Waterworks: Mineral, Town of
PWSID No: 2109525

October 7, 2026

Nicole Washington, Town Manager
PO Box 316
Mineral, VA 23117

Dear Ms. Washington,

We have reviewed the revised Stage 2 Disinfectants and Disinfection Byproducts (D/DBP) Rule monitoring plan for the subject waterworks dated October 5, 2026. The plan meets the requirements of the *Waterworks Regulations* and is approved. A copy of the approved plan is enclosed.

Your waterworks is now under routine monitoring for disinfection byproducts. Your next annual samples for disinfection byproducts are due to be collected in August of 2027.

If you have any questions regarding this matter, please contact Lydia Belser, Environmental Specialist Senior, at (804) 910-6111 or via email at Lydia.belser@vdh.virginia.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "JR", written over a horizontal line.

James Reynolds, P.E., Field Director
Richmond Field Office

DISINFECTANTS / DISINFECTION BYPRODUCTS MONITORING PLAN

Waterworks Name:	Mineral, Town of
PWSID #:	2109525
Source Type:	Ground Water Wells and Consecutive Connection
Population Served:	478

DISINFECTANT RESIDUALS

1. Refer to the approved Bacteriological Sample Siting Plan (BSS) for specific requirements.
2. The disinfectant residual will be measured at the same time and from the same location as each routine bacteriological sample, as identified in the current Bacteriological Sample Siting Plan.
3. Compliance will be calculated in accordance with the *Waterworks Regulations*.
4. The disinfectant residual will be reported to Office of Drinking Water by the certified laboratory via the Compliance Monitoring Data Portal (CMDP) by the 10th of the month following the month during which samples were taken. The disinfection residual results will be reported by the laboratory along with the bacteriological results.

DISINFECTION BYPRODUCTS - TTHM and HAA5 *(Insert the appropriate template)*

GROUNDWATER SYSTEM, POPULATION < 500

1. For routine monitoring, annual disinfection byproduct samples will be taken at the location listed below. The dual TTHM and HAA5 samples will be taken during normal operations in August.

Site ID	Site Location / Address	Comments
DBP02	Town Hall	Dual TTHM and HAA5

2. Compliance calculations for the Location Running Annual Average (LRAA) and the Operational Evaluation Level (OEL) will be made in accordance with the *Waterworks Regulations*.
3. The location, date, and result of each sample taken will be reported to Office of Drinking Water by the certified laboratory via the Compliance Monitoring Data Portal (CMDP) by the 10th of the month following the month that test results are received, or the 10th day following the end of the monitoring period, whichever is sooner.
4. Analyses shall be made by a certified laboratory.
5. If a waterworks qualifies for reduced monitoring, this plan shall be amended to include the locations and time of such monitoring.
