendar days and the entity status is not reinstated in thirty (30) business days, this Agreement, at the sole option of the County, shall be declared null and void or the Company shall execute a new Agreement showing the Company's correct legal entity.
- J. Force Majeure. Any delay in the performance of any of the duties or obligations of either party hereunder (the "Delayed Party") shall not be considered a breach of this Agreement and the time required for performance shall be extended for a period equal to the period of such delay, provided that such delay is a Force Majeure Event. The Delayed Party shall give prompt notice to the other party of such cause and shall take whatever reasonable steps are necessary to relieve the effect of such cause as promptly as possible. No such event shall excuse the payment of any sums due and payable hereunder on the due date thereof except any payment due upon the occurrence of any act or event for which delayed performance is excused as provided above. "Force Majeure Event" means: (a) acts of God; (b) flood, fire, earthquake, or explosion; (c) war, invasion, hostilities (whether war is declared or not), terrorist threats or acts, riot or other civil unrest; (d) government order, law, or actions (other than those caused or permitted by the impacted Party); (e) embargoes or blockades in effect on or after the date of this Agreement; (f) national or regional emergency; and (g) other similar events beyond the reasonable control of the impacted Party.
- K. Time. Time is of the essence in this Agreement and each and all of its provisions.
- L. Entire Agreement; Amendments. This Agreement constitutes the entire contract between the parties governing the APGs. This Agreement may not be changed except in writing signed by all parties.
- M. Counterparts. This Agreement may be executed in several counterparts, including separate counterparts. Each shall be an original, but all of them together constitute the same instrument.
- N. Severability. If any court of competent jurisdiction holds any provision of this Agreement invalid or unenforceable, then (a) such holding shall not invalidate or render unenforceable any other provision of this Agreement; and (b) the remaining terms hereof shall, in such event, constitute the parties' entire agreement.
- O. Binding Effect. This Agreement is binding upon, inures to the benefit of and is enforceable by the Parties and their respective successors and assigns. There are no other agreements or other conditions precedent to the binding nature the respective obligations of the County under this Agreement, other than the

performance by Company of its obligations under this Agreement.

**A RESOLUTION APPROVING A PURCHASE AGREEMENT FOR PROPERTY FOR
EXPANSION OF THE LOUISA COUNTY LANDFILL**

WHEREAS, the Louisa County Sanitary Landfill is regularly evaluated for its ability to sustain necessary future use by the citizens of Louisa County, and

WHEREAS, staff has summarized the expected lifespan of the facility's current area and permitted cells, as calculated by the County's solid waste engineering firm based on current usage and future estimates, in recent presentations to the Board of Supervisors, and

WHEREAS, though the currently permitted area is expected to meet near- and moderate-term County needs, the analysis supports the need for consideration of facility expansion, as planning for future needs requires early site selection and a permitting process which can span many years; and

WHEREAS, owners of adjacent land are willing to sell property to the County and allow a reasonable due diligence period to consider site suitability from a permitting standpoint.

NOW, THEREFORE BE IT RESOLVED, on this 1st day of December, 2025, that the Louisa County Board of Supervisors approves the purchase agreement attached hereto and directs its execution by the County Administrator after approval as to form by the County Attorney.

PURCHASE AND SALE CONTRACT

THIS PURCHASE AND SALE CONTRACT (this “**Contract**”) is made and entered into as of November _____, _____ (the “**Effective Date**”), by and between GW2, LLC, a Virginia Limited Liability Company, and Panamint Farm, LLC, a Virginia Limited Liability Company (collectively the “**Seller**”) and the County of Louisa County, a political subdivision of the Commonwealth of Virginia (the “**Purchaser**”).

RECITALS

A. Seller is the owner of approximately 450+, acres, or more, of unimproved land identified on Exhibit A, attached hereto and incorporated herein by this reference, located adjacent to Moorefield Road, Mineral Virginia 23117 (the “**Property**”).

B. Seller desires to sell to Purchaser, and the Purchaser desires to purchase from Seller a minimum of 450 acres, as shown on the attached survey, through a boundary line adjustment of parcels located in the County of Louisa, consisting of Louisa County Tax Map parcels 60-20, 60-1, 59-115C, portion of 60-51, portion of 59-115, so that Seller retains the tax map parcels themselves. The acreage may vary by an amount of road frontage to be determined and not included in the sale on parcel 59-115. Unless otherwise specified herein, the purchase includes all improvements, appurtenances, easements, entitlements, licenses, rights-of-way, and all existing water or water rights, wells or well rights, ditches or ditch rights, mineral or mineral rights, oil, gas, or oil and gas rights, coal or coal rights, and all other rights and privileges belonging or appurtenant theretofore, for the price and upon the terms and conditions as are hereinafter set forth.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises hereinafter set forth, and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree that the above recitals are hereby incorporated as set forth at length and further agree as follows:

1. Purchase and Sale. Subject to the terms and conditions of this Contract, Seller agrees to sell and convey, and Purchaser agrees to purchase, the Property on the Closing Date.

2. Time is of the essence. The Parties agree to execute this Contract within twenty (20) days of approval of the Property Acquisition by the Louisa County Board of Supervisors.

3. Purchase Price. The purchase price of the Property is Nine Thousand and 00/100 Dollars (\$9,000.00) per acre, which shall be paid to the Seller at settlement by cashiers or certified check subject to the prorations described herein (the “**Purchase Price**”).

4. Deposit. Purchaser will make a deposit of Five Hundred Thousand and 00/100 Dollars (\$500,000.00) (“the Deposit”) within ten (10) days of a fully executed Contract with Title Specialists of Virginia, LLC, (“the Escrow Agent”) The deposit shall be divided into equal shares measured by the amount of months there are between the signing of this contract and April 15, 2026, plus one

share. The first share of the deposit shall become non-refundable at the signing of this contract. Then, another share of the deposit shall become non-refundable for each month that goes by until closing or if this contract is terminated. In the event that any amount of the deposit becomes payable and the County of Louisa terminates the contract, all deposit amounts shall belong to GW2, LLC.

5. Purchase Price Payment. On the Closing Date (as hereinafter defined), and subject to the terms and conditions of this Contract, Purchaser shall deliver the Purchase Price, less the Deposit.

6. Closing Date; Possession. Provided that all conditions precedent to Purchaser's obligations hereunder have been satisfied or waived, and Purchaser has not otherwise terminated this Contract as provided hereunder, closing under the terms of this Contract will be held at the offices of Title Specialists of Virginia, PLC no later than April 15, 2026 (the "Closing Date"). Possession of the Property shall be given on the Closing Date.

7. Due Diligence Period. Purchasers shall have the period between execution of this agreement and the Closing Date to access the Property as necessary to conduct an analysis of the acreage to determine the site's suitability from a state permitting standpoint, including soil analysis and other protocols, in support of this analysis, that Purchaser deems reasonably necessary, in its sole discretion (the "Due Diligence Period").

8. Termination by Purchaser. Purchaser and Seller expressly acknowledge and agree that Purchaser has the right, for any reason or no reason at all, at any time prior to the expiration of the Due Diligence Period to terminate this Contract by written notice to Seller and Escrow Agent, and upon such termination, Escrow Agent shall return the refundable portion of the Deposit to Purchaser, whereupon there shall be no further rights, obligations or liabilities between the parties, except for those rights, obligations or liabilities that expressly survive the termination of this Contract.

9. Purchaser's Representations and Warranties. Purchaser warrants and represents to Seller that Purchaser has the power to enter into this Contract and to consummate the transaction contemplated herein. The party executing this Contract, and any documents contemplated to be executed by Purchaser under this Contract on behalf of Purchaser, has the authority to execute this Contract and such documents on Purchaser's behalf and to bind Purchaser hereunder and under such documents

10. Sellers Representations and Warranties. Seller warrants and represents to Purchaser as follows:

(i) After the Effective Date hereof, and except as approved by Purchaser in advance in its reasonable discretion, Seller will not (a) grant any easements and/or rights-of-way and/or other encumbrances over or through the Property, (b) enter into any agreements or other commitments affecting the Property, (c) further encumber the Property except for encumbrances that will be released on the Closing Date, or (d) construct or install any improvements or allow any existing improvements or natural deposits to be wasted, removed, sold or in any way encumbered, without in each instance obtaining the prior written consent of Purchaser, which consent may be withheld by Purchaser in its sole discretion.

(ii) All bills and claims for labor performed and materials furnished to or for the benefit of the Property for all periods prior to the Effective Date have been (and prior to the Closing Date will be) paid in full, and on the Closing Date there will be no mechanics' liens or materialmen's liens, whether or not perfected, on or affecting any portion of the Property, and if there will be any such liens, Seller will obtain the release of the same on or before the Closing Date so that Purchaser's

owner's policy of title insurance will contain no exception for such liens. However, any bills, claims or liens relating to or arising from Purchaser's pre-closing activities on or with respect to the Property are expressly excluded from the provisions of this warranty. In connection therewith, Seller agrees, at closing, to execute any commercially reasonable affidavits.

(iii) Seller has not entered into any contracts, commitments, letters of intent, or other agreements of any kind with any party other than Purchaser, relating to the sale of all or any portion of the Property which are still in effect. The parties acknowledge that the Seller has entered into certain annual hunting leases.

11. Breach of Representations and Warranties. It will be a condition precedent to Seller's and Purchaser's obligation to close hereunder that all of the representations and warranties of the other party contained herein will be true and correct in all material respects at the Closing Date, just as though the same were made at such time. If at any time during the term of this Contract, Purchaser or Seller learns or becomes aware of the fact that any of their respective representations and warranties set forth herein are no longer true and correct in any material respect, then such party agrees to promptly provide notice thereof to the other party. Purchaser's and Seller's right to enforce such representations and warranties of the other party will survive closing.

12. Purchaser's conditions.

(i) Seller agrees to the granting of an easement and construction of a road, sixteen (16) feet in width passable to tractor trailer and 2-wheel drive vehicular traffic, on the eastern property conveyed to the County of Louisa being a portion of 60-51, portion of 59-115, adjoining the land of the Seller to include the portion of any part of Louisa County Tax Maps 60-51 and 59-115 retained by the seller. Purchase shall permit the Seller to use its existing easement until the Purchaser completes construction of the road called for herein which construction shall occur within 12 months of the closing called for herein. This Section shall survive closing.

(ii) Seller will make best efforts with the other owner(s) who were plaintiffs in Louisa Circuit Court Case Number CL-22-251 to secure the abandonment of the right to access parcels through easement established in Louisa County Circuit Court Case Number: CL-22-251.

13. Seller's conditions.

(i) Seller reserves the right to cut the remaining timber on Tax Map Parcel 59-115.

(ii) Purchaser shall cooperate with Seller in effectuating a 1031 exchange, if desired by Seller.

(iii) Purchaser acknowledges that the sale is subject to timber reservations in favor of Walton Lumber Company and Martha Walton High, LLC; and that this process upon information and belief will be completed by June 20, 2026.

(iv) Purchaser acknowledges the general potential for a maximum of seven (7) lots/parcels on A2 parcels (may vary subject to acreage, prior division rights, and other factors in accordance with Louisa County Ordinances). This section shall survive closing.

14. Seller Information. Seller shall deliver to Purchaser within three (3) days of the Effective Date, any and all reports, plats, plans, studies and any other information it has with respect to the Property.

15. Title. The sale will be dependent on the full availability and disclosure of any and all title information on the parcels. Title to the Property is to be good of record and fully marketable and

insurable. Seller agrees to convey the Property to Purchaser by General Warranty Deed free and clear of all encumbrances, tenancies, with the exception of any annual hunting leases, and liens (for due and payable taxes or otherwise), but subject to applicable restrictive covenants and customary utility easements of record not adversely affecting the marketability of title to the Property. Should Seller be unable to remedy any valid objections to the marketability or insurability of the title, not waived by Purchaser, the sole obligation and liability of Seller shall be to refund any remaining Deposit; provided, however, that Purchaser may cure any valid objections to marketability or insurability of title including, without limitation, the satisfaction at closing of any deeds of trust, judgments and liens against the Property out of Seller's proceeds from the sale. Upon the making of any such refund of Deposit, this Contract shall be terminated, and no party shall have any claim against any other by reason of this Contract.

16. Expenses and Prorations. Seller shall bear the cost of preparation of deed, grantor's tax, Seller's attorney's fees and any costs associated with Seller clearing any title requirements or exceptions to title effecting the marketability or insurability of title to the Property on standard terms, rates and exceptions. Purchaser shall pay all other closing costs.

17. Taxes. Real Estate taxes are to be prorated to the Closing Date and paid by the Purchaser thereafter, but only to the extent that Purchaser is not exempt from doing so. Seller's share of any real estate taxes may be paid directly to the County of Louisa. Any assessed rollback taxes shall be paid by the Purchaser.

18. Survey. Within fifteen (15) days after the Effective Date, Seller, at its sole cost and expense, shall deliver to Purchaser any existing survey of the land (the "Existing Survey"). The County of Louisa shall pay for the survey for the plat boundary line adjustment described herein. Notwithstanding the language herein, Purchaser acknowledges that it has already received all surveys in Seller's possession.

19. Risk of Loss. Any risk of loss or damage to the Property by fire or other casualty up to the time of actual closing shall be borne by Seller and any risk of loss or damage to the Property by fire or other casualty subsequent to closing shall be borne by Purchaser.

20. Time for Performance. When the last day prescribed by this Contract for the giving of notice or the performance of any act falls on a calendar day that is not a business day, such notice shall be considered given timely, or such act shall be considered performed timely if given or performed on the next succeeding Business Day.

☒ Perform the actions described in Appendix A of this Consent Order if this box is checked

Pay the total civil charge of in settlement of the violations cited in this Consent Order in accordance with the following:

☒ Within 30 days of the effective date of the Consent Order, or

☐ In accordance with the following payment schedule:

Due Date	Amount

If the Department fails to receive a civil charge payment pursuant to the schedule described above, the payment shall be deemed late. If any payment is late by 30 days or more, the entire remaining balance of the civil charge shall become

immediately due and owing under this Consent Order, and the Department may demand in writing full payment by the Permittee. Within 15 days of receipt of such letter, Permittee shall pay the remaining balance of the civil charge. Any acceptance by the Department of a late payment or of any payment of less than the remaining balance shall not act as a waiver of the acceleration of the remaining balance under this Consent Order.

Payment shall be made by either credit card at www.deq.virginia.gov, or check, certified check, money order or cashier's check payable to the "Treasurer of Virginia," and delivered to:

Receipts Control
Department of Environmental Quality
Post Office Box 1104

The Responsible Party shall include its Federal Employer Identification Number (FEIN), if applicable, with the civil charge payment and shall indicate that the payment is being made in accordance with the requirements of this Consent Order for deposit into the Virginia Stormwater Local Assistance Fund. If the Department has to refer collection of moneys due under this Consent Order to the Department of Law, Responsible Party shall be liable for attorneys' fees of 30% of the amount outstanding.

SECTION E: Administrative Provisions

1. The Department may modify, rewrite, or amend this Consent Order with the consent of the Responsible Party for good cause shown by the Responsible Party, or on its own motion pursuant to the Administrative Process Act, Va. Code § 2.2-4000 *et seq.*, after notice and opportunity to be heard.
2. This Consent Order addresses and resolves only those violations specifically identified in Section C of this Consent Order. This Consent Order shall not preclude the Department or the Director from taking any action authorized by law, including but not limited to: (1) taking any action authorized by law regarding any additional, subsequent, or subsequently discovered violations; (2) seeking subsequent remediation of the facility; or (3) taking subsequent action to enforce the Consent Order.
3. For purposes of this Consent Order and subsequent actions with respect to this Consent Order only, the Responsible Party admits the jurisdictional allegations, and agrees not to contest, but neither admits nor denies, the findings of fact and conclusions of law in this Consent Order.
4. The Responsible Party consents to venue in the Circuit Court of the City of Richmond for any civil action taken to enforce the terms of this Consent Order.
5. The Responsible Party declares it has received fair and due process under the Administrative Process Act and the State Water Control Law and it waives the right to any hearing or other administrative proceeding authorized or required by law or regulation, and to any judicial review of any issue of fact or law contained herein. Nothing herein shall be construed as a waiver of the right to any administrative proceeding for, or to judicial review of, any action taken by the Department to modify, rewrite, amend, or enforce this Consent Order.
6. Failure by the Responsible Party to comply with any of the terms of this Consent Order shall constitute a violation of an order of the Department. Nothing herein shall waive the initiation of appropriate enforcement actions or the issuance of additional orders as appropriate by the Department or the Director as a result of such violations. Nothing herein shall affect appropriate enforcement actions by any other federal, state, or local regulatory authority.
7. If any provision of this Consent Order is found to be unenforceable for any reason, the remainder of the Consent Order shall remain in full force and effect.

8. The Responsible Party shall be responsible for failure to comply with any of the terms and conditions of this Consent Order unless compliance is made impossible by earthquake, flood, other acts of God, war, strike, or such other unforeseeable circumstances beyond its control and not due to a lack of good faith or diligence on its part. The Responsible Party shall demonstrate that such circumstances were beyond its control and not due to a lack of good faith or diligence on its part. The Responsible Party shall notify the DEQ Enforcement Director verbally within 24 hours and in writing within three business days when circumstances are anticipated to occur, are occurring or have occurred that may delay compliance or cause noncompliance with any requirement of the Consent Order. Such notice shall set forth:

- a. the reasons for the delay or noncompliance;
- b. the projected duration of any such delay or noncompliance;
- c. the measures taken and to be taken to prevent or minimize such delay or noncompliance; and
- d. the timetable by which such measures will be implemented and the date full compliance will be achieved.

Failure to so notify the Enforcement Director verbally within 24 hours and in writing within three business days, of learning of any condition above, which the parties intend to assert will result in the impossibility of compliance, shall constitute a waiver of any claim to inability to comply with a requirement of this Consent Order.

9. This Consent Order is binding on the parties hereto and any successors in interest, designees and assigns, jointly and severally.

10. This Consent Order shall become effective upon execution by both the Director or his designee and the Responsible Party. Nevertheless, the Responsible Party agrees to be bound by any compliance date which precedes the effective date of this Consent Order.

11. This Consent Order shall continue in effect until:

- a. The Director or his designee terminates the Consent Order after the Responsible Party has completed all of the requirements of the Consent Order;
- b. The Responsible Party petitions the Director or his designee to terminate the Consent Order after it has completed all of the requirements of the Consent Order and the Director or his designee approves the termination of the Consent Order; or
- c. The Director or Department terminates the Consent Order in his or its sole discretion upon 30 days' written notice to Responsible Party.

Termination of this Consent Order, or any obligation imposed in this Consent Order, shall not operate to relieve the Responsible Party from its obligation to comply with any statute, regulation, permit condition, other order, certificate, certification, standard, or requirement otherwise applicable.

12. Any plans, reports, schedules or specifications attached hereto or submitted by the Responsible Party and approved by the Department pursuant to this Consent Order are incorporated into this Consent Order. Any non-compliance with such approved documents shall be considered a violation of this Consent Order.

13. The undersigned representative of the Responsible Party certifies that he or she is a responsible official or officer authorized to enter into the terms and conditions of this Consent Order and to execute and legally bind the Responsible Party to this document. Any documents to be submitted pursuant to this Consent Order shall also be submitted by a responsible official of Responsible Party.

14. This Consent Order constitutes the entire agreement and understanding of the parties concerning settlement of the violations identified in Section C of this Consent Order, and there are no representations, warranties, covenants, terms or conditions agreed upon between the parties other than those expressed in this Consent Order.

15. By its signature below, the Responsible Party voluntarily agrees to the issuance of this Consent Order.

And it is so ORDERED.

NUCLEAR REGULATORY COMMISSION

[NRC–2025–1402]

Monthly Notice; Applications and Amendments to Facility Operating Licenses and Combined Licenses Involving No Significant Hazards Considerations

AGENCY: Nuclear Regulatory Commission.

ACTION: Monthly notice.

SUMMARY: Pursuant to section 189a.(2) of the Atomic Energy Act of 1954, as amended (the Act), the U.S. Nuclear Regulatory Commission (NRC) is publishing this regular monthly notice. The Act requires the Commission to publish notice of any amendments issued, or proposed to be issued, and grants the Commission the authority to issue and make immediately effective any amendment to an operating license or combined license, as applicable, upon a determination by the Commission that such amendment involves no significant hazards consideration (NSHC), notwithstanding the pendency before the Commission of a request for a hearing from any person.

DATES: Comments must be filed by October 30, 2025. A request for a hearing or petitions for leave to intervene must be filed by December 1, 2025. This monthly notice includes all amendments issued, or proposed to be issued, from August 15, 2025, to September 11, 2025. The last monthly notice was published on September 2, 2025.

ADDRESSES: You may submit comments by any of the following methods (unless this document describes a different method for submitting comments on a specific subject); however, the NRC encourages electronic comment submission through the Federal rulemaking website.

- *Federal rulemaking website:* Go to <https://www.regulations.gov> and search for Docket ID NRC–2025–1402. Address questions about Docket IDs in *Regulations.gov* to Bridget Curran; telephone: 301–415–1003; email: Bridget.Curran@nrc.gov. For technical

questions, contact the individual(s) listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *Mail comments to:* Office of Administration, Mail Stop: TWFN–7–A60M, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001, ATTN: Program Management, Announcements and Editing Staff.

For additional direction on obtaining information and submitting comments, see “Obtaining Information and Submitting Comments” in the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT:

Karen Zeleznock, Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–1118; email: Karen.Zeleznock@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Obtaining Information and Submitting Comments

A. Obtaining Information

Please refer to Docket ID NRC–2025–1402, facility name, unit number(s), docket number(s), application date, and subject when contacting the NRC about the availability of information for this action. You may obtain publicly available information related to this action by any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC–2025–1402.
- *NRC’s Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “Begin ADAMS Public Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, at 301–415–4737, or by email to PDR.Resource@nrc.gov. The ADAMS accession number for each document referenced (if it is available in ADAMS) is provided the first time that it is mentioned in this document.

- *NRC’s PDR:* The PDR, where you may examine and order copies of publicly available documents, is open by appointment. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1–800–397–4209 or 301–415–4737, between 8 a.m. and 4 p.m. eastern time (ET), Monday through Friday, except Federal holidays.

B. Submitting Comments

The NRC encourages electronic comment submission through the

Federal rulemaking website (<https://www.regulations.gov>). Please include Docket ID NRC–2025–1402, facility name, unit number(s), docket number(s), application date, and subject, in your comment submission.

The NRC cautions you not to include identifying or contact information that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at <https://www.regulations.gov> as well as enter the comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Notice of Consideration of Issuance of Amendments to Facility Operating Licenses and Combined Licenses and Proposed No Significant Hazards Consideration Determination

For the facility-specific amendment requests shown in this notice, the Commission finds that the licensees’ analyses provided, consistent with section 50.91 of title 10 of the *Code of Federal Regulations* (10 CFR) “Notice for public comment; State consultation,” are sufficient to support the proposed determinations that these amendment requests involve NSHC. Under the Commission’s regulations in 10 CFR 50.92, operation of the facilities in accordance with the proposed amendments would not (1) involve a significant increase in the probability or consequences of an accident previously evaluated; or (2) create the possibility of a new or different kind of accident from any accident previously evaluated; or (3) involve a significant reduction in a margin of safety.

The Commission is seeking public comments on these proposed determinations. Any comments received within 30 days after the date of publication of this notice will be considered in making any final determinations.

Normally, the Commission will not issue the amendments until the expiration of 60 days after the date of publication of this notice. The Commission may issue any of these

license amendments before expiration of the 60-day period provided that its final determination is that the amendment involves NSHC. In addition, the Commission may issue any of these amendments prior to the expiration of the 30-day comment period if circumstances change during the 30-day comment period such that failure to act in a timely way would result, for example in derating or shutdown of the facility. If the Commission takes action on any of these amendments prior to the expiration of either the comment period or the notice period, it will publish in the **Federal Register** a notice of issuance. If the Commission makes a final NSHC determination for any of these amendments, any hearing will take place after issuance. The Commission expects that the need to take action on any amendment before 60 days have elapsed will occur very infrequently.

A. Opportunity To Request a Hearing and Petition for Leave To Intervene

Within 60 days after the date of publication of this notice, any person (petitioner) whose interest may be affected by any of these actions may file a request for a hearing and petition for leave to intervene (petition) with respect to that action. Petitions shall be filed in accordance with the Commission's "Agency Rules of Practice and Procedure" in 10 CFR part 2. Interested persons should consult a current copy of 10 CFR 2.309. If a petition is filed, the Commission or a presiding officer will rule on the petition and, if appropriate, a notice of a hearing will be issued.

Petitions must be filed no later than 60 days from the date of publication of this notice in accordance with the filing instructions in the "Electronic Submissions (E-Filing)" section of this document. Petitions and motions for leave to file new or amended contentions that are filed after the deadline will not be entertained absent a determination by the presiding officer that the filing demonstrates good cause by satisfying the three factors in 10 CFR 2.309(c)(1)(i) through (iii).

If a hearing is requested, and the Commission has not made a final determination on the issue of no significant hazards consideration, the Commission will make a final determination on the issue of no significant hazards consideration, which will serve to establish when the hearing is held. If the final determination is that the amendment request involves no significant hazards consideration, the Commission may issue the amendment and make it immediately effective, notwithstanding the request for a

hearing. Any hearing would take place after issuance of the amendment. If the final determination is that the amendment request involves a significant hazards consideration, then any hearing held would take place before the issuance of the amendment unless the Commission finds an imminent danger to the health or safety of the public, in which case it will issue an appropriate order or rule under 10 CFR part 2.

A State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof, may submit a petition to the Commission to participate as a party under 10 CFR 2.309(h) no later than 60 days from the date of publication of this notice. Alternatively, a State, local governmental body, Federally recognized Indian Tribe, or agency thereof may participate as a non-party under 10 CFR 2.315(c).

For information about filing a petition and about participation by a person not a party under 10 CFR 2.315, see ADAMS Accession No. ML20340A053 (<https://adamswebsearch2.nrc.gov/webSearch2/main.jsp?AccessionNumber=ML20340A053>) and on the NRC's public website at <https://www.nrc.gov/about-nrc/regulatory/adjudicatory/hearing.html#participate>.

B. Electronic Submissions (E-Filing)

All documents filed in NRC adjudicatory proceedings, including documents filed by an interested State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof that requests to participate under 10 CFR 2.315(c), must be filed in accordance with 10 CFR 2.302. The E-Filing process requires participants to submit and serve all adjudicatory documents over the internet, or in some cases, to mail copies on electronic storage media, unless an exemption permitting an alternative filing method, as further discussed, is granted. Detailed guidance on electronic submissions is located in the "Guidance for Electronic Submissions to the NRC" (ADAMS Accession No. ML13031A056), and on the NRC's public website (<https://www.nrc.gov/site-help/e-submittals.html>).

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the participant should contact the Office of the Secretary by email at Hearing.Docket@nrc.gov, or by telephone at 301-415-1677, to: (1) request a digital identification (ID) certificate which allows the participant (or its counsel or representative) to digitally sign submissions and access

the E-Filing system for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a petition or other adjudicatory document (even in instances in which the participant, or its counsel or representative, already holds an NRC-issued digital ID certificate). Based upon this information, the Secretary will establish an electronic docket for the proceeding if the Secretary has not already established an electronic docket.

Information about applying for a digital ID certificate is available on the NRC's public website at <https://www.nrc.gov/site-help/e-submittals/getting-started.html>. After a digital ID certificate is obtained and a docket is created, the participant must submit adjudicatory documents in the Portable Document Format. Guidance on submissions is available on the NRC's public website at <https://www.nrc.gov/site-help/electronic-sub-ref-mat.html>. A filing is considered complete at the time the document is submitted through the NRC's E-Filing system. To be timely, an electronic filing must be submitted to the E-Filing system no later than 11:59 p.m. ET on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an email confirming receipt of the document. The E-Filing system also distributes an email that provides access to the document to the NRC's Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the document on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before adjudicatory documents are filed in order to obtain access to the documents via the E-Filing system.

A person filing electronically using the NRC's adjudicatory E-Filing system may seek assistance by contacting the NRC's Electronic Filing Help Desk through the "Contact Us" link located on the NRC's public website at <https://www.nrc.gov/site-help/e-submittals.html>, by email to MSHD.Resource@nrc.gov, or by a toll-free call at 1-866-672-7640. The NRC Electronic Filing Help Desk is available between 9 a.m. and 6 p.m., ET, Monday through Friday, except Federal holidays.

Participants who believe that they have good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing stating why there is good cause for

not filing electronically and requesting authorization to continue to submit documents in paper format. Such filings must be submitted in accordance with 10 CFR 2.302(b)–(d). Participants filing adjudicatory documents in this manner are responsible for serving their documents on all other participants. Participants granted an exemption under 10 CFR 2.302(g)(2) must still meet the electronic formatting requirement in 10 CFR 2.302(g)(1), unless the participant also seeks and is granted an exemption from 10 CFR 2.302(g)(1).

Documents submitted in adjudicatory proceedings will appear in the NRC's electronic hearing docket, which is publicly available at <https://adams.nrc.gov/ehd>, unless otherwise excluded pursuant to an order of the presiding officer. If you do not have an NRC-issued digital ID certificate as previously described, click "cancel" when the link requests certificates and you will be automatically directed to the

NRC's electronic hearing docket where you will be able to access any publicly available documents in a particular hearing docket. Participants are requested not to include personal privacy information such as social security numbers, home addresses, or personal phone numbers in their filings unless an NRC regulation or other law requires submission of such information. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants should not include copyrighted materials in their submission.

LICENSE AMENDMENT REQUESTS

Constellation Energy Generation, LLC ; Christopher M. Crane Clean Energy Center; Dauphin County

Docket No	50–289.
Application date	June 27, 2025.
ADAMS Accession No	ML25178A294.
Location in Application of NSHC	Pages 7–8 of Attachment 2.
Brief Description of Amendment	The proposed amendment would revise the facility license and technical specifications to allow receipt and possession of new reactor fuel and new sealed neutron sources at the Christopher M. Crane Clean Energy Center.
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	Jason Zorn, Associate General Counsel, Constellation Energy Generation, LLC, 101 Constitution Ave. NW, Suite 400 East, Washington, DC 20001.
NRC Project Manager, Telephone Number	Brent Ballard, 301–415–0680.

Nine Mile Point Nuclear Station, LLC and Constellation Energy Generation, LLC; Nine Mile Point Nuclear Station, Unit 1; Oswego County, NY

Docket No	50–220.
Application date	July 28, 2025.
ADAMS Accession No	ML25209A502.
Location in Application of NSHC	Pages 4–5 of Attachment 1.
Brief Description of Amendment	The proposed amendment would revise the technical specification (TS) surveillance requirements for verifying the operability of the remaining emergency diesel generator (EDG) when the other EDG is inoperable. The licensee proposes to make the TS change consistent with NUREG–1433, Revision 5, "Standard Technical Specifications—General Electric Plants, BWR [boiling water reactor]/4."
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	Jason Zorn, Associate General Counsel, Constellation Energy Generation, LLC, 101 Constitution Ave. NW, Suite 400 East, Washington, DC 20001.
NRC Project Manager, Telephone Number	Richard Guzman, 301–415–1030.

Northern States Power Company; Prairie Island Nuclear Generating Plant, Units 1 and 2; Goodhue County, MN

Docket Nos	50–282, 50–306.
Application date	September 3, 2025.
ADAMS Accession No	ML25209A502.
Location in Application of NSHC	Pages 3–5 of the Enclosure.
Brief Description of Amendments	The proposed amendments request adoption of the Technical Specification Task Force (TSTF) Traveler, TSTF–554, Revision 1, "Revise Reactor Coolant Leakage Requirements," which is an approved change to the Standard Technical Specifications. TSTF–554 would revise the TS definition of "Leakage," clarify the requirements when pressure boundary leakage is detected and add a Required Action when pressure boundary leakage is identified.
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	Andrew Van Duzer, Assistant General Counsel, Xcel Energy, 701 Pennsylvania Ave. NW, Suite 250, Washington, DC 20004.

NRC Project Manager, Telephone Number	Beth Wetzel, 301-415-5223.
Pacific Gas and Electric Company; Diablo Canyon Nuclear Power Plant, Units 1 and 2; San Luis Obispo County, CA	
Docket Nos	50-275, 50-323.
Application date	July 31, 2025.
ADAMS Accession No	ML25212A192.
Location in Application of NSHC	Pages 20-22 of the Enclosure.
Brief Description of Amendments	The proposed amendments would revise Technical Specification (TS) 3.8.1, "AC [Alternating Current] Sources—Operating," for the Diablo Canyon Nuclear Power Plant, Units 1 and 2, using Risk-Informed Process for Evaluations (RIPE). The licensee proposed to revise TS 3.8.1 for low-risk situations. The RIPE process is an NRC staff approved risk-informed method that is used to disposition submittals of very low safety significance.
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	Jennifer Post, Esq., Pacific Gas and Electric Co., 77 Beale Street, Room 3065, Mail Code B30A, San Francisco, CA 94105.
NRC Project Manager, Telephone Number	Samson Lee, 301-415-3168.

R. E. Ginna Nuclear Power Plant, LLC and Constellation Energy Generation, LLC; R. E. Ginna Nuclear Power Plant; Wayne County, NY	
Docket No	50-244.
Application date	July 18, 2025.
ADAMS Accession No	ML25202A072.
Location in Application of NSHC	Pages 10-11 of Attachment 1.
Brief Description of Amendment	The proposed amendment requests adoption of three Technical Specification Task Force (TSTF) Travelers into site-specific technical specifications (TSS) to more accurately align with the Westinghouse Standard Technical Specification (STS) in NUREG-1431, Revision 5. TSTF-51, Revision 2, "Revise Containment Requirements during Handling Irradiated Fuel and Core Alterations," revises TSS by removing requirements for Engineered Safety Functions. TSTF-471, Revision 1, "Eliminate use of term CORE ALTERATIONS in ACTIONS and NOTES," eliminates the defined term CORE ALTERATIONS from the remaining instances in the TSS not removed by TSTF-51 and adopts the TSTF-571-T, Revision 0, "Revise Actions for Inoperable Source Range Neutron Flux Monitor."
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	Jason Zorn, Associate General Counsel, Constellation Energy Generation, LLC, 101 Constitution Ave. NW, Suite 400 East, Washington, DC 20001.

III. Notice of Issuance of Amendments to Facility Operating Licenses and Combined Licenses

During the period since publication of the last monthly notice, the Commission has issued the following amendments. The Commission has determined for each of these amendments that the application complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR chapter I, which are set forth in the license amendment.

A notice of consideration of issuance of amendment to facility operating

license or combined license, as applicable, proposed NSHC determination, and opportunity for a hearing in connection with these actions, were published in the **Federal Register** as indicated in the safety evaluation for each amendment.

Unless otherwise indicated, the Commission has determined that these amendments satisfy the criteria for categorical exclusion in accordance with 10 CFR 51.22. Therefore, pursuant to 10 CFR 51.22(b), no environmental impact statement or environmental assessment need be prepared for these amendments. If the Commission has prepared an environmental assessment under the special circumstances provision in 10 CFR 51.22(b) and has

made a determination based on that assessment, it is so indicated in the safety evaluation for the amendment.

For further details with respect to each action, see the amendment and associated documents such as the Commission's letter and safety evaluation, which may be obtained using the ADAMS accession numbers indicated in the following table. The safety evaluation will provide the ADAMS accession numbers for the application for amendment and the **Federal Register** citation for any environmental assessment. All of these items can be accessed as described in the "Obtaining Information and Submitting Comments" section of this document.

LICENSE AMENDMENT ISSUANCES

Constellation Energy Generation, LLC; Braidwood Station, Units 1 and 2, Will County, IL; Byron Station, Unit Nos. 1 and 2, Ogle County, IL

Docket Nos	50-456, 50-457, 50-454, 50-455.
Amendment Date	August 21, 2025.
ADAMS Accession No	ML25153A008.
Amendment Nos	242 (Braidwood, Unit 1), 242 (Braidwood, Unit 2); 240 (Byron, Unit 1), 240 (Byron, Unit 2).
Brief Description of Amendments	The amendments revised the Braidwood and Byron technical specifications to allow loading of Framatome, Inc GAIA fuel with M5Framatome as a fuel cladding material. Since the GAIA fuel uses M5Framatome fuel rod cladding, the licensee included a 10 CFR 50.46 and 10 CFR part 50, appendix K exemption request as a part of the license amendment request. The NRC staff reviewed the exemption request in a separate safety evaluation dated August 21, 2025.
Public Comments Received as to Proposed NSHC (Yes/No).	No.

Constellation Energy Generation, LLC; Clinton Power Station, Unit No. 1; DeWitt County, IL

Docket No	50-461.
Amendment Date	September 8, 2025.
ADAMS Accession No	ML25239B557.
Amendment No	257.
Brief Description of Amendment	The amendment authorized revision to the Clinton Updated Safety Analysis Report to implement an alternate methodology of verifying Reactor Protection System Response Time for Main Steam Isolation Valve Closure as an NRC-approved methodology.
Public Comments Received as to Proposed NSHC (Yes/No).	No.

Entergy Operations, Inc.; Arkansas Nuclear One, Unit 2; Pope County, AR; Entergy Operations, Inc.; Waterford Steam Electric Station, Unit 3; St. Charles Parish, LA

Docket Nos	50-368, 50-382.
Amendment Date	August 18, 2025.
ADAMS Accession No	ML25218A145.
Amendment Nos	337 (ANO-2) and 276 (Waterford).

LICENSE AMENDMENT ISSUANCES—Continued

Brief Description of Amendments	The amendments revised the Arkansas Nuclear One, Unit 2, and Waterford Steam Electric Station, Unit 3, technical specifications to eliminate the requirements for automatic diesel generator start and loading during plant shutdown. The changes were consistent with Technical Specifications Task Force (TSTF) Traveler, TSTF-589, Revision 0, "Eliminate Automatic Diesel Generator Start During Shutdown."
Public Comments Received as to Proposed NSHC (Yes/No).	No.

ESADA Vallecitos Experimental Superheat Reactor, Alameda County, CA

Docket No	50-183.
Amendment Date	August 19, 2025.
ADAMS Accession No	ML25199A084 (Package).
Amendment No	8.
Brief Description of Amendment	The NRC reviewed an application submitted by NorthStar Vallecitos, LLC which sought to accept the in-situ radioactive material from the Vallecitos Boiling Water Reactor license (License No. DPR-1) into Facility License No. DR-10. Upon completing its review, the NRC staff determined that the request complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), as well as the NRC's rules and regulations. The NRC prepared a safety evaluation report documenting its review and evaluation. The NRC determined that approving the request satisfies the categorical exclusion criteria in 10 CFR 51.22.
Public Comments Received as to Proposed NSHC (Yes/No).	No.

National Institute of Standards and Technology (NIST), National Bureau of Standards Test Reactor, Montgomery County, Maryland

Docket No	50-184.
Amendment Date	August 19, 2025.
ADAMS Accession No	ML25189A444.
Amendment No	16.
Brief Description of Amendment	The amendment revised the technical specifications to eliminate the ability to bypass either the inner or outer plenum flow scram channels during forced flow operation and to require surveillances for both the inner and outer flow scram channels.
Public Comments Received as to Proposed NSHC (Yes/No).	No.

Pacific Gas and Electric Company; Diablo Canyon Nuclear Power Plant, Units 1 and 2; San Luis Obispo County, CA

Docket Nos	50-275, 50-323.
Amendment Date	August 13, 2025.
ADAMS Accession No	ML25174A192.
Amendment Nos	252 (Unit 1) and 254 (Unit 2).
Brief Description of Amendments	The amendments modified Technical Specifications (TS) 4.2.1, "Fuel Assemblies," and TS 5.6.5 "Core Operating Limits Report (COLR)," to allow the use of Optimized ZIRLO as an approved fuel rod cladding material for improved fuel rod cladding performance.
Public Comments Received as to Proposed NSHC (Yes/No).	No.

Pacific Gas and Electric Company; Diablo Canyon Nuclear Power Plant, Units 1 and 2; San Luis Obispo County, CA

Docket Nos	50-275, 50-323.
Amendment Date	August 21, 2025.
ADAMS Accession No	ML25230A133.
Amendment Nos	253 (Unit 1) and 255 (Unit 2).
Brief Description of Amendments	The amendments revised Technical Specification (TS) 1.1, "Definitions," and added TS 5.5.21, "Online Monitoring Program," to use online monitoring methodology, which provides controls to determine the need for calibration of transmitters using condition monitoring.
Public Comments Received as to Proposed NSHC (Yes/No).	No.

Southern Nuclear Operating Company, Inc.; Edwin I. Hatch Nuclear Plant, Units 1 and 2; Appling County, GA

Docket Nos	50-321, 50-366.
Amendment Date	September 5, 2025.
ADAMS Accession No	ML25224A024.
Amendment Nos	329 (Unit 1) and 274 (Unit 2).
Brief Description of Amendments	The amendments modified the Edwin I. Hatch Nuclear Plant, Units 1 and 2, technical specifications to adopt Technical Specifications Task Force Traveler-584 (TSTF-584) "Eliminate Automatic RWCU [reactor water cleanup] System Isolation on SLC [standby liquid control] Initiation." Specifically, the amendments removed the requirement that the Reactor Water Cleanup System automatically isolate on manual initiation of the Standby Liquid Control System.

Amendment Nos	193 (Unit 1) and 193 (Unit 2).
Brief Description of Amendments	The amendments revised technical specifications (TSs) to eliminate use of the defined term “CORE ALTERATIONS” and revised requirements during handling of irradiated fuel by adopting Technical Specifications Task Force (TSTF) travelers TSTF–51–A, Revision 2 (TSTF–51), “Revise containment requirements during handling irradiated fuel and core alterations”; TSTF–471–A, Revision 1 (TSTF–471), “Eliminate use of term CORE ALTERATIONS in ACTIONS and Notes”; and TSTF–571–T, Revision 0 (TSTF–571), “Revise Actions for Inoperable Source Range Neutron Flux Monitor.”
Public Comments Received as to Proposed NSHC (Yes/No).	No.

IV. Notice of Issuance of Amendments to Facility Operating Licenses and Combined Licenses and Final Determination of No Significant Hazards Consideration and Opportunity for a Hearing (Exigent Circumstances or Emergency Situation)

Since publication of the last monthly notice, the Commission has issued the following amendments. The Commission has determined for these amendments that the applications for the amendments comply with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission’s rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission’s rules and regulations in 10 CFR chapter I, which are set forth in the license amendments.

Because of exigent circumstances or an emergency situation associated with the date the amendment was needed, there was not time for the Commission to publish, for public comment before issuance, its usual notice of consideration of issuance of amendment, proposed NSHC determination, and opportunity for a hearing.

In circumstances where failure to act in a timely way would have resulted, for example, in derating or shutdown of a nuclear power plant or in prevention of either resumption of operation or of increase in power output up to the plant’s licensed power level (an emergency situation), the Commission

may not have had an opportunity to provide for public comment on its NSHC determination. In such case, the license amendment has been issued without opportunity for comment prior to issuance. Nonetheless, the State has been consulted by telephone whenever possible.

Under its regulations, the Commission may issue and make an amendment immediately effective, notwithstanding the pendency before it of a request for a hearing from any person, in advance of the holding and completion of any required hearing, where it has determined that NSHC is involved. The Commission has applied the standards of 10 CFR 50.92 and has made a final determination that the amendments involve NSHC. The basis for this determination is contained in the NRC staff safety evaluation related to each action. Accordingly, the amendment has been issued and made effective as indicated.

For those amendments that involve an emergency situation, the Commission is now providing an opportunity to comment on the final NSHC determination for each action; comments should be submitted in accordance with Section I of this notice within 30 days of the date of this notice. Any comments received within 30 days of the date of publication this notice will be considered.

For those amendments that have not been previously noticed in the **Federal Register**, within 60 days after the date of publication of this notice, any persons (petitioner) whose interest may

be affected by this action may file a request for a hearing and petition for leave to intervene (petition) with respect to the action. Petitions shall be filed in accordance with the guidance concerning the Commission’s “Agency Rules of Practice and Procedure” in 10 CFR part 2 as discussed in section II.A of this document.

Unless otherwise indicated, the Commission has determined that the amendment satisfies the criteria for categorical exclusion in accordance with 10 CFR 51.22. Therefore, pursuant to 10 CFR 51.22(b), no environmental impact statement or environmental assessment need be prepared for this amendment. If the Commission has prepared an environmental assessment under the special circumstances provision in 10 CFR 51.12(b) and has made a determination based on that assessment, it is so indicated in the safety evaluation for the amendment.

For further details with respect to these actions, see the amendment and associated documents such as the Commission’s letter and safety evaluation, which may be obtained using the ADAMS accession numbers indicated in the following table. The safety evaluation will provide the ADAMS accession number(s) for the application for amendment and the **Federal Register** citation for any environmental assessment. All of these items can be accessed as described in the “Obtaining Information and Submitting Comments” section of this document.

LICENSE AMENDMENT ISSUANCES—EMERGENCY CIRCUMSTANCES

Southern Nuclear Operating Company, Inc.; Vogtle Electric Generating Plant, Unit 4; Burke County, GA	
Docket No	52–026.
Amendment Date	August 15, 2025.
ADAMS Accession No	ML25225A229.
Amendment No	202.
Brief Description of Amendments	The amendment revised Technical Specification (TS) 3.5.2, “Core Makeup Tanks (CMTs)—Operating,” to add a note to the Limiting Condition for Operation (LCO) and another note in Surveillance Requirement (SR) 3.5.2.4 regarding boron concentration, as well as made editorial changes. The amendment temporarily revised the TS 3.5.2 to reduce the minimum allowable CMT “A” boron concentration and to not require performance of SR 3.5.2.4 until startup from the first Vogtle, Unit 4, refueling outage (RFO), which is scheduled for the fall of 2025. The amendment is a one-time temporary change, and is effective until startup from the first Vogtle, Unit 4, RFO.

- III. Summary Proceeding(s)

I. Introduction

Pursuant to 39 CFR 3041.405, the Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to Competitive negotiated service

agreement(s). The request(s) may propose the addition of a negotiated service agreement from the Competitive product list or the modification of an existing product currently appearing on the Competitive product list.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3011.301.¹

Section II identifies the docket number(s) associated with each Postal Service request, if any, that will be reviewed in a public proceeding as defined by 39 CFR 3010.101(p), the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each such request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 and 39 CFR 3000.114 (Public Representative). The Public Representative does not represent any individual person, entity or particular point of view, and, when Commission attorneys are appointed, no attorney-client relationship is established. Section II also establishes comment deadline(s) pertaining to each such request.

The Commission invites comments on whether the Postal Service's request(s) identified in Section II, if any, are consistent with the policies of title 39. Applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3041. Comment deadline(s) for each such request, if any, appear in Section II.

Section III identifies the docket number(s) associated with each Postal Service request, if any, to add a standardized distinct product to the Competitive product list or to amend a standardized distinct product, the title

of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. Standardized distinct products are negotiated service agreements that are variations of one or more Competitive products, and for which financial models, minimum rates, and classification criteria have undergone advance Commission review. See 39 CFR 3041.110(n); 39 CFR 3041.205(a). Such requests are reviewed in summary proceedings pursuant to 39 CFR 3041.325(c)(2) and 39 CFR 3041.505(f)(1). Pursuant to 39 CFR 3041.405(c)–(d), the Commission does not appoint a Public Representative or request public comment in proceedings to review such requests.

II. Public Proceeding(s)

the licensee's efforts to restart the plant utilizing both the 60-day outage period in combination with the proposed 60-day exemption period to meet their proposed sync to grid date.

The NRC staff considered the balance of public interest considerations, including the potential impacts of not granting the exemption, which could result in the delay of restarting the Palisades Nuclear Plant and could potentially delay the amount of energy available to the surrounding area. The NRC staff also considered the potential impacts resulting from an increase in overall cumulative fatigue due to personnel working longer work hours for an additional 60-day period directly following the expiration of the initial 60-day outage. Furthermore, the licensee has provided adequate mitigating actions through a combination of the MDO requirements, supervisory fatigue assessments, and a two-week rest period for groups of personnel with the highest maximum average work hours. The licensee will have adequately managed fatigue for personnel identified in 10 CFR 26.4(a)(1) through (a)(5) prior to and during the exemption period. Based on these considerations, the NRC staff concluded that there are no expectations for a significant impact on public health and safety as a result of the increase in cumulative fatigue for the 60-day exemption period. Therefore, the NRC staff finds that approval of the requested exemptions is otherwise in the public interest.

E. Environmental Considerations

The Commission has determined that granting the proposed one-time exemption from the requirements of 10 CFR 26.205(d)(3) and (d)(7) involves (1) no significant hazards consideration, (2) no significant change in the types or significant increase in the amounts of any effluents that may be released offsite, (3) no significant increase in individual or cumulative public or occupational radiation exposure, (4) no significant construction impact, and (5) no significant increase in the potential for or consequences from radiological accidents.

(1) Under 10 CFR 50.92(c), there is no significant hazards consideration if the action does not (1) involve a significant increase in the probability or consequences of an accident previously evaluated; or (2) create the possibility of a new or different kind of accident from any accident previously evaluated; or (3) involve a significant reduction in a margin of safety.

The proposed exemption is administrative in nature because it provides an additional period when less restrictive hours can be worked for personnel identified in 10 CFR 26.4(a)(1) through (a)(5). The proposed exemption has no effect on systems, structures, and components (SSCs) and no effect on the capability of the SSCs to perform their design function. The proposed exemption does not make any changes to the facility or operating procedures and does not alter the design, function, or operation of any plant equipment. Therefore, the exemption does not increase the probability or consequences of an accident previously evaluated.

The proposed exemption does not make any changes to the facility or operating procedures and does not alter the design, function, or operation of any plant equipment. Similarly, the proposed exemption does not authorize any physical changes to any SSCs involved in the mitigation of any accidents. Therefore, the exemption does not create the possibility of a new or different kind of accident from any accident previously evaluated.

The proposed exemption does not authorize alteration of the design basis or any safety limits for the plant. The exemption would not impact station operation or any SSC that is relied upon for accident mitigation. Therefore, the exemption does not involve a significant reduction in a margin of safety.

For these reasons, the NRC has determined that approval of the exemption requested involves no significant hazards consideration.

(2) The proposed exemption does not authorize any changes to the design basis requirements for the SSCs at Palisades that function to limit the release of non-radiological effluents, radiological liquid effluents, or radiological gaseous effluents during and following postulated accidents. Additionally, the exemption does not change any requirements with respect to the conduct of radiation surveys and monitoring. Therefore, there is no significant change in the types or significant increase in the amounts of any effluents that may be released offsite.

(3) The proposed exemption does not affect the limits on the release of any radioactive material or the limits provided in 10 CFR part 20, "Standards for Protection Against Radiation," for radiation exposure to workers or members of the public. Additionally, the exemption will not increase or decrease the amount of work activities that must be completed in order to connect the reactor unit to the electrical grid. Therefore, there is no significant increase in individual or cumulative public or occupational radiation exposure.

(4) The proposed exemption does not involve any changes to a construction permit; Therefore, there is no significant construction impact.

(5) The proposed exemption does not alter any of the assumptions or limits in the licensee's accident analyses. Therefore, there is no significant increase in the potential for or consequences from radiological accidents.

In addition, the requirements from which the exemption are sought involve other requirements of an administrative, managerial, or organizational nature. Accordingly, the exemption meets the eligibility criteria for categorical exclusion set forth in 10 CFR 51.22(c)(25)(vi)(I). Therefore, in accordance with 10 CFR 51.22(b), no environmental impact statement or environmental assessment need be prepared in connection with the NRC's consideration of the exemption request.

IV. Conclusions

Accordingly, the Commission has determined that, pursuant to 10 CFR 26.9, the exemption is authorized by law, will not

endanger life or property or the common defense and security, and is otherwise in the public interest. Therefore, the Commission hereby grants Palisades Energy, LLC a one-time exemption from 10 CFR 26.205(d)(3) and (d)(7) for personnel identified in 10 CFR 26.4(a)(1) through (a)(5) to allow the use of the outage MDO requirements described in 10 CFR 26.205(d)(4) and (d)(5) for a 60-day period starting on November 3, 2025. While the exemption is in effect, Palisades Energy, LLC will ensure that individuals specified in 10 CFR 26.4(a)(1) through (a)(3) have at least 3 days off in each successive (*i.e.*, non-rolling) 15-day period; that individuals specified in 10 CFR 26.4(a)(4) have at least 1 day off in any 7-day period; and that individuals specified in 10 CFR 26.4(a)(5) have at least 4 days off in each successive (*i.e.*, non-rolling) 15-day period. Additionally, Palisades Energy, LLC will use the outage MDO requirements, proposed mitigating actions, and the two-week rest period between the end of the initial outage and start of the exemption period to adequately manage acute and cumulative fatigue for covered personnel during the exemption period. If Palisades Nuclear Plant is connected to the electrical grid prior to the end of the approved 60-day exemption period, the supporting bases for this exemption are no longer met. Accordingly, the exemption shall end either at the end of the approved 60-day period or at the time when the Palisades Nuclear Plant is connected to the electrical grid, whichever occurs first.

NUCLEAR REGULATORY COMMISSION

[NRC-2025-1765]

Monthly Notice; Applications and Amendments to Facility Operating Licenses and Combined Licenses Involving No Significant Hazards Considerations

AGENCY: Nuclear Regulatory
Commission.

ACTION: Monthly notice.

SUMMARY: Pursuant to section 189a.(2) of the Atomic Energy Act of 1954, as amended (the Act), the U.S. Nuclear Regulatory Commission (NRC) is publishing this regular monthly notice. The Act requires the Commission to publish notice of any amendments issued, or proposed to be issued, and grants the Commission the authority to issue and make immediately effective

any amendment to an operating license or combined license, as applicable, upon a determination by the Commission that such amendment involves no significant hazards consideration (NSHC), notwithstanding the pendency before the Commission of a request for a hearing from any person.

DATES: Comments must be filed by December 26, 2025. A request for a hearing or petitions for leave to intervene must be filed by January 26, 2026. This monthly notice includes all amendments issued, or proposed to be issued, from September 12, 2025, to October 9, 2025. The last monthly notice was published on September 30, 2025.

ADDRESSES: You may submit comments by any of the following methods (unless this document describes a different method for submitting comments on a specific subject); however, the NRC encourages electronic comment submission through the Federal rulemaking website.

- *Federal rulemaking website:* Go to <https://www.regulations.gov> and search for Docket ID NRC–2025–1765. Address questions about Docket IDs in *Regulations.gov* to Bridget Curran; telephone: 301–415–1003; email: Bridget.Curran@nrc.gov. For technical questions, contact the individual(s) listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *Mail comments to:* Office of Administration, Mail Stop: TWFN–7–A60M, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001, ATTN: Program Management, Announcements and Editing Staff.

For additional direction on obtaining information and submitting comments, see “Obtaining Information and Submitting Comments” in the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Angela Baxter, Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–8209; email: Angela.Baxter@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Obtaining Information and Submitting Comments

A. Obtaining Information

Please refer to Docket ID NRC–2025–1765, facility name, unit number(s), docket number(s), application date, and subject when contacting the NRC about the availability of information for this action. You may obtain publicly available information related to this action by any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC–2025–1765.

- *NRC’s Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “Begin ADAMS Public Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, at 301–415–4737, or by email to PDR.Resource@nrc.gov. For the convenience of the reader, instructions about obtaining materials referenced in this document are provided in the “Availability of Documents” section.

- *NRC’s PDR:* The PDR, where you may examine and order copies of publicly available documents, is open by appointment. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1–800–397–4209 or 301–415–4737, between 8 a.m. and 4 p.m. eastern time (ET), Monday through Friday, except Federal holidays.

B. Submitting Comments

The NRC encourages electronic comment submission through the Federal rulemaking website (<https://www.regulations.gov>). Please include Docket ID NRC–2025–1765, facility name, unit number(s), docket number(s), application date, and subject, in your comment submission.

The NRC cautions you not to include identifying or contact information that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at <https://www.regulations.gov> as well as enter the comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Notice of Consideration of Issuance of Amendments to Facility Operating Licenses and Combined Licenses and Proposed No Significant Hazards Consideration Determination

For the facility-specific amendment requests shown in this notice, the Commission finds that the licensees’ analyses provided, consistent with section 50.91 of title 10 of the *Code of Federal Regulations* (10 CFR) “Notice for public comment; State consultation,” are sufficient to support the proposed determinations that these amendment requests involve NSHC. Under the Commission’s regulations in 10 CFR 50.92, operation of the facilities in accordance with the proposed amendments would not (1) involve a significant increase in the probability or consequences of an accident previously evaluated; or (2) create the possibility of a new or different kind of accident from any accident previously evaluated; or (3) involve a significant reduction in a margin of safety.

The Commission is seeking public comments on these proposed determinations. Any comments received within 30 days after the date of publication of this notice will be considered in making any final determinations.

Normally, the Commission will not issue the amendments until the expiration of 60 days after the date of publication of this notice. The Commission may issue any of these license amendments before expiration of the 60-day period provided that its final determination is that the amendment involves NSHC. In addition, the Commission may issue any of these amendments prior to the expiration of the 30-day comment period if circumstances change during the 30-day comment period such that failure to act in a timely way would result, for example in derating or shutdown of the facility. If the Commission takes action on any of these amendments prior to the expiration of either the comment period or the notice period, it will publish in the **Federal Register** a notice of issuance. If the Commission makes a final NSHC determination for any of these amendments, any hearing will take place after issuance. The Commission expects that the need to take action on any amendment before 60 days have elapsed will occur very infrequently.

A. Opportunity To Request a Hearing and Petition for Leave To Intervene

Within 60 days after the date of publication of this notice, any person (petitioner) whose interest may be

affected by any of these actions may file a request for a hearing and petition for leave to intervene (petition) with respect to that action. Petitions shall be filed in accordance with the Commission's "Agency Rules of Practice and Procedure" in 10 CFR part 2. Interested persons should consult a current copy of 10 CFR 2.309. If a petition is filed, the Commission or a presiding officer will rule on the petition and, if appropriate, a notice of a hearing will be issued.

Petitions must be filed no later than 60 days from the date of publication of this notice in accordance with the filing instructions in the "Electronic Submissions (E-Filing)" section of this document. Petitions and motions for leave to file new or amended contentions that are filed after the deadline will not be entertained absent a determination by the presiding officer that the filing demonstrates good cause by satisfying the three factors in 10 CFR 2.309(c)(1)(i) through (iii).

If a hearing is requested, and the Commission has not made a final determination on the issue of no significant hazards consideration, the Commission will make a final determination on the issue of no significant hazards consideration, which will serve to establish when the hearing is held. If the final determination is that the amendment request involves no significant hazards consideration, the Commission may issue the amendment and make it immediately effective, notwithstanding the request for a hearing. Any hearing would take place after issuance of the amendment. If the final determination is that the amendment request involves a significant hazards consideration, then any hearing held would take place before the issuance of the amendment unless the Commission finds an imminent danger to the health or safety of the public, in which case it will issue an appropriate order or rule under 10 CFR part 2.

A State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof, may submit a petition to the Commission to participate as a party under 10 CFR 2.309(h) no later than 60 days from the date of publication of this notice. Alternatively, a State, local governmental body, Federally recognized Indian Tribe, or agency thereof may participate as a non-party under 10 CFR 2.315(c).

For information about filing a petition and about participation by a person not a party under 10 CFR 2.315, see ADAMS Accession No. ML20340A053 (<https://adamswebsearch2.nrc.gov/webSearch2/main.jsp?AccessionNumber>

=ML20340A053) and on the NRC's public website at <https://www.nrc.gov/about-nrc/regulatory/adjudicatory/hearing.html#participate>.

B. Electronic Submissions (E-Filing)

All documents filed in NRC adjudicatory proceedings, including documents filed by an interested State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof that requests to participate under 10 CFR 2.315(c), must be filed in accordance with 10 CFR 2.302. The E-Filing process requires participants to submit and serve all adjudicatory documents over the internet, or in some cases, to mail copies on electronic storage media, unless an exemption permitting an alternative filing method, as further discussed, is granted. Detailed guidance on electronic submissions is located in the "Guidance for Electronic Submissions to the NRC" (ADAMS Accession No. ML13031A056), and on the NRC's public website (<https://www.nrc.gov/site-help/e-submittals.html>).

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the participant should contact the Office of the Secretary by email at Hearing.Docket@nrc.gov, or by telephone at 301-415-1677, to: (1) request a digital identification (ID) certificate which allows the participant (or its counsel or representative) to digitally sign submissions and access the E-Filing system for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a petition or other adjudicatory document (even in instances in which the participant, or its counsel or representative, already holds an NRC-issued digital ID certificate). Based upon this information, the Secretary will establish an electronic docket for the proceeding if the Secretary has not already established an electronic docket.

Information about applying for a digital ID certificate is available on the NRC's public website at <https://www.nrc.gov/site-help/e-submittals/getting-started.html>. After a digital ID certificate is obtained and a docket is created, the participant must submit adjudicatory documents in the Portable Document Format. Guidance on submissions is available on the NRC's public website at <https://www.nrc.gov/site-help/electronic-sub-ref-mat.html>. A filing is considered complete at the time the document is submitted through the NRC's E-Filing system. To be timely, an electronic filing must be submitted to the E-Filing system no later than 11:59

p.m. ET on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an email confirming receipt of the document. The E-Filing system also distributes an email that provides access to the document to the NRC's Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the document on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before adjudicatory documents are filed in order to obtain access to the documents via the E-Filing system.

A person filing electronically using the NRC's adjudicatory E-Filing system may seek assistance by contacting the NRC's Electronic Filing Help Desk through the "Contact Us" link located on the NRC's public website at <https://www.nrc.gov/site-help/e-submittals.html>, by email to MSHD.Resource@nrc.gov, or by a toll-free call at 1-866-672-7640. The NRC Electronic Filing Help Desk is available between 9 a.m. and 6 p.m., ET, Monday through Friday, except Federal holidays.

Participants who believe that they have good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing stating why there is good cause for not filing electronically and requesting authorization to continue to submit documents in paper format. Such filings must be submitted in accordance with 10 CFR 2.302(b)-(d). Participants filing adjudicatory documents in this manner are responsible for serving their documents on all other participants. Participants granted an exemption under 10 CFR 2.302(g)(2) must still meet the electronic formatting requirement in 10 CFR 2.302(g)(1), unless the participant also seeks and is granted an exemption from 10 CFR 2.302(g)(1).

Documents submitted in adjudicatory proceedings will appear in the NRC's electronic hearing docket, which is publicly available at <https://adams.nrc.gov/ehd>, unless otherwise excluded pursuant to an order of the presiding officer. If you do not have an NRC-issued digital ID certificate as previously described, click "cancel" when the link requests certificates and you will be automatically directed to the NRC's electronic hearing docket where you will be able to access any publicly available documents in a particular hearing docket. Participants are requested not to include personal

privacy information such as social security numbers, home addresses, or personal phone numbers in their filings unless an NRC regulation or other law requires submission of such information. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants should not include copyrighted materials in their submission.

The following table provides the nuclear power plant names, docket

numbers, dates of application, ADAMS accession numbers, and locations in the application of the licensees' proposed NSHC determination. For further details with respect to these license amendment applications, see the applications for amendment, publicly available portions of which are available for public inspection in ADAMS. For additional direction on accessing information related to this document, see the "Obtaining Information and Submitting Comments" section of this document.

LICENSE AMENDMENT REQUESTS

Constellation Energy Generation, LLC; Dresden Nuclear Power Station, Units 2 and 3; Grundy County, IL

Docket Nos	50–237, 50–249.
Application date	August 6, 2025.
ADAMS Accession No	ML25218A256.
Location in Application of NSHC	Pages 3–5 of Attachment 1.
Brief Description of Amendments	The proposed amendments would relocate Dresden Nuclear Power Station, Units 2 and 3, Technical Specification 3.3.7.2, "Mechanical Vacuum Pump Trip Instrumentation," to an appropriate licensee-controlled document.
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	Jason Zorn, Associate General Counsel, Constellation Energy Generation, LLC, 4300 Winfield Road, Warrenville, IL 60555.
NRC Project Manager, Telephone Number	Surinder Arora, 301–415–1421.

Constellation Energy Generation, LLC; Quad Cities Nuclear Power Station, Units 1 and 2; Rock Island County, IL

Docket Nos	50–254, 50–265.
Application date	August 6, 2025.
ADAMS Accession No	ML25218A263.
Location in Application of NSHC	Pages 3–5 of Attachment 1.
Brief Description of Amendments	The proposed amendments would relocate Quad Cities Nuclear Power Station, Units 1 and 2, Technical Specification 3.3.7.2, "Mechanical Vacuum Pump Trip Instrumentation," to an appropriate licensee-controlled document.
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	Jason Zorn, Associate General Counsel, Constellation Energy Generation, LLC, 4300 Winfield Road, Warrenville, IL 60555.
NRC Project Manager, Telephone Number	Surinder Arora, 301–415–1421.

Duke Energy Carolinas, LLC; Oconee Nuclear Station, Units 1, 2, and 3; Oconee County, SC

Docket Nos	50–269, 50–270, 50–287.
Application date	August 19, 2025.
ADAMS Accession No	ML25232A073.
Location in Application of NSHC	Pages 118–121 of the Enclosure.
Brief Description of Amendments	The proposed amendments would increase the existing Type A integrated leakage rate test program test interval from 10 years to 15 years, adopt an extension of the containment isolation valve leakage rate testing frequency for Type C leakage rate testing of selected components, adopt the use of American National Standards Institute/American Nuclear Society (ANSI/ANS) 56.8–2020, "Containment System Leakage Testing Requirements," and adopt a more conservative allowable test interval extension of 9 months for Type A, Type B and Type C leakage rate tests in accordance with NEI 94–01, Revision 3–A, "Industry Guideline for Implementing Performance-Based Option of 10 CFR Part 50, Appendix J."
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	Tracey Mitchell LeRoy, Deputy General Counsel, Duke Energy Corporation, 525 S Tryon Street, Charlotte, NC 28202.
NRC Project Manager, Telephone Number	Shawn Williams, 301–415–1009.

Nebraska Public Power District; Cooper Nuclear Station; Nemaha County, NE

Docket No	50–298.
Application date	July 17, 2025.
ADAMS Accession No	ML25202A106.
Location in Application of NSHC	Pages 19–21 of Attachment 1.

LICENSE AMENDMENT REQUESTS—Continued

Brief Description of Amendment	The proposed amendment would revise Cooper Nuclear Station Technical Specification (TS) 3.8.2, "AC [Alternating Current] Sources—Shutdown," and TS 3.8.3, "Diesel Fuel Oil, Lube Oil, and Starting Air," to allow the fuel oil storage tanks to be out of service for up to 14 days for the purpose of performing the required cleaning and inspection of the tanks. An alternate fuel oil storage system will be utilized during the tank inspection evolution, as necessary, to supply the required diesel generator day tank. These TS changes would be applicable during the 2026 Refuel Outage 34 while in Mode 5.
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	John C. McClure, Executive Vice President External Affairs and General Counsel Nebraska Public Power District, P.O. Box 499, Columbus, NE 68601.

III. Notice of Issuance of Amendments to Facility Operating Licenses and Combined Licenses

During the period since publication of the last monthly notice, the Commission has issued the following amendments. The Commission has determined for each of these amendments that the application complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR chapter I, which are set forth in the license amendment.

A notice of consideration of issuance of amendment to facility operating

license or combined license, as applicable, proposed NSHC determination, and opportunity for a hearing in connection with these actions, was published in the **Federal Register** as indicated in the safety evaluation for each amendment.

Unless otherwise indicated, the Commission has determined that these amendments satisfy the criteria for categorical exclusion in accordance with 10 CFR 51.22. Therefore, pursuant to 10 CFR 51.22(b), no environmental impact statement or environmental assessment need be prepared for these amendments. If the Commission has prepared an environmental assessment under the special circumstances provision in 10 CFR 51.22(b) and has

made a determination based on that assessment, it is so indicated in the safety evaluation for the amendment.

For further details with respect to each action, see the amendment and associated documents such as the Commission's letter and safety evaluation, which may be obtained using the ADAMS accession numbers indicated in the following table. The safety evaluation will provide the ADAMS accession numbers for the application for amendment and the **Federal Register** citation for any environmental assessment. All of these items can be accessed as described in the "Obtaining Information and Submitting Comments" section of this document.

LICENSE AMENDMENT ISSUANCES—Continued

Amendment Date	September 22, 2025.
ADAMS Accession No	ML25254A064.
Amendment Nos	226 (Unit 1), 226 (Unit 2), and 226 (Unit 3).
Brief Description of Amendments	The amendments revised Technical Specification 5.6.5.b, “Core Operating Limits Report (COLR),” to add Topical Report WCAP–18240–P–A, “Westinghouse Thermal Design Procedure (WTDP),” to the list of referenced analytical methods for the determination of reactor core operating limits.
Public Comments Received as to Proposed NSHC (Yes/No).	No.

Florida Power & Light Company, et al.; St. Lucie Plant, Unit No. 2; St. Lucie County, FL

Docket No	50–389.
Amendment Date	September 26, 2025.
ADAMS Accession No	ML25241A191.
Amendment No	212.
Brief Description of Amendment	The amendment revised the St. Lucie Plant, Unit No. 2, Technical Specification (TS) 3.7.15, “Spent Fuel Pool Storage,” and TS 4.3, “Fuel Storage,” to support updated spent fuel pool and new fuel vault criticality analyses, which account for the impact of planned transition to 24-month fuel cycles on fresh and spent fuel storage.
Public Comments Received as to Proposed NSHC (Yes/No).	No.

Florida Power & Light Company; Turkey Point Nuclear Generating Unit Nos. 3 and 4; Miami-Dade County, FL

Docket Nos	50–250, 50–251.
Amendment Date	September 25, 2025.
ADAMS Accession No	ML25266A206.
Amendment Nos	303 (Unit 3) and 297 (Unit 4).
Brief Description of Amendments	The amendments revised the technical specifications for Turkey Point Nuclear Generating Unit Nos. 3 and 4 by removing the pressurizer heater group emergency power supply requirements.
Public Comments Received as to Proposed NSHC (Yes/No).	No.

Tennessee Valley Authority; Sequoyah Nuclear Plant, Unit 2; Hamilton County, TN

Docket No	50–328.
Amendment Date	September 22, 2025.
ADAMS Accession No	ML25252A202.
Amendment No	367.
Brief Description of Amendment	The amendment revised the Sequoyah Nuclear Plant (SQN), Unit 2, Technical Specification Surveillance Requirement (SR) 3.0.2, on a one-time basis, the surveillance interval for SR 3.6.12.2 (Ice Condenser—Ice Mass Weighing) and SR 3.6.12.3 (Ice Condenser Flow Passage Inspection) that are normally performed on an 18-month frequency in conjunction with a refueling outage. The amendment extended the due date for SRs 3.6.12.2 and 3.6.12.3 from August 14, 2026, and August 12, 2026, respectively, to prior to entering Mode 4 from the SQN, Unit 2, Cycle 27, Refueling Outage but no later than December 1, 2026.
Public Comments Received as to Proposed NSHC (Yes/No).	No.

Dated: November 19, 2025.

Research Information Letter Report: Integrated Human Event Analysis System Dependency Analysis Guidance (IDHEAS–DEP)

AGENCY: Nuclear Regulatory Commission.

ACTION: Request for comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is seeking public comment on the Research Information Letter (RIL) report, “Integrated Human Event Analysis System Dependency Analysis Guidance (IDHEAS–DEP),”

which establishes guidance that documents how to perform a dependency analysis using the dependency model included in Integrated Human Event Analysis System for Event and Condition Assessment (IDHEAS–ECA) method for human reliability analysis (HRA).

DATES: Submit comments by January 26, 2026. Comments received after this date will be considered if it is practical to do so, but the Commission is able to ensure consideration only for comments received on or before this date.

ADDRESSES: You may submit comments by any of the following methods; however, the NRC encourages electronic comment submission through the Federal rulemaking website:

THOMAS JEFFERSON PLANNING DISTRICT COMMISSION

Quarterly Update on Projects and Activities July through September 2025

Environmental

Watershed Implementation Plan (WIP): The TJPDC, pursuant to a contract with the Virginia Department of Environmental Quality (DEQ), collaborates with DEQ and other partners to provide educational resources and technical assistance related to the WIP to the local governments of Albemarle, Charlottesville, Fluvanna, Greene, Louisa and Nelson and regional stakeholders, in an effort to reduce loads of nitrogen, phosphorus, and sediment for the Chesapeake Bay TMDL.

- The TJPDC partnered with the Thomas Jefferson Soil and Water Conservation District, the City of Charlottesville, and the James River Association to host rain barrel workshops in Albemarle County and the City of Charlottesville this Fall. Thirty-five rain barrels were distributed and the workshops provided participants with kits to install the barrels at home.
- The quarterly Regional Environmental Coordination meeting on August 21 fostered shared knowledge and partnerships among local staff. Highlights included a presentation on the Chesapeake Bay Watershed Agreement Updates and plans for Beyond 2025 by the Alliance for the Chesapeake Bay, as well as a roundtable discussion.
- Staff continues to share information via the “Words from Your Watershed” newsletter and TJPDC website, as well as on the Rivanna River Basin Commission Facebook page, about funding opportunities, best management practices, and upcoming events to support local water quality.

Rivanna River Basin Commission (RRBC): The RRBC, formed in 2007 utilizing state enabling legislation and whose members are Albemarle, Fluvanna and Greene Counties and the City of Charlottesville, recommends programs for the enhancement of the water and natural resources of the Rivanna River and its watershed.

- On September 24, the RRBC hosted 64 people at the Center at Belvedere for the 10th Annual Conference. With an emphasis on state and local water supply due to increasing pressures from stressors like drought, climate change, and data center development, speakers provided context and perspectives on state water supply planning regulations, existing water supply plans, and what is being done to meet future demands and to be stewards of the Rivanna. Attendees included local elected officials and staff, regional planners, representatives of nonprofit organizations, and members of the public. Presentation materials are available [here](#).
- Staff completed the [Rivanna River Story Map](#), as part of the five- year work plan for the RRBC, which offers an overview of the natural and human history of the Rivanna River Basin, from pre-colonial times to present.

Solid Waste Plan (SWP): The TJPDC provides oversight and management of the Thomas Jefferson Solid Waste Planning Unit (TJ-SWPU). The TJ-SWPU is responsible for developing and maintaining a 5-year regional solid waste management plan that meets the requirements set forth in § 10.1-1411. Current members of the TJ-SWPU include the City of Charlottesville and the Counties of Albemarle, Fluvanna, and Greene. As part of the solid waste planning efforts, the PDC also conducts the annual Recycling Rate Reporting assessment, an annual report to the state used to ensure that the TJ-SWPU meets the state mandated minimum recycling rate of 25% on an annual basis.

- Staff kicked off the update of the Solid Waste Management plan by establishing the Technical Advisory Committee with local planners, solid waste managers, climate staff, and staff from the University of Virginia and the Rivanna Solid Waste Authority. The update is due to DEQ in October, 2026.

Regional Water Supply Planning: In October 2024, in response to legislation approved by the General Assembly, new state regulations took effect to require a regional approach to water supply planning. TJPDC is coordinating this effort for the Middle James 1 watershed, which includes the City of Charlottesville and the Counties of Albemarle, Buckingham, Fluvanna, Greene, and Louisa.

- The TJPDC was awarded \$8,884 by the Virginia Department of Environmental Quality (DEQ) for the Middle James 1 Regional Planning Unit (RPU) to begin the water supply planning process for the region. The TJPDC is in the process of applying to DEQ for another for \$8,884 in October.
- The Middle James 1 RPU convened for a technical meeting on September 30, which included an update on the “70 80 100” DEQ Workbook and a presentation from DEQ staff on data collection.
- The TJPDC has organized a resource sharing site and a public facing website for the planning process and is beginning its stakeholder engagement process.

Housing

PDC Housing Development Program: In 2021, the TJPDC was awarded \$2 million from Virginia Housing to work with community partners to develop 20 new housing units in the TJPDC region. This was part of \$40 million committed to the 21 Virginia PDCs for new housing initiatives.

- The TJPDC is administering funding for affordable housing development in all member localities with Habitats for Humanity of Greater Charlottesville, Fluvanna, and Piedmont, as well as with Virginia Supportive Housing. In total, \$1.8 million is being leveraged to develop new affordable housing units. TJPDC is close to having nearly 45 units completed across Albemarle, Charlottesville, Fluvanna, Louisa, and Nelson.
- The grant period for all the projects was scheduled to conclude in June, though the TJPDC’s contract with Virginia Housing has been extended to allow units to be completed by the end of 2025. The TJPDC anticipated that the entirety of the \$1.8 million in programmatic funds would be drawn down by the close of FY25. To date, about \$1,650,000 has been spent on units in our region.

Central Virginia Regional Housing Partnership (CVRHP): The TJPDC has been partnering in recent years with all the region’s localities, as well as the private and nonprofit sectors, as part of the CVRHP. It serves as an official advisory board to the TJPDC charged with enhancing regional coordination and effectiveness in addressing the unmet housing needs in the region.

- The CVRHP has restarted its Speaker Series to bring together thought leaders, policy experts, and practitioners to share insights on housing trends, projections, and funding opportunities. At the September CVRHP meeting, Chris McNamara from Virginia Housing gave a presentation on their workforce housing grant program. Luis Oyola of the Piedmont Community Land Trust also presented about the recent developments with the area’s land trust.

- The CVRHP's Central Housing Hub is live and ready for engagement. This SharePoint site is designed to be our primary platform for sharing information, collecting insights, and promoting collaboration across the region. Click [here](#) to request access.
- The Regional Housing Study is now underway. Seven trainings have been provided to 30 regional partners, including locality staff, TJPDC staff, and non-profit partners. These trainings were designed to increase skills for identifying, collecting, and analyzing housing market data.

Thomas Jefferson HOME Consortium: TJPDC is the administrator for the first regional HOME Investment Partnership Consortium in Virginia. This program provides annual entitlement funding through the Department of Housing and Urban Development (HUD) for housing rehabilitation, down-payment assistance, or new construction for qualifying households in all localities in the region.

- The HOME Consortium has been awarded a total of \$687,009 for the region for the program year that began on July 1. These funds will be used to repair low-income owner homes, develop low-income rental housing, and provide direct assistance.
- HUD has approved our region to move forward with HOME-ARP funding on three rental unit projects, one each in Louisa, Fluvanna, and Nelson.

Housing Preservation Grant (HPG): TJPDC annually receives these funds that are an important supplement to the HOME program, providing additional dollars for rehabilitation projects in the counties of Albemarle (eligible rural areas), Fluvanna, Greene, Louisa, and Nelson.

- The TJPDC is leveraging more than \$111,000 through the United States Department of Agriculture (USDA) Rural Development for FFY24. With these dollars, TJPDC has committed to fund about 30 low-income homeowners in need of home rehabilitation across rural Albemarle, Fluvanna, Greene, Louisa, and Nelson counties, and the project has gotten underway. TJPDC has applied for the FFY25 USDA funds from Rural Development and is awaiting confirmation of our award of \$73,281.

Legislative Services

Legislative Services Program: This long-standing program represents the interests and positions of the region's localities with state policymakers, producing a regional legislative program and advocating for locally requested bills and budget amendments during the annual General Assembly session.

- Development of the 2026 Legislative Program got underway this quarter with the member localities providing input into the program's content. Approval of the program by each local governing body is slated to occur in November.
- Assistance was provided to the Charlottesville-Albemarle Regional Transit Authority (CARTA) and to several localities working on their local legislative positions and initiatives.
- Various legislative meetings, as well as policy and steering committees of VML, VACo and VFC, were monitored.
- The Legislative Director continues to serve as part-time Executive Director of the Virginia Association of Planning District Commissions.

Local/Regional Support

The TJPDC supports its member localities by leading or managing various programs that benefit an individual locality or several/all localities in the region. This work currently includes the following:

Virginia Telecommunication Initiative (VATI): TJPDC, in partnership with Firefly Fiber Broadband, has obtained \$97 million in funding from two Virginia Telecommunication Initiative (VATI) grants to expand broadband throughout 13 Central Virginia counties. The \$352 million project is supported with

matching funds of \$255 million from the utility partners and counties. When completed at the end of December, 2026, nearly 5,000 miles of fiber construction will provide high speed internet access to over 44,000 homes and businesses throughout the project area.

- As of the September, 2025, VATI 2022 progress report, the VATI 22 portion of the project had achieved about 1,600 miles of field data collection; 4,257 miles of fiber design; 2,203 miles of make ready construction; nine communications huts set; 1,802 miles of aerial fiber placement; 866 miles of underground fiber placement; 2,309 miles of splicing; and 25,821 passings.
- As of the September, 2025, VATI 2024 progress report, field data collection, fiber design and drops from aerial construction are underway, and this portion of the project has completed 27,000 linear feet of fiber and 135 passings.
- In early July, DHCD approved an amendment to the original VATI 22 agreement which expands the project in Campbell, Madison, and Greene Counties, adding more than 2,500 serviceable units project amount. Shortly thereafter, DCHD also approved an extension to the VATI project, stretching the project's end date from August 15, 2025, to June 30, 2026.
- In August, Firefly celebrated 40,000 total connections with a press event in Louisa County. TJPDC staff also attended Firefly's Broadband for Generations Event in a celebration of rural broadband connections in Buckingham, Appomattox, and Cumberland counties. U.S. Senator Mark Warner was among the guest speakers.
- On September 11, TJPDC partnered with Firefly to facilitate the 13th quarterly stakeholders meeting to provide VATI project updates for the 13 county partners.

Blue Ridge Cigarette Tax Board (BRCTB): TJPDC provides administrative support to the Board, which includes four PDC localities (Albemarle, Charlottesville, Fluvanna, and Greene) and seven other jurisdictions outside our region.

- At its July meeting, the BRCTB welcomed Rappahannock County and its representative to the Board. Rappahannock implemented a new cigarette tax effective October 1. The Board also had an extensive review of BRCTB-adopted policies, given that more than half of the current individual Board representatives were not on the Board when it was established in late 2021.
- The Board also received a report on the end of fiscal year packs sold and revenues. FY25 gross tax revenue across the member jurisdictions was about \$3.3 million on more than 8.7 million packs of cigarettes sold. Administrative expenses were down by about 25% in FY25 when compared to the previous year.
- The BRCTB's compliance agent continues on-site visits to retail establishments in the Board's 11-jurisdiction footprint that sell cigarettes to seek compliance with local cigarette tax ordinances.

Comprehensive Economic Development Strategy (CEDS): TJPDC received a US EDA Economic Adjustment Assistance grant to develop a regional CEDS to benefit all TJPDC localities.

- The CEDS Implementation Committee met in early September 2025. The Committee heard from US EDA staff about available grant opportunities now that the CEDS is in place, as well as the advantages of forming an Economic Development District, such as reduced local match requirements for grants.
- An annual report of progress towards the CEDS goals and strategies is being developed with input from the Implementation Committee and key partners.

Transportation

Charlottesville-Albemarle MPO (CA-MPO): This federally required entity is responsible for conducting ongoing, cooperative, and comprehensive transportation planning and programming in Charlottesville and the urbanized area of Albemarle County. The MPO considers long-range regional projects and combines public input, technical data, and agency collaboration to develop forward-thinking solutions.

- In August, CA-MPO staff received approval on a final scope of work for a Transportation Demand Management study to be conducted this fiscal year.
- One CA-MPO staff member attended the American Planning Association (APA) Virginia Conference.
- On September 30, the CA-MPO and Staunton-Augusta-Waynesboro MPO held their biennial joint Policy Board Meeting with presentations on the Afton Express, Charlottesville-Albemarle Regional Transit Authority, Statewide Rail Plan, Three Notched Trail, and state agency activities. Presentation materials from the meeting can be accessed on the [CA-MPO Policy Board webpage](#).

Regional Transit Partnership (RTP): The RTP serves as an official advisory board, created by Charlottesville, Albemarle, UVA, and JAUNT, to provide recommendations to decision-makers on transit-related matters.

- The RTP continues to hold regular meetings to receive updates from transit providers and subject matter experts and to discuss transit-related matters.
- TJPDC staff is supporting the newly enacted Charlottesville-Albemarle Regional Transit Authority (CARTA) by staffing CARTA Board meetings. On behalf of CARTA, TJPDC was awarded a technical assistance grant from the Virginia Department of Rail and Public Transportation (DRPT) to develop an implementation plan that prioritizes the services outlined in the Regional Transit Vision Plan.
- In July, the CARTA Board of Directors approved the final scope of work for the Transit Prioritization and Implementation Feasibility Study. The TJPDC worked with Charlottesville and Albemarle staff and regional transit providers to review submitted proposals from consulting firms.

PATH (Partnership for Accessible Transportation Help): PATH is a regional mobility management program, funded by the Department of Rail and Public Transportation and administered by TJPDC, that builds partnerships and assists transportation providers with improving and increasing transportation options for non-drivers. PATH has a website and toll-free number to assist older adults and people who cannot drive to find rides.

- During this quarter, PATH staff attended meetings and events targeted at older adults and people with disabilities to share information about the program and its services. This included the Fourth Annual Healthy Streets/Healthy People event in Charlottesville; the Community Health, Wellness & Resource event in Mineral; the Nelson Community Health Fair in Arrington; Westhaven Day in Charlottesville and the Spring Creek Healthy Living Expo in Zion Crossroads.
- PATH staff held workshops at JABA's Mary Williams Senior Community Center, the Independence Senior Living, and the Crossing Community in Charlottesville. PATH also conducted five travel training sessions for seniors at The Center at Belvedere and presented to JABA employees and members of Charlottesville Area Alliance. PATH staff also met with JABA's new CEO and the Director of the Louisa County Resource Council to talk about mutual collaboration.
- PATH continued support for volunteer driver programs (Cville Village, Here to Stay in Wintergreen) providing staff time, answering calls, providing marketing support, consulting, and working on the Memorandums of Understanding with both partnering organizations.
- PATH staff continued answering calls through PATH Helpline and assisted older adults and people with disabilities with finding transportation services; the main requests have been for rides to medical appointments.
- PATH continued marketing efforts through the program's website, newsletter, digital marketing outreach campaigns, and distribution of printed and digital promotional materials. PATH was featured in local media (NBC29 WVIR, Charlottesville Right Now) and engaged in promoting the "Week without Driving" campaign.
- Together with AARP, CAA and MPact, PATH continued the "Listening & Storytelling for Inclusive Transit: Understanding Older Adults' Transportation Needs in Region 10" project. PATH and partners conducted 25 interviews and held two focus group sessions gathering 22 participants.

- PATH staff participated in the 2025 Conference and Expo organized by the Community Transportation Association of Virginia (CTAV) in Roanoke.
- PATH continued operating the Transportation Assistance Fund, supported by a \$5,000 grant from the Twice is Nice Foundation, to assist individuals facing urgent transportation needs who cannot afford the cost. Seven rides were provided with program's assistance.

Safe Streets and Roads for All: TJPDC is implementing a \$857,600 grant award for developing a Comprehensive Safety Action Plan for each locality in the region through the federal Safe Streets and Roads for All (SS4A) Discretionary Grant Program. The overall project is named "Move Safely Blue Ridge."

- In July, TJPDC submitted the FHWA Quarterly Report for the April 1 to June 30 period, coordinated with the consultant on administrative items, and projected closeout process readiness.
- In August and September, TJPDC finalized press releases and social media materials; reviewed and approved scripts and storyboards; and received final engagement videos in English and Spanish for post-plan approval.
- In September, TJPDC delivered the final plans for the East High Safety Demonstration Project for the City of Charlottesville, and provided public access to the Comprehensive Safety Action Plan on the www.movesafelyblueridge.com website.
- All SS4A project related activities have been completed and TJPDC is in the closing period of the grant, which could last up to 120 days.

Rural Transportation Program: This program started in 1993 as a cooperative forum for transportation planning in the counties of Albemarle (rural areas), Fluvanna, Greene, Louisa, and Nelson. The program provides local planning assistance to the rural governments, maintains the Rural Long-Range Transportation Plan, and assists the localities with other transportation needs.

- The Rural Transportation Advisory Committee (RTAC) held its regular meeting in August.
- Staff is conducting a rural transportation planning needs assessment to be completed in FY26.
- Staff completed the quarterly park-and-ride inventory for the TJPDC region's parking lots.

RideShare: RideShare is a TJPDC program working to reduce traffic congestion and increase mobility throughout the region by providing free carpool matching and vanpool coordination and operating a Ride Home Rewards Program to provide free rides home in an emergency. RideShare is part of the statewide "ConnectingVA" app that can be used for transit trip planning and for commuters to share the ride.

- RideShare's Guaranteed Ride Home program is now the statewide Ride Home Rewards program. This will allow for a more streamlined redemption for rides home in emergency situations, as all aspects are now in the ConnectingVA app.
- Staff attended the Association of Commuter Transportation Conference.
- Staff attended the Department of Rail and Public Transportation Post-Award workshop.
- RideShare promoted the statewide "Try Transit Week" and the "Week without Driving" in September.

Louisa County Board of Supervisors
1 Woolfolk Avenue

Dear Madam and Sirs,

Trevilian Station Battlefield Foundation, Inc. wishes to express our sincere gratitude for the \$20,000.00 tourism fund grant for the replacement of the roof at the 1846 Charles Goodall Trevilian House. This house is the centerpiece of the tour of the Battle of Trevilian Station. If the Board or individuals ever wish to have a tour of our Trevilian House if you have not already, please let us know.

With the announcement of the Christmas Train Excursions, it is wonderful that visitors can see the fully restored house while on their trip. Now if the Depot can receive the same attention as the Louisa Depot, we envision the Trevilian House also being a destination. Again, thank you for helping us preserve the most important historical site in Louisa County. Pictures are attached.

Sincerely,

Gerald W. Harlow, President
Trevilian Station Battlefield Foundation, Inc.

VASWCD 2026 Legislative Agenda

*Providing and promoting leadership in the
conservation of natural resources*

1. SWCD Operations

- Increase operating funding by \$3 million annually to maintain staffing and training needs of Soil and Water Conservation Districts

2. Agriculture BMPs

- Establish a dedicated funding source for Virginia Natural Resources Commitment Fund (VNRCF) to support agricultural cost-share programs in alignment with needs assessment.

3. Urban Conservation

- Provide \$8 million over the biennium to support and expand the Virginia Conservation Assistance Program (VCAP)

4. Environmental Education

- Fund \$4 million annually to support SWCD-led conservation and environmental education programs statewide

5. Septic System Support

- Create a statewide annual cost-share program for septic repairs, replacements, and maintenance to reduce nutrient and bacteria loads in waterways

VASWCD 2026 Legislative Agenda

- 1. Increase Operating Funding to Soil and Water Conservation Districts by \$3 million annually, consistent with full funding of the aggregated, peer-reviewed Attachment D Budget Template requests.** Soil and Water Conservation Districts are the local program delivery mechanism for nonpoint source pollution control throughout the Commonwealth. The minimum funding level necessary is shown on the Attachment D Budget Template submitted by SWCDs to DCR every two years. Without this basic level of sustained funding, Conservation Districts will find it especially difficult to retain highly trained, experienced, and skilled employees who are the primary delivery mechanism for programs to meet the Commonwealth's water quality goals established by the Governor and General Assembly. Conservation Districts are needed and play a key role as Virginia intensifies its efforts to reduce nonpoint sources of pollution throughout the Commonwealth and to meet the goals of the Chesapeake Bay TMDL. In the efforts to reduce nonpoint sources of pollution intensity, District funding needs to be adequate to address the needs not only for projects but also for the administrative and staffing needs to ensure accountability needs can be fully met according to the required Desktop Procedures Manual.
- 2. Establish a dedicated, adequate, secure, and stable source of funding for the Virginia Natural Resources Commitment Fund (VNRCF) commensurate with the most recent Agricultural Needs Assessment Report and the Chesapeake Bay & Virginia Waters Clean Up Plan Report that provides funding at 60/40 split between Chesapeake Bay and Southern Rivers (Outside the Chesapeake Bay).** Historically, the VNRCF has been funded on a year-to-year basis, often times relying entirely on unpredictable, year-end, state budget surplus. We support the creation of a dedicated revenue source for those on-the-ground practices (BMPs) and the retention of certified professional employees representing front-line efforts to meet Virginia's challenges outlined by the Chesapeake Bay Watershed Improvement Plan (WIP). More than twenty years after the creation of the Water Quality Improvement Act and more than fifteen years after the creation of the VNRCF, Virginia's commitments to the WIP and TMDL are highly reliant on high-performing SWCDs. To carry out district responsibilities, the retention and adequate compensation, commensurate with the workload, of seasoned, highly valued, and highly competent technical assistance employees are not only the top priority for conservation districts but an essential ingredient to Virginia's success.
- 3. Enhance support to the (VCAP) Urban Cost Share Programs to address WIP and TMDL needs. Support funding at \$8 million over the biennium.** Urban programs complement the Agricultural BMP Cost Share Program. SWCDs currently have qualified, trained, and experienced staff and are well-positioned and capable of implementing a wide range of voluntary urban BMP cost share and tax credit programs for private commercial and residential landowners. Virginia's Phase III Watershed Implementation Plan recognizes a need for urban/residential BMPs in its "Local Implementation Strategies for Urban/Suburban Source Sector," including a cost-share program strategy. We support increased/sustained funding of this valuable program.
- 4. Support Funding for Environmental Education. Provide \$4 million annually in funding so that all Districts statewide can effectively foster and/or sustain conservation and environmental education programs.** Educating communities on the need for soil and water conservation and natural resource management is a critical component in the successful implementation of NPS pollution reduction programs. We support \$4 million, the aggregated total amount in the most recent Attachment D Budget Template, to support SWCDs environmental education efforts.
- 5. Establish and Maintain Annual Cost Share Funding Program on a Statewide Level for Septic Repairs, Replacements, and Maintenance needs, (including pump-outs), to address CB WIP needs.** Funds are needed in TMDL areas as well as non-TMDL areas, and in the Coastal Zone as well as in the inland areas of the State. Failing septic systems result in an increased loading of bacteria, viruses, nitrogen, and possibly phosphorus to adjacent waterways. They may contribute as much as 6% of the total nitrogen load in the Chesapeake Bay (Bay Watershed Model 2009 Scenario, Chesapeake Bay TMDL).

You don't often get email from emma.walker@kimley-horn.com. [Learn why this is important](#)

CAUTION: External email

Dear Louisa County Airport (LKU),

The Virginia Department of Aviation (DOAV) and Kimley-Horn are pleased to share the economic impact results for LKU as part of the Virginia Aviation System Economic Impact Study. The figures below represent total impacts and include both on-airport and off-airport visitor spending impacts. In 2024, LKU contributed the following impacts to the Commonwealth’s economy:

Louisa County (LKU) Total Economic Impact

Jobs	Wages	GSP	Output
175	\$9,909,000	\$16,376,000	\$26,207,000

The economic impact measures used in the study are described below:

- **Jobs** – The total number of people working because of the airport or company, including both full-time and part-time positions.
- **Wages** – All the money and benefits employees receive for their work, including salaries, health benefits, and taxes paid on their behalf.
- **Gross State Product (GSP)** – The value an airport adds to the economy. It’s calculated by taking what the industry produces and subtracting the cost of its necessary materials such as fuel, maintenance, or utilities.
- **Total Economic Impact (Output)** – The overall value of the airport’s activity, including all spending ripples. It is equivalent to GSP plus the cost of everything it buys—like fuel, maintenance, and utilities—from other businesses.

A technical report and executive summary with detailed methodology and supporting analysis will follow in the coming months. Additionally, we will host an Impacts Roll-out Webinar in **January 2025**, where we will discuss the importance of these deliverables and how they can be used for planning, advocacy, and stakeholder engagement. Keep an eye out for an invite from a member of the project team to attend and

participate in this webinar. The webinar will be recorded and posted to the [project website](#) if you are unable to attend.

Please feel free to reach out with any questions or if you need clarification on the figures provided. We look forward to your participation in the upcoming webinar.

PROMISE LLC, APPLICANT/OWNER - REZONING AND CONDITIONAL USE
PERMIT REQUESTS**

WHEREAS, Ashton Promise LLC, Applicant/Owner, submitted a request to rezone approximately 20.553 acres of Tax Map Number 16-31 currently split zoned Residential General R-2 (4.596 acres) and Agricultural A-2 (15.957 acres) to split zoned Residential General R-2 (11.235 acres) and General Commercial C-2 (9.318 acres), and a conditional use permit for recreational vehicle sales and service for the 9.318 acres to be rezoned to General Commercial (C-2); and

WHEREAS, the property is located on Zachary Taylor Highway (Route 522), and is further identified as tax map parcel 16-31, in the Mineral Election District. The subject property is located in the Lake Anna Growth Area and is designated as Low Density Residential on the 2040 Louisa County Comprehensive Plan Future Land Use Map; and

WHEREAS, at a regular meeting of the Louisa County Planning Commission held October 10, 2025, the Planning Commission voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval to the Louisa County Board of Supervisors on the rezoning request of REZ2025-03, to allow the rezoning of approximately 20.553 acres of Tax Map Number 16-31 currently split zoned Residential General R-2 (4.596 acres) and Agricultural A-2 (15.957 acres) to split zoned Residential General R-2 (11.235 acres) and General Commercial C-2 (9.318 acres), and conditional use permit request CUP2025-09, to allow a recreational vehicle sales and service for the 9.318 acres to be rezoned

to General Commercial (C-2) with the following eleven (11) conditions:

1. Lighting. All design and use of exterior lighting shall comply with the International Dark-Sky Association and shall be labeled as such on the site plan sketch.
2. Permits. The applicant shall secure all necessary permits and approvals from the Louisa County Community Development Department, the Virginia Department of Transportation (VDOT), and the Virginia Department of Health (VDH) as applicable.
3. Land Disturbance. If land disturbance, which includes the addition of gravel, asphalt, or the grading of land, meets or exceeds 10,000 square feet of area, an erosion and sediment control plan must be prepared and submitted to the County for review and approval, prior to any land disturbing activities commencing on-site.
4. Buffer. The Property Owner must meet vegetative buffer requirements as defined by Louisa County Land Development Regulations.
5. Spill Plan. The Property owner will maintain a fuel and chemical spill plan on site. Oil absorbent pads, booms, and quick dry materials will be stored both inside and outside the repair shop. Campground employees will be trained to use these items in case of a spill event that occurs outside of business hours.
6. Ground Cover. All areas not occupied by buildings, structures, driveways and parking shall be covered with one or more of the following: lawn grass, natural shrubbery, plants, trees, or a vegetation combination as agreed upon by the Zoning Administrator and owner.
7. Inspections. The Board of Supervisors or their designated representative shall have the right to inspect the site at any reasonable time without prior notice.
8. Permit Revocation. Violation of any conditions contained herein shall be grounds for revocation of the Conditional Use Permit.
9. Knox Box. The Property Owner will install a Knox Box for Fire & EMS on the building, being used for recreational vehicles sales and service.
10. Vegetative Screening Buffer. The Property Owner will maintain a vegetative buffer as defined by the Land Development Regulations Section 86-13 of fifty (50) feet in width adjacent to TMP16-32, 16-33, 16-34, and 16-35.
11. Entrances. The Property Owner will be allowed no more than three (3) entrances on Route 522 for TMP 16-31; and

NOW, THEREFORE, BE IT RESOLVED, on this 1st day of December 2025, that the Louisa County Board of Supervisors hereby approves/denies the rezoning request for REZ2025-03, and conditional use permit request CUP2025-09, Ashton Promise LLC, Applicant/Owner.

OWNER/APPLICANT:

Ashton Promise, LLC
Mr. Sammy Kelley
7149 Zachery Taylor Hwy
Mineral, VA 23117

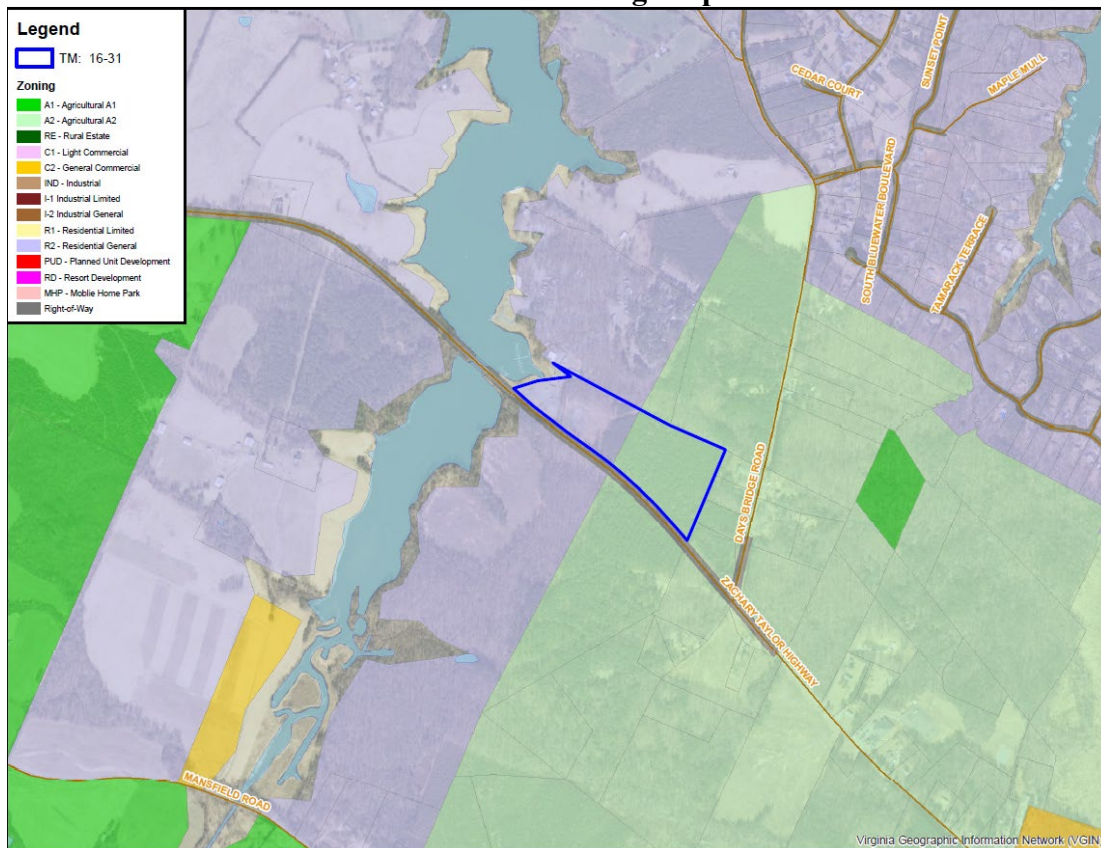

PROPERTY LOCATION:

The property is located on Zachary Taylor Highway (Route 522), and is further identified as tax map parcel 16-31, in the Mineral Election District. The subject property is located in the Lake Anna Growth Area and is designated as Low Density Residential on the 2040 Louisa County Comprehensive Plan Future Land Use Map.

BACKGROUND INFORMATION:

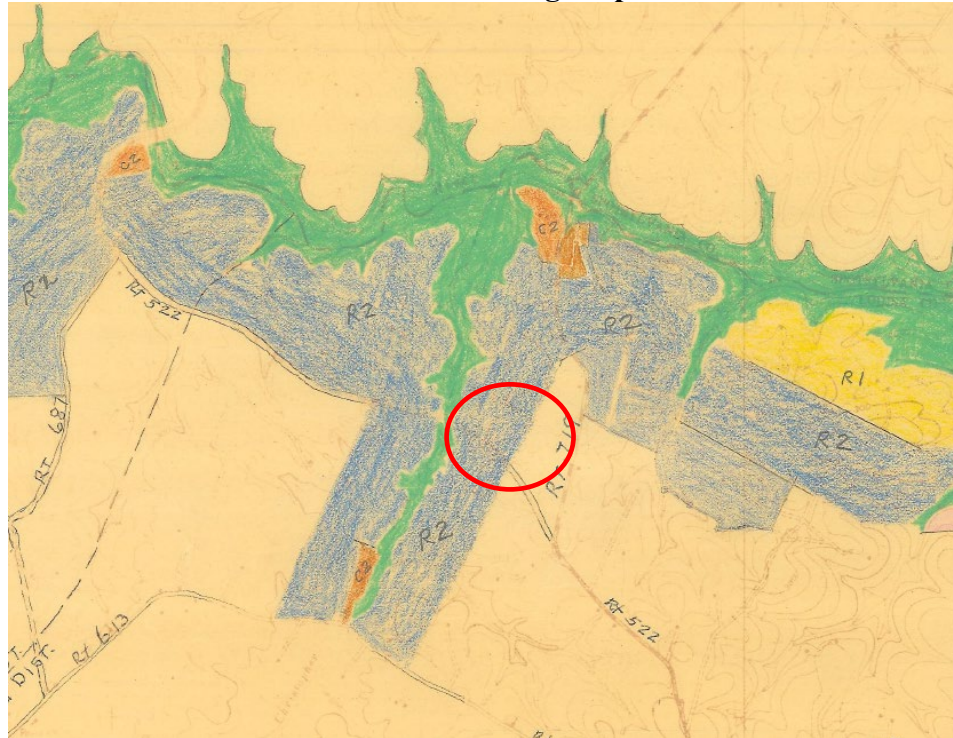

The Christopher Run Campground opened in 1973 and has become a legally nonconforming use. The Rezoning and Conditional Use Permit request would allow the applicant to offer additional services to citizens and visitors of Louisa County as part of the Christopher Run Campground Facilities and an area to expand the business in the future under the current Land Development Regulations.

Exhibit A: Zoning Map

Parcel 16-31 appears to be split zoned from when the zoning ordinance was originally adopted in 1969 as can be seen in Exhibit B.

Exhibit B: 1969 Zoning Map

CONFORMANCE REVIEW:

I. 2040 Louisa County Comprehensive Plan

The Population Summary section 2.2.4 of the Louisa County 2040 Comprehensive Plan (the “2040 Plan”) states, “when compared to other counties in the region, there is a higher than average number of renter occupied units in Louisa County, likely driven by vacation homes on Lake Anna”. The applicant’s proposed business would provide products and services that would support the growing Lake Anna Community and it’s visitors. Section 3.01, Guiding Principles of the 2040 Comprehensive Plan, states that there should be focus on “broadening the tax base by establishing businesses.”

II. Agricultural Preservation Review

The primary goal of the Louisa County 2040 Comprehensive Plan (the “2040 Plan”) is to, “Preserve Louisa County’s Rural Character, Beautify Its Gateways and Roadways.” Chrisopher Run Campground has been at this location since 1973. The property is currently split zoned General Residential (R-2) and Agricultural General (A-2) allowing permitted uses such as single-family dwelling and farming. The surrounding area is not currently served by public water and sewer to accommodate a majority of the permitted uses C-2 allows. Staff believes that allowing the business to grow in its current location would mitigate the spread of commercial businesses into other agriculturally zoned properties in the aera.

III. Louisa County Land Development Regulations

Section 86-186. General Residential (R-2) district – Statement of intent; policy guidance:

The residential general district (R-2) is composed of certain quiet, low density residential uses plus certain open areas where similar development appears likely to occur. The regulations for this district are designed to stabilize and protect the essential characteristics of the district, to promote and encourage a suitable environment for family life where there are children, and to prohibit activities of a commercial nature. In order to enhance compatibility between dwellings of different types, protect the natural environment, and achieve attractive and well-coordinated designs for building groups, dwelling types other than single-family dwelling, detached are to be permitted only with a conditional use permit.

Section 86-221. General Commercial (C-2) district – Statement of intent; policy guidance:

Generally, the general commercial district (C-2) covers that portion of the community intended for the conduct of general business to which the public requires direct and frequent access. In the rural areas of the county, commercial uses should be limited and allowed by conditional use permits only. Future development should align more appropriately with the rural character of the county.

Section 86-224. Permitted Uses - With Conditional Use Permit enables the issuance of a conditional use permit for *recreational vehicle sales and service* which is defined as follows:

Recreational vehicle sales and service. *Retail sales of recreational vehicles and boats, which may include service and storage of vehicles and parts and related accessories.*

IV. 2024 Public Facilities Impacts Review

The Board of Supervisors adopted a Public Facilities plan on February 20, 2024, as an amendment to the 2040 Comprehensive Plan adopted August 5, 2019. The Plan aims to ensure that development impacts are adequately assessed and mitigated, to promote sustainable growth and to preserve the community's well-being. As Louisa County grows, the pressure on public facilities and services intensifies. The county expects proposed developments to consider the impacts on Public Facilities and to mitigate the impacts of the development. This mitigation can take various forms, such as impact fees, infrastructure improvements, land dedication, and other items, ensuring that the burden of growth does not disproportionately fall on existing residents and businesses in the County.

This application has therefore been evaluated to determine if it impacts the following areas:

Administration

Staff believes there would be a minimum level of impact to Administration. Community Development Department staff is currently involved in the Rezoning and Conditional Use Permitting Process and would also be involved in future site plan reviews, development permit reviews, and inspections.

Fire & EMS

Staff believes approval of the Rezoning and Conditional Use Permit will not require any additional services by Fire and EMS personnel, if the applicant is willing to coordinate with Fire & EMS to

provide them access to the property by either installing a Knox Box, Police/Fire- only keypad code, or other device for the building(s) and/or potential gate systems.

Law Enforcement

Staff believes there would be minimal impact from approval of the Rezoning and Conditional Use Permit.

Parks and Recreation

Staff does not believe approval of Rezoning and Conditional Use Permit will have an impact to parks and recreation. The applicant operates an outdoor campground on Lake Anna.

Schools

Staff believes approval of the Rezoning and Conditional Use Permit will impact schools positively as the applicant currently employs high schoolers during the summer months.

Solid Waste

Staff does not believe the Rezoning and Conditional Use Permit will increase any impact to solid waste facilities at this time.

NEIGHBORHOOD MEETING RESULTS:

A neighborhood meeting was held in the Louisa County Public Meeting Room on September 4, 2025. No citizens attended this project.

CONSIDERATIONS FOR EVALUATION:

In determining imposed conditions, the governing body shall take into consideration the intent of this chapter [Note: Chapter 86 Land Development Regulations] and may impose reasonable conditions that:

- (1) *Abate or restrict noise, smoke, dust or other elements that may affect surrounding property.* **This has been addressed by the Louisa County Land Development Regulation Chapter 51 Noise of the Land Development Regulations and condition 4.**
- (2) *Establish setback, side and front yard requirements necessary for orderly development and to prevent traffic congestion.* **This has been addressed by the Louisa County Land Development Regulation section Sec. 86-230. - Yard regulations and Sec. 86-115. - Setback regulations for buildings and structures – Generally.**
- (3) *Provide for adequate parking and ingress and egress to public streets or roads.* **The applicant is responsible for obtaining any necessary entrance permits from VDOT.**
- (3) *Provide adjoining property with a buffer or shield from view of the proposed use if such use is considered detrimental to adjoining property.* **This has been addressed by the Louisa County Land Development Regulation section Sec. 86-230. - Yard regulations and condition 10.**
- (4) *Tend to prevent such use from changing the character and established pattern of development of the community.* **Christopher Run Campground has been at this location since 1973 and is along Route 522 which serves many citizens and visitors to Lake Anna.**

PROFFERS:

The applicant has provided a proffer statement that excludes some uses as part of the rezoning request for General Commercial C-2, which can be found in Enclosure 1.

PLANNING COMISSION MEETING RESULTS:

A Planning Commission Meeting was held in the Louisa County Public Meeting Room on October 9, 2025, at 7:00PM at which one citizen raised concerns about the visual impact of the proposed rezoning. The Planning Commission therefore added Condition 10 (Vegetative Screening Buffer) after discussion with both the applicant and the concerned citizen.

PLANNING COMISSION RECOMMENDED CONDITIONS:

The Planning Commission recommends eleven (11) conditions listed below for the Board of Supervisors Consideration:

1. Lighting. All design and use of exterior lighting shall comply with the International Dark-Sky Association and shall be labeled as such on the site plan sketch.
2. Permits. The applicant shall secure all necessary permits and approvals from the Louisa County Community Development Department, the Virginia Department of Transportation (VDOT), and the Virginia Department of Health (VDH) as applicable.
3. Land Disturbance. If land disturbance, which includes the addition of gravel, asphalt, or the grading of land, meets or exceeds 10,000 square feet of area, an erosion and sediment control plan must be prepared and submitted to the County for review and approval, prior to any land disturbing activities commencing on-site.
4. Buffer. The Property Owner must meet vegetative buffer requirements as defined by Louisa County Land Development Regulations.
5. Spill Plan. The Property owner will maintain a fuel and chemical spill plan on site. Oil absorbent pads, booms, and quick dry materials will be stored both inside and outside the repair shop. Campground employees will be trained to use these items in case of a spill event that occurs outside of business hours.
6. Ground Cover. All areas not occupied by buildings, structures, driveways and parking shall be covered with one or more of the following: lawn grass, natural shrubbery, plants, trees, or a vegetation combination as agreed upon by the Zoning Administrator and owner.
7. Inspections. The Board of Supervisors or their designated representative shall have the right to inspect the site at any reasonable time without prior notice.
8. Permit Revocation. Violation of any conditions contained herein shall be grounds for revocation of the Conditional Use Permit.
9. Knox Box. The Property Owner will install a Knox Box for Fire & EMS on the building, being used for recreational vehicles sales and service.

10. Vegetative Screening Buffer. The Property Owner will maintain a vegetative buffer as defined by the Land Development Regulations Section 86-13 of fifty (50) feet in width adjacent to TMP16-32, 16-33, 16-34, and 16-35
11. Entrances. The Property Owner will be allowed no more than three (3) entrances on Route 522 for TMP 16-31.

NOTICE TO TEMPORARY CONDITIONAL USE PERMIT APPLICANTS

In accordance with Section 86-91, of the Louisa County Zoning Ordinance, any Temporary Conditional Use Permit granted shall be considered canceled if the applicant does not avail himself/herself of the privilege within ninety (90) days from the date of issuance of the Temporary Conditional Use Permit.

Narrative for the Public Facilities Plan

Our goal is to provide a recreational sales and service facility for the public in a convenient location to Lake Anna - where they often need it most.

Patrons will be able to turn right off of 522 and access a mechanic that can service any recreational vehicles. The shop will also be able to provide state inspections for the community.
