### **\*OFFICIAL ELECTRONIC COMMUNICATION- NO HARD COPY TO FOLLOW\*** **NOTICE OF ALLEGED VIOLATION**

SUBJECT: Louisa County  
Waterworks: Abundant Love Child  
Development Center  
PWSID No: 2109150

February 23, 2026

Wade Richmond, Owner  
8301 Eden Street  
Richmond, VA, 23228

Re: Major Routine Monitoring Failure under RTCR

Dear Mr. Richmond,

This notice is to advise that you appear to be operating a waterworks in violation of the Public Water Supplies Law, Title 32.1, Chapter 6, Article 2 of the Code of Virginia, and Section 12VAC5-590-370 A 1 of the Virginia Waterworks Regulations (“Regulations”) for failing to collect any of the required bacteriological samples during the January 2026 monitoring period. The Regulations characterize this alleged violation as a Tier 3 violation.

Section 12VAC5-590-370 A 1 states, in part, “The owner shall collect total coliform samples at specific sites and according to a schedule that is representative of water quality throughout the distribution system, which shall be documented in a written [bacteriological sample siting plan]. The [bacteriological sample siting plan] shall be established or approved by the [Virginia Department of Health]....”

One (1) bacteriological sample was required to be collected during the January 2026 monitoring period, and none were collected.

## **Required Actions**

In accordance with Section 12VAC5-590-540 of the Regulations, you are required to issue a Tier 3 public notice (“Notice”) to the consumers in the area served by the waterworks in accordance with the public notification requirements described below:

**Public Notice:** The Notice requires you to notify consumers in the area served **within 12 months** of learning of the violation. This Notice must be handled as follows:

- You must distribute the Notice no later than **February 23, 2027**.
- The Notice must be mailed or directly delivered to each customer receiving a bill, and to other service connections served by your waterworks.
- If your waterworks serves consumers who do not pay water bills, or who do not have service connection addresses (apartment dwellers, university students, or nursing home patients, for example), you must also use other delivery methods to provide the Notice to these consumers as well. Examples of other methods include, but are not limited to, publication in local newspapers, delivery of multiple copies to apartment buildings, or posting the Notice in public places served by the waterworks.
- Until the violation is resolved, you must give a copy of the Notice to all new billing units or new customers, before or at the time service begins.
- You must repeat distribution of the Notice annually for as long as the violation persists.

**Draft Notice:** Attached is a draft Notice for you to distribute as directed above. You may use this Notice as is, or modify it to better meet your situation, as long as the information is accurate and it contains all of the required elements and mandated language. If you decide to change the Notice, we suggest that you contact this Office to verify that your proposed changes meet the requirements of the Regulations. Please insert the name, address, and phone number of a waterworks representative in the spaces provided on the draft Notice.

**Public Notice Confirmation:** Within ten (10) days of completing the public notification, but **no later than March 5, 2027**, you must provide this Office with a copy of the Notice that you distributed, along with a signed certification that the distribution was completed in the required time and manner. Failure to distribute the Notice and submit a signed certification form to this Office may be a further violation of the Regulations. A certification form is enclosed for your use.

**Follow-Up Actions:** Collect and analyze one (1) bacteriological sample as soon as possible for the February 2026 monitoring period. Ensure that the results are uploaded by **March 10, 2026**.

**Requesting an Administrative Proceeding:** If you disagree with the allegations in this notice or wish to obtain a determination as to whether a violation has occurred, you may request an informal conference in accordance with Va. Code § 2.2-4019 and 12VAC5-590-115 of the Regulations. To request an informal conference, please contact the ODW Director of Compliance, Enforcement and Policy by telephone or email at 804-629-0989 or [Grant.Kronenberg@vdh.virginia.gov](mailto:Grant.Kronenberg@vdh.virginia.gov).

**Enforcement Authority:** Failure to take all the necessary corrective actions in a timely manner to voluntarily return your waterworks to compliance may result in enforcement action. Enforcement actions include permit revocation, administrative orders, and civil or criminal proceedings, and civil

charges or penalties of up to \$5,000 per day for each violation. Va. Code §§ 32.1-26, 32.1-27, 32.1-175.01 and 32.1-176.

If you have any questions or concerns regarding this matter, please contact me at (804) 910-6111 or email at [Lydia.belser@vdh.virginia.gov](mailto:Lydia.belser@vdh.virginia.gov).

Sincerely,  

Lydia Belser, Envi. Spec. Sr  
Richmond Field Office

**NOTICE TO CONSUMERS  
of the Abundant Love Child Development Center WATERWORKS**

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**

**Major Routine Monitoring Failure under RTCR**

Our water system recently failed to comply with the requirement to collect bacteriological samples in accordance with our approved bacteriological sample siting plan (BSSP). Although this situation does not require that you take immediate action, as our customers, you have a right to know what happened, what you should do, and what we did (are doing) to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During January 2026, we did not collect any of the required bacteriological samples, and therefore we cannot be sure of the quality of your drinking water during that time

**What should I do?**

There is nothing you need to do at this time. You may continue to drink the water. If a situation arises where the water is no longer safe to drink, you will be notified within 24 hours.

**What is being done?**

We are collecting the routine sample for February 2026.

For more information, please contact Wade Richmond at 804-266-8194 or 8301 Eden Street Richmond, VA, 23228.

*\*Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.\**

This notice is being sent to you by Abundant Love Child Development Center.
