XI. Adjournment

The Louisa County Board of Supervisors reserves the right to amend and/or change the Agenda the day of the meeting.

BY ORDER OF:
DUANE A. ADAMS, CHAIRMAN
BOARD OF SUPERVISORS
LOUISA COUNTY, VIRGINIA

Board of Supervisors
County of Louisa
Monday, June 15, 2026
Louisa County Public Meeting Room
5:00 PM

CALL TO ORDER - 5:00 P.M.

Chairman Adams called the June 15, 2026, meeting of the Louisa County Board of Supervisors to order at 5:00 p.m.

Attendee Name	Title	Status	Arrived
Tommy J. Barlow	Mountain Road District Supervisor	Present	5:00 PM
Fitzgerald A. Barnes	Patrick Henry District Supervisor	Present	5:00 PM
Christopher C. McCotter	Cuckoo District Supervisor	Present	5:00 PM
H. Manning Woodward, III	Louisa County Supervisor	Present	5:00 PM
R. T. Williams	Jackson District Supervisor	Present	5:00 PM
Duane A. Adams	Mineral District Supervisor	Present	6:00 PM
Rachel G. Jones	Green Springs District Supervisor	Present	5:00 PM

Others Present: Christian Goodwin, County Administrator; Chris Coon, Deputy County Administrator; Patricia Smith, County Attorney; William Newman, Assistant County Attorney; Alexandra Stanley, Executive Assistant/Deputy Clerk; Maggie Brakeville, Agricultural Development and Land Conservation Coordinator; and Scott Raettig, Director of Information Technology

DRAFT

CLOSED SESSION

On the motion of Vice Chairman Barlow, seconded by Supervisor Williams, which carried by a vote of 7-0 the Board voted to enter Closed Session at 5:00 p.m. for the purpose of discussing the following:

1. In accordance with §2.2-3711(A)(3), discussion or consideration of the acquisition of real property for a public purpose, or of the disposition of publicly held real property in the Louisa District, where discussion in an open meeting would adversely affect the bargaining position or negotiating strategy of the public body; and

2. In accordance with §2.2-3711(A)(8), Consultation with legal counsel employed or retained by a public body regarding specific legal matters requiring the provision of legal advice by such counsel.

REGULAR SESSION

On the motion of Supervisor Williams, seconded by Supervisor Barnes, which carried by a vote of 7-0, the Board voted to return to Regular Session at 6:00 p.m.

RESOLUTION - CERTIFICATION OF CLOSED SESSION

Voter	Role	Vote
Tommy J. Barlow	Voter	Yes/Aye

Fitzgerald A. Barnes	Seconder	Yes/Aye
R.T. Williams, Jr.	Mover	Yes/Aye
Christopher C. McCotter	Voter	Yes/Aye
Duane A. Adams	Voter	Yes/Aye
Rachel G. Jones	Voter	Yes/Aye
H. Manning Woodward, III	Voter	Yes/Aye

On the motion of Supervisor Williams, seconded by Supervisor McCotter, which carried by a vote of 7-0, the Board voted to adopt the following resolution:

WHEREAS, the Louisa County Board of Supervisors has convened a Closed Meeting this 15th day of June 2026, pursuant to an affirmative recorded vote and in accordance with the provisions of the Virginia Freedom of Information Act; and

WHEREAS, §2.2-3712 of the Code of Virginia requires a certification by the Louisa County Board of Supervisors that such closed meeting was conducted in conformity with the Virginia Law.

NOW, THEREFORE BE IT RESOLVED on this 15th day of June 2026, that the Louisa County Board of Supervisors does hereby certify that, to the best of each member's knowledge, (i) only public business matters lawfully exempted from open meeting requirements by Virginia law were discussed in the closed meeting to which this certification resolution applies, and (ii) only such public business matters as were identified in the motion convening the closed meeting was heard, discussed or considered by the Louisa County Board of Supervisors.

DRAFT

ADMINISTRATIVE ITEMS - 6:00 P.M.

INVOCATION

Supervisor McCotter led the invocation, followed by the Pledge of Allegiance.

ADOPTION OF AGENDA

On the motion of Supervisor Williams, seconded by Supervisor Barmes, which carried by a vote of 7-0, the Board voted to adopt the agenda, as presented, with no changes.

MINUTES APPROVAL

Board of Supervisors Regular Meeting Minutes – June 1, 2026

On the motion of Supervisor Barnes, seconded by Supervisor McCotter, which carried by a vote of 7-0, the Board voted to approve the minutes of the June 1, 2026, regular meeting.

BILLS APPROVAL

Resolution – To Approve the Bills for the First Half of June 2026

On the motion of Supervisor Barnes, seconded by Supervisor Williams, which carried by a vote of 7-0, the Board adopted a resolution approving the bills for first half of June 2026.

CONSENT AGENDA ITEMS

On the motion of Supervisor Barnes, seconded by Supervisor Williams, which carried by a vote of 7-0, the Board voted to adopt the Consent Agenda as follows:

1. Resolution – Authorizing the Lousia County Airport to Apply for a State Aviation Grant for an Airport Rotating Beacon Light
2. Resolution – To Approve and Award a Contract for Fire Alarm Monitoring Services
3. Resolution – To Approve a Pass Through Appropriation for Insurance Proceeds
4. Resolution – Authorizing a Pass Through Appropriation to the Louisa Cunty Airport for Federal & State Aviation Grants for an Airport Master Plan Update
5. Resolution – Authorizing the Fire & EMS Department to Apply for an Assistance for Firefighter Grant

RECOGNITIONS
(None)

PUBLIC COMMENT PERIOD

Chairman Adams opened the public comment period. With no one wishing to speak, Chairman Adams closed the public comment period.

Supervisor Williams requested clarification on the Route 33 paving project and the County's plans for preserving a portion of the Hamilton Road Bridge.

Staff explained that preserving a section of the historic bridge was discussed with the Green Springs Historic District as a way to commemorate the bridge's history.

Supervisor Williams also asked about the paving schedule for Route 601 and was advised that the entire section from Route 33 to Route 522 is expected to receive an overlay.

Board members thanked VDOT for recent road repairs throughout the County, including work on Oakland Road, Moody Town Road, Route 15 guardrails, Millpond Bridge, and other maintenance projects. Several supervisors requested continued attention to roadway conditions, including repairs near Ferncliff, Zion Road, and maintenance of the Zion Crossroads interchange, noting its importance as a gateway into the County. They also encouraged Mr. Simpson to continue the Road Study Committee established by his predecessor.

Supervisors expressed support for the approved traffic signal at the intersection of Kentucky Springs Road and Haley Drive and asked whether the public could receive advance notice of oversized loads traveling to Lake Anna and the technology campus. Additional questions were raised about the Hamilton Road Bridge construction schedule and whether traffic signal timing could be adjusted during the Route 33 detour to improve traffic flow through the Town of Louisa. The Board also requested that VDOT pursue directional signage to Lake Anna at the interchange in Culpeper.

Chairman Adams devoted significant discussion to the recent Route 33 closure, expressing the Board's frustration with the lack of timely communication regarding the project. He stated that while the County had been aware a summer closure was anticipated, neither County staff nor the

DRAFT

Board received adequate notice of the specific closure dates, resulting in numerous calls from concerned residents. Chairman Adams emphasized that the primary issue was communication rather than the project itself and stressed that the County and VDOT must work together to provide timely, accurate information to the public. He requested improved coordination on future projects and urged VDOT to proactively communicate road closures and traffic impacts so residents have sufficient time to prepare.

Mr. Simpson acknowledged the concerns raised by the Board, noting that he had only recently assumed his position and inherited the Route 33 project. He committed to improving communication and coordination with County staff and the Board moving forward.

Chairman Adams welcomed him to Louisa County, stating that the Board looked forward to working collaboratively with him while maintaining open and honest communication on transportation issues.

INFORMATION/DISCUSSION ITEMS

Presentation – VDOT Quarterly Update

Mr. Craig Simpson introduced himself as Louisa County's new Resident Engineer, noting that he previously served in VDOT's Fredericksburg District and is looking forward to building a strong working relationship with the Board.

He reported that the environmental review is underway for the Rural Rustic Road project on Route 645 (Poplar Avenue). Maintenance activities have included repairing more than 2,000 potholes, cleaning ditches, completing shoulder repairs, right-of-way mowing, pipe replacements, and ongoing paving and asphalt patching throughout the county. He also noted that the Land Use section has completed seven site plans and reviewed 66 utility permits.

Mr. Simpson provided updates on several projects, stating that construction on the Hamilton Road Bridge is expected to begin immediately with completion anticipated this fall, and that a portion of the bridge abutment will be preserved for the County. He also reported that the traffic signal warrant for the intersection of Kentucky Springs Road and Haley Drive has been approved and is moving forward through the design process.

Regarding the Route 33 culvert replacement, Mr. Simpson explained that the detour had been implemented and clarified that the work is a permitted private development project, not a VDOT project. He said the project is expected to be completed by July 31, before the start of the school year.

In closing, Mr. Simpson acknowledged past communication challenges related to the Route 33 project and emphasized his commitment to improving coordination and maintaining open communication with Louisa County moving forward.

SUPERVISOR COMMENTS

Patrick Henry District

Supervisor Barnes stated that he had emailed Board members regarding a legislative issue he would like to discuss during the County's upcoming meetings with state legislators. He explained that, after completing a survey from an Old Dominion University professor regarding Virginia's Dillon Rule, he reflected on the limitations it places on local governments.

Supervisor Barnes expressed concern that many residents spend their working lives paying off their homes so they can retire without a mortgage, only to face steadily increasing real estate assessments that result in higher property taxes. He stated that older residents living on fixed incomes should not have to worry about being priced out of homes they have already paid for because of rising assessments.

He suggested that the General Assembly consider providing localities with the authority to freeze property assessments for qualifying senior citizens who have lived in the County for a specified period of time. He emphasized that this would not eliminate property taxes but would prevent assessments from continuing to increase, allowing older residents to remain in their homes without the financial burden of escalating tax bills.

Mineral District

Chairman Adams addressed recent public concerns regarding the County's drought-related water restrictions, clarifying that the restrictions issued by the Louisa County Water Authority for the Zion Crossroads and Lake Anna well service areas are the result of drought conditions affecting the County's groundwater wells, not the construction of data centers. He explained that the data centers currently under development are not yet drawing water from the Water Authority's system and, once operational, will be served by the Northeast Creek Reservoir rather than the well systems subject to the restrictions. He further noted that Northeast Creek Reservoir remains in good condition and has sufficient capacity to meet the needs of existing customers, the Towns of Louisa and Mineral, and future data center operations. He also pointed out that a large commercial customer had recently used significantly more water than anticipated from the reservoir without negatively impacting its water supply, emphasizing that everyone is subject to the same water conservation measures whenever restrictions are implemented.

Chairman Adams also provided an update on the proposed Valley Link transmission project, stating that the County and Planning Commission will jointly submit a letter to PJM requesting additional information while reaffirming the County's opposition to the project. He added that Louisa County will continue working with neighboring localities through a regional coalition to oppose the project, noting that additional counties are expected to contribute funding toward the ongoing legal effort. He thanked community members for their continued grassroots leadership and support.

Louisa District

Supervisor Woodward stated for clarification regarding Chairman Adams' comments on water usage, that the Water Authority had previously advised the Board that, if water shortages were

DRAFT

ever to occur, residential customers would always receive priority over data centers. Chairman Adams affirmed that protecting the health and safety of residents is the Water Authority's highest priority.

Supervisor Woodward also addressed recent public discussions regarding a 1998 study of the County's aquifer, noting that he was unfamiliar with the report but understood that County staff were researching it. He explained that groundwater aquifers supply private wells, while the Northeast Creek Reservoir is a surface water reservoir that collects stormwater runoff and is not connected to the aquifer. He further clarified that Amazon's data centers will only use water for cooling when the outdoor temperature reaches 88 degrees and noted that information regarding the facilities' water usage is available in the Virginia Department of Environmental Quality materials included in a recent Board packet. He added that technological improvements continue to reduce the amount of water required for cooling operations.

Green Springs District

Supervisor Jones commented on the recently discussed 1998 water study, she believed it likely related to groundwater and aquifer concerns associated with development in the western portion of the County, including Spring Creek. She recalled that groundwater availability and deep wells were significant issues during that period and said she looked forward to learning more once the report is reviewed.

Supervisor Jones also highlighted several recent community events. She congratulated the Louisa County Chamber of Commerce on a successful Business Person of the Year banquet, recognizing Lori Nichols of Bethel Builders, Brews & Farms for receiving the award. She expressed enthusiasm for the progress of the Fluvanna-Louisa Housing Foundation's affordable housing project, noting that the first four homes have been completed and recognizing the Housing Foundation and private donors for their support. Finally, she commended the Town of Louisa and Mayor Michael for hosting a successful Sunset Market, stating that the event brought residents together, supported local businesses, and contributed to the vitality of the community.

Cuckoo District

Supervisor McCotter encouraged residents to attend two community events taking place on June 20. He highlighted the Lake Anna Business Partnership Car Show at Pleasants Landing, noting that proceeds from the event support the organization's Young Leaders Scholarship Fund, which provides three $2,000 scholarships to students in Louisa, Orange, and Spotsylvania counties. He also promoted the African American Heritage Festival at Moss-Nuckols Elementary School, describing it as an enjoyable community event that he has attended in the past.

REPORTS OF OFFICERS, BOARDS AND STANDING COMMITTEES

Committee Reports

(None)

Board Appointments

(None)

County Administrator's Report

County Administrator Christian Goodwin introduced a newly redesigned format for the County Administrator's Report, thanking Ms. Alexandra Stanley for reorganizing the report to make it

DRAFT

more user-friendly and easier to understand. He noted that the County is closely monitoring developments with the state budget, as proposed amendments could have financial impacts on local governments.

Mr. Goodwin also reported that improvements have been completed at the Holly Grove Fire Station, including the installation of a new communications tower to enhance radio coverage in the southeastern portion of the County and paving work at the station. He announced that a ribbon-cutting ceremony for the new tower will be held on July 12 at 3:00 p.m., followed by the Holly Grove Rescue Squad banquet at 4:00 p.m.

In closing, Mr. Goodwin encouraged residents to participate in Fourth of July celebrations throughout Louisa County and noted that several other topics, including the Valley Link transmission project, had already been addressed during the Board's supervisor comments.

PUBLIC HEARINGS

Ordinance – Amending Chapter 86 Land Development Regulations – Proposed Addition – Trevilian Station Agricultural and Forestal District

Ms. Maggie Brakeville provided an update on the County's Agricultural and Forestal District Program, reporting that since December 2025 the County has received 21 applications totaling 8,076.048 acres. She noted that the Board had already approved 3,078.5 acres and would consider an additional 1,797 acres during the current meeting, leaving approximately 5,000 acres still to come before the Board over the next several months. She added that applications are still being accepted and that she has additional meetings scheduled with prospective applicants. The average application size has been approximately 384.5 acres, reflecting strong participation in the program.

Ms. Brakeville stated that the current level of interest is among the highest the County has seen. She explained that when the South Anna, Patrick Henry, and Green Springs Agricultural and Forestal Districts were established in 1998, a record 9,693 acres were enrolled in a single year. With only 1,618 additional acres needed to surpass that record, she expressed optimism that 2026 could become the largest enrollment year in the program's history. She thanked the Board for its continued support of the Agricultural and Forestal District Program and recognized the many landowners choosing to preserve their agricultural and forest lands through participation.

Ms. Brakeville then presented the first Agricultural and Forestal District application for Trevilians Station, submitted by Charlotte Morford and Hooves and Paws Animal Rescue. The request would add 53.833 acres consisting of two A-1 zoned parcels adjoining the southern portion of the existing Trevilians Station Agricultural and Forestal District. She explained that the property is designated as Rural in the Comprehensive Plan and is currently used for pasture, horticultural crops, and livestock, making it consistent with the purposes of the Agricultural and Forestal District Program.

Chairman Adams opened the public hearing. With no one wishing to speak, Chairman Adams closed the public hearing.

On the motion of Supervisor Barnes, seconded by Supervisor Williams, which carried by a vote of 7-0, the Board voted to approve the proposed addition to the Trevilian Station Agricultural and Forestal District.

DRAFT

Ordinance – Amending Chapter 86 Land Development Regulations – Proposed Addition – Shelton's Mill Agricultural and Forestal District

Ms. Maggie Brakeville presented a proposed amendment to the Shelton's Mill Agricultural and Forestal District to add approximately 157.49 acres owned by Sidney Barbee Cox, consisting of two parcels zoned A-1 and A-2. She explained that the property is located along the Louisa-Hanover County line, is designated Rural in the Comprehensive Plan, and is currently used for timber production and crop cultivation. The application was recommended for approval by both the Agricultural and Forestal Advisory Committee and the Planning Commission.

During the discussion, Supervisor Barlow questioned the fact that the property is located approximately 3.75 miles from the existing Shelton's Mill Agricultural and Forestal District and asked whether the separation would have any impact on intervening properties. Ms. Brakeville explained that state law allows qualifying properties to be added under the Agricultural and Forestal Significance provisions, regardless of distance, and confirmed that the addition would have no negative impact on surrounding or intervening landowners. She added that, if anything, it could provide additional opportunities for nearby qualifying properties to join an Agricultural and Forestal District in the future.

Chairman Adams opened the public hearing. With no one wishing to speak, Chairman Adams closed the public hearing and brought it back to the Board for discussion.

On the motion of Supervisor Barlow, seconded Supervisor Williams, which carried by a vote of 7-0, the Board voted to approve the proposed addition to the Shelton's Mill Agricultural and Forestal District.

Ordinance – Amending Chapter 86 Land Development Regulations – Proposed Addition – Indian Creek Agricultural and Forestal District

Ms. Maggie Brakeville presented a proposed amendment to the Indian Creek Agricultural and Forestal District to add 1,332.939 acres consisting of 12 parcels owned by Brandy Cox Douglas, Lindsay Cox, Sydney Barbie Cox, and SB Cox, Inc. She explained that the proposed addition includes both northern and southern parcels located in the Cuckoo Voting District. The properties are designated Rural in the Comprehensive Plan and are currently used for cattle, pasture, timber, and crop production. The application was recommended for approval by both the Agricultural and Forestal Advisory Committee and the Planning Commission.

During the discussion, it was asked whether the applicants owned the existing Indian Creek Agricultural and Forestal District. Ms. Brakeville clarified that while the applicants do not own the existing district, they own surrounding properties that adjoin it and are seeking to add those lands to the district.

Chairman Adams opened the public hearing. With no one wishing to speak, Chairman Adams closed the public hearing and brought it back to the Board for discussion.

On the motion of Supervisor McCotter, seconded by Supervisor Williams, which carried by a vote of 7-0, the Board voted to approve the proposed amendment to the Indian Creek Agricultural and Forestal District.

DRAFT

Ordinance – Amending Chapter 86 Land Development Regulations – Proposed Addition – Gold Mine Creek Agricultural and Forestal District

Ms. Maggie Brakeville presented a proposed amendment to the Gold Mine Creek Agricultural and Forestal District to add 253.626 acres consisting of eight A-1 zoned parcels owned by James and Catherine Kane. She explained that the property adjoins the existing Gold Mine Creek Agricultural and Forestal District, is designated Rural in the Comprehensive Plan, and is currently used for cattle, crop production, hay, pasture, and timber. The application was recommended for approval by both the Agricultural and Forestal Advisory Committee and the Planning Commission.

Chairman Adams opened the public hearing. With no one wishing to speak, Chairman Adams closed the public hearing and brought it back to the Board for discussion.

On the motion of Supervisor Woodward, seconded by Supervisor Williams, which carried by a vote of 7-0, the Board voted to approve the proposed addition to Gold Mine Creek Agricultural and Forestal District.

Ordinance – Amending Chapter 86 Land Development Regulations – Add Section 86-44. Conditional Use Permits for Electric Transmission Facilities

Deputy County Administrator Chris Coon presented a proposed ordinance amending Chapter 86 of the Land Development Regulations to establish a Conditional Use Permit (CUP) requirement for certain electric transmission infrastructure. He explained that the amendment implements the policies recently adopted as part of the Comprehensive Plan addendum regarding electric transmission facilities and provides the County with a mechanism to review infrastructure associated with transmission projects that falls under local jurisdiction, such as substations and related facilities.

During the discussion, Board members sought clarification on the proposed 69-kilovolt (kV) threshold. Mr. Coon explained that the Planning Commission recommended lowering the threshold from 115 kV to 69 kV because, while 69-kV lines are not commonly used as major transmission lines, the lower threshold ensures that associated substations and supporting infrastructure would be subject to the County's Conditional Use Permit process if local approval is required.

Mr. Coon also clarified that the ordinance does not regulate electric transmission lines themselves, which are approved by the State Corporation Commission or the Federal Energy Regulatory Commission, but instead applies to facilities over which the County retains land use authority. Board members noted that the amendment provides another tool to help the County maintain local oversight of projects such as the proposed Valley Link transmission line.

Chairman Adams opened the public hearing. With no one wishing to speak, Chairman Adams closed the public hearing and brought it back to the Board for discussion.

On the motion of Supervisor Williams, seconded by Supervisor Barnes, which carried by a vote of 7-0, the Board voted to Amending Chapter 86 Land Development Regulations to add Section 86-44. Conditional Use Permits for Electric Transmission Facilities.

DRAFT

ADJOURNMENT

On the motion Supervisor Barnes, seconded by Supervisor Williams, which carried by a vote of 7-0, the Board voted to adjourn the June 15, 2026, meeting at 7:02 p.m.

BY ORDER OF:
DUANE A. ADAMS, CHAIRMAN
BOARD OF SUPERVISORS
LOUISA COUNTY, VIRGINIA

DRAFT

BOARD OF SUPERVISORS
COUNTY OF LOUISA
RESOLUTION

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 6th day of July 2026, at which the following members were present, the following resolution was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

A RESOLUTION TO APPROVE THE BILLS FOR THE SECOND HALF OF JUNE 2026

WHEREAS, the Louisa County Board of Supervisors, by a resolution adopted April 28, 2025, approved the budget for the County of Louisa for the Fiscal Year 2025-2026; and

WHEREAS, the Louisa County Board of Supervisors, by resolution, appropriated funds to be expended during the Fiscal Year 2025-2026 on May 5, 2025, in accordance with the approved budget; and

WHEREAS, the checks listed for the second half of June 2026 represent payments of invoices which are within the original appropriated amounts and/or supplemental appropriated amounts.

NOW, THEREFORE, BE IT RESOLVED, on this 6th day of July 2026, that the Louisa County Board of Supervisors hereby approves the bills for the second half of June 2026 for the County of Louisa and are hereby approved for payment for the County of Louisa in the amount of $1,613,690.49.

COUNTY OF LOUISA

MEMORANDUM

TO: The Honorable Members of the Board of Supervisors

FROM: Sam Massie, Purchasing Officer
Cindy King, Community Engagement and Tourism Manager

CC: Christian Goodwin, County Administrator

DATE: June 11, 2026

RE: A Resolution to Approve and Award the Contract for Branding for Signage & Art, Plus Roundabout Feature Art Design & Installation

---

I. Background:

a. Project Description

The County of Louisa is seeking proposals from qualified firms or creative teams to provide a cohesive visual brand design that can be used for County gateway signage, wayfinding, and adaptable applications across public artwork (including murals and sculptures); and design, fabrication, and installation of a permanent public feature art for the Wares Crossroads roundabout,

b. Need

The County recently approved a Public Outdoor Art Program as part of its tourism strategy to celebrate local character and enhance visitor experience through public art. Gateway signage updates are also planned and will incorporate a unifying artistic identity. The County already maintains a sign fabrication and installation contract; however, the County does not have an existing contract for public art design or for roundabout feature art work.

c. Project Budget

Funds for such services are included in the Transit Occupancy Tourism account, under GL# 0110-11081650-458460.

d. Request for Proposals

On February 6, 2026 the County issued a Request for Proposals inviting qualified vendors to submit proposals to provide Branding for Signage & Art, Plus Roundabout Feature Art Design & Installation. Louisa County will select the

vendor(s) who they determine most closely satisfies the needs of the County. There is no requirement for acceptance of the lowest cost of service offered, and specific requirements may be waived or amended at the discretion of the County.

e. The Selection Committee consisted of Cindy King, Community Engagement and Tourism Manager, and Sam Massie, Purchasing Officer.

II. Current Situation:

a. Proposals

A Request for Proposals was issued on February 6, 2026. Two (2) proposals were received by the closing date of March 19, 2026.

- Letterpress Communications, LLC
- Moon'k Films Devoted

b. Short Listed Firms

Negotiations and interviews with the following firms were conducted:

- Letterpress Communications, LLC

c. Selected Firm

After careful consideration, Letterpress Communications, LLC was determined to be the most qualified firm to meet the needs of the County.

d. Justification

Letterpress Communications, LLC has provided similar services for multiple localities in Virginia. Their proposal showed a viable timeline and they have experience with community engagement to provide the best product for each location.

When asked, they proposed several ways their firm would work to meet budget restrictions, including coordinating efforts with Louisa County staff and grants.

III. Recommendation

The recommendation is for the Board of Supervisors to approve and award a contract for Branding for Signage & Art, Plus Roundabout Feature Art Design & Installation with Letterpress Communications, LLC for a period of one year beginning July 7, 2026 and ending July 7, 2027, with the option to renew for four additional one year terms.

A RESOLUTION AUTHORIZING A PASS THROUGH APPROPRIATION TO THE LOUISA DOWNTOWN DEVELOPMENT CORPORATION FOR THE VIRGINIA COMMISSION FOR THE LOCAL GOVERNMENT CHALLENGE GRANT

WHEREAS, the Louisa Downtown Development Corporation (LDDC) has been raising funds since 2004, for the Louisa Arts Center located within Louisa Town Hall, which consists of a theater, an art gallery, and art education classrooms; and

WHEREAS, the LDDC has applied for and was awarded a $4,500 Local Government Challenge Grant from the Virginia Commission for the Arts using the County of Louisa as a pass through on behalf of the LDDC for the Louisa Arts Center; and

WHEREAS, the grant award requires a $4,500 local match, in which the Louisa Arts Center will satisfy without requiring any additional funding from the County; and

WHEREAS, this funding was not included in the 2026 budget process and the County needs to appropriate the $4,500 received from the State at this time.

NOW, THEREFORE, BE IT RESOLVED, on this 6th day of July 2026, the Louisa County Board of Supervisors hereby authorizes a pass through appropriation to the Louisa Downtown Development Corporation for the Louisa Arts Center (GL# 20272000-456460-C7101) in the amount of $4,500. The source of this funding is the Virginia Commission for the Arts Local Government Challenge Grant (GL # 0202R24-324040-C7101).

BE IT FURTHER RESOLVED, that the Louisa County Board of Supervisors hereby authorizes payment of $4,500 to the Louisa Downtown Development Corporation for this grant funding at this time.

A RESOLUTION APPROVING THE PARKS AND RECREATION FACILITY FEE SCHEDULE, SYNTHETIC TURF FIELD RULES, AND PARKS AND RECREATION FACILITY AND FIELD RENTAL CONTRACT

WHEREAS, the Department of Parks and Recreation has developed an updated Parks and Recreation Facility Fee Schedule to reflect the County's current facility offerings, establish rental rates for the County's new synthetic turf fields, and incorporate the Louisa Fairgrounds as a reservable County facility; and

WHEREAS, the Department has developed Synthetic Turf Field Rules to establish standards for the safe, responsible, and consistent use of the County's synthetic turf fields and to protect the County's investment in these facilities; and

WHEREAS, the Department has updated the Parks and Recreation Facility and Field Rental Contract to reflect the current facility inventory, fee schedule, and operational requirements; and

WHEREAS, the Louisa County Board of Supervisors has reviewed the proposed Parks and Recreation Facility Fee Schedule, Synthetic Turf Field Rules, and Parks and Recreation Facility and Field Rental Contract and finds that these updates will support the effective management and

long-term sustainability of County recreational facilities.

NOW, THEREFORE, BE IT RESOLVED, on this 6th day of July, 2026, that the Louisa County Board of Supervisors hereby:

- Approves the Parks and Recreation Facility Fee Schedule, including rental rates for the County's synthetic turf fields, lighting fees, and the Louisa Fairgrounds;
- Approves the Synthetic Turf Field Rules for the operation and use of the County's synthetic turf facilities; and
- Approves the Parks and Recreation Facility and Field Rental Contract for use by the Department of Parks, Recreation, and Tourism.

BE IT FURTHER RESOLVED that the County Administrator, or his designee, is authorized to implement the approved fee schedule, field rules, and rental contract and to make non-substantive administrative revisions as necessary to facilitate their administration, provided such revisions do not alter the intent or substance of the documents approved by the Board.

Louisa County, Virginia

COUNTY OF LOUISA

MEMORANDUM

TO: Board of Supervisors

FROM: Chris Coon, Deputy County Administrator

DATE: June 29, 2026

RE: Parks, Recreation and Tourism Facility Rental Contract & Fee Schedule Update

---

Purpose
The purpose of this memorandum is to present for the Board's consideration a proposed update to the Parks and Recreation Facility Fee Schedule, the Synthetic Turf Field Rules, and the Parks and Recreation Facility and Field Rental Contract.

Background
The Department of Parks, Recreation, and Tourism has developed a proposed update to the Parks and Recreation Facility Fee Schedule to reflect the County's current facility offerings and incorporate several new facilities and operational improvements.

Specifically, staff is requesting the Board:

- Approve the Synthetic Turf Field Rules;
- Approve the Parks and Recreation Facility Fee Schedule, including rental rates for the new synthetic turf fields and the Louisa Fairgrounds; and
- Approve the Parks and Recreation Facility and Field Rental Contract.

The proposed fee schedule establishes rental rates for existing County athletic fields, gyms, recreational facilities, and community spaces while incorporating the newly constructed synthetic turf fields at the Middle School and the Louisa Fairgrounds as reservable facilities, establishing rental rates for community events and other public uses.

As reflected in the attached fee schedule, resident rental rates for the synthetic turf fields are proposed at $75–85 per hour, with non-resident rates of $150–175 per hour, which include a $10 per hour lighting fee when applicable. Existing grass field rental rates remain unchanged, ensuring affordable recreational opportunities remain available throughout the County.

Because the synthetic turf fields represent a significant public investment, staff has also developed the attached Synthetic Turf Field Rules to establish standards for field access, approved equipment, prohibited activities, reservation requirements, and user responsibilities. These rules are intended to protect the County's investment while promoting safe and consistent use of the facilities.

Operational Considerations
Synthetic turf fields provide substantially greater durability and year-round usability than natural grass fields but require controlled access, scheduled use, and consistent oversight to maximize their useful life. Unlike traditional athletic fields, these facilities require specific operating standards to protect the playing surface and associated infrastructure.

To preserve this public investment, staff developed the attached Synthetic Turf Field Rules, which establish standards for field access, equipment, prohibited items and activities, reservation requirements, and user responsibilities.. These standards are intended to protect the facilities while ensuring they remain available for long-term community use.

Local Athletic Organization Partnerships
Staff met with local youth athletic organizations to discuss long-term scheduling and use of the new turf facilities. Those discussions have been productive and reflect the County's desire to continue its longstanding partnerships with these organizations.

Rather than requiring these organizations to utilize the standard hourly rental rates in the public fee schedule, staff intends to return to the Board with individual Memoranda of Understanding (MOUs) for consideration. These agreements establish each organization's anticipated field usage, scheduling priorities, operational expectations, and associated fees.

The proposed fee schedule should therefore be viewed as the County's standard rental schedule for public use. Long-term agreements with partner organizations would be considered separately by the Board through future MOUs.

Staff Recommendation
Staff is presenting the proposed Synthetic Turf Field Rules, Parks and Recreation Facilities and Field Rental Contract, and Fee Schedule, including turf field and lighting rates and a rental fee for the Louisa County Fairgrounds, for the Board’s consideration.

Staff will implement the direction provided by the Board and can adjust the approach based on policy preferences, priorities related to affordability, and the desired level of operational oversight.

LOUISA COUNTY SYNTHETIC TURF FIELDS

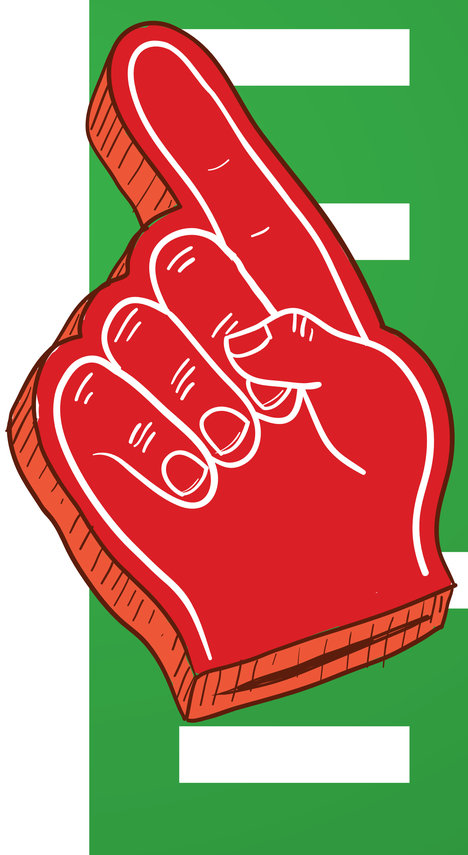
LOUISA COUNTY
PARKS, RECREATION & TOURISM

CLOSED WHEN GATES ARE LOCKED. DO NOT USE WITHOUT SUPERVISION.

The rules below are designed to protect the fields. Failure to comply with these rules may result in removal from the facility and/or cancellation of current and future reservations. Staff may exercise discretion for items without written approval that are not listed. Do not use the fields if dangerous conditions exist.

EQUIPMENT

- Approved equipment only.
- Molded or rubber cleats and athletic shoes only (no metal spikes).
- Equipment on the field, including goals and scoreboards, may not be moved by users.
- Adhere to load limits, including no more than 35PSI for transient or dynamic loads.
- All outside equipment must be approved by Parks and Recreation staff before use.



PROHIBITED ITEMS

- No sharp objects, stakes, or corner flags.
- No bicycles, skateboards, roller skates, strollers, or similar devices.
- No food, gum, seeds, or shelled nuts.
- Water only; no sports drinks.
- No tobacco products.
- No glass containers.
- No fireworks, smoke machines, portable heaters, or open flames.
- No suntan lotions, oils, or creams (apply sunscreen before entering the field).
- No chairs, tables, coolers, or other items directly on the turf.

PROHIBITED ACTIVITIES

- No golfing or chipping.
- No throwing events such as hammer, shot put, discus, or javelin.
- No digging, pulling, or disturbing turf fibers or infill.
- No digging with feet, hands, or other objects.
- No pets allowed. Service animals are permitted.
- No marking the turf with unauthorized paint or chalk.

General Facility Usage Rules & Reservation Policies

1. Users should read through all parts of this manual to become familiar with Louisa County's policies and procedures. Users must comply with federal, state, and local laws.

2. All User groups must strictly adhere to LCPS and LCPRT rules while on school / county property. This includes the prohibition of alcoholic beverages, marijuana, and illegal drugs.

3. Per Louisa County Public Schools' the use of tobacco products by school employees, students and visitors on school property is prohibited at all times, including days when school is not in session.

4. No person may sell or offer for sale, hire, or lease or let out any object or merchandise, property, privilege, service or any other thing, or engage in any business or erect any building, booth, tent, stall, or any other structure on the Schools / County property park or Louisa County public schools' property without prior written permission from the Deputy Director.

5. When leaving the County property, users are responsible for leaving facilities in the same or better condition.

6. All lights are turned off on nights preceding a school day by approximately 9:00pm.with some exceptions for Adult Leagues. Users must submit requests for extended hours in writing to the Parks and Recreation Director with their application.

7. Louisa County does not provide insurance to cover user's property or assets at school facilities or park property. Users must provide a certificate of Commercial General Liability: $1,000,000 per occurrence and $2,000,000 aggregate, naming Louisa County and Louisa County Public Schools as additional insureds with the respect to liability involving the administration, practice, or play of activities sanctioned and approved the group or association providing insurance.

8. Recreation & Parks will be responsible for all field preparation at all county-owned parks and those approved school sites designated for play. Practice-only locations will not be lined. Users may not construct, add to, or tamper with any field or facility.

Louisa County Synthetic Turf-Specific Rules

1.Equipment on synthetic turf fields, including portable goals, scoreboards, and other sports equipment, may not be moved by users. Please find on-site Park personnel for assistance. All outside equipment must be checked and approved by on-site Park personnel prior to use on synthetic turf fields.

2. Animals (except service animals) are prohibited from synthetic turf fields.

3. Golfing or chipping is not permitted on synthetic turf fields. Throwing activities such as hammer, shot, discus, or javelin are prohibited.

4. Metal cleats or spikes are not permitted on synthetic turf fields; only rubber cleats are permitted.

5. No digging or pulling of synthetic turf fibers or infill granules is permitted. No digging with feet, hands, or other objects is permitted.

6. Field configurations must be submitted at least three (3) weeks prior to the user group's first scheduled game and approved by the Sports Section prior to use of synthetic turf fields.

7. In addition to Rules 1-6 above, the following items are not permitted on synthetic turf fields: (a) Bicycles, roller skates, strollers, skateboards, and similar items, (b) Food and beverage products (except water), including gum and shelled seeds or nuts, (c) Sharp objects such as tent stakes, corner flags, poles, and any other object that could penetrate or damage the surface of the field, (d) Suntan lotions, oils, and creams of any kind (please apply sunblock prior to entering turf fields), (e) Tobacco products, (f) Fireworks, smoke machines, portable heaters, and any open flame, and (g) Glass bottles and containers.

***Failure to comply with these rules may result in users being asked to leave the facility and/or cancellation of current and future reservations.**

Louisa County Goal Anchoring Policy

1. All soccer goals must be firmly secured to the ground at all times.

2. All soccer goals will be removed and/or secured by Park Services staff at the conclusion of each season.

3. Goals **larger** than eighteen (18) feet wide and smaller goals constructed of materials other than PVC must be firmly secured with an in-ground anchor at all times in accordance with the Consumer Product Safety Guidelines. Portable soccer goal posts exceeding 18 feet that do not extend into the ground must be properly secured to the ground at all times using in-ground soccer goal anchoring clamps. A minimum of three (3) soccer goal anchoring clamps must be used on each portable soccer goal. The securing of these goals will be done by Division staff.

4. Goals **less** than eighteen (18) feet wide and constructed of PVC must be anchored at all times either by an in-ground anchoring system or counter-weighted with a minimum of three (3) fifty-pound sandbags in accordance with nationally accepted standard operating procedures for the sport. Proper sandbag placement and maintenance will be the responsibility of user groups.

General Facility Usage Rules & Reservation Policies

Facility space is reserved according to availability. Therefore, facilities are NOT GUARANTEED.

LCPRT cannot guarantee capacity for the expansion or addition of associations, leagues, or teams. If an association or league is considering an expansion of teams or participants, please contact the Director to discuss feasibility.

All requests for signage must be submitted as part of the user group's application and approved by the Director or designee with the application. Signage may not interfere with use by other user groups, may not impair the aesthetic or visual qualities of the facility, including spectators' sight lines, and may not be erected or posted in a manner that could damage the facility.

Approved reservations may not be delegated, transferred, or otherwise assigned to another user without prior written permission from the Director. These requests should be submitted no less than fourteen (14) days before the scheduled date. In no instance may an approved user be compensated, monetarily or by other means, for delegating, transferring, or otherwise assigning their reservation to another group even if the transfer has been approved by the Director. Violations of this rule may result in the cancellation and/or denial of future reservations.

Ball fields (diamonds) open March 3rd for the 2026 spring season and close November 2nd. Multipurpose natural turf fields will open March 17th for the 2026 spring season and close December 7th. No natural turf fields will be scheduled outside of those dates. Synthetic turf fields are scheduled year-round.

Concussions

Louisa County Parks, Recreation & Tourism is committed to protecting and educating its participants and third parties from and about potential injuries due to concussions. For the safety of its patrons and third-party users, Louisa County Parks, Recreation & Tourism follows the NFHS "Suggested Guidelines for Management of Concussion in Sports," which has also been adopted by the Virginia High School League. To view the suggested guidelines, please go to the website listed below.
https://www.vhsl.org/sports-medicine/concussions/

Insurance

Due no later than five (5) business days prior to the league/association start date:
A copy of your certificate of insurance naming Louisa County and Louisa County Public Schools (if applicable) as additional insured and certificate holder for no less than $1,000,000 (One Million Dollars) per occurrence and $2,000,000 (Two Million Dollars) aggregate in Commercial General Liability Coverage and $1,000,000 (One Million Dollars) per occurrence and in the aggregate in Umbrella/Excess Liability Coverage. The following address(es) should be on the insurance document:

- Louisa County, 1 Woolfolk Ave, Louisa, VA 23093
- Louisa County Public Schools, 953 Davis Highway Mineral, VA 23117

Submission of Requests: Users are responsible for submitting their field rental requests and schedules to the Department's Recreation Supervisor.

Communication: All communications must be between the Recreation Supervisor and the league/association president or their designated representative. Each league/association may designate only one contact person to serve as the liaison with the County.

Inclement Weather Policy:

- In the event of inclement weather, designated Sports Personnel will make site determinations at 7:00 AM on Saturdays and Sundays regarding reservations. This decision will be recorded on the Sports Hotline at (540) 967-4449.
- On weekdays, the hotline will be updated at 3:00 PM.
- In the event of a rainout, users must contact the Recreation Supervisor within three business days to discuss rescheduling options.

- When lightning is seen or has been detected within a **10-mile radius**:
  - Evacuate all fields immediately and seek shelter.
  - The facility must close for at least 30 minutes from the last sighting or detection of lightning. After 30 minutes from the last sighting or detection of lightning, the facility must remain closed until play can safely continue.
  - If inclement weather conditions cause fields to be unsafe for play, every attempt will be made to reschedule for a later date.
  - If use has begun and inclement weather moves in, play will be delayed until fields are playable in accordance with the below standards for determining field playability.
  - If use has not begun and there is a delay due to inclement weather, facility staff will communicate with the onsite contact as to an estimated start time. If the onsite contact cannot proceed with their event due to the delay, then every attempt will be made to reschedule for a later date.

Department Authority: The Department reserves the right to cancel the use of certain fields or gyms at any time.

Scheduling and Priority:

- All users must submit their league/association schedules by the following deadlines:
  - February 1 for the March 1 – June 30 season.
  - June 1 for the July 1 – December 31 season.

- The Department will schedule fields based on the following priority:
  - Louisa County Public Schools (LCPS) and Louisa County Parks, Recreation, and Tourism (LCPRT) activities/programs.
  - All other leagues/associations, with remaining availability distributed equitably based on need.

LOUISA COUNTY PARKS, RECREATION & TOURISM

Facility Usage Policy and Guidelines

General

The Facility Use Form must be completed and returned with payment to the Louisa County Parks, Recreation & Tourism Department at least two (2) weeks prior to rental. The applicant must be 21 years of age or older to reserve a facility. The applicant must also remain on-site during the event at all times. All rentals must end by 10:00pm if they are on the weekend, and by 9:00pm during the week, unless waived in writing by Parks & Recreation Director. Pavilion rentals are daylight hours only. Any reservation requiring a County Special Event Permit will require a submitted form 60 days in advance. County facilities may not be used for gambling or any illegal activity. Smoking is prohibited inside of buildings. Alcohol is prohibited at all of the LCPRT facilities. The Parks, Recreation & Tourism department reserves the right to cancel a rental due to weather and field conditions. All rental fees must be paid with a credit/debit card. Card will be kept on file until after the event.

Community-Based Sports Organizations

The Application deadline for Community-Based users is January 1st. All other users are approved on a first come, first serve basis after January 15th. Community-Based organizations must submit the following information in addition to Facility Use Form:

- Schedule of games and practices
- League Concussion Policy
- A copy of your certificate of insurance naming Louisa County and Louisa County Public Schools (if applicable) as additional insured and certificate holder for no less than $1,000,000 (One Million Dollars) per occurrence and $2,000,000 (Two Million Dollars) aggregate in Commercial General Liability Coverage and $1,000,000 (One Million Dollars) per occurrence and in the aggregate in Umbrella/Excess Liability Coverage. The following address(es) should be on the insurance document:
  - Louisa County, 1 Woolfolk Ave, Louisa, VA 23093
  - Louisa County Public Schools, 953 Davis Highway Mineral, VA 23117

Recurring Events

When reserving a facility, please all, a detailed schedule, including all desired dates and initial payment, must accompany this form.

Equipment

Additional tables and chairs other than what is listed per location are available to rent for on and off-site rentals.

Publicity

All publicity, including event posters, brochures, advertisements must carry name of the individual or group sponsoring the event. Louisa County and Louisa County Parks, Recreation & Tourism may not be identified as an event sponsor.

Decorations

Signs, posters, streamers, and similar items may not be attached to the facility walls. Balloons must be weighted or tied down at all times. Open flamed candles, in addition to, confetti, rice, and silly string are prohibited.

Custodial

Users are responsible for leaving the facility in the same condition as found. All trash is to be removed from the facility by the end of the activity. This includes removing decorations (without causing any facility damage), rental equipment, walls, tables, signs, etc. Failure to remove trash after rental will result in a $150 facility clean up fee.

Cancellation

To receive a facility / field refund, cancellations must be made at least 48 hours in advance. Rental fee refunds will be posted back to the credit/debit card on file.

Liability

Louisa County assumes no responsibility for any property brought onto the premises by the organization, its members, guests, or spectators. The user agrees to hold the County harmless from any and all claims, actions or damages that may arise in connection with the use of the facility/ field. A certificate of liability insurance and a detailed facility use plan may be required.

BOARD OF SUPERVISORS
COUNTY OF LOUISA
RESOLUTION

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 6th day of July 2026, at which the following members were present, the following resolution was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

A RESOLUTION TO APPROVE ATHLETIC FIELD USE MEMORANDA OF UNDERSTANDING WITH THE LOUISA AREA SOCCER ASSOCIATION (LASA) AND THE LOUISA YOUTH ATHLETICS ASSOCIATION (LYAA)

WHEREAS, the Louisa County Board of Supervisors recognizes the important role that community youth athletic organizations play in providing recreational opportunities, promoting healthy lifestyles, and enhancing the quality of life for Louisa County residents; and

WHEREAS, Louisa County has invested in athletic facilities, including synthetic turf fields, to expand recreational opportunities and improve the quality and availability of athletic facilities; and

WHEREAS, the County has developed Athletic Field Use Memoranda of Understanding with the Louisa Area Soccer Association (LASA) and the Louisa Youth Athletics Association (LYAA) to establish consistent terms and conditions for the scheduling, use, maintenance, and operation of County athletic facilities; and

WHEREAS, the Board of Supervisors finds that the proposed Memoranda of Understanding provide a fair, equitable, and sustainable framework for supporting youth athletics while protecting the County's recreational investments and ensuring consistent administration of County facilities.

NOW, THEREFORE, BE IT RESOLVED, on this 6th day of July, 2026, that the Louisa County Board of Supervisors hereby:

1. Approves the Athletic Field Use Memorandum of Understanding between Louisa County and the Louisa Area Soccer Association (LASA);and

2. Approves the Athletic Field Use Memorandum of Understanding between Louisa County and the Louisa Youth Athletics Association (LYAA); and

3. Authorizes the County Administrator, or his designee, to execute and implement the approved Memoranda of Understanding and to make non-substantive administrative revisions as necessary to facilitate their administration, provided such revisions do not alter the intent or substance of the agreements approved by the Board.

A Copy, teste:

_____

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

COUNTY OF LOUISA

MEMORANDUM

TO: Board of Supervisors

FROM: Chris Coon, Deputy County Administrator

DATE: July 01, 2026

RE: Athletic Field Use Memoranda of Understanding with the LASA and LYAA

Purpose
The purpose of this memorandum is to present for the Board's consideration proposed Athletic Field Use Memoranda of Understanding (MOUs) between Louisa County and the Louisa Area Soccer Association (LASA) and the Louisa Youth Athletics Association (LYAA) for the use of County athletic facilities, including the County's synthetic turf fields.

Background
Louisa County has made significant investments in athletic facilities to expand recreational opportunities and improve the quality and availability of athletic fields for County residents. As these facilities become operational, it is important to establish a consistent framework for scheduling, facility use, maintenance responsibilities, insurance requirements, and cost recovery.

The proposed MOUs establish standardized agreements between the County and LASA and LYAA for the use of County athletic facilities. The agreements are intended to provide each organization with predictable access to County facilities while ensuring equitable scheduling among user groups, protecting the County's investment in the facilities, and maintaining a sustainable operational framework.

Each MOU establishes seasonal field use packages that include designated Practice Days and Game Days, identifies scheduling priorities, establishes user responsibilities, outlines insurance and indemnification requirements, and provides a fee structure for both included and additional facility usage.

The agreements also include a Community Partnership Program that allows Parks, Recreation and Tourism to recognize volunteer support provided by each organization through youth clinics, tournaments, community events, or other mutually beneficial programming. At the County's discretion, documented partnership activities may be credited toward future facility rental fees, providing an opportunity to strengthen collaboration while offsetting operational costs.

The proposed fee structure remains substantially subsidized by the County. The seasonal rental fees contribute toward a portion of the operating costs associated with field maintenance, staffing, lighting, and facility operations, while the County continues to absorb the majority of ongoing maintenance and long-term capital replacement costs associated with the synthetic turf facilities.

The agreements have been reviewed by the County Attorney and are recommended for Board approval.

Fiscal Impact
The proposed MOUs establish seasonal rental fees of $625 per season for LASA and $625 for LYAA's fall season. These fees contribute toward the operational costs associated with facility use while continuing the County's investment in supporting youth athletics through subsidized access to County facilities. Organizations also can partner with Parks, Recreation and Tourism to offset or waive these costs through volunteer participation at County events and programs.

Recommendation
Staff recommend that the Board of Supervisors review the proposed Athletic Field Use Memoranda of Understanding between Louisa County and the Louisa Area Soccer Association (LASA) and the Louisa Youth Athletics Association (LYAA) and provide direction to staff regarding the agreements.

MEMORANDUM OF UNDERSTANDING

Between Louisa County, Virginia and Louisa Area Soccer Association (LASA)
Athletic Field Use Agreement
This Memorandum of Understanding ("MOU") is entered into this ___ day of _____, 2026, by and between Louisa County, Virginia ("County") and the Louisa Area Soccer Association ("LASA" or "Organization").

1. PURPOSE AND INTENT
Louisa County recognizes the important role youth athletic organizations play in supporting community engagement, youth development, and quality of life. The County has made significant investments in recreational infrastructure, including synthetic turf and athletic facilities, to support these efforts.
This agreement establishes a framework for the Organization's use of County athletic facilities in a manner that:

- Supports high-quality youth programming
- Ensures equitable access among user groups
- Protects County facilities and long-term investments
- Maintains a sustainable and transparent cost structure

2. TERM
This agreement shall be effective from _____ through _____.
This MOU shall be reviewed annually and may be renewed, modified, or terminated by mutual written agreement or as provided herein.

3. FACILITY USE AND ACCESS
A. General Access
The County will provide LASA with access to designated athletic facilities, including synthetic turf and natural grass fields, for practices and games.
All access is:

- Non-exclusive
- Subject to availability
- Governed by County policies and operational needs

B. Scheduling Authority and Priority

All scheduling shall be coordinated through the Louisa County Parks and Recreation Department.

Field allocation shall follow the County's established priority framework:

1. Louisa County Public Schools
2. County Parks and Recreation programs
3. Approved community organizations

Submission of schedules does not guarantee specific days, times, or field types.

C. Advance Scheduling

LASA may submit seasonal scheduling requests in advance to support planning and program development. The County will make reasonable efforts to accommodate requests; however, all scheduling remains subject to availability, priority use, and operational constraints.

D. Scheduling Adjustments

The County reserves the right to modify schedules due to:

- Weather or field conditions
- Maintenance needs
- Higher priority uses
- Operational considerations

The County may, at its discretion, offer alternative times or locations but is not obligated to do so.

4. SEASONAL STRUCTURE

The Agreement is structured around seasonal use periods, each of which will be scheduled and billed independently.

Seasonal Periods

- Spring Season: February 1 – May 31
- Fall Season: August 1 – December 7

5. SEASONAL FEE STRUCTURE

A. Base Seasonal Package

The Organization shall pay a base seasonal fee that includes a defined number of scheduled practices and games as outlined below. Any usage beyond the seasonal allotment shall be scheduled and billed separately in accordance with Section 5.C.

Seasonal Rental Fee

- Spring Season: $625
- Fall Season: $625

Annual Rental Fee

- Total Annual Cost: $1,250

Natural grass fields shall be utilized for practices not scheduled on synthetic turf fields. Requested field locations will be considered; however, all assignments remain subject to availability, scheduling priorities, field conditions, and the operational needs of the County.

Each Seasonal Package Includes:

Practices

- Practice Days: Up to 45 Practice Days per season
- Practice Days shall generally occur between 6:00 PM and 9:00 PM.
- LASA shall have access to both synthetic turf fields for up to 2 Practice Days per week during scheduled Practice Days.
- Turf field access shall not exceed 20 Practice Days per season.
- The remaining Practice Days shall occur on County-assigned natural grass fields, subject to availability and field conditions.
- Multiple teams may utilize the fields during Practice Day.
- Practice Days represent reserved field access and are not limited by the number of teams utilizing the fields.

Games

- Game Days: Up to 4 Game Days per season
- Game Days shall generally occur between 8:00 AM and 8:00 PM.
- LASA shall have access to both synthetic turf fields during scheduled Game Days.
- Multiple games may be conducted during Game Day.
- Game Days represent reserved field access and are not limited by the number of games conducted during the scheduled time period.
- Additional games beyond the included 4 per season shall be scheduled and billed separately in accordance with Section 5.C

Practice limits represent maximum allowable use and do not guarantee specific field assignments or availability.

B. Standard Time Allotments

- Practice Day: Up to 3 hours (6:00 PM – 9:00 PM)
- Game Day: Up to 12 hours (8:00 AM – 8:00 PM)

All time includes setup and breakdown. Fields must be vacated promptly at the end of the scheduled time.

C. Additional Usage

Usage beyond the seasonal allotment shall be billed as follows:

Additional Turf Practice Day:

- $25 per day any turf practice exceeding 20 practices per season

Additional Grass Practice Day:

- $5 per day

Additional Games:

- Synthetic Turf Fields: $75 per game (2-hour block)
- Natural Grass Fields: $25 per game (2-hour block)

All additional usage:

- Must be approved in advance
- Must be scheduled through Parks and Recreation

D. Overage Charges

Use exceeding scheduled time will be billed as follows:

- Practice Overage:
    - $10 per hour or portion thereof
- Game Overage:
    - Synthetic Turf Fields: $25 per additional hour
    - Natural Grass Fields: $15 per additional hour

Overage charges may apply when:

- Activities extend beyond scheduled time
- Fields are not cleared on time

E. Payment Terms

Payment shall be due prior to the start of each season unless otherwise agreed in writing.

Failure to make timely payment may result in suspension of field access or cancellation of scheduled activities.

F. Fee Policy Alignment

The fees and charges established in this Agreement are specific to this Organization and shall supersede the County's adopted Parks and Recreation Fee Schedule for the facilities and uses covered herein.

In the event of any conflict between this Agreement and the Parks and Recreation Fee Schedule, the terms of this Agreement shall control for the duration of this Agreement.

6. FIELD USE STANDARDS AND FACILITY PROTECTION

The Organization shall comply with all County policies and field use rules, including those specific to synthetic turf.

LASA agrees to:

- Use facilities only as intended
- Avoid activities that may damage fields
- Follow all posted and communicated rules
- Immediately report any damage or safety concerns

The County reserves the right to restrict or suspend use to protect field conditions.

7. MAINTENANCE AND OPERATIONS

A. County Responsibilities

- Maintain safe and playable facilities
- Perform routine maintenance
- Manage field operations and lighting

B. Organization Responsibilities

- Provide supervision during all activities
- Ensure participants follow rules
- Remove trash and restore field areas
- Coordinate scheduling needs

8. COORDINATION AND COMMUNICATION
The parties agree to maintain open communication regarding scheduling, programming, and operational needs.

At a minimum, the parties shall conduct one (1) in-person coordination meeting annually to review field usage, scheduling practices, operational concerns, and opportunities for improved coordination. Additional meetings may be scheduled as needed to support effective planning and program delivery.

9. CONDUCT, INSURANCE, AND LIABILITY
A. Conduct
LASA is responsible for all participants, coaches, volunteers, and spectators.

B. Insurance
LASA shall maintain:

- Commercial General Liability Insurance
  - $1,000,000 per occurrence
  - $2,000,000 aggregate

The County must be provided with at least 30 days' prior written notice of any cancellation, expiration, or reduction in limits of insurance coverage.
The policy shall:

- Name Louisa County as Additional Insured
- Be primary and non-contributory
- Include waiver of subrogation

Proof of insurance is required prior to use each season.

C. Hold Harmless and Indemnification
LASA shall execute a separate Hold Harmless and Indemnification Agreement.
LASA agrees to defend, indemnify, and hold harmless the County from claims arising from its use of facilities.

10. WEATHER AND FIELD CONDITIONS
The County has sole authority to close fields for safety or maintenance.
No refunds or credits are guaranteed for cancellations due to weather or other conditions beyond the County's control.

11. DAMAGE, FACILITY USE, AND COST RECOVERY

LASA shall be responsible for damage beyond normal wear and tear.

The County may:

- Invoice for repairs and excessive cleanup
- Restrict or suspend access
- Enforce compliance with field use standards

12. TERMINATION

This Agreement may be terminated:

- By either party with at least 90 days' prior written notice
- Immediately for non-compliance, safety concerns, or misuse

13. AMENDMENTS

This Agreement may be amended only in writing by both parties and upon approval by the Louisa County Board of Supervisors.

14. GENERAL PROVISIONS

- This Agreement grants a revocable license, not a lease.
- The County retains full ownership and control of all facilities.
- The County's records of scheduling and usage shall control in the event of dispute.
- This Agreement constitutes a legal, binding, and enforceable obligation of the Parties and governs facility use.

15. COMMUNITY PARTNERSHIP PROGRAM

The County recognizes the value that LASA provides through volunteerism, youth development, recreation programming, and support of community events. The parties acknowledge that opportunities may exist for LASA to assist Louisa County Parks and Recreation in delivering recreational services that benefit the broader community.

A. Partnership Activities

LASA may voluntarily partner with Louisa County Parks and Recreation to assist with activities including, but not limited to:

- Youth sports clinics
- Sports camps
- Tournament operations
- Field preparation and event support

• Community recreation events
• Coaching or instructional assistance
• Other mutually agreed-upon recreational programming

B. Fee Credits

At the sole discretion of the County, documented volunteer services or partnership activities provided by LASA may be credited toward future seasonal field use fees. Any fee credit shall:

• Be approved in advance by Parks and Recreation;
• Be documented by both parties;
• Be applied to a future season unless otherwise agreed; and
• May be applied up to 100% of the Annual Rental Fee established under this Agreement, as determined by the County based on the scope and value of the partnership activities provided.

C. Annual Review

The County and LASA may review partnership activities annually and discuss opportunities for future fee reductions, credits, or expanded programming based on demonstrated community benefit.

Nothing in this section shall obligate the County to provide fee credits, nor shall it require LASA to participate in any partnership activity.

16. ESTIMATED MAINTENANCE AND OPERATIONS COST SUMMARY

The following estimates reflect the maintenance and operational costs associated with Louisa County athletic field facilities. The amounts presented herein represent an allocated share based on LASA's anticipated usage and do not reflect total system-wide costs. Costs are distributed based on a conservative combination of proportional shared use, such as synthetic turf maintenance, and direct usage, such as natural grass field maintenance and organization-specific operational needs.

A. Field Maintenance (Allocated Share)

Description	**Per Season**	**Annual**
Turf grooming/brushing	$120	$240
Turf sweeping/debris removal	$80	$160
Infill top-off	$200	$400
Minor repairs	$250	$500
Cleaning/sanitation	$50	$100
Mowing (labor, fuel, equipment wear)	$600	$1,200
Field lining/striping	$250	$500
Fertilization/seeding	$250	$500
Irrigation/water use	$150	$300
On-site staffing (turf use only)	$1,824	$3,648
Portable restrooms (rental + service)	$500	$1,000
Lighting (incremental use)	$150	$300
Total	**$4,424**	**$8,848**

B. Capital Investment (Not Charged to Users)

Description	Per Season	Annual
Turf replacement reserve	$100,000	$200,000

Total County Facility Investment

- Approximately $117,696–$122,120 per season
- Approximately $235,392–$244,240 annually

C. Maintenance Cost Allocation and Seasonal Fee

The estimated maintenance and operations costs associated with LASA field usage are shared among multiple users, including Louisa County Public Schools, Louisa County Parks and Recreation, LASA, and LYAA.

The seasonal fee established under this agreement reflects a subsidized youth athletics rate structure and includes:

- Turf practice access at $20 per 90-minute session
- Grass practice access at $1 per day

The seasonal fees contribute only toward a limited portion of the estimated operational costs associated with field usage and do not include recovery of the following County expenses:

- Full routine and corrective maintenance costs associated with synthetic turf and natural grass fields
- Staffing and supervision costs associated with turf field scheduling, monitoring, and facility oversight
- Portable restroom rental, servicing, and related operational support
- Long-term capital replacement reserves associated with future synthetic turf replacement and lifecycle costs

D. Actual Charges to LASA

Description	Amount
Turf Practice Days (20 @ $20/session)	$400
Grass Practice Days (25 @ $1/day)	$25
Turf Game Days (4 @ $50.00)	$200
Total Seasonal Fee	$625
Annual Total (2 Seasons)	$1,250

E. Estimated County Subsidy

Description	Per Season	Annual
Estimated LASA Operational Impact	$4,424	$8,848
LASA Seasonal / Annual Fee	$625	$1,250

Estimated County Subsidy

- **Approximately $3,799 per season**
- **Approximately $7,598 annually**

The County acknowledges that the fees established under this agreement are intentionally subsidized to support youth athletics and community recreation programming.

MEMORANDUM OF UNDERSTANDING

Between Louisa County, Virginia and Louisa Youth Athletics Association (LYAA)
Athletic Field Use Agreement
This Memorandum of Understanding ("MOU") is entered into this ___ day of _____, 2026, by and between Louisa County, Virginia ("County") and the Louisa Youth Athletics Association ("LYAA" or "Organization").

1. PURPOSE AND INTENT
Louisa County recognizes the important role youth athletic organizations play in supporting community engagement, youth development, and quality of life. The County has made significant investments in recreational infrastructure, including synthetic turf and athletic facilities, to support these efforts.
This agreement establishes a framework for the Organization's use of County athletic facilities in a manner that:

- Supports high-quality youth programming
- Ensures equitable access among user groups
- Protects County facilities and long-term investments
- Maintains a sustainable and transparent cost structure

2. TERM
This agreement shall be effective from _____ through _____.
This MOU shall be reviewed annually and may be renewed, modified, or terminated by mutual written agreement or as provided herein.

3. FACILITY USE AND ACCESS
A. General Access
The County will provide LYAA with access to designated athletic facilities, including synthetic turf and natural grass fields, for practices and games.
All access is:

- Non-exclusive
- Subject to availability
- Governed by County policies and operational needs

B. Scheduling Authority and Priority

All scheduling shall be coordinated through the Louisa County Parks and Recreation Department.

Field allocation shall follow the County's established priority framework:

1. Louisa County Public Schools
2. County Parks and Recreation programs
3. Approved community organizations

Submission of schedules does not guarantee specific days, times, or field types.

C. Advance Scheduling

LYAA may submit seasonal scheduling requests in advance to support planning and program development. The County will make reasonable efforts to accommodate requests; however, all scheduling remains subject to availability, priority use, and operational constraints.

D. Scheduling Adjustments

The County reserves the right to modify schedules due to:

- Weather or field conditions
- Maintenance needs
- Higher priority uses
- Operational considerations

The County may, at its discretion, offer alternative times or locations but is not obligated to do so.

4. SEASONAL STRUCTURE

The Agreement is structured around seasonal use periods, each of which will be scheduled and billed independently.

Seasonal Periods

- Fall Season: August 1 – December 7

5. SEASONAL FEE STRUCTURE

A. Base Seasonal Package

The Organization shall pay a base seasonal fee that includes a defined number of scheduled practices and games as outlined below. Any usage beyond the seasonal allotment shall be scheduled and billed separately in accordance with Section 5.C.

Seasonal Rental Fee

- Fall Season: $625

Annual Rental Fee

- Total Annual Cost: $625

Natural grass fields shall be utilized for practices not scheduled on synthetic turf fields. Requested field locations will be considered; however, all assignments remain subject to availability, scheduling priorities, field conditions, and the operational needs of the County.

Each Seasonal Package Includes:
Practices

- Practice Days: Up to 45 Practice Days per season
- Practice Days shall generally occur between 6:00 PM and 9:00 PM.
- LYAA shall have access to both synthetic turf fields for up to 2 Practice Days per week during scheduled Practice Days.
- Turf field access shall not exceed 20 Practice Days per season.
- The remaining Practice Days shall occur on County-assigned natural grass fields, subject to availability and field conditions.
- Multiple teams may utilize the fields during Practice Day.
- Practice Days represent reserved field access and are not limited by the number of teams utilizing the fields.

Games

- Game Days: Up to 4 Game Days per season
- Game Days shall generally occur between 8:00 AM and 8:00 PM.
- LYAA shall have access to both synthetic turf fields during scheduled Game Days.
- Multiple games may be conducted during Game Day.
- Game Days represent reserved field access and are not limited by the number of games conducted during the scheduled time period.
- Additional games beyond the included 4 per season shall be scheduled and billed separately in accordance with Section 5.C

Practice limits represent maximum allowable use and do not guarantee specific field assignments or availability.

B. Standard Time Allotments

- Practice Day: Up to 3 hours (6:00 PM – 9:00 PM)
- Game Day: Up to 12 hours (8:00 AM – 8:00 PM)

All time includes setup and breakdown. Fields must be vacated promptly at the end of the scheduled time.

C. Additional Usage

Usage beyond the seasonal allotment shall be billed as follows:

Additional Turf Practice Day:

- $25 per day any turf practice exceeding 20 practices per season

Additional Grass Practice Day:

- $5 per day

Additional Games:

- Synthetic Turf Fields: $75 per game (2-hour block)
- Natural Grass Fields: $25 per game (2-hour block)

All additional usage:

- Must be approved in advance
- Must be scheduled through Parks and Recreation

D. Overage Charges

Use exceeding scheduled time will be billed as follows:

- Practice Overage:
    - $10 per hour or portion thereof
- Game Overage:
    - Synthetic Turf Fields: $25 per additional hour
    - Natural Grass Fields: $15 per additional hour

Overage charges may apply when:

- Activities extend beyond scheduled time
- Fields are not cleared on time

E. Payment Terms

Payment shall be due prior to the start of each season unless otherwise agreed in writing.

Failure to make timely payment may result in suspension of field access or cancellation of scheduled activities.

F. Fee Policy Alignment

The fees and charges established in this Agreement are specific to this Organization and shall supersede the County's adopted Parks and Recreation Fee Schedule for the facilities and uses covered herein.

In the event of any conflict between this Agreement and the Parks and Recreation Fee Schedule, the terms of this Agreement shall control for the duration of this Agreement.

6. FIELD USE STANDARDS AND FACILITY PROTECTION

The Organization shall comply with all County policies and field use rules, including those specific to synthetic turf.

LYAA agrees to:

- Use facilities only as intended
- Avoid activities that may damage fields
- Follow all posted and communicated rules
- Immediately report any damage or safety concerns

The County reserves the right to restrict or suspend use to protect field conditions.

7. MAINTENANCE AND OPERATIONS

A. County Responsibilities

- Maintain safe and playable facilities
- Perform routine maintenance
- Manage field operations and lighting

B. Organization Responsibilities

- Provide supervision during all activities
- Ensure participants follow rules
- Remove trash and restore field areas
- Coordinate scheduling needs

8. COORDINATION AND COMMUNICATION
The parties agree to maintain open communication regarding scheduling, programming, and operational needs.

At a minimum, the parties shall conduct one (1) in-person coordination meeting annually to review field usage, scheduling practices, operational concerns, and opportunities for improved coordination. Additional meetings may be scheduled as needed to support effective planning and program delivery.

9. CONDUCT, INSURANCE, AND LIABILITY
A. Conduct
LYAA is responsible for all participants, coaches, volunteers, and spectators.

B. Insurance
LYAA shall maintain:

- Commercial General Liability Insurance
    - $1,000,000 per occurrence
    - $2,000,000 aggregate

The County must be provided with at least 30 days' prior written notice of any cancellation, expiration, or reduction in limits of insurance coverage.
The policy shall:

- Name Louisa County as Additional Insured
- Be primary and non-contributory
- Include waiver of subrogation

Proof of insurance is required prior to use each season.

C. Hold Harmless and Indemnification
LYAA shall execute a separate Hold Harmless and Indemnification Agreement.
LYAA agrees to defend, indemnify, and hold harmless the County from claims arising from its use of facilities.

10. WEATHER AND FIELD CONDITIONS
The County has sole authority to close fields for safety or maintenance.
No refunds or credits are guaranteed for cancellations due to weather or other conditions beyond the County's control.

11. DAMAGE, FACILITY USE, AND COST RECOVERY

LYAA shall be responsible for damage beyond normal wear and tear.

The County may:

- Invoice for repairs and excessive cleanup
- Restrict or suspend access
- Enforce compliance with field use standards

12. TERMINATION

This Agreement may be terminated:

- By either party with at least 90 days' prior written notice
- Immediately for non-compliance, safety concerns, or misuse

13. AMENDMENTS

This Agreement may be amended only in writing by both parties and upon approval by the Louisa County Board of Supervisors.

14. GENERAL PROVISIONS

- This Agreement grants a revocable license, not a lease.
- The County retains full ownership and control of all facilities.
- The County's records of scheduling and usage shall control in the event of dispute.
- This Agreement constitutes a legal, binding, and enforceable obligation of the Parties and governs facility use.

15. COMMUNITY PARTNERSHIP PROGRAM

The County recognizes the value that LYAA provides through volunteerism, youth development, recreation programming, and support of community events. The parties acknowledge that opportunities may exist for LYAA to assist Louisa County Parks and Recreation in delivering recreational services that benefit the broader community.

A. Partnership Activities

LYAA may voluntarily partner with Louisa County Parks and Recreation to assist with activities including, but not limited to:

- Youth sports clinics
- Sports camps
- Tournament operations
- Field preparation and event support

• Community recreation events
• Coaching or instructional assistance
• Other mutually agreed-upon recreational programming

B. Fee Credits

At the sole discretion of the County, documented volunteer services or partnership activities provided by LYAA may be credited toward future seasonal field use fees. Any fee credit shall:

• Be approved in advance by Parks and Recreation;
• Be documented by both parties;
• Be applied to a future season unless otherwise agreed; and
• May be applied up to 100% of the Annual Rental Fee established under this Agreement, as determined by the County based on the scope and value of the partnership activities provided.

C. Annual Review

The County and LYAA may review partnership activities annually and discuss opportunities for future fee reductions, credits, or expanded programming based on demonstrated community benefit.

Nothing in this section shall obligate the County to provide fee credits, nor shall it require LYAA to participate in any partnership activity.

16. ESTIMATED MAINTENANCE AND OPERATIONS COST SUMMARY

The following estimates reflect the maintenance and operational costs associated with Louisa County athletic field facilities. The amounts presented herein represent an allocated share based on LYAA's anticipated usage and do not reflect total system-wide costs. Costs are distributed based on a conservative combination of proportional shared use, such as synthetic turf maintenance, and direct usage, such as natural grass field maintenance and organization-specific operational needs.

A. Field Maintenance (Allocated Share)

Description	**Per Season**
Turf grooming/brushing	$120
Turf sweeping/debris removal	$80
Infill top-off	$200
Minor repairs	$250
Cleaning/sanitation	$50
Mowing (labor, fuel, equipment wear)	$600
Field lining/striping	$250
Fertilization/seeding	$250
Irrigation/water use	$150
On-site staffing (turf use only)	$1,824
Portable restrooms (rental + service)	$500
Lighting (incremental use)	$150
Total	**$4,424**

B. Capital Investment (Not Charged to Users)

Description	Per Season	Annual
Turf replacement reserve	$100,000	$200,000

Total County Facility Investment

- Approximately $117,696–$122,120 per season
- Approximately $235,392–$244,240 annually

C. Maintenance Cost Allocation and Seasonal Fee

The estimated maintenance and operations costs associated with LYAA field usage are shared among multiple users, including Louisa County Public Schools, Louisa County Parks and Recreation, LASA, and LYAA.

The seasonal fee established under this agreement reflects a subsidized youth athletics rate structure and includes:

- Turf practice access at $20 per 90-minute session
- Grass practice access at $1 per day

The seasonal fees contribute only toward a limited portion of the estimated operational costs associated with field usage and do not include recovery of the following County expenses:

- Full routine and corrective maintenance costs associated with synthetic turf and natural grass fields
- Staffing and supervision costs associated with turf field scheduling, monitoring, and facility oversight
- Portable restroom rental, servicing, and related operational support
- Long-term capital replacement reserves associated with future synthetic turf replacement and lifecycle costs

D. Actual Charges to LYAA

Description	Amount
Turf Practice Days (20 @ $20/session)	$400
Grass Practice Days (25 @ $1/day)	$25
Turf Game Days (4 @ $50.00)	$200
Total Seasonal Fee	**$625**

E. Estimated County Subsidy

Description	Per Season
Estimated LYAA Operational Impact	$4,424
LYAA Seasonal / Annual Fee	$625

Estimated County Subsidy

- **Approximately $3,799 per season**

The County acknowledges that the fees established under this agreement are intentionally subsidized to support youth athletics and community recreation programming.

A RESOLUTION AUTHORIZING A BUDGET SUPPLEMENT TO LOUISA COUNTY AND LOUISA COUNTY PUBLIC SCHOOLS FOR CHANGES IN FINAL FY2027 STATE BUDGET

WHEREAS, the Louisa County Board of Supervisors adopted the County's FY2027 budget on April 27, 2026, but the state's budget was not final at that time; and

WHEREAS, on June 29, 2026, the final state budget was approved and included personnel expenditures not included in the County's original budget and adjustments are needed at this time; and

WHEREAS, in order to align with newly approved state compensation levels for County employees (from 3% to 3.5%) and School employees (from 3% to 4%), along with funding for bonuses for full-time employees, a supplemental appropriation is needed at this time as it was not included in the FY2027 budget; and

WHEREAS, funding for state-supported positions for both the County and Schools will be reimbursed by the state, but additional County funding will be needed to proceed with increases and bonuses for other employees in similar positions; and

WHEREAS, funding to cover these increases is available from budgeted savings, LCPS Long-Term Capital Reserves, and additional revenues collected in FY26.

NOW, THEREFORE BE IT RESOLVED, on this 6th day of July 2026, the Louisa County

Board of Supervisors authorizes a budget supplement in the amount of $1,355,480; of which $714,000 is to Louisa County Public Schools for additional salary increases and $641,480 to Louisa County departmental budgets for additional salary increases for all employees and bonuses for full-time employees in FY2027. The source of funding is LCPS state funding in the amount of $438,000, County State funding in the amount of $149,347, $276,000 from Long Term Capital Reserves, and $492,133 from General Fund Balance from FY26 carryover funding.

A RESOLUTION REQUESTING A REFERENDUM ON THE LEVY OF AN ADDITIONAL ONE PERCENT (1%) LOCAL SALES AND USE TAX FOR SCHOOL CAPITAL PROJECTS AND AUTHORIZING THE PREPARATION AND SUBMISSION OF A PETITION TO THE LOUISA COUNTY CIRCUIT COURT

WHEREAS, the 2026 Virginia General Assembly authorized counties and cities outside Planning District 8 to levy an additional one percent (1%) local sales and use tax, subject to approval by referendum, for the sole purpose of financing capital projects for the construction or renovation of public schools;

WHEREAS, revenues generated from such tax may be used solely for capital projects associated with the new construction or major renovation of public schools, including related bond and loan financing costs;

WHEREAS, Louisa County Public Schools have identified the need for additional elementary school capacity to serve current and future students, and the Louisa County Board of Supervisors recognizes the importance of providing safe, modern, and efficient educational facilities to support the County's continued growth and educational mission;

WHEREAS, the Board of Supervisors finds that allowing the voters of Louisa County to

determine whether to authorize this additional local funding source is in the best interests of the County and provides an opportunity to invest in critical educational infrastructure while diversifying the local revenue sources available to fund school capital improvements;

WHEREAS, pursuant to § 24.2-684 of the Code of Virginia, referendum elections are conducted only upon order of the Circuit Court following a request initiated by the governing body, and such referendum may be held in conjunction with the November 3, 2026 General Election if ordered in accordance with applicable law;

NOW, THEREFORE, BE IT RESOLVED, by the Louisa County Board of Supervisors that the Board hereby:

1. **Declares its intent** to seek voter approval of an additional one percent (1%) local sales and use tax authorized pursuant to § 58.1-605.1 of the Code of Virginia, with all revenues to be used solely for eligible school capital projects, including the financing, design, construction, furnishing, and equipping of a new elementary school serving Louisa County Public Schools, together with related bond or loan financing costs, as authorized by Virginia law.
2. **Authorizes and directs** the County Administrator, County Attorney, and such other staff as may be necessary to prepare, finalize, and submit all documents necessary to petition the Louisa County Circuit Court to order a referendum to be held on Tuesday, November 3, 2026, in accordance with §§ 24.2-682 and 24.2-684 of the Code of Virginia. Such authorization includes coordinating with the Clerk of the Circuit Court, the General Registrar, the Electoral Board, and any other appropriate state or local officials; preparing the proposed ballot language and related legal documents; and making such non-substantive administrative revisions as may be necessary to ensure compliance with applicable law or facilitate review by the Circuit Court, provided such revisions do not alter the intent or substance of this Resolution.
3. **Acknowledges** that the additional local sales and use tax shall not be imposed unless approved by a majority of the qualified voters voting in the referendum and subsequently enacted by ordinance of the Louisa County Board of Supervisors in accordance with applicable provisions of the Code of Virginia.

BE IT FURTHER RESOLVED, that the Louisa County Board of Supervisors respectfully requests that the Louisa County Circuit Court order the following question to be submitted to the qualified voters of Louisa County at the November 3, 2026 General Election, subject to such non-substantive revisions as may be required by the Court or the County Attorney:

Shall Louisa County be authorized to levy an additional one percent (1%) local sales and use tax for school capital projects, including the construction of a new elementary school serving Louisa County Public Schools, with the tax to expire on _____, 2046?

☐ Yes

☐ No

Board of Supervisors
Louisa County, Virginia

COUNTY OF LOUISA

MEMORANDUM

TO: Board of Supervisors

FROM: Chris Coon, Deputy County Administrator

DATE: July 01, 2026

RE: Potential School Capital Referendum for Additional 1% Local Sales and Use Tax

---

Purpose
The purpose of this memorandum is to provide the Board of Supervisors with information regarding recently enacted state legislation authorizing localities to seek voter approval of an additional one percent (1%) local sales and use tax dedicated exclusively to public school capital projects. The Board is requested to discuss the potential use of this funding option and provide direction to staff regarding any future actions it wishes to pursue.

Background
During its 2026 Session, the Virginia General Assembly enacted legislation authorizing counties and cities outside Planning District 8 to seek voter approval of an additional one percent (1%) local sales and use tax dedicated solely to public school capital projects. Revenues generated by the tax may only be used for eligible school capital expenses, including the construction, renovation, furnishing, equipping, and financing of public school facilities.

Louisa County Public Schools have identified the need for a new elementary school to address current and anticipated enrollment needs, making school construction one of the County's most significant capital investments in the coming years. Historically, major school construction projects have been financed through debt supported primarily by local real estate taxes and other County revenues.

The recently enacted legislation provides the County with an additional financing option by allowing localities to ask voters whether eligible school capital projects should be funded, in part, through a dedicated local sales and use tax. The policy question before the Board is not whether to impose a tax today, but rather whether to provide Louisa County voters with the opportunity to decide if this funding option should be available for future school capital projects.

Virginia law requires that any such tax first be approved by local voters through a referendum ordered by the Circuit Court. If the Board elects to proceed, staff would prepare the necessary resolution requesting that the Louisa County Circuit Court place the referendum on the November 3, 2026 General Election ballot.

Even if the Board directs staff to proceed, the additional sales tax would not become effective unless:

- The Circuit Court orders the referendum;
- A majority of Louisa County voters approve the referendum; and
- The Board subsequently adopts the required implementing ordinance.

Ultimately, the decision to authorize the additional sales tax rests with the voters of Louisa County.

Funding Considerations

1. Broadens the Funding Base

Unlike real estate and personal property taxes, which are paid almost exclusively by Louisa County property owners, a local sales tax is paid by anyone making taxable retail purchases within Louisa County.

As a result, a portion of the revenue generated would come from:

- Visitors and tourists;
- Individuals commuting into Louisa County for work;
- Travelers making purchases while passing through the County;
- Customers patronizing Louisa County businesses; and
- Residents making taxable retail purchases.

This broader funding base allows individuals who benefit from Louisa County's commercial economy to contribute toward major public infrastructure investments, reducing the burden that would otherwise fall solely on local property owners.

2. Helps Preserve Property Tax Capacity

Every dollar generated through a dedicated sales tax is a dollar that does not need to be generated through another local revenue source.

While future Boards retain authority over tax rates, utilizing a voter-approved sales tax for school construction may reduce future reliance on real estate and personal property taxes needed to finance major school capital projects.

3. Limited Impact on Essential Household Purchases

Virginia law exempts many essential purchases from the local sales tax, including groceries purchased for home consumption and certain personal hygiene products.

As a result, the additional one percent sales tax generally applies to taxable retail purchases rather than many everyday necessities.

Policy Considerations

1. Referendum Question

The Board should determine whether it wishes to authorize staff to move forward with the referendum process to seek voter approval of an additional one percent (1%) local sales and use tax dedicated to public school capital projects, including the construction of a new elementary school serving Louisa County Public Schools.

If the Board elects to proceed, staff requests policy direction on the following components of the proposed referendum:

A. Expiration Date

State law requires the referendum to specify the date on which the additional local sales and use tax will expire. Staff requests Board direction regarding the proposed expiration date to be included in the referendum resolution.

B. Intended Use of Revenues

While state law authorizes the revenues to be used for eligible school capital projects generally, the Board may wish to identify construction of a new elementary school as the primary intended use when presenting the referendum to voters.

C. Discussion Draft Ballot Question

For discussion purposes, staff has prepared the following draft ballot question:

Shall Louisa County be authorized to levy an additional one percent (1%) local sales and use tax for school capital projects, including the construction of a new elementary school serving Louisa County Public Schools, with the tax to expire on _____, 2046?

☐ Yes

☐ No

*The expiration date shown above is a placeholder for Board discussion and direction.

Potential Timeline

Timeframe	Action
July 2026	Board discusses the proposal, provides policy direction, and, if desired, adopts a resolution authorizing staff to petition the Louisa County Circuit Court to order a referendum.
July – Early August 2026	Staff finalizes the referendum petition and coordinates with the County Attorney, Circuit Court Clerk, General Registrar, and Electoral Board to prepare the required documents and proposed ballot language.
No Later Than August 14, 2026	The Louisa County Circuit Court must enter an order calling the referendum at least 81 days prior to the November 3, 2026 General Election. To meet this statutory requirement, the County must submit its petition sufficiently in advance to allow adequate time for the Court's review and action.
August – October 2026	Following entry of the Circuit Court's order, the General Registrar and Electoral Board prepare the ballot and administer the referendum in accordance with Virginia election law.
November 3, 2026	Referendum held in conjunction with the General Election.
November 2026	Election results are certified. If approved by a majority of voters, the Board may consider adoption of the ordinance implementing the additional local sales and use tax, with revenues dedicated exclusively to eligible public school capital projects as authorized by state law.

Next Steps

Staff has provided a draft resolution for the Board's initial consideration as part of this agenda item. The draft resolution is intended to facilitate discussion and may be modified based on Board direction regarding the proposed referendum, ballot language, expiration date, or other policy considerations.

Following its discussion, the Board may elect to:

- Take no further action;
- Direct staff to revise the proposed resolution and return at a future meeting; or
- Adopt the resolution requesting that the Louisa County Circuit Court order a referendum to be held in conjunction with the November 3, 2026 General Election.

Conclusion
The legislation enacted by the General Assembly provides Louisa County with an additional financing option for future school capital needs. Unlike traditional funding methods that rely primarily on property taxes, this approach broadens the funding base by allowing residents, visitors, commuters, and others making taxable purchases within the County to contribute toward eligible school capital projects.

The draft referendum would not impose a tax on its own. Rather, it would allow the voters of Louisa County to determine whether this funding option should be available to help finance future school capital investments, including the construction of a new elementary school.

HB 30 – Budget Amendments

This amendment authorizes all counties and cities, except those located in Planning District 8, to impose an additional local sales and use tax at a rate not to exceed one percent with the revenue used only for capital projects for the construction or renovation of schools if such levy is approved in a voter referendum.

Amendment 12, recently made by the Governor, makes technical changes to language regarding the timing of the referendum. These changes are highlighted in red.

Below are the relevant provisions:

§ 58.1-605.1. Additional local sales tax in certain localities; use of revenues for public transportation, or construction and renovation of schools.

A.1.*a.* In addition to the sales tax authorized under § 58.1-605, ***any county or city not located in Planning District 8,*** **may levy a general retail sales tax at a rate not to exceed one percent as determined by its governing body to provide revenue solely for capital projects for the construction or renovation of schools *serving* each such *county or city***. Such tax shall be added to the rates of the state and local sales tax imposed by this chapter and shall be subject to all the provisions of this chapter and the rules and regulations published with respect thereto. No discount under § 58.1-622 shall be allowed on this local sales tax.

b. **Any tax imposed pursuant to this *subsection* shall expire** (i) if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, on the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, on a date chosen by the governing body and specified in any resolution passed pursuant to the provisions of subdivision *2.a*. Such expiration date shall not be more than 20 years after the date of the resolution passed pursuant to the provisions of subdivision *2.a*.

2.a. ***The tax authorized by this subsection*** **may be levied only if the tax is approved in a referendum within the *county or city* held in accordance with § 24.2-684 and initiated by a resolution of the local governing body.** ~~***Notwithstanding the provisions of § 24.2-682, such referendum shall be ordered at least 105 days prior to the final election date set for such referendum***~~**.** Such resolution shall state (i) if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, a specified date on which the sales tax shall expire.

b. **The *clerk of the circuit* court shall publish notice of the referendum in a newspaper of general circulation in the *county or city* once a week for three consecutive weeks prior to the election. The question on the ballot for the referendum shall include**

language stating (i) that the revenues from the sales tax *authorized by this subsection* shall be used solely for capital projects for the construction or renovation of schools and (ii) the date on which the sales tax shall expire.

3. **The governing body of the *county or city*, if it elects to impose a local sales tax under this section after approval of a referendum as provided in *subsection A.2.* shall do so by the adoption of an ordinance stating its purpose and referring to this *subsection* and providing that such ordinance shall be effective on the first day of a month at least 120 days after its adoption.** Such ordinance shall state the date on which the sales tax shall expire. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

4. **Any local sales tax levied under this *subsection* shall be administered and collected by the Tax Commissioner** in the same manner and subject to the same exemptions and penalties as provided for the state sales tax; however, the local sales tax levied under *subsection A.1.a.* shall not be levied on food purchased for human consumption or essential personal hygiene products, as such terms are defined in § 58.1-611.1.

5. **All local sales tax moneys collected by the Tax Commissioner under this *subsection* shall be paid into the state treasury to the credit of a special fund** that is hereby created on the Comptroller's books for each *county or city* under the name "Collections of Additional Local Sales Taxes in __ (INSERT NAME OF THE *COUNTY OR CITY*)." Each fund shall be administered as provided in § 58.1-605. A separate fund shall be created for each *county or city*. Only local sales tax moneys collected *pursuant to this subsection* in that *county or city* shall be deposited in that *county's or city's* fund.

6. **As soon as practicable after the local sales tax moneys *pursuant to this subsection* have been paid into the state treasury in any month for the preceding month, the Comptroller shall draw his warrant on the State Treasurer** in the proper amount in favor of each *county or city*, and such payments shall be charged to the account of the *county or city* under its special fund created by *subdivision A.5*. If errors are made in any such payment, or adjustments are otherwise necessary, whether attributable to refunds to taxpayers or to some other fact, the errors shall be corrected and adjustments made in the payments for the next two months as follows: one-half of the total adjustment shall be included in the payment for each of the next two months. In addition, the payment shall include a refund of amounts erroneously not paid to each *county or city* and not previously refunded during the three years preceding the discovery of the error. A correction and adjustment in payments described in this subsection due to the misallocation of funds by the dealer shall be made within three years of the date of the payment error.

7. **The revenues from *the* tax *authorized in this subsection* shall be used solely for capital projects for new construction or major renovation of schools *serving* the *county or city***, including bond and loan financing costs related to such construction or renovation.

§58.1-606.1. Additional local use tax in certain localities; use of revenues for public transportation, or construction and renovation of schools.

A.1.*a.* **The governing body of a *county or city not located in Planning District 8* may levy a use tax at the rate of such sales tax under *subsection A.1.a. of* §** 58.1-605.1 to provide revenue for capital projects for the construction or renovation of schools *serving* such *county or city*. Such tax shall be added to the rates of the state and local use tax imposed by this chapter and shall be subject to all the provisions of this chapter, and all amendments thereof, and the rules and regulations published with respect thereto, except that no discount under § 58.1-622 shall be allowed on a local use tax.

2.a. **Any tax imposed pursuant to *subsection A.1.a.* shall expire (i)** if the capital projects for the construction or renovation of schools are to be financed by bonds or loans, on the date by which such bonds or loans shall be repaid or (ii) if the capital projects for the construction or renovation of schools are not to be financed by bonds or loans, on a date chosen by the governing body and specified in any resolution passed pursuant to the provisions of subsection B. Such expiration date shall not be more than 20 years after the date of the resolution passed pursuant to the provisions of subsection B.

B. **The governing body of the *county or city,* if it elects to impose a local use tax under *subsection A.1.a*** *or subsection B.1.a (planning district 8)* **may do so only if it has previously imposed the local sales tax authorized by *subsection A.1.a*** *or subsection B.1.a of* § 58.1-605.1, by the adoption of an ordinance stating its purpose and referring to *subsection A.1.a or subsection A.1.b* and providing that the local use tax shall become effective on the first day of a month at least 120 days after its adoption. Such ordinance *for a tax imposed under subsection A.1.a* shall state the date on which the use tax shall expire. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so that it will be received within five days after its adoption.

C. **Any local use tax levied under this section shall be administered and collected by the Tax Commissioner** in the same manner and subject to the same exemptions and penalties as provided for the state use tax; however, the local use tax levied under this section shall not be levied on food purchased for human consumption or essential personal hygiene products, as such terms are defined in § 58.1-611.1.

D**. The local use tax authorized by this section shall not apply to transactions to which the sales tax applies**, the situs of which for state and local sales tax purposes is the *county or city* of location of each place of business of every dealer paying the tax to the Commonwealth without regard to the *county or city* of possible use by the purchasers. However, the local use tax authorized by this section shall apply to tangible personal property purchased outside the Commonwealth for use or consumption within the *county or city* imposing the local use tax, or stored within the *county or city* for use or consumption, where the property would have been subject to the sales tax if it had been purchased within the Commonwealth. The local use tax shall also apply to leases or rentals of tangible personal property where the place of business of the lessor is outside

the Commonwealth and such leases or rentals are subject to the state tax. Moreover, the local use tax shall apply in all cases in which the state use tax applies.

E. Out-of-state dealers who hold certificates of registration to collect the use tax from their customers for remittance to the Commonwealth shall, to the extent reasonably practicable, in filing their monthly use tax returns with the Tax Commissioner, break down their shipments into the Commonwealth by counties and cities so as to show the county or city of destination. If, however, the out-of-state dealer is unable accurately to assign any shipment to a particular county or city, the local use tax on the tangible personal property involved shall be remitted to the Commonwealth by such dealer without attempting to assign the shipment to any county or city.

F. Local use tax revenue shall be deposited in the special fund established pursuant to subsection *A.5 or subsection B.5* of § 58.1-605.1. The Comptroller shall distribute the revenue to the *county or city*.

G.*1.* ***The revenues from the tax authorized by subsection A.1.a*** **shall be used solely for capital projects for new construction or major renovation of schools** ***serving*** **the** ***county*** *or city*, including bond and loan financing costs related to such construction or renovation.

Title 24.2. Elections
Chapter 6. The Election
Article 5. Special Elections

§ 24.2-682. Times for special elections

A. Notwithstanding any charter or special act to the contrary, the following provisions govern the times for holding special elections. Every special election shall be held on a Tuesday. No special election shall be held within the 55 days prior to a general or primary election. No special election shall be held on the same day as a primary election. A special election may be held on the same day as a general election.

B. A referendum election shall be ordered at least 81 days prior to the date for which the referendum election is called.

C. A special election to fill a vacancy in any constitutional office shall be held promptly and in accordance with the requirements of subsection A.

Code 1950, §§ 24-44, 24-136, 24-137, 24-138, 24-139, 24-141, 24-346; 1956, c. 378; 1966, c. 115; 1970, c. 462, §§ 24.1-1(5)(c), 24.1-163, 24.1-165; 1971, Ex. Sess., c. 119; 1972, c. 620; 1973, c. 30; 1974, c. 428; 1975, c. 515; 1976, c. 616; 1977, c. 30; 1978, cc. 258, 304, 778; 1979, c. 37; 1980, c. 639; 1981, c. 367; 1982, cc. 498, 650; 1983, c. 461; 1989, c. 322; 1991, c. 592; 1991, 1st Sp. Sess., c. 12; 1993, c. 641; 2000, cc. 787, 1070;2008, cc. 107, 385;2010, cc. 431, 542.

The chapters of the acts of assembly referenced in the historical citation at the end of this section(s) may not constitute a comprehensive list of such chapters and may exclude chapters whose provisions have expired.

Code of Virginia
Title 24.2. Elections
Chapter 6. The Election
Article 5. Special Elections

§ 24.2-684. How referendum elections called and held, and the results ascertained and certified

Notwithstanding any other provision of any law or charter to the contrary, the provisions of this section shall govern all referenda.

No referendum shall be placed on the ballot unless specifically authorized by statute or by charter.

Whenever any question is to be submitted to the voters of any county, city, town, or other local subdivision, the referendum shall in every case be held pursuant to a court order as provided in this section. The court order calling a referendum shall state the question to appear on the ballot in plain English as that term is defined in § 24.2-687. The order shall be entered and the election held within a reasonable period of time subsequent to the receipt of the request for the referendum if the request is found to be in proper order. The court order shall set the date for the referendum in conformity with the requirements of § 24.2-682.

A copy of the court order calling a referendum shall be sent immediately to the State Board by the clerk of the court in which the order was issued.

The ballot shall be prepared by the appropriate general registrar and distributed to the appropriate precincts. On the day fixed for the referendum, the regular election officers shall open the polls and take the sense of the qualified voters of the county, city, town, or other local subdivision, as the case may be, on the question so submitted. The ballots for use at any such election shall be printed to state the question as follows:

"(Here state briefly the question submitted)

[ ] Yes

[ ] No"

The ballots shall be printed, marked, and counted and returns made and canvassed as in other elections. The results shall be certified by the secretary of the appropriate electoral board to the State Board, to the court ordering the election, and to such other authority as may be proper to accomplish the purpose of the election.

Code 1950, § 24-141; 1966, c. 115; 1970, c. 462, § 24.1-165; 1974, c. 428; 1975, c. 515; 1976, c. 616; 1978, cc. 258, 304; 1979, c. 37; 1980, c. 639; 1981, c. 367; 1982, cc. 498, 650; 1983, c. 461; 1991, c. 592; 1993, c. 641; 1994, c. 142;1996, c. 297;2016, cc. 18, 492.

The chapters of the acts of assembly referenced in the historical citation at the end of this section(s) may not constitute a comprehensive list of such chapters and may exclude chapters whose provisions have expired.

COUNTY OF LOUISA

MEMORANDUM

TO: The Honorable Members of the Board of Supervisors

FROM: Eleni Rackley, Administrative Assistant/Records Clerk

DATE: June 29, 2026

COUNTY OF LOUISA
COUNTY ADMINISTRATOR'S REPORT

The County Administrator's Report serves to keep the Board informed of ongoing County operations, departmental activities, upcoming events, and significant correspondence received since the previous meeting.

CORRESPONDENCE

Correspondence received from state and federal agencies is provided for the Board's review and information. These communications often contain important updates regarding legislation, regulatory changes, funding opportunities, grant programs, infrastructure projects, and other matters that may impact County operations, services, and long-term planning. Reviewing this correspondence helps ensure the Board remains informed of developments that could affect Louisa County and its residents.

The following correspondence has been received from state and federal agencies since the previous Board meeting and is provided for the Board's review and information:

AGENCY	SUBJECT/INFORMATION
Department of Environmental Quality (DEQ)	Environmental Restrictions
Dominion Energy	Transmission Line Meeting Notice
Federal Register	Weekly Notices and Federal Actions
Nuclear Regulatory Commission (NRC)	Nuclear Regulatory Updates
Thomas Jefferson Planning District Commission (TJPDC)	Firefly/VATI Grant
Virginia Department of Health (VDH)	Public Health Information
Virginia Department of Transportation (VDOT)	Hamilton Road Bridge

UPCOMING EVENTS & REMINDERS

The following upcoming events, meetings, and important reminders are provided for the Board's awareness and planning purposes. These activities support County operations, community engagement, and strategic initiatives while helping ensure that Board members remain informed of key dates, deadlines, and opportunities to participate in County events and programs.

To view a list of upcoming meetings, please click here.

III. Virginia's Statewide Strategic Tourism Plan 2026-2029 26

Executive Summary

Tourism strengthens Louisa County's economy, supports local businesses, and enhances quality of life. This first Strategic Tourism Plan provides a roadmap for how the County will grow tourism sustainably while preserving its rural character. The plan focuses on five priorities: strengthening core platforms, expanding business participation, elevating events and year-round offerings, developing place-based experiences, and aligning with statewide tourism strategies. Together, these efforts position Louisa County to increase visitation, support local economic vitality, and build a cohesive, community-driven tourism program. This plan provides a shared framework for the Board of Supervisors, Tourism Advisory Committee, and County staff to guide tourism growth that is coordinated, data-informed, and reflective of Louisa County's identity.

DRAFT

Introduction

Why the County Has a Tourism Program

Increased tourism spending increases local tax revenue, supports labor income and may reduce the need for additional local taxes. Based data announced in August 2025, tourism spending in Virginia generated $2.5 billion in state and local tax revenue, saving the average Virginia household approximately $990 annually in taxes. Visitors spent $35.1 billion in 2024, representing a 5.4% increase from the previous year.

While 2025 showed modest, fragmented growth in Virginia's tourism industry, 2026 is expected to be more vulnerable to external pressures – underscoring the need for strategic initiatives to most appropriately pave the way forward.

Economic Impact

The graphic to the left shows the relationship between direct and indirect impacts of tourism in a local economy. See the chart below for the most recent Virginia Tourism Corporation (VTC) economic impact data for Louisa County. Note in a typical year, about $3 in $10 spent in restaurants comes from visitors.

For more information on tourism's economic impact locally, refer to the Louisa County Tourism Annual Report.

Tourism Advisory Committee

The Tourism Advisory Committee provides recommendations to the Board of Supervisors on efforts to increase overnight visitations, including budgetary recommendations on the use of tourism-related Transient Occupancy Tax revenue collected from hotels and short-term rentals.

Membership: The Tourism Advisory Committee (TAC) shall consist of at least ten (10) but no more than thirteen (13) members, representing different stakeholders in the tourism industry in Louisa County and be appointed by the Board of Supervisors for two (2) year terms. Members may be reappointed for additional two (2) year terms by the Board of Supervisors.

The committee's mission and bylaws are included in the appendix.

Louisa County's Strategic Initiatives and Goals

The Louisa County Board of Supervisors developed four strategic initiatives and a set of responsible goals that guide County deliberations and actions.

Louisa County Tourism Goal	**In Support of County Strategic Initiative and/or Goal** (Refer to current Louisa County Budget document for more information)
Continue to develop Louisa Tourism as a resource for the community, and to promote Louisa County as a location for visitors and residents alike to spend their leisure time and dollars	Initiative 1: Bolster Economic Well-Being; Initiative 2: Practice Good Governance; Initiative 3: Funding the Future; Initiative 4: Strengthen Civic Partnership; Goal 1: Financial Stability; Goal 5: High Quality Opportunities in a Community Committed to Public Safety
To strategically market Louisa County regionally throughout Virginia utilizing multiple mediums of advertising including magazines, major event sites, and videos designed to highlight the county's resources	Initiative 1: Bolster Economic Well-Being; Initiative 2: Practice Good Governance; Initiative 3: Funding the Future; Initiative 4: Strengthen Civic Partnership; Goal 5: High Quality Opportunities in a Community Committed to Public Safety
Create tourist "packages" to market such as winery tours, golf	Initiative 1: Bolster Economic Well-Being; Initiative 2: Practice Good Governance; Initiative 3: Funding the Future; Initiative 4: Strengthen Civic Partnership; Goal 5: High Quality Opportunities in a Community Committed to Public Safety

Mission, Vision, Values

Mission: We deliver strategic marketing and sustainable destination development that drives visitation, strengthens Louisa County's economy, and enhances community pride.

Vision: Our vision is to transform Louisa County into a thriving tourist destination renowned for its natural beauty, historical richness, and vibrant local culture. By leveraging innovative marketing strategies for current assets, aligning with state-level efforts, and implementing thoughtful product development, we aim to foster economic vitality and build a sense of pride – making Louisa County a sought after, inclusive destination that leaves a lasting impact on visitors and residents alike.

Values:

- Ensuring representation across the County
- Finding balance between driving visitation and respecting the rural nature of Louisa County
- Leveraging local and regional partnerships to strengthen our messaging
- Adhering to the guidelines established in Louisa County's Comprehensive Plan
- Strengthening programs when possible rather than introducing new competing programs

General Approach

By featuring business information from across the County, Visit Louisa intends to offer visitors a complete picture of lodging, food, and activity options. Our general story-telling approach intends to create a holistic picture of Louisa's offerings. We use data-driven decisions and seek to impart the feeling of escape from the hustle and bustle. We follow tourism trends and encourage visiting multiple areas of the County.

The Louisa County tourism program is comprised of a robust set of marketing and outreach efforts, with many of the activities representing integrations to provide visitors with the most up-to-date information. The below snapshot is not all inclusive of efforts.

- Digital Presence: VisitLouisa.com, Visit Louisa App, Weekly E-Newsletters, Kiosks in Locations with High Foot Traffic, Socials
- Print: Rack Cards in VA Welcome Center Brochure Distribution Program, Monthly Guides
- Advertising: Search Engine Marketing, Video, Banner, Print Ads, Broadcast
- Trails: Civil War Trails, Wine/Beer, Jack Jouett Trail
- Partner Resources: Support Process, Event Support, Information for Businesses Newsletter, Tourism Program Guide, Tourism Ambassador Program

DRAFT

Challenges & Opportunities

Before outlining Louisa County's tourism goals, it is important to understand the landscape shaping tourism today. Louisa County's tourism landscape is rich with potential, yet shaped by several external and internal factors that influence how the County should strategically invest its time and resources. Understanding these challenges and opportunities helps clarify why the goals in this plan are structured as they are and guides decision-making.

Challenges

- Seasonality of Visitation: Louisa experiences strong peak-season activity but lower shoulder-season engagement, making it important to highlight year-round offerings and balance demand across all four seasons.
- Fragmented Event and Business Information: Without consistent participation in Visit Louisa tools (Google Map listings, Facebook co-hosting), information gaps can limit the County's ability to share a complete and accurate picture of local offerings.
- Balancing Growth with Rural Character: While tourism benefits the local economy, the County must promote growth in a way that respects community identity and preserves Louisa's rural charm.
- Changing Statewide Tourism Environment: With Virginia shifting from marketing-led tourism to an investment-led approach, localities must adapt to remain competitive.

Opportunities

- Strong Existing Platforms and Automation Tools: VisitLouisa.com, the app, newsletters, kiosks, and social media all pull from the same system, allowing for efficient updates and coordinated marketing when businesses participate fully.
- Growing Regional Collaboration: The launch of the new Piedmont Region in 2027 presents opportunities for multi-day itineraries, shared marketing, and broader reach.
- Existing Long-Standing Events: Louisa already hosts strong events that can be elevated further before creating new ones, maximizing resources and strengthening community traditions.
- A Rich Mix of Natural and Cultural Assets: Lake Anna, wineries and breweries, outdoor recreation, historic sites, trails, and small-town main streets all offer opportunities to create compelling year-round narratives and themed packages.

DRAFT

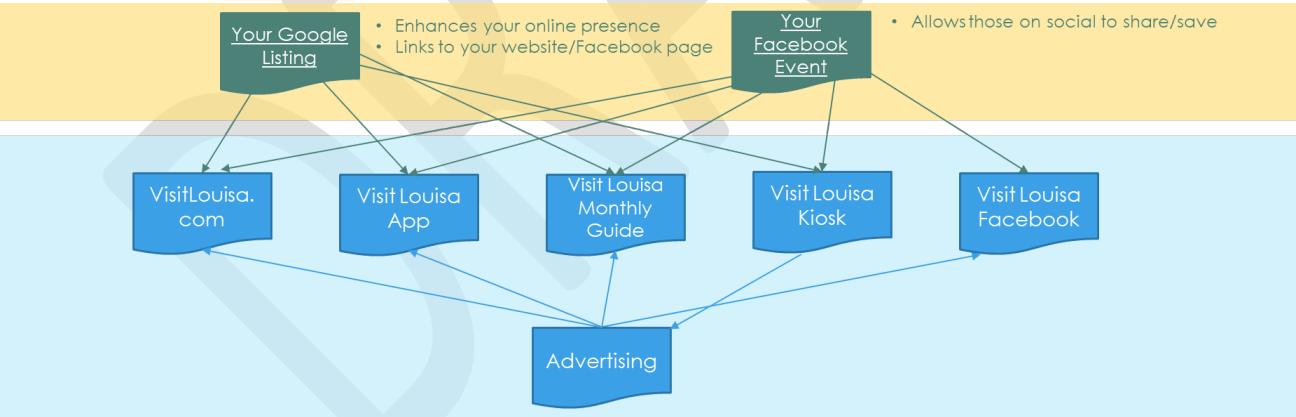
Goal 1: Leveraging Current Assets – Platforms

Our platforms comprise a successful network that streamlines efforts of both staff and our local businesses/attractions. We should continue to leverage these platforms as well as educate businesses/attractions on how to best participate.

Successful Outcome Statement: Louisa County's platforms provide accurate, consistent, and comprehensive visitor information through a fully integrated system that improves efficiency and business participation.

Software

Our system leverages Google Map listings and Facebook events. These automations allow us to maximize the productivity of a small staff and keep our materials as up-to-date as possible. The following ALL pull from the same system, so we stress the importance of businesses/attractions having a Google Map listing and adding Visit Louisa as a co-host on Facebook events: VisitLouisa.com, Visit Louisa App, Monthly Guide, Louisa Bound Weekly E-Newsletter, Kiosks and Visit Louisa Facebook. The boxes highlighted by yellow show what's necessary from businesses/attractions for their information to be pulled into various Visit Louisa materials.



Newsletters, Monthly Guides and Kiosks

Weekly e-newsletters highlight upcoming events and point to more information. Monthly travel guides highlight events and attractions around the County. Digital kiosks are placed in high-foot traffic locations around the County. This encourages visitors to continue exploring the County.

Goal 2: Leveraging Current Assets – Businesses

Local tourism is centered on our local businesses, and their engagement strengthens our program. We are stronger working together, and staff will continue outreach efforts to increase participation as well as new content creation featuring these locations.

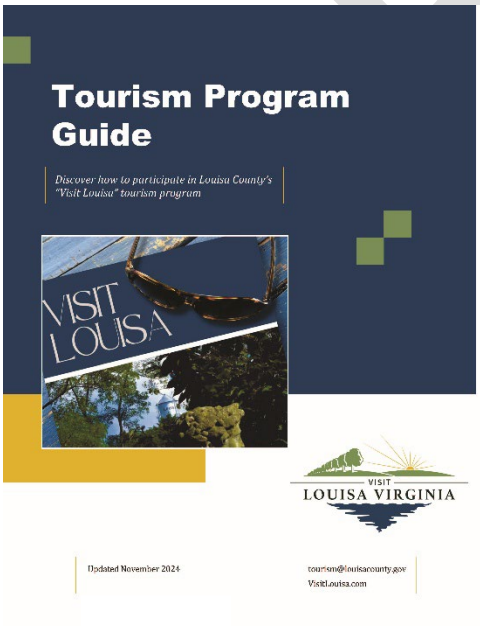
Successful Outcome Statement: More local businesses engage with tourism tools and programs, strengthening the overall visitor experience and expanding the information available to the public.

Participation / Tools for Businesses

Through our various tools, we should encourage business participation in our programs. By strengthening the Visit Louisa brand, all businesses featured in Visit Louisa materials benefit.

Training

The Tourism Program Guide should be reviewed and updated annually. This guide should serve as an introduction for Louisa County businesses to tourism participation options.



The Tourism Ambassador Program should also be reviewed and updated annually.

Goal 3: Leveraging Current Assets – Events & Seasonal Strengths

We need to strengthen our narrative about our offerings in all four seasons, highlighting events and natural resources. This narrative will be further developed by leveraging associations and be amplified using advertising.

Successful Outcome Statement: Year-round visitation increases as strengthened signature events and seasonal narratives create a clearer sense of what visitors can enjoy in every season.

Events

There are many strong and/or longstanding events in Louisa County. Rather than creating new events, we should first consider strengthening existing events.

Seasonal Strengths

We should strengthen our narrative about things to do throughout the year. This narrative should include information to bolster the shoulder season.

Advertising

Our advertising rotates continuously to highlight businesses throughout the County and seasonal offerings. Our advertising should highlight both events and seasonal strengths.

Associations

We belong to associations that help educate staff and offer services to strengthen our offering. We should utilize these benefits to develop seasonal best practices.

DRAFT

Goal 4: Thoughtful Product Development

Product development refers to the process of creating or enhancing experiences. Packages and developing our sense of place are vital to this goal.

Successful Outcome Statement: Louisa County's sense of place becomes more defined and visible through signage, public art, and experience-based packages. These enhancements result in improved navigation, stronger community identity, and more compelling experiences for visitors.

Location Branding

We are positioned to build Louisa County's sense of place through signage and an art program.

Signs

The County adopted a sign implementation plan. The County has a contract allowing work through two vendors. Sign designs will require Board of Supervisors approval.

Art

The County adopted an Outdoor Public Art policy. We will first use funds to install an art installation at the Wares Crossroads roundabout and paint the water tower in Zion Crossroads to maximize exposure.

Program Support

Program Support refers to funds that may be granted to eligible entities that complete an application process through the Tourism Advisory Committee and Board of Supervisors. The following Code of Virginia is what allows the County to provide funds to an entity exceeding $5,000:

The Code of Virginia, § 15.2-953, allows for localities to make appropriations to certain types of entities (nonprofit recreational associations or organizations; nonprofit associations or organizations furnishing services to beautify and maintain communities or to prevent neighborhood deterioration; chamber of commerces which are nonprofit and nonsectarian; public or private nonprofit organizations or agencies engaged in commemorating historical events; nonprofit foundations established to support a public

DRAFT

park; and associations or other organizations furnishing voluntary firefighting services or a nonprofit or volunteer emergency medical services agency).

For private businesses/entities that are not 501(c)(3)s, the tourism team may still be able to partner on projects. This funding is limited to no more than $4,999 per project, and the business/entity will be required to support Louisa County tourism by providing relevant program data and marketing information, submitting blog content and following the process to submit events through the Visit Louisa ingestion process, collaborating with a minimum of one other Louisa County business to create a package offering, displaying Visit Louisa information, providing available brochures to the Sargeant Museum, and submitting a calendar of planned large events.

Terms and conditions outlined in the agreement may be modified as needed to best support the engaged parties.

Visitors Center

The Sargeant Museum is now the Louisa County Museum and Visitors Center, and is VTC certified. We support the visitors center and encourage businesses to provide their brochures for distribution.

There is also a mobile visitors center multi-year goal. The idea is to create an experience that can travel around the County to Tourism Ambassador sites.

Events

We should work with our local partners on signature events in both the Town of Louisa and the Town of Mineral.

DRAFT

Goal 5: Aligning with State Efforts

We should align with state tourism efforts when possible to reinforce messaging (Visit Virginia, Visit Louisa) and achieve grant funding.

Successful Outcome Statement: Local tourism efforts reinforce and benefit from statewide messaging, grant programs, and regional partnerships. Louisa County captures more statewide marketing exposure, secures additional funding opportunities, and aligns its product development with Virginia's long-term tourism strategy.

Strategic Marketing Plan

VTC released its 2026-2029 Strategic Marketing on April 15, 2026. The full plan is included in the appendix for easy reference. Highlights of the plan include:

- Creating stronger regional travel with muti-day itineraries
- Increasing lengths of stay
- Increasing daily spend
- Investing in downtowns and main streets, outdoor recreation, attractions and experiences
- Identifying gaps
- Competing more aggressively with other states

This plan reflects a shift from marketing-led tourism to investment-led (product/experience) tourism.

For Louisa County, we anticipate strong regional collaboration with the go-live date of the new Piedmont Region set for January 1, 2027. We are currently working with VTC and our regional partners on early planning efforts.

We will look for ways to supplement our Program Support investment efforts to enhance our assets.

DRAFT

Virginia Piedmont Region

Advertising

We should consider VTC's advertising strategies and placements. If we advertise in the same markets, ad recipients are likely to receive the messaging, "Visit Virginia" and then "Visit Louisa." In 2025, we began to more heavily advertising in Pennsylvania – in line with VTC advertising.

This year, we should utilize "360" advertising strategies informed by the VTC markets.

Grants

As the Destination Marketing Organization (DMO), we apply for VTC's DMO grants. We should continue to apply for new grants as new cycles begin.

DRAFT

More

Analytics

Staff has access to analytical software and a number of reports. A monthly report with a selection of this information is provided to the Board of Supervisors.

Annual Report

The Louisa County Tourism 2025 Annual Report is available on VisitLouisa.com. The annual report offers a compilation of much of the data provided in the monthly reports as well as offers additional information on the benefits of the tourism program to the community, including a tax savings per household.

Budget – TOT explanation

The tourism budget is largely comprised of Transient Occupancy Tax (TOT) revenue. TOT is collected from hotels, short-term rentals and campgrounds. Is it a legislative requirement that a portion of TOT revenue is used for tourism. Much of the TOT revenue is applied to the County's general fund which funds local public safety, education, waste management and other essential services.

Living Document

This strategic plan will be reviewed annually to ensure alignment with County priorities, statewide tourism direction, and emerging opportunities. Staff will provide the Tourism Advisory Committee and Board of Supervisors with ongoing updates to track progress and recommend adjustments as needed. This signals that the plan is a living document.

DRAFT

Appendix

I. Tourism Advisory Committee Bylaws

A. Name

The name of this group shall be the Louisa County Tourism Advisory Committee, hereinafter referred to as the TAC.

B. Purpose and Intent

I. The purpose of the TAC is:
   (1) To serve in an advisory capacity for the Board of Supervisors.
   (2) To make recommendations on matters pertaining to tourism marketing initiatives, tourism projects, and long-range plans for the tourism industry in Louisa County.
   (3) To investigate, research, and report on the feasibility of adoption or implementation of ideas and initiatives to further the County's tourism efforts and increase tax revenues and visitation numbers.

II. Mission Statement: The mission of the TAC is to inform and engage all tourism sectors and the community, creating a unified, dynamic consortium that increases tourism in Louisa County for the benefit of the entire community.

III. The TAC shall serve as an advisory board, not a policy board; therefore, it can make recommendations but not set policy.

C. Membership

I. The TAC shall consist of at least ten (10) but no more than thirteen (13) members, representing different stakeholders in the tourism industry in Louisa County and be appointed by the Board of Supervisors.

II. In order to promote continuity and institutional knowledge, member terms shall be staggered. For the purpose of establishing and preserving staggered terms, the Board of Supervisors may designate appointments to serve one (1) year terms or two (2) years.

III. Members are expected to attend and actively participate in all regularly scheduled meetings. Any member who accumulates two (2) unexcused absences within a calendar year may be subject to review and possible removal by the Board of Supervisors. The Chair shall notify staff of attendance concerns when appropriate.

IV. Members shall serve without compensation.

DRAFT

V. The Board of Supervisors may remove any member of the TAC for any reason.

VI. For purposes of determining a quorum, a member who has disclosed a conflict of interest shall still be considered present; however, the member shall not be counted as voting on the affected matter.

D. Ex Officio Members

I. The following may serve as ex officio, non-voting members of the TAC:
   (1) Board Supervisors
   (2) Staff or elected representatives from each incorporated Town within Louisa County
   (3) County tourism staff

II. A majority of the currently appointed voting members of the TAC shall constitute a quorum for the transaction of business. Only voting members present at a meeting at which a quorum has been established may vote on matters before the TAC. Ex officio members shall not be counted toward a quorum and shall not vote.

E. Officers of the Committee

I. Officers of the TAC shall consist of a Chair and Vice-Chair.

II. The Chair and Vice-Chair shall be elected by the TAC at the first meeting of the year and shall serve a one (1) year term by majority vote of the TAC members. No member may serve more than two (2) consecutive terms in the same office.

III. The Chair shall preside at meetings of the TAC and perform such other duties as are incident to the office or are properly required by the TAC.

IV. The Vice-Chair shall, in the absence of the Chair, perform the duties of the Chair and other duties as assigned by the TAC.

V. If a vacancy occurs in the position of Chair, the Vice-Chair will fill the unexpired term of the Chair.

VI. If a vacancy occurs in the position of Vice-Chair, the position shall be filled by majority vote of the TAC at its first meeting following the creation of such vacancy.

F. Meetings

Regular meetings shall be held quarterly.

DRAFT

G. Rules of Order

I. Meetings will generally be conducted informally with decisions reached by consensus. Should consensus not be achieved, Robert's Rules of Order (12th edition) will be invoked. Any voting member may also request that Robert's Rules of Order be used in the conduct of business of the TAC.

II. A formal vote will be required for all matters pertaining to budget or financial decisions.

H. Amendments

I. The Board of Supervisors may revise these bylaws to address procedural or substantive needs of the TAC.

DRAFT

II. Policy Guide for Tourism Advisory Committee

1. Purpose of the Committee

The Louisa County Tourism Advisory Committee (TAC) exists to support and strengthen tourism in Louisa County by providing informed recommendations to County leadership.

As outlined in the bylaws , the TAC:

- Serves in an advisory capacity to the Board of Supervisors (The TAC is an advisory body. It does not set policy or make final decisions.)
- Provides recommendations on tourism marketing, projects, and long-range planning
- Evaluates opportunities to increase visitation and tourism related revenue

2. Role of a Committee Member

This is a strategic and advisory role, not an operational one. As a member, you are expected to:

- Provide thoughtful, informed input on tourism initiatives
- Represent the interests of the entire County, not just your business or organization
- Serve as a connector between the tourism community and County leadership
- Help identify opportunities to enhance visitor experiences and economic impact

3. Authority and Boundaries

To maintain clarity and effectiveness:

Members may:

- Discuss and evaluate tourism initiatives
- Share expertise and industry insight

Members may not:

- Direct County staff
- Commit County funds or resources

DRAFT

- Speak on behalf of the County unless authorized
- Set policy or make binding decisions

4. Attendance and Participation

- Members are expected to attend all regularly scheduled meetings
- Two unexcused absences within a calendar year may trigger review and possible removal
- Members should come prepared and ready to contribute

5. Officers and Leadership

- Chair and Vice Chair are elected by the Committee annually
- No member may serve more than two consecutive terms in the same office
- The Chair leads meetings and sets the tone for discussion
- The Vice-Chair supports and fills in as needed
- The nominations and elections must occur in an open public meeting

6. Meetings and Decision-Making

- The Committee aims for consensus first
- Formal votes are required for Board recommendations
- Robert's Rules of Order will be used to conduct meetings

7. Ex Officio Participation

Non-voting participants may include:

- Members of the Board of Supervisors
- Representatives from incorporated towns
- County staff

DRAFT

These individuals:

- Provide input and expertise
- Do not vote
- Do not count toward quorum

8. Ethics and Conflicts of Interest

All members must comply with the Virginia State and Local Government Conflict of Interests Act.

If you have a conflict:

- Disclose it openly (When in doubt, disclose.)
- Refrain from voting on that matter
- You may still be counted toward quorum, but not toward the vote

9. Relationship with County Staff

County staff play a key role in supporting the TAC.

Staff responsibilities include:

- Preparing materials and recommendations
- Providing subject matter expertise
- Managing logistics and communication
- Implementing Board approved actions

Committee members should:

- Provide input through meetings and official channels
- Respect staff roles and responsibilities
- Avoid directing staff outside of established processes

DRAFT

10. Communication Guidelines

To ensure consistency and accuracy:

- Staff serve as the primary liaisons to the Board of Supervisors
- Public statements representing the TAC should be coordinated through staff
- Members are encouraged to promote tourism positively, but not present personal views as official County positions

11. Strategic Alignment

All recommendations should align with:

- County priorities and policies
- Tourism strategy and available funding

DRAFT

Massanutten Resort - Ridge Trail

EXECUTIVE SUMMARY

Virginia's tourism industry is a powerful economic engine for the Commonwealth, generating billions in visitor spending, supporting hundreds of thousands of jobs, and producing meaningful tax revenue at the state and local levels. Yet neighboring states are investing aggressively to grow their own market share, and traveler expectations continue to shift. This plan provides the strategic framework Virginia needs to sharpen its competitive edge, grow visitation, extend visitor length of stay, and increase spending across all 10 tourism regions.

This plan is the result of extensive research across the Commonwealth. Hunden Partners engaged more than 2,000 stakeholders across all 10 regions through workshops, focus groups, surveys, and in market site visits. Additionally, a detailed quantitative analysis of approximately 900 points of interest was conducted to understand each region's current tourism product positioning. This plan identifies what Virginia does well and where critical gaps remain.

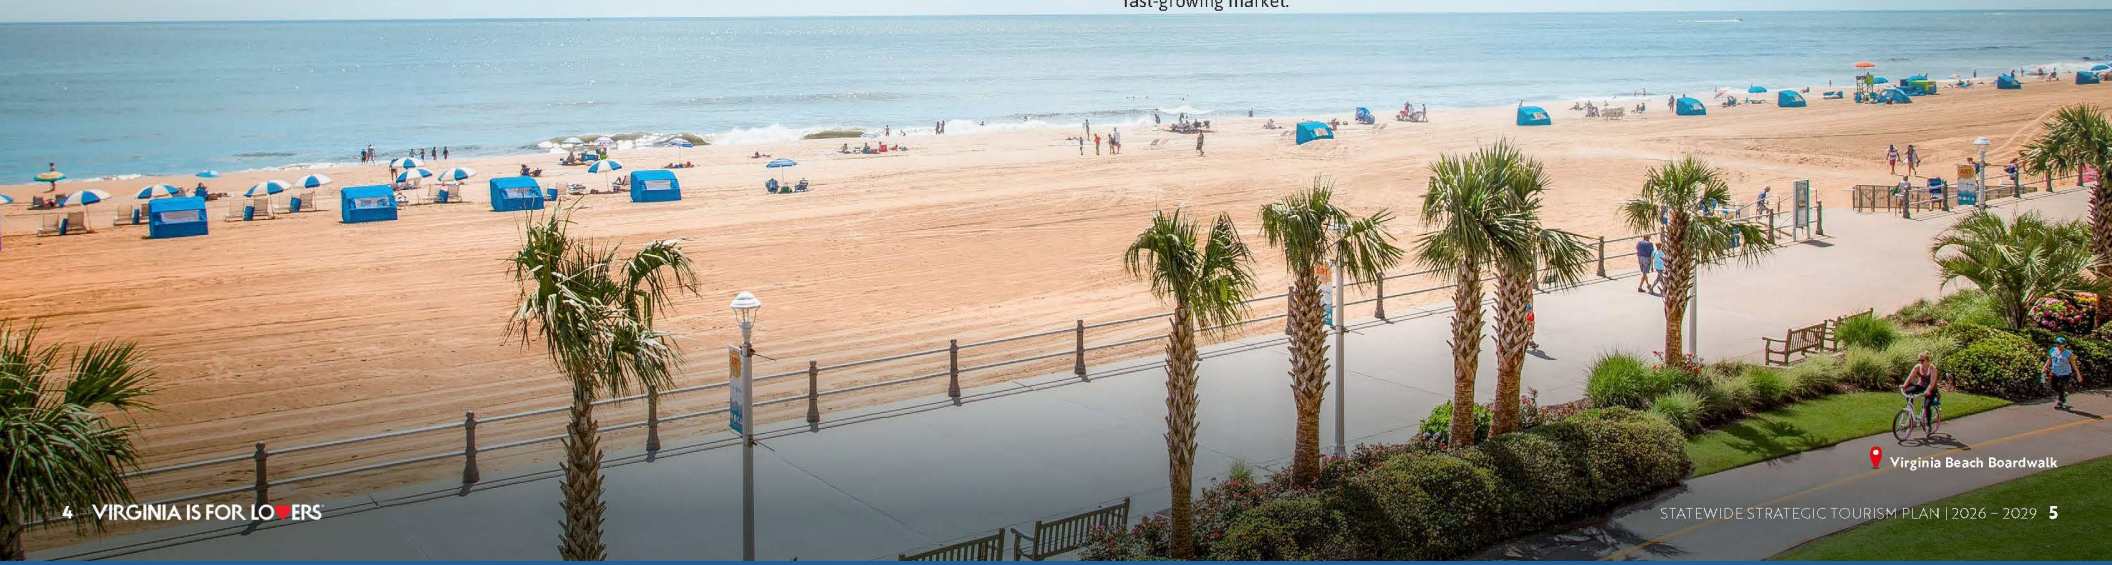
The findings point to consistent statewide needs: expanded lodging options with more full-service and boutique hotel options, more family-friendly attractions, improved outdoor recreation access and amenities, and tournament-caliber sports infrastructure to capture a fast-growing market.

SUMMARY OF RECOMMENDATIONS

To act on these findings, the plan recommends three statewide priorities:

1. **Add new and enhance existing funding mechanisms to incentivize catalytic tourism product development at scale.**
2. **Target tourism product development investment guided by each region's specific strengths and gaps.**
3. **Create stronger connectivity across jurisdictions, regional partners, and VTC programs to ensure coordinated execution.**

The pages that follow detail the methodology, statewide analysis, and region-by-region plans that bring this strategy to life.



STATEWIDE OVERVIEW

Plan Goals

The goal of the Virginia Tourism Corporation (VTC) Statewide Strategic Tourism Plan (STP) is to design a strategy that will guide Virginia's tourism growth, sharpen the Commonwealth's competitive edge and increase both visitation and traveler spending over the next three years.

The Plan identifies strategies to extend traveler length of stay by highlighting unique attractions to increase Virginia's competitiveness, and support economic development throughout Virginia's ten (10) tourism regions. This regional approach will further enhance visitor experiences, increase visitor spending, and strengthen the overall appeal of the Commonwealth.

The following components are executed region by region in subsequent regional plans:

EXISTING PRODUCT PROMOTION

Evaluates each region's top Points of Interest (POIs) and assesses how well existing assets align with traveler preferences and competitive destinations.

FUTURE PRODUCT DEVELOPMENT

Analyzes competitive gaps, recommends new products or enhancements, and identifies each region's direction for the next three years.

EXECUTION RECOMMENDATIONS & STRATEGY

Outlines priority projects and funding opportunities, ranks initiatives with the greatest statewide and regional impact, and provides a tactical roadmap for recommendation implementation.

The above components were completed through a detailed statewide process and comprehensive methodology that included stakeholder input through interviews, focus groups, survey responses as well as detailed market research on existing product, target markets, and more, to ultimately recommend regional strategies for increasing competitiveness throughout the Commonwealth's tourism ecosystem.

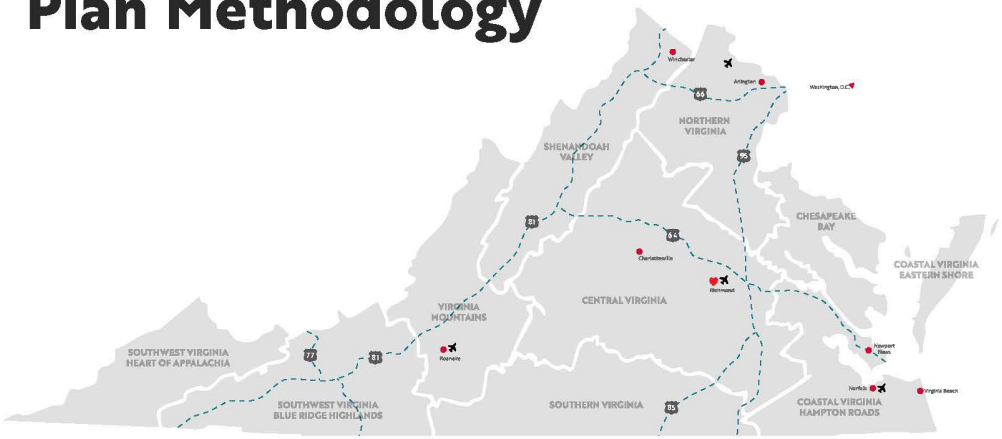
VTC has a mission to expand domestic and international in-bound travel and motion picture production to generate revenue and employment in Virginia. This Plan furthers that mission through the commitment to drive visitation into and across the Commonwealth through regional strategies for product promotion and new product development.

VTC engaged Hunden Partners (Hunden) to facilitate the planning process across all 10 tourism regions beginning in early 2025. Hunden is the leading destination development consulting firm that works with Destination Marketing Organizations (DMOs), local and state governments and related agencies to plan for and support future placemaking initiatives that catalyze communities and grow the tourism ecosystem for good. The STP, developed by Hunden in conjunction with VTC, delivers strategies for implementation to increase returns across the Commonwealth and impact the tourism economy of all 10 regions.

Russell County

STATEWIDE OVERVIEW

Plan Methodology



Source: VTC

The STP includes a statewide framework as well as 10 unique plans for each of Virginia's tourism regions, as shown above. This framework builds on previous strategic initiatives, including:

- VTC's Statewide Strategic Tourism Plan 2020 - 2025: DRIVE 2.0,
- VTC's lure/hub-and-spoke model

This STP furthers prior efforts by applying Hunden's proprietary Pillars of Place analysis for data-driven insights into promotion and product development opportunities. The Pillars of Place analysis provides a graded assessment of each region's existing lures, hubs, and spokes to identify gaps and opportunities that enhance the regions through tourism product development.

In addition to the Pillars of Place analysis, the research process included comprehensive stakeholder engagement across all 10 regions. Hunden conducted in-person stakeholder meetings, focus groups, steering committees, and a regional survey. The findings from Hunden's engagement, research, and analysis inform the three-year tactical strategy, which balances statewide priorities with actionable steps for all tourism regions.

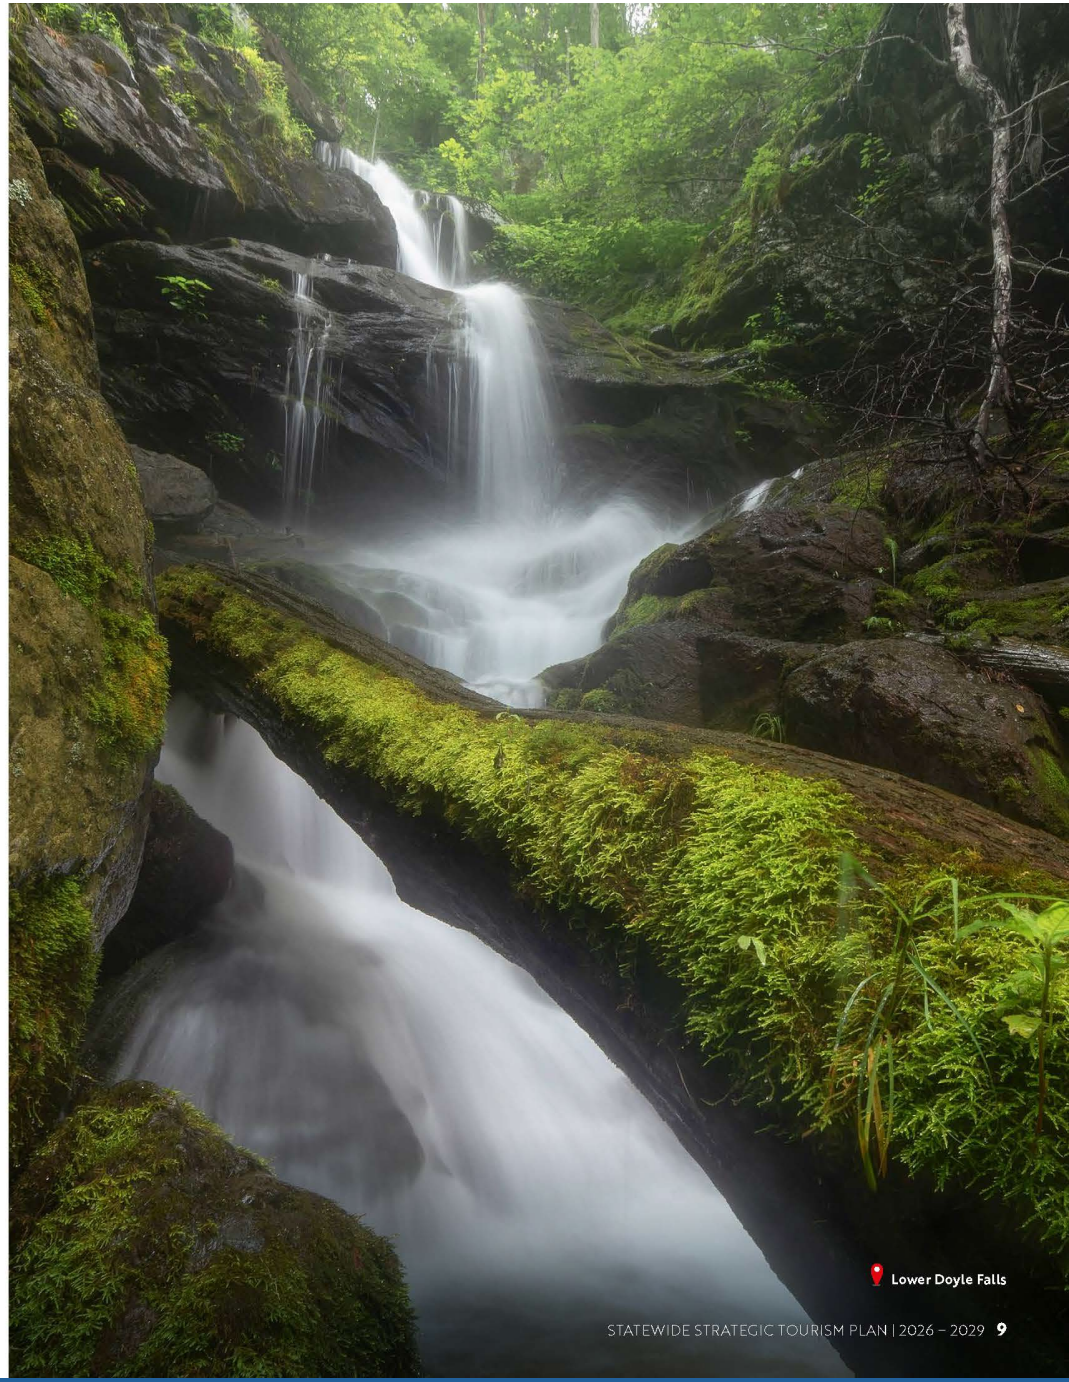
COMPONENTS OF THE STP:

QUALITATIVE

- Stakeholder engagement – regional and state-level stakeholders
- Case studies input
- Analysis of trends
- Strengths, Weaknesses, Opportunities, Threats (SWOT) by region
- Competitive and comparable case studies in the Commonwealth
- Competitor research

QUANTITATIVE

- Pillars of Place research
- Stakeholder survey
- Audience research and travel data



Stakeholder Engagement

Throughout the research process, Hunden Partners had more than 2,000 stakeholder touchpoints across the Commonwealth. The engagement process included more than 235 virtual and in-person workshops, engaged more than 700 stakeholders in person, received 1,167 survey responses to the statewide Stakeholder Engagement Survey, and visited more than 450 Points of Interest (POI)s across Virginia.

As part of this comprehensive engagement, Regional Steering Committees were created to engage and guide the planning process. These Regional Steering Committees met three times during the research process: (1) At the beginning to guide the process and provide input on the region's current positioning, (2) at the Project midpoint/after initial product analysis was concluded and recommendations were being formed, and (3) once draft recommendations were drawn prior to the conclusion of the process. These meetings served as integral touchpoints to gain feedback on the methodology and findings of Hunden's Pillars of Place analysis. Furthermore, Hunden met with regional Focus Groups, using contacts provided by VTC and the Steering Committees to provide feedback and help form key regional themes.

A SUMMARY OF HUNDEN'S STAKEHOLDER ENGAGEMENT PROCESS ACROSS ALL 10 REGIONS IS AS FOLLOWS:

2,000
Stakeholder touchpoints across the Commonwealth

This industry and stakeholder engagement was a cornerstone of the planning process. Feedback from stakeholders guided the outcomes and ensured alignment with regional product needs. Key stakeholder themes are included in both the Statewide Opportunities section as well as each regional section of this Plan.

STATEWIDE OVERVIEW

Pillars of Place

The Pillars of Place analysis is a quantitative framework used to assess a destination's existing assets and identify strengths and potential gaps. The analysis is based on Points of Interest selected by VTC in conjunction with local stakeholders.

VTC currently tracks approximately 900 active POIs statewide, an industry-leading dataset used in partnership with Symphony and Tourism Economics for research and marketing applications. These POIs serve as indicators of tourism activity rather than an exhaustive inventory of all tourism-related assets.

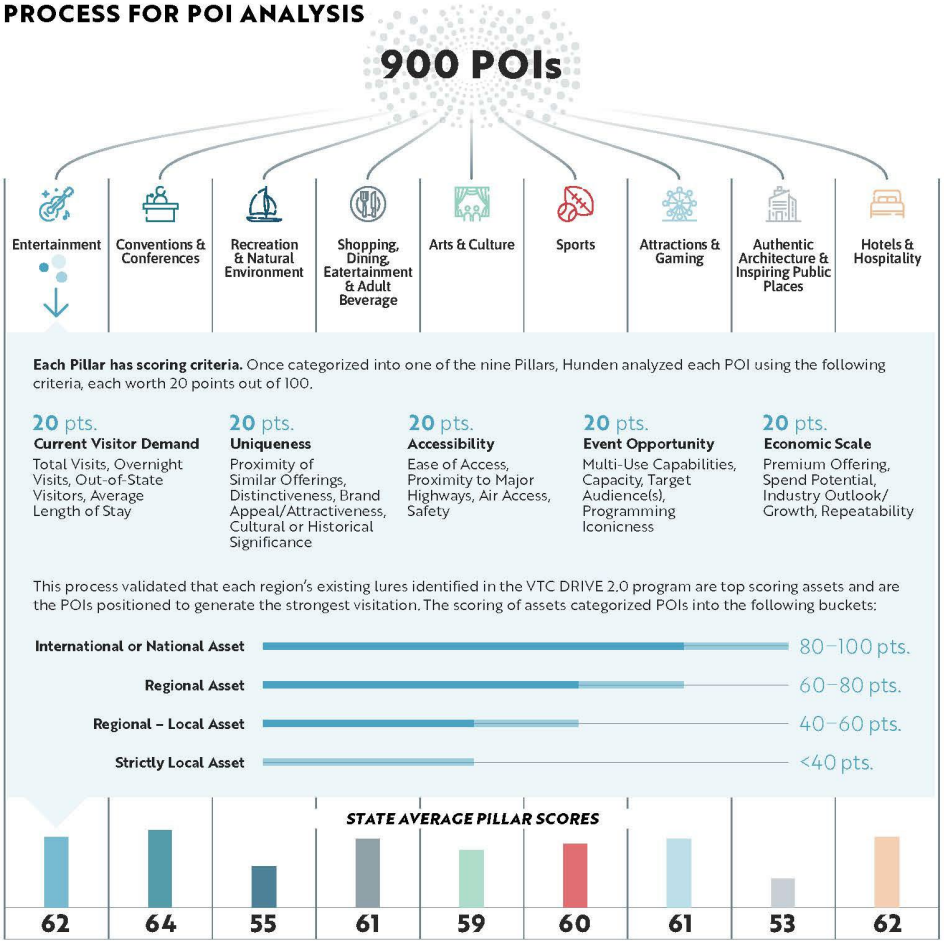
Hunden applied a proprietary scoring methodology to all POIs provided by VTC to evaluate regional asset performance and determine each region's current positioning. POIs were then categorized into Hunden's Pillars of Place, grouping similar asset types to ensure consistency across regions while allowing for regional nuance informed by stakeholder input.

PILLARS OF PLACE

- Entertainment
- Conventions & Conferences
- Recreation & Natural Environment
- Shopping, Dining, Eatertainment & Adult Beverage
- Arts & Culture
- Sports
- Attractions & Gaming
- Authentic Architecture & Inspiring Public Places
- Hotels & Hospitality

For example, attractions and gaming assets include venues such as Caesars Virginia, Virginia International Raceway, Kings Dominion, and the Metro Richmond Zoo. Entertainment assets include venues such as Jiffy Lube Live, Wolf Trap National Park for the Performing Arts, and the American Shakespeare Center's Blackfriars Playhouse. Colleges and universities were generally categorized under Arts and Culture unless a facility functioned primarily as a tourism-driving sports or entertainment venue, such as John Paul Jones Arena at the University of Virginia.

PROCESS FOR POI ANALYSIS



All POI scores roll up to a regional pillar score, which creates a scoring matrix. This matrix helps identify supply, demand, and product gaps as well as which regions need certain product.

THE GOALS OF THIS PROCESS ARE TO:

CRAFT REGIONAL IMPLICATIONS ON EXISTING PRODUCT → ***IDENTIFY STRONGEST ASSETS FOR VISITOR ATTRACTION*** → ***IDENTIFY GAPS IN PRODUCT***

The Pillars of Place analysis was conducted on the regional level with more detail on the outcomes and subsequent product recommendations in each respective regional plan.

Link to Pillars of Place Definitions Link to Individual POI by Pillar

Industry Trends

Planning for the future requires an understanding of key trends. As VTC looks to grow tourism impacts these trends will identify opportunities to capitalize in key areas of product and experience development. The following section includes top trends and examples relevant to Virginia's tourism economy over the next three years. Additional trends were considered and are included in the appendix.

TREND	BEST PRACTICE EXAMPLE	OVERVIEW	VA IMPLICATION
"Quiet Luxury"	1. Grand Bohemian Lodge (Autograph Collection) – a design-forward, boutique property where luxury is expressed through craftsmanship, setting, and service rather than overt branding. *Example: Greenville, SC.* 2. Relais & Châteaux restaurants – chef-led, small-scale dining experiences emphasizing provenance, storytelling, and exceptional service. *Example: The Saloon at Dunton Hot Springs, Dolores, CO.* 3. Aman Resorts – known for privacy, serenity, and highly personalized service in secluded, destination-driven settings. *Example: Amangani Jackson Hole, WY.*	This trend reflects a shift toward understated, experience-led luxury. Travelers are prioritizing privacy, personalization, and authenticity over conspicuous consumption. Demand remains strong where luxury feels meaningful and tailored rather than performative.	Strong potential for boutique resort development, wellness-oriented lodging, and premium food experiences that can capture longer, higher-spend stays across Virginia.
Solo Travel	1. Intrepid Travel's solo-only tours – purpose-built itineraries for solo travelers seeking independence with built-in community. 2. Priceline's "Solo Explorer" promotions – demonstrates how OTAs are actively targeting and packaging solo travel demand. 3. Solo-focused tour operators expanding in the U.S. – signals the scale and maturity of the solo travel segment.	Solo travel continues to grow as travelers seek flexibility, autonomy, and shorter, experience-rich trips. Many solo travelers are also opting into small-group departures, creating a hybrid model that balances independence with social connection.	Virginia's Singles and Starters segment aligns strongly with this trend. Destinations can respond with easy-to-book micro-itineraries, small-group guided experiences, and safe, social activities that still preserve a sense of independence.
Adventure Tourism on the Rise	1. Recreational kayaking and watersports showing strong growth, particularly in urban-adjacent areas. 2. Moab, UT expanding outfitters offering packaged rentals and guided experiences that reduce barriers to entry. 3. National Park Service reporting a record 331.9 million recreation visits across more than 400 sites in 2024.	Adventure tourism continues to attract travelers seeking exploration, immersion in nature, and active experiences that provide a break from routine. Nature, adventure, and active travel now represent a substantial share of global tourism spending.	Virginia's extensive outdoor recreation assets position the Commonwealth well. Creating clustered outdoor recreation zones and linking them with hospitality and entertainment nodes can extend stays. Expanding outfitters and guide services will help make adventure more accessible and bookable.
Authentic Local Cultural Interest	1. Airbnb integrating bookable local services and experiences alongside accommodations, enabling easier access to local guides, chefs, and makers. 2. Lake Charles, LA culinary storytelling – using signature dishes and local food identity to connect visitors with place. 3. People-First Tourism (Raleigh, NC) – centering resident voices, local businesses, and community benefit in tourism development.	Travelers increasingly seek meaningful connections to local culture, prioritizing experiences that support small businesses and offer a deeper sense of place. Cultural immersion and learning have become core motivators, particularly among younger travelers.	Virginia's history, heritage, and local culture are strong differentiators. Emphasizing authentic storytelling, immersive learning, and locally rooted experiences can give visitors a deeper sense of meaning and long-term connection to place.

TREND	BEST PRACTICE EXAMPLE	OVERVIEW	VA IMPLICATION
"Town-Sizing" & the Value-Seeking Traveler	1. New Hope, PA & Lambertville, NJ for walkable downtowns, antiques, and riverfront settings. 2. Ouray, CO for outdoor recreation paired with hot springs and small-town character. 3. Bentonville, AR for world-class outdoor recreation combined with strong cultural amenities.	Travelers are increasingly choosing smaller towns over large cities, seeking a slower pace, distinctive character, and better overall value. These destinations often support longer stays, shorter planning windows, and more memorable experiences.	Virginia's small towns are well positioned to capitalize on this trend. Shared-economy accommodations and experience-based offerings can fill lodging gaps, attract value-conscious travelers, and support local economic development.
Technology Driving Bookings	1. AI-powered trip-planning chat tools enabling conversational, personalized itinerary building. 2. AI-integrated travel search platforms that allow travelers to plan complete trips by asking questions rather than navigating filters. 3. Flexible payment and "Buy Now, Pay Later" options increasingly offered at checkout for travel and event bookings.	Travel planning and booking are increasingly shaped by AI-assisted discovery and frictionless checkout. Travelers expect fast answers, personalized recommendations, and payment flexibility that lowers upfront cost barriers and accelerates decision-making.	Virginia businesses and DMOs must remain discoverable and bookable across emerging digital platforms. Clear content, mobile-first design, itinerary-ready products, and flexible payment options will be critical to reaching next-generation travelers.
Road Trips and Regional Travel Persist	1. The quintessential California road trip experience. 2. Route 66 Centennial-themed travel experiences. 3. The Blue Ridge Parkway, a long-established Virginia asset.	Domestic travel continues to dominate U.S. tourism spending, with road trips remaining one of the most popular, affordable, and flexible ways to explore destinations—particularly for short-notice and value-driven trips.	Virginia is well positioned as a drive market from Washington, D.C., Philadelphia, and Charlotte. Leveraging scenic byways, hub-and-spoke itineraries, and regional routes can extend stays and encourage broader exploration across the Commonwealth.
Experiences Drive Destination Choice	1. Multigenerational travel destinations such as Outer Banks, NC and Hilton Head, SC. 2. All-inclusive experiential resorts like Mohonk Mountain House, NY. 3. Themed experience trails such as the Kentucky Bourbon Trail.	Travelers increasingly select destinations based on the breadth and quality of experiences available. A strong mix of guided and unguided activities, paired with nearby lodging and dining, encourages longer stays and repeat visitation.	Virginia's diverse experiences—from wine and seafood to outdoor recreation and heritage—position the state well for experience-driven itineraries that appeal to multigenerational and interest-based travel markets.
Travel Planning Windows are Getting Shorter	1. Vacations by Marriott last-minute deals offering time-sensitive discounts. 2. American Airlines featured and last-minute fare promotions targeting near-term travel decisions. 3. Last-minute hotel booking platforms designed for same-day or next-day stays.	Travelers are increasingly making decisions closer to departure, and brands are responding with limited-time pricing, featured inventory, and urgency-based offers. Shorter planning windows now influence seasonal, event-based, and leisure travel patterns.	Virginia's proximity to major drive markets provides a competitive advantage. Marketing quick-turn getaways, seasonal activations, and last-minute itineraries can help capture near-term demand and convert undecided travelers.

Target Audiences

The STP's focus on extending length of stay and increasing traveler spending to further the impact of the tourism economy means the visitor has to be a match for the experiences offered across the Commonwealth. Currently, VTC has three visitor personas based on research created from the state's agency of record:

OUTDOOR EXCURSIONIST

Motivated by destinations and trips that provide adventurous and explorative experiences while allowing them to get away from everyday stress. Inhibited by the fact that they have lower incomes and take fewer trips per year compared to other audiences. These visitors need destinations that offer a variety of outdoor experiences at an affordable cost and the ability to disconnect and take things at a leisurely place while enjoying the outdoors."

URBAN EXPLORERS

Motivated by destinations and trips that have unique urban offerings, culture, and a creative spirit in the destination they are visiting. Inhibited by the fact that they take fewer trips per year and are less interested in remote areas. These visitors need destinations that offer a rich urban experience with other amenities that are easily accessible and provide the ability to learn more about the destination as they immerse themselves in the destination they are visiting."

TRAVEL & ACTIVITY ENTHUSIASTS

Motivated by enriching leisure trips that allow them to experience a wide variety of activities and locations over a longer trip. Inhibited by trips with selective offerings or challenged to locate family friendly accommodations. These visitors need destinations that offer an abundance of activities and things to do and authentic, adventurous experiences that create memories that last a lifetime."

Sharp Top Mountain

EXPERIAN'S MOSAIC

45% of all visitor appearances statewide are: A C J

Scan for Segment Definitions

TOURISM PRODUCT ATTRACTS KEY SEGMENTS

These statewide personas as well as the additional segmentation research align well with the existing product across the Commonwealth and within each region. The categories of POIs created during the Pillars of Place analysis found that 25 percent of the POIs studied fall into the Authentic Architecture and Public Spaces, which includes many of the local downtowns and main streets and showcases the cultural exchange experienced across Virginia's communities.

The next highest concentration of POIs studied include Recreation and Natural Environment. Virginia's rich natural resources and abundant outdoor experiences including hiking trails, scenic viewpoints, rafting, paddle sports, and more make Virginia an incredible destination for those seeking everything from relaxing outdoor experiences to active adventure. The third most concentrated Pillar includes POIs in the Shopping/Dining and Adult Beverage experiences. This speaks to Virginia's rich culture and heritage in wine production, boutique shopping, and culinary experiences. The concentration of assets in these Pillars aligns well with existing personas across the Commonwealth.

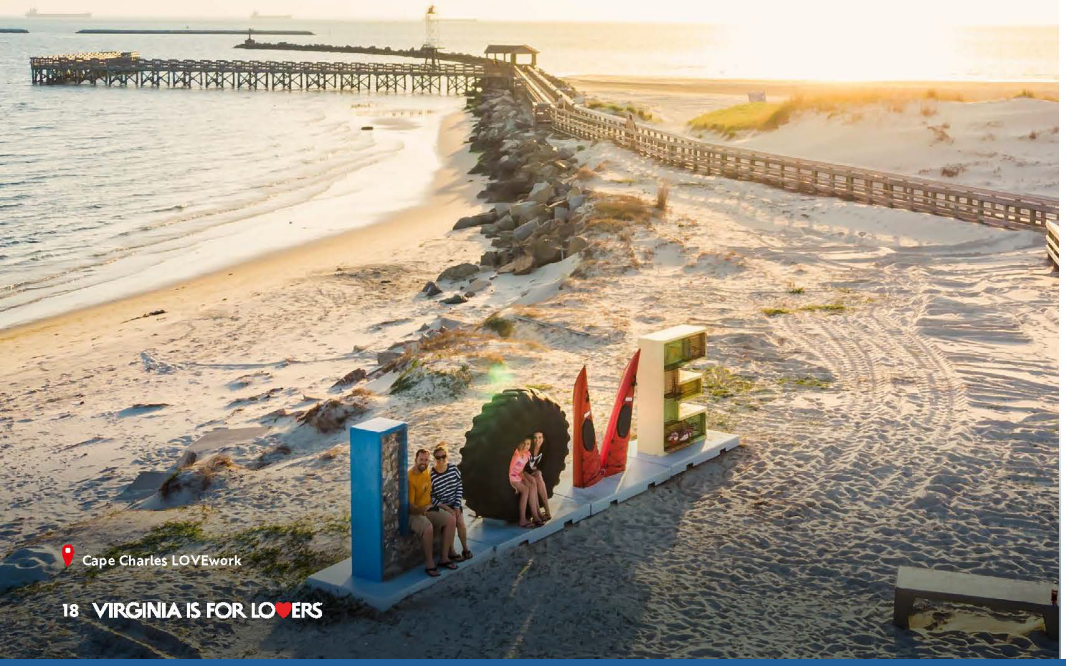
THESE AUDIENCES AND PERSONAS SHOULD BE FURTHER TARGETED TO EXPAND ON VIRGINIA'S STRONG PERFORMANCE IN THESE CATEGORIES AS ALL THE 10 REGIONS ARE REPRESENTED WITH EXISTING PRODUCT THAT FITS THESE VISITOR PERSONAS AND PROFILES.

Competition

Virginia is an incredibly diverse state with a range of tourism and hospitality offerings ranging from national parks and byways, history, culture, heritage, outdoor recreation, and nationally recognized sites, venues, and attractions. This diverse landscape of assets and amenities along with a globally recognized brand in Virginia is for Lovers makes the entire Commonwealth a great place to visit for a multitude of reasons.

Because of this diversity in offerings, Virginia attracts a range of visitor types. As mentioned previously, VTC has three primary target personas, the Outdoor Excursionist, Urban Explorer, and Travel and Activity Enthusiast, which competitive states are also interested in targeting. These personas represent the statewide attributes that make a traveler interested in Virginia's tousim experiences. According to research conducted by VTC, visitors to Virginia are likely to be well educated couples and families, with the majority having a college or post college degree. At the regional level, there is more nuance based on the specific localities' offerings. Leisure travelers' interests range across arts and culture, beach, outdoor recreation, foodies, entertainment, music, wine, and more. More detail on this will be explained in each regional plan.

To understand how VTC and the regions can capture more market share and increase the impacts of the tourism ecosystem across the state, this plan looked not only at the assets across the Commonwealth, but also how Virginia's tourism product compares to neighboring, competitive states.



Cape Charles LOVEwork

Using Tripadvisor's aggregation of state-by-state attractions rated three stars or higher, Hunden compared product volume to the landscape in the Commonwealth. In order to compare quality product across all competitive states, only listings of 3 stars or higher were screened. Virginia was compared to North Carolina, Pennsylvania, Tennessee, West Virginia, and Kentucky, regional peers with overlapping visitor markets. This table offers a statewide snapshot of Virginia's inventory of assets and amenities, beyond the POIs tracked, compared to its competitive neighboring states based on TripAdvisor's inventory and user generated rating scales. While this table showcases the state-level comparisons, regional sections of the analysis further refine comparisons at a local level.

Virginia's nearly 5,000 attractions place it above most regional peers and well ahead of smaller states like West Virginia and Kentucky, though still short of North Carolina's larger inventory. Its balanced mix across major categories such as Nature & Parks, Sights & Landmarks, and Museums provide broad appeal and a strong foundation for both leisure and cultural tourism. However, this balance also means Virginia does not dominate in any one area.

Additionally, states like West Virginia and Kentucky have recently made significant investments in tourism product development and plan to continue such investments to grow the tourism economy and its impact. Kentucky leverages legislation for tourism product development to incentivize new private sector development, while West Virginia's Department of Tourism has a similar tourism development incentive. More detail on these programs is in the Competition Investment Case Studies section. Both states are making a push to capture more market share through product development efforts, which presents a threat to Virginia's current market share positioning.

To strengthen its competitiveness, the state could focus on growing products that drive repeat visitation and longer stays, such as amusement attractions, meeting space, sports complexes, nightlife, and other unique activities and experiences. Pairing these attractions with continued investment in Virginia's natural and historic strengths would allow the state to maintain its market share and grow visitation and continued spending.

STATE COMPETITION: TOTAL ATTRACTIONS & KEY CATEGORIES

	Total Attractions	Nature & parks	Sights & Landmarks	Fun & Games	Museums	Spas & Wellness	Boat Tours & Water Sports	Nightlife	Classes & Workshops	Water & Amusement Parks	Zoos & Aquariums	Casinos & Gambling

Competitor Investment Case Studies

KENTUCKY TOURISM DEVELOPMENT ACT (KTDA)

The Kentucky Tourism Development Act is one of the most established models for incentivizing private tourism investment in the United States. The program has helped catalyze bourbon tourism destinations, museum expansions, and unique resort properties across the state, strengthening Kentucky's brand identity. **The KTDA program has incentivized product development, resulting in more than $601M across 29 projects. The total incentives are valued at $150M in sales tax, of which $56.8M has already been recovered.**

This program allows developers of approved tourism projects, such as attractions, hotels, entertainment complexes, and resorts, to recover up to 25 percent of eligible project costs through a rebate of state sales tax generated by the project over a ten-year period. If the project is on state-owned land the rebate is potentially up to 50 percent. This performance-based structure ensures the state only provides funding as the attraction succeeds, while also reducing upfront financial risk for developers. As a competitive state for tourism market share, Kentucky is an emerging performer.

Virginia has an existing Tourism Development Financing Program (TDFP) intended to serve as gap funding in rebate form. In the current TDFP hotels are primarily funded and the locality is the applicant; however, Virginia could benefit from a similar mechanism. Virginia should consider a new mechanism with this program as a reference point.

WEST VIRGINIA OFFICE/ SECRETARY OF TOURISM

West Virginia elevated tourism by creating a cabinet-level Secretary of Tourism position with substantial funding authority. The office oversees not only statewide marketing but also direct investment in product development through bonding authority and dedicated state appropriations. This has enabled West Virginia to expand lodging and recreation infrastructure, enhance marketing reach, and prioritize tourism as a pillar of economic growth. By aligning tourism strategy with financing capabilities at the highest level of state government, the program ensures continuity and political visibility. Similar to Kentucky, West Virginia is an emerging performer.

Additionally, West Virginia has a new "Governor's School for Tourism" which was announced by Governor Justice in 2024. This is a first of its kind program that will function as a traveling classroom for high school students to get a behind-the-scenes look at what keeps the tourism economy running across the state. The curriculum and educational components will be led by West Virginia University's Hardy Family Hospitality and Tourism Management program within the John Chambers College of Business. This is a unique partnership to lift the tourism and hospitality sector and build a pipeline for future talent.

Virginia may draw lessons from this model by considering whether VTC should have enhanced bonding capacity or statutory funding authority to directly catalyze new physical tourism assets across its regions. Additionally, Virginia could learn from the workforce education and development program to build a future pipeline of tourism and hospitality industry professionals for the next generation.

TENNESSEE DEPARTMENT OF TOURIST DEVELOPMENT (TDTD)

Tennessee's Department of Tourist Development (TDTD) administers direct grant programs that fund tourism product development at the community level. The flagship **Tourism Enhancement Grant** awards up to $100,000 per project to non-profits and local government entities for the creation or expansion of public-facing attractions, facilities, and events. In November 2025, Tennessee awarded more than $2 million across 30 communities in a single round, funding stages, historic preservation, ADA upgrades, and visitor-serving infrastructure.

The **Tennessee Special Event Fund** provides a competitive incentive for securing major events capable of generating $10 million or more in direct economic impact or $1 million in state and local tax revenue, giving Tennessee a strategic edge for high-profile national events. The **Regional Tourism Grant** supports development of regional promotion plans, strengthening coordination among DMOs and localities statewide.

Virginia could draw lessons from Tennessee's layered approach. Virginia's Special Events & Festivals Grant mirrors the Special Event Fund, but Tennessee's $10M+ impact threshold reflects a more aggressive commitment to major event attraction. More critically, Virginia lacks an equivalent to the Tourism Enhancement Grant, which targets physical product development rather than marketing. A comparable mechanism — expanding the TDFP or establishing a new stand-alone grant — would fill a key gap in Virginia's local tourism infrastructure investment across all 10 regions.

NORTH CAROLINA/VISIT NC

Visit North Carolina is the state's official destination marketing organization and part of the Economic Development Partnership of North Carolina. The mission is to unify and lead the state in positioning North Carolina as a preferred destination for travelers, sporting events, and film production and in maximizing economic vitality statewide. North Carolina started a program in 2023 to attract major events to spur the tourism economy. The Major Events, Games, and Attractions Fund was established by the North Carolina General Assembly to stimulate economic activity by attracting events that can, in turn, attract out-of-state visitors to North Carolina, strengthening the state's travel and tourism industry.

Events are a critical aspect of tourism. This kind of fund enables North Carolina localities to offset costs and invest in new and grow existing events to drive visitation into the state. VTC has a Special Events & Festivals Grant program to help with some costs and marketing; however, the North Carolina program is aimed at "major" events targeting professional sports and events with attendance over that exceeds 22,000. Virginia could benefit from a similar mechanism in place to significantly grow events. Stakeholders across the Commonwealth believed in the value of growing event-based tourism.

THESE CASE STUDIES SHOW HOW INVESTMENT IN PRODUCTS, BOTH BUILT AND THE NATURAL ENVIRONMENT, ARE TARGETED TO GROW OFFERINGS AND MAKE THE DESTINATIONS MORE ATTRACTIVE TO VISITORS. THESE PROGRAMS HAVE ALLOWED FOR CATALYTIC DEVELOPMENT AND CONTINUED REINVESTMENT IN THE SECTOR, GENERATING RETURNS FOR DECADES TO COME.

Pearisburg

Statewide Recommendations

This Strategic Tourism Plan contains recommendations at the state and regional levels. As stated previously the goal is to attract more visitors, extend stays, increase competitiveness, and capture incremental spending through promotion of current products and new product developments. At the state level there are recommendations to support execution. The following section identifies top priorities in rank order. The detailed recommendations for each region will be contained in the respective regional plans.

Statewide Recommendations: Strategies & Plans for Execution

FUNDING | PRODUCT DEVELOPMENT | CONNECTIVITY

New Point Comfort Natural Area Preserve

Funding

Product Investment Funding – Hunden recommends VTC and its partners at the state level consider developing a program similar to KTDA for product development, expansion, and reinvestment. KTDA uses sales tax refunds as the mechanism for incentive. It would likely require new legislation. It is recommended that new funding mechanisms be open to any kind of tourism product that generates or contributes to hotel tax, sales tax, tourism improvement district taxes, or any other related tourism tax. Currently the TDFP primarily used to develop hotels and current DRIVE Tourism funds are only allocated to DMOs. It is recommended that a new mechanism be put in place to incentivize development and that the application be open to private, public, and non-profit partners.

Steps for execution:

1. VTC and its partners should collaborate with the Virginia Restaurant, Lodging & Travel Association (VRLTA) as the advocacy arm of tourism stakeholders to develop a legislative action plan.
2. Support drafting new legislation similar to KTDA and West Virginia's new mechanism, with enhancements to include direct funding and potential public sector investments not solely tax credit incentives. It is important to reinforce the scale of the projects coming for an incentive. These are intended to stimulate catalytic projects of scale, i.e., million-dollar-plus projects.
3. Additional partnership with VRLTA on 1398 tax code for VTC to receive funds from OTA collections. The fund has grown roughly 40 percent since the legislation was put in place; however, VTC has not seen its respective portion increase. VRLTA's legislative priorities could include this opportunity to increase VTC's funding capacity to reinvest in and market the industry.
4. Leverage existing mechanisms like the Farm Wineries and Vineyards Tax Credit that enables 25 percent of qualified capital to be credited.
5. Similarly, VTC and its partners should further leverage the Agriculture and Forestry Industries Development Fund (AFID) by the VA Department of Agriculture and Consumer Services.
6. Promote VA Main Streets grant programs and opportunities that enable new development and enhancements.

IT IS RECOMMENDED THAT A NEW MECHANISM BE PUT IN PLACE TO INCENTIVIZE DEVELOPMENT AND THAT THE APPLICATION BE OPEN TO PRIVATE, PUBLIC, AND NON-PROFIT PARTNERS.

Statewide Recommendations

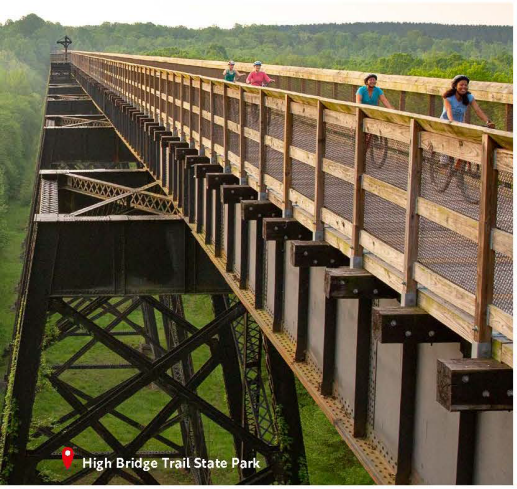
Product Development

Statewide product development themes – Across the Commonwealth the need for new and expanded tourism and hospitality product is needed to lift the regions, support increased competitiveness and increase impact on the tourism economy. Each regional plan to follow addresses specific tourism product development opportunities and recommendations based on the Pillars of Place analysis and related market research within each region. Across the Commonwealth there were similar themes for product need. Hunden recommends VTC continue to work with regional partners to further product development.

The following were the most consistent themes related to product development:

1. **Full-service lodging and boutique hotels** were the most needed product across all 10 regions. This is particularly true in the more rural regions.

2. **Family friendly attractions** were another consistent opportunity to drive new demand with increased supply. In regions with more craft beverage experiences there was typically a need for more family friendly to round out a family or multigenerational trip. This was also true in regions with more cultural assets and museum experiences. Opportunities for families with kids of various ages needed more hands-on activities.



3. **Outdoor recreation** is a leading strength across the Commonwealth and in every region, however, things like access points, amenities, trail completion, and guided trips are opportunities to get more out of Virginia's outdoor gems.

4. **Sports** was also a top theme in many regions as an opportunity market for growth with youth sports tournaments. Some regions needed indoor assets while others needed outdoor fields to compete for regional and national sporting events. Youth sports is a large and continuously growing market. All sports-related investments should be "tournament caliber" in order to capture sports tourism. Additionally, all sports investments should be flexible in order to optimize for multisport use. Regional plans will identify more specifically the type and need.

Connectivity

Connectivity at the statewide level is essential to strengthening coordination across Virginia's tourism industry and ensuring effective implementation of this Strategic Tourism Plan. Beyond physical connections between places, connectivity refers to the alignment of partners, regions, programs, and resources that support tourism development and execution. The following strategies focus on improving collaboration across jurisdictions, strengthening regional structures, clarifying roles and coverage, and sustaining industry engagement to better connect stakeholders, prioritize investment, and advance tourism outcomes across the Commonwealth.

Steps for execution:

1. **Establish targeted tourism development zones.** New and enhanced product development mentioned on previous page, will address some of this, but to go further, Virginia should consider integrated visitor corridors or zones or nodes to increase the connectivity between existing assets and further the lures/hubs-and-spokes approach to visitation. This will improve on critical mass in particular locations of need.

2. **Destination Development Manager (DDM) Coverage** – Stakeholders across the Commonwealth felt strongly that the DDMs across the state do an incredible job of connecting to local communities and partners. This program is highly valuable to DMOs and businesses at the local and regional levels. Today, the DDM coverage has focused mostly on regions with lesser resources but high potential. However, that has left some regions without in-area coverage or uneven coverage. There may be a need to shift or add DDM resources to cover all regions in market. Stakeholders suggested alignment of coverage with tourism regional boundaries. This would potentially require a budget increase request to fund 2-3 new positions.

3. **VTC Tourism Regional Boundaries & Potential for New Tourism Regions** – Stakeholders appreciate the regional connection and see value in how the tourism boundaries bring people and places together. However, there could be an opportunity to better align what is considered today to be "sub regions" into standalone regions. Consider a study on regional boundaries based on partner and product alignment. Another consideration is to align the VTC tourism regions with GO Virginia regions for consistency. Hunden recommends VTC work with the localities in the existing tourism regions to study the need for adjustments to tourism regional boundaries.

4. **Steering Committees** – This project brought stakeholders together for important discourse about the future of planning at the state and regional levels. Steering Committees were formed and met throughout this process. It is recommended that the Steering Committees be extended during implementation of the STP to meet with VTC on a regular cadence, to continue to advance the dialogue about regional needs and partnership.

BEGIN THE JOURNEY

*CLICK TO TRAVEL TO REGION**

*New Virginia Piedmont region effective January 1, 2027. Regional plan will be included in future editions of STP.

From: Rynders, Denice (DEQ) <Denice.Rynders@deq.virginia.gov>
Sent: Friday, June 12, 2026 10:39 AM
Subject: Expanded Polystyrene Ban / Information

You don't often get email from denice.rynders@deq.virginia.gov. Learn why this is important

CAUTION: External email

Greetings,

We are sending this message as Phase II of the Expanded Polystyrene (EPS) ban will take effect on **July 1, 2026**. DEQ sent a similar communication last year to localities prior to the Phase I effective date of July 1, 2025. DEQ has included information for food establishments on our website, and we will also be sending an email early next week to food vendors operating in the Commonwealth with the information outlined below.

For outreach materials and guidance, food establishments may visit DEQ's Foam Free resources page:

https://www.deq.virginia.gov/our-programs/land-waste/litter-prevention/foam-free-resources

Locality Extensions

The statute allows food establishments to request an extension from their locality. Details on eligibility and procedures are available at:

https://law.lis.virginia.gov/vacode/title10.1/chapter14/section10.1-1424.3/

As part of Phase I last year, DEQ received contact information from some localities identifying personnel responsible for granting EPS-related extensions. This

information is posted on the DEQ website at https://www.deq.virginia.gov/our-programs/land-waste/litter-prevention/foam-free-resources (See "Additional Resources" menu)

Please review the list and notify us of any updates or additions by emailing us with subject line "EPS" at: **va-landr@deq.virginia.gov.**

Message to food vendors:

In 2021, the Virginia General Assembly passed legislation prohibiting food vendors and similar retail food establishments from using expanded polystyrene (EPS) food service containers beginning July 1, 2023. This legislation also encourages reducing the sale and use of EPS products and promoting alternatives.

The 2022 General Assembly postponed the ban until July 1, 2028. However, the 2024 budget bill accelerated the implementation dates to 2025 and 2026. The ban applies to any establishment that serves prepared food, including restaurants, cafeterias, food trucks, catering companies, and grocery store salad bars. As outlined in the 2021 legislation, implementation occurs in two phases.

Phase I: By July 1, 2025, food vendors with 20 or more locations must discontinue the use of EPS containers.

Phase II: By July 1, 2026, all remaining food vendors must comply.

The statute allows food establishments to request an extension from their locality. Please contact the locality where the food establishment is located for additional details. Additionally, the EPS contact list for some localities is available on DEQ webpage.

For information on the EPS outreach campaign, establishments may visit DEQ's Foam Free resources page: https://www.deq.virginia.gov/our-programs/land-waste/litter-

prevention/foam-free-resources or email us with the subject line "EPS" at: va-landr@deq.virginia.gov

Best Regards,

Division of Land Protection & Revitalization

Virginia Department of Environmental Quality

1111 East Main Street, Suite 1400

Richmond, Virginia 23219

(804) 659-1541

Good morning,

Virginia Department of Environmental Quality (DEQ) has received a modification request for a Virginia Water Protection (VWP) individual permit for the above-referenced project, as identified on the attached project location map. The applicant, Amazon Data Services, Inc., proposes to increase 14 linear feet (<0.01 acre) of temporary stream impact associated with the construction to an authorized culvert replacement at Impact #4 (Please see the attached Impact Map)

As a local government in which this activity is occurring, this letter is being sent to you for your information as required by § 62.1-44.15:4.D of the Code of Virginia.

Please contact me by email at Meggan.Sellers@deq.virginia.gov or by phone at (571) 866-1083 if you have any questions.

Thank you,

Meggan Sellers

NOTES:

1. Topography, site boundary and site design information provided by Louisa County Digital Data and Timmons, was used as a base for this exhibit. The contour interval (C.I.) is 1 feet.

2. The boundaries of jurisdictional wetlands and other Waters of the United States (WOTUS) within the Green Bay Farm Road Phase I project area were delineated and surveyed by Wetland Studies and Solutions, Inc. (WSSI) in February and March 2024. The results of this delineation are described in WSSI's report dated August 12, 2024, revised September 12, 2024. A preliminary jurisdictional determination is currently in review with the U.S. Army Corps of Engineers (COE).

3. Limits of impacts to jurisdictional wetlands and other WOTUS shown hereon are based upon current development plans and renderings for submission of the joint permit application. Buildings and other ancillary improvement types, layouts, and proposed uses may vary somewhat without affecting said permits as long as the nature and scope of impacts to jurisdictional wetlands and other WOTUS are not changed.

Dominion Energy®

Summer community meetings are scheduled for you

Carson – Midlothian & North Anna – Midlothian 500kV Electric Transmission Rebuild Projects

Dominion Energy provides the reliable, affordable, and increasingly clean energy that powers your every day. You are receiving this postcard to invite you to community meetings this summer. These meetings are an opportunity to learn more about proposed infrastructure upgrades in your community that will ensure grid reliability for you and your neighbors.

This project proposes to rebuild aging electric transmission lines between the Carson, Midlothian, and North Anna substations in central Virginia (see map for details). Work will include rebuilding 78.5 miles of 500 kilovolt (kV) transmission line and approximately 24 miles of 230 kV line. Dominion Energy also proposes to build a new 230 kV line between Reams Substation in Dinwiddie County and the Winterpock Junction in Chesterfield County to help ensure ongoing system reliability. The lines will be rebuilt in the existing right of way — no new easements will be required for this project. Existing lattice towers will be replaced by monopole structures.

Please see below for details about upcoming meetings in your area. At the meetings, you can speak to the project team and ask questions about the new infrastructure. An application is expected to be filed with the State Corporation Commission (SCC) in August 2026.

Thank you for your participation and patience as we prioritize this critical infrastructure in your community.

NUCLEAR REGULATORY COMMISSION

[NRC–2026–2411]

Applications for Amendments to Facility Operating Licenses Involving Proposed No Significant Hazards Consideration Determination and Containing Sensitive Unclassified Non-Safeguards Information and Order Imposing Procedures for Access to Sensitive Unclassified Non-Safeguards Information

AGENCY: Nuclear Regulatory Commission.

ACTION: License amendment request; notice of opportunity to comment, request a hearing, and petition for leave to intervene; order imposing procedures.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC, the Commission) received, and is considering approval of, two requests to amend eight licenses. The license amendment requests are for Catawba Nuclear Station, Units 1 and 2; McGuire Nuclear Station, Units 1 and 2; Oconee Nuclear Station, Units 1, 2 and 3; and Fort Calhoun Station, Unit No. 1. For each license amendment request, the NRC proposes to determine that it involves no significant hazards consideration (NSHC). Because the amendment requests contain sensitive unclassified non-safeguards information (SUNSI), the NRC is issuing an order imposing procedures to obtain access to SUNSI for contention preparation by persons who file a hearing request or petition for leave to intervene.

DATES: Comments must be filed by July 16, 2026. A request for a hearing or petitions for leave to intervene must be filed by August 17, 2026. Any potential party as defined in section 2.4 of title 10 of the *Code of Federal Regulations* (10 CFR) who believes access to Sensitive Unclassified Non-Safeguards Information and Safeguards Information (SUNSI) is necessary to respond to this notice must request document access by June 26, 2026.

ADDRESSES: You may submit comments by any of the following methods; however, the NRC encourages electronic comment submission through the Federal rulemaking website.

- *Federal Rulemaking Website:* Go to *https://www.regulations.gov* and search for Docket ID NRC–2026–2411. Address questions about Docket IDs in *Regulations.gov* to Bridget Curran; telephone: 301–415–1003; email: *Bridget.Curran@nrc.gov.* For technical questions, contact the individual(s) listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.
- *Mail Comments to:* Office of Administration, Mail Stop: TWFN–5–A85, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001, ATTN: Program Management, Announcements and Editing Staff.

For additional direction on obtaining information and submitting comments, see ''Obtaining Information and Submitting Comments'' in the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Angela Baxter, Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–8209; email: *Angela.Baxter@nrc.gov.*

SUPPLEMENTARY INFORMATION:

I. Obtaining Information and Submitting Comments

A. Obtaining Information

Please refer to Docket ID NRC–2026–2411, facility name, unit number(s), docket number(s), application date, and subject when contacting the NRC about the availability of information for this action. You may obtain publicly available information related to this action by any of the following methods:

- *Federal Rulemaking Website:* Go to *https://www.regulations.gov* and search for Docket ID NRC–2026–2411.
- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at *https://www.nrc.gov/reading-rm/adams.html.* To begin the search, select ''Begin ADAMS Public Search.'' For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1–800–397–4209, at 301–415–4737, or by email to *PDR.Resource@nrc.gov.* The ADAMS accession number for each document referenced (if it is available in ADAMS) is provided the first time that it is mentioned in this document.
- *NRC's PDR:* The PDR, where you may examine and order copies of publicly available documents, is open by appointment. To make an appointment to visit the PDR, please send an email to *PDR.Resource@nrc.gov* or call 1–800–397–4209 or 301–415–4737, between 8 a.m. and 4 p.m. eastern time (ET), Monday through Friday, except Federal holidays.

B. Submitting Comments

The NRC encourages electronic comment submission through the Federal rulemaking website (*https://www.regulations.gov*). Please include Docket ID NRC–2026–2411, facility name, unit number(s), docket number(s), application date, and subject, in your comment submission.

The NRC cautions you not to include identifying or contact information that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at *https://www.regulations.gov* as well as enter the comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

Pursuant to section 189a.(1)–(2) of the Atomic Energy Act of 1954, as amended (the Act), the NRC is publishing this notice. The Act requires the Commission to publish notice of any amendments issued or proposed to be issued and grants the Commission the authority to issue and make immediately effective any amendment to an operating license or combined license, as applicable, upon a determination by the Commission that such amendment involves NSHC, notwithstanding the pendency before the Commission of a request for a hearing from any person.

This notice includes notices of license amendments containing SUNSI.

III. Notice of Consideration of Issuance of Amendments to Facility Operating License, Proposed No Significant Hazards Consideration Determination, and Opportunity for a Hearing

The Commission has made a proposed determination that the following license amendment requests involve NSHC. Under the Commission's regulations in 10 CFR 50.92, this means that operation of the facility in accordance with the proposed amendments would not (1) involve a significant increase in the probability or consequences of an accident previously evaluated, or (2) create the possibility of a new or different kind of accident from any accident previously evaluated, or (3) involve a significant reduction in a margin of safety. The basis for this

proposed determination for each license amendment request is shown as follows.

The Commission is seeking public comments on these proposed NSHC determinations. Any comments received within 30 days after the date of publication of this notice will be considered in making any final determination.

Normally, the Commission will not issue the license amendment until the expiration of 60 days after the date of publication of this notice. The Commission may issue any of these license amendments before expiration of the 60-day period provided that its final determination is that the amendment involves no significant hazards consideration. In addition, the Commission may issue the amendments prior to the expiration of the 30-day comment period if circumstances change during the 30-day comment period such that failure to act in a timely way would result, for example, in derating or shutdown of the facility. If the Commission takes action on any of these license amendments prior to the expiration of either the comment period or the notice period, it will publish a notice of issuance in the **Federal Register**. If the Commission makes a final no significant hazards consideration determination for any of these license amendments, any hearing on those amendments will take place after issuance. The Commission expects that the need to take this action will occur very infrequently.

A. Opportunity To Request a Hearing and Petition for Leave To Intervene

Within 60 days after the date of publication of this notice, any person (petitioner) whose interest may be affected by any of these actions may file a request for a hearing and petition for leave to intervene (petition) with respect to that action. Petitions shall be filed in accordance with the Commission's ''Agency Rules of Practice and Procedure'' in 10 CFR part 2. Interested persons should consult 10 CFR 2.309. If a petition is filed, the Commission or a presiding officer will rule on the petition and, if appropriate, a notice of a hearing will be issued.

Petitions must be filed no later than 60 days from the date of publication of this notice in accordance with the filing instructions in the ''Electronic Submissions (E-Filing)'' section of this document. Petitions and motions for leave to file new or amended contentions that are filed after the deadline will not be entertained absent a determination by the presiding officer that the filing demonstrates good cause by satisfying the three factors in 10 CFR 2.309(c)(1)(i) through (iii).

If a hearing is requested, and the Commission has not made a final determination on the issue of no significant hazards consideration, the Commission will make a final determination on the issue of no significant hazards consideration, which will serve to establish when the hearing is held. If the final determination is that the license amendment request involves no significant hazards consideration, the Commission may issue the amendment and make it immediately effective, notwithstanding the request for a hearing. Any hearing would take place after issuance of the amendment. If the final determination is that the license amendment request involves a significant hazards consideration, then any hearing held would take place before the issuance of the amendment unless the Commission finds an imminent danger to the health or safety of the public, in which case it will issue an appropriate order or rule under 10 CFR part 2.

A State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof, may submit a petition to the Commission to participate as a party under 10 CFR 2.309(h) no later than 60 days from the date of publication of this notice. Alternatively, a State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof, may participate as a non-party under 10 CFR 2.315(c).

For information about filing a petition and about participation by a person not a party under 10 CFR 2.315, see ADAMS Accession No. ML20340A053 (*https://adamswebsearch2.nrc.gov/webSearch2/main.jsp?AccessionNumber=ML20340A053*) and the NRC's public website (*https://www.nrc.gov/about-nrc/regulatory/adjudicatory/hearing.html#participate*).

B. Electronic Submissions (E-Filing)

All documents filed in NRC adjudicatory proceedings, including documents filed by an interested State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof that requests to participate under 10 CFR 2.315(c), must be filed in accordance with 10 CFR 2.302. The E-Filing process requires participants to submit and serve all adjudicatory documents over the internet, or in some cases, to mail copies on electronic storage media, unless an exemption permitting an alternative filing method, as further discussed, is granted. Detailed guidance on electronic submissions is located in the ''Guidance for Electronic Submissions to the NRC'' (ADAMS Accession No. ML13031A056), and on the NRC's public website (*https://www.nrc.gov/site-help/e-submittals.html*).

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the participant should contact the Office of the Secretary by email at *Hearing.Docket@nrc.gov,* or by telephone at 301–415–1677, to: (1) request a digital identification (ID) certificate which allows the participant (or their counsel or representative) to digitally sign submissions and access the E-Filing system for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a petition or other adjudicatory document (even in instances in which the participant, or their counsel or representative, already holds an NRC-issued digital ID certificate). Based upon this information, the Secretary will establish an electronic docket for the proceeding if the Secretary has not already established an electronic docket.

Information about applying for a digital ID certificate is available on the NRC's public website (*https://www.nrc.gov/site-help/e-submittals/getting-started.html*). After a digital ID certificate is obtained and a docket is created, the participant must submit adjudicatory documents in the Portable Document Format. Guidance on submissions is available on the NRC's public website (*https://www.nrc.gov/site-help/electronic-sub-ref-mat.html*). A filing is considered complete at the time the document is submitted through the NRC's E-Filing system. To be timely, an electronic filing must be submitted to the E-Filing system no later than 11:59 p.m. ET on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an email confirming receipt of the document. The E-Filing system also distributes an email that provides access to the document to the NRC's Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the document on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before adjudicatory documents are filed in order to obtain access to the documents via the E-Filing system.

A person filing electronically using the NRC's adjudicatory E-Filing system may seek assistance by contacting the

NRC's Electronic Filing Help Desk through the ''Contact Us'' link located on the NRC's public website (*https://www.nrc.gov/site-help/e-submittals.html*), by email to *MSHD.Resource@nrc.gov,* or by a toll-free call at 1–866–672–7640. The NRC Electronic Filing Help Desk is available between 9 a.m. and 6 p.m., ET, Monday through Friday, except Federal holidays.

Participants who believe that they have good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing stating why there is good cause for not filing electronically and requesting authorization to continue to submit documents in paper format. Such filings must be submitted in accordance with 10 CFR 2.302(b)–(d). Participants filing adjudicatory documents in this manner are responsible for serving their documents on all other participants. Participants granted an exemption under 10 CFR 2.302(g)(2) must still meet the electronic formatting requirement in 10 CFR 2.302(g)(1), unless the participant also seeks and is granted an exemption from 10 CFR 2.302(g)(1).

Documents submitted in adjudicatory proceedings will appear in the NRC's electronic hearing docket, which is publicly available on the NRC's public website (*https://adams.nrc.gov/ehd*), unless otherwise excluded pursuant to an order of the presiding officer. If you do not have an NRC-issued digital ID certificate as previously described, click ''cancel'' when the link requests certificates and you will be automatically directed to the NRC's electronic hearing docket where you will be able to access any publicly available documents in a particular hearing docket. Participants are requested not to include personal privacy information such as social security numbers, home addresses, or personal phone numbers in their filings unless an NRC regulation or other law requires submission of such information. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants should not include copyrighted materials in their submission.

The following table provides the plant name, docket numbers, date of application, ADAMS accession number, and location in the application of the licensee's proposed NSHC determination. For further details with respect to these license amendment applications, see the applications for amendment, publicly available portions of which are available for public inspection in ADAMS. For additional direction on accessing information related to this document, see the ''Obtaining Information and Submitting Comments'' section of this document.

Duke Energy Carolinas, LLC; Catawba Nuclear Station, Units 1 and 2; York County, SC; Duke Energy Carolinas, LLC; McGuire Nuclear Station, Units 1 and 2; Mecklenburg County, NC; Duke Energy Carolinas, LLC; Oconee Nuclear Station, Units 1, 2, and 3; Oconee County, SC

Docket Nos	50–413, 50–414, 50–369, 50–370, 50–269, 50-270, 50–287.
Application Date	March 24, 2026.
ADAMS Accession No	ML26083A340.
Location in Application of NSHC	Enclosure 2, Pages 24–26.
Brief Description of Amendments	The proposed license amendments would revise the thermal hydraulic methodology for the Renewed Facility Operating Licenses for Catawba Nuclear Station, Units 1 and 2; McGuire Nuclear Station, Units 1 and 2; and Oconee Nuclear Station Units 1, 2 and 3. Specifically, the licensee requests the NRC to review and approve the proposed changes set forth in Revision 4 of DPC–NE–2003–P, ''Core Thermal-Hydraulic Methodology using VIPRE–01,'' Revision 3 of DPC–NE–2004–P, ''Core Thermal-Hydraulic Methodology using VIPRE–01,'' and Revision 7 of DPC–NE–2005–P, ''Thermal-Hydraulic Statistical Core Design Methodology.''
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	Tracey Mitchell LeRoy, Deputy General Counsel, Duke Energy Corporation, 525 S Tryon Street, Charlotte, NC 28202.
NRC Project Manager, Telephone Number	John Klos, 301–415–5136.

Omaha Public Power District; Fort Calhoun Station, Unit No. 1; Washington County, NE

Docket No	50–285.
Application Date	February 24, 2026.
ADAMS Accession No	ML26061A204.
Location in Application of NSHC	Enclosure 1, Attachment 1, Pages 8–9.
Brief Description of Amendment	The proposed amendment would approve Revision 3 of the Fort Calhoun Station (FCS), Unit No. 1, License Termination Plan (LTP) to revise the dose calculation for the FCS Auxiliary Building basement, the requirements for remediation, and survey methodologies in the LTP. Omaha Public Power District has concluded that additional flexibility in the methodologies described in the LTP is needed, and that a revision to the LTP is necessary in order to achieve these flexibilities.
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	Stephen M. Bruckner, Attorney, Fraser Stryker PC LLO, 500 Energy Plaza, 409 South 17th Street, Omaha, NE 68102.
NRC Project Manager, Telephone Number	Marlayna Doell, 301–415–3178.

Order Imposing Procedures for Access to Sensitive Unclassified Non-Safeguards Information for Contention Preparation

Duke Energy Carolinas, LLC; Catawba Nuclear Station, Units 1 and 2; York County, SC; Duke Energy Carolinas, LLC; McGuire Nuclear Station, Units 1 and 2; Mecklenburg County, NC; Duke Energy Carolinas, LLC; Oconee Nuclear Station, Units 1, 2, and 3; Oconee County, SC; Omaha Public Power District; Fort Calhoun Station, Unit No. 1; Washington County, NE

A. This Order contains instructions regarding how potential parties to this proceeding may request access to documents containing Sensitive Unclassified Non-Safeguards Information (SUNSI).

B. Within 10 days after publication of this notice of hearing or opportunity for hearing, any potential party who believes access to SUNSI is necessary to respond to this notice may request access to SUNSI. A ''potential party'' is any person who intends to participate as a party by demonstrating standing and filing an admissible contention under 10 CFR 2.309. Requests for access to SUNSI submitted later than 10 days after publication of this notice will not be considered absent a showing of good cause for the late filing, addressing why the request could not have been filed earlier.

C. The requestor shall submit a letter requesting permission to access SUNSI to the Office of the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001, Attention: Rulemakings and Adjudications Staff, and provide a copy to the Deputy General Counsel for Licensing, Hearings, and Enforcement, Office of the General Counsel, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001. The expedited delivery or courier mail address for both offices is: U.S. Nuclear Regulatory Commission, 11555 Rockville Pike, Rockville, Maryland 20852. The email addresses for the Office of the Secretary and the Office of the General Counsel are *Hearing.Docket@nrc.gov* and *RidsOgcMailCenter.Resource@nrc.gov,* respectively.[1] The request must include the following information:

(1) A description of the licensing action with a citation to this **Federal Register** notice;

(2) The name and address of the potential party and a description of the potential party's particularized interest that could be harmed by the action identified in C.(1); and

(3) The identity of the individual or entity requesting access to SUNSI and the requestor's basis for the need for the information in order to meaningfully participate in this adjudicatory proceeding. In particular, the request must explain why publicly available versions of the information requested would not be sufficient to provide the basis and specificity for a proffered contention.

D. Based on an evaluation of the information submitted under paragraph C, the NRC staff will determine within 10 days of receipt of the request whether:

(1) There is a reasonable basis to believe the petitioner is likely to establish standing to participate in this NRC proceeding; and

(2) The requestor has established a legitimate need for access to SUNSI.

E. If the NRC staff determines that the requestor satisfies both D.(1) and D.(2), the NRC staff will notify the requestor in writing that access to SUNSI has been granted. The written notification will contain instructions on how the requestor may obtain copies of the requested documents, and any other conditions that may apply to access to those documents. These conditions may include, but are not limited to, the signing of a Non-Disclosure Agreement or Affidavit, or Protective Order[2] setting forth terms and conditions to prevent the unauthorized or inadvertent disclosure of SUNSI by each individual who will be granted access to SUNSI.

F. Filing of Contentions. Any contentions in these proceedings that are based upon the information received as a result of the request made for SUNSI must be filed by the requestor no later than 25 days after receipt of (or access to) that information. However, if more than 25 days remain between the petitioner's receipt of (or access to) the information and the deadline for filing all other contentions (as established in the notice of hearing or opportunity for hearing), the petitioner may file its SUNSI contentions by that later deadline.

G. Review of Denials of Access.

(1) If the request for access to SUNSI is denied by the NRC staff after a determination on standing and requisite need, the NRC staff shall immediately notify the requestor in writing, briefly stating the reason or reasons for the denial.

(2) The requestor may challenge the NRC staff's adverse determination by filing a challenge within five days of receipt of that determination with: (a) the presiding officer designated in this proceeding; (b) if no presiding officer has been appointed, the Chief Administrative Judge, or if this individual is unavailable, another administrative judge, or an Administrative Law Judge with jurisdiction pursuant to 10 CFR 2.318(a); or (c) if another officer has been designated to rule on information access issues, with that officer.

(3) Further appeals of decisions under this paragraph must be made pursuant to 10 CFR 2.311.

H. Review of Grants of Access. A party other than the requestor may challenge an NRC staff determination granting access to SUNSI whose release would harm that party's interest independent of the proceeding. Such a challenge must be filed within 5 days of the notification by the NRC staff of its grant of access and must be filed with: (a) the presiding officer designated in this proceeding; (b) if no presiding officer has been appointed, the Chief Administrative Judge, or if this individual is unavailable, another administrative judge, or an Administrative Law Judge with jurisdiction pursuant to 10 CFR 2.318(a); or (c) if another officer has been designated to rule on information access issues, with that officer.

If challenges to the NRC staff determinations are filed, these procedures give way to the normal process for litigating disputes concerning access to information. The availability of interlocutory review by the Commission of orders ruling on such NRC staff determinations (whether granting or denying access) is governed by 10 CFR 2.311.[3]

I. The Commission expects that the NRC staff and presiding officers (and any other reviewing officers) will consider and resolve requests for access to SUNSI, and motions for protective orders, in a timely fashion in order to minimize any unnecessary delays in identifying those petitioners who have

[1] While a request for hearing or petition to intervene in this proceeding must comply with the filing requirements of the NRC's ''E-Filing Rule,'' the initial request to access SUNSI under these procedures should be submitted as described in this paragraph.

[2] Any motion for Protective Order or proposed Non-Disclosure Affidavit or Agreement for SUNSI must be filed with the presiding officer or the Chief Administrative Judge if the presiding officer has not yet been designated, within 30 days of the deadline for the receipt of the written access request.

[3] Requestors should note that the filing requirements of the NRC's E-Filing Rule (72 FR 49139; August 28, 2007, as amended at 77 FR 46562; August 3, 2012, 78 FR 34247, June 7, 2013) apply to appeals of NRC staff determinations (because they must be served on a presiding officer or the Commission, as applicable), but not to the initial SUNSI request submitted to the NRC staff under these procedures.

standing and who have propounded contentions meeting the specificity and basis requirements in 10 CFR part 2. The attachment to this Order summarizes the general target schedule for processing and resolving requests under these procedures.

It is so ordered.

Authority: 42 U.S.C. 2011 *et seq.*

Dated: June 12, 2026.

For the Nuclear Regulatory Commission.

Carrie Safford,

Secretary of the Commission.

ATTACHMENT 1—GENERAL TARGET SCHEDULE FOR PROCESSING AND RESOLVING REQUESTS FOR ACCESS TO SENSITIVE UNCLASSIFIED NON-SAFEGUARDS INFORMATION IN THIS PROCEEDING

Day	Event/activity
0	Publication of **Federal Register** notice of hearing or opportunity for hearing, including order with instructions for access requests.
10	Deadline for submitting requests for access to Sensitive Unclassified Non-Safeguards Information (SUNSI) with information: (i) supporting the standing of a potential party identified by name and address; and (ii) describing the need for the information in order for the potential party to participate meaningfully in an adjudicatory proceeding.
60	Deadline for submitting petition for intervention containing: (i) demonstration of standing; and (ii) all contentions whose formulation does not require access to SUNSI (+25 Answers to petition for intervention; +7 petitioner/requestor reply).
20	U.S. Nuclear Regulatory Commission (NRC) staff informs the requestor of the staff's determination whether the request for access provides a reasonable basis to believe standing can be established and shows need for SUNSI. (NRC staff also informs any party to the proceeding whose interest independent of the proceeding would be harmed by the release of the information.) If NRC staff makes the finding of need for SUNSI and likelihood of standing, NRC staff begins document processing (preparation of redactions or review of redacted documents).
25	If NRC staff finds no ''need'' or no likelihood of standing, the deadline for petitioner/requestor to file a motion seeking a ruling to reverse the NRC staff's denial of access; NRC staff files copy of access determination with the presiding officer (or Chief Administrative Judge or other designated officer, as appropriate). If NRC staff finds ''need'' for SUNSI, the deadline for any party to the proceeding whose interest independent of the proceeding would be harmed by the release of the information to file a motion seeking a ruling to reverse the NRC staff's grant of access.
30	Deadline for NRC staff reply to motions to reverse NRC staff determination(s).
40	(Receipt +30) If NRC staff finds standing and need for SUNSI, deadline for NRC staff to complete information processing and file motion for Protective Order and proposed Non-Disclosure Agreement or Affidavit. Deadline for applicant/licensee to file proposed Non-Disclosure Agreement or Affidavit for SUNSI.
A	If access is granted: issuance of presiding officer or other designated officer decision on motion for Protective Order for access to sensitive information (including schedule for providing access and submission of contentions) or decision reversing a final adverse determination by the NRC staff.
A + 3	Deadline for filing executed Non-Disclosure Agreements or Affidavits. Access provided to SUNSI consistent with decision issuing the Protective Order.
A + 28	Deadline for submission of contentions whose development depends upon access to SUNSI. However, if more than 25 days remain between the petitioner's receipt of (or access to) the information and the deadline for filing all other contentions (as established in the notice of hearing or notice of opportunity for hearing), the petitioner may file its SUNSI contentions by that later deadline.
A + 53	(Contention receipt +25) Answers to contentions whose development depends upon access to SUNSI.
A + 60	(Answer receipt +7) Petitioner/Intervenor reply to answers.
>A + 60	Decision on contention admission.

BILLING CODE 7590–01–P

POSTAL REGULATORY COMMISSION

[Docket Nos. MC2026–272 and K2026–269]

New Postal Products

AGENCY: Postal Regulatory Commission.

ACTION: Notice.

SUMMARY: The Commission is noticing a recent Postal Service filing for the Commission's consideration concerning a negotiated service agreement. This notice informs the public of the filing, invites public comment, and takes other administrative steps.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at *https://www.prc.gov.* Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202–789–6820.

SUPPLEMENTARY INFORMATION:

Table of Contents

I. Introduction
II. Public Proceeding(s)
III. Summary Proceeding(s)

I. Introduction

Pursuant to 39 CFR 3041.405, the Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to Competitive negotiated service agreement(s). The request(s) may propose the addition of a negotiated service agreement from the Competitive product list or the modification of an existing product currently appearing on the Competitive product list.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (*http://www.prc.gov*). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3011.301.[1]

Section II identifies the docket number(s) associated with each Postal Service request, if any, that will be reviewed in a public proceeding as defined by 39 CFR 3010.101(p), the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each such request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 and 39 CFR 3000.114 (Public Representative). The Public Representative does not represent any

*In accordance with Management Directive 3.4, the U.S. Nuclear Regulatory Commission (NRC) provides the licensee an opportunity to review NRC-generated documents before they are publicly released, typically on the sixth business day after the document date. This email serves that purpose, commonly referred to as an "advance listserv," and is sent only to designated NRC and licensee staff. If you identify any sensitive information or have questions regarding the attached correspondence, contact the site NRC Project Manager immediately.

Contact orca.resource@nrc.gov regarding a licensee's advance listserv recipients. The NRC suggests a licensee use and maintain a "group" distribution e-mail for advance listserv. This eliminates the need to periodically request the NRC update a licensee's advance listserv recipients.

From: Lori Allshouse <lallshouse@tjpdc.org>
Subject: TJPDC/Firefly VATI 22 & VATI 24 Broadband Fiber - June 2026 Project Reports

County Partners,

Attached are copies of TJPDC/Firefly's June 2026 VATI 22 and VATI 24 Financial and Performance Reports which have been accepted by DHCD.

VATI 2022 - The information on the following table includes data provided to DHCD for the June 2026 VATI 2022 Broadband Monthly Report.

VATI 2022 Project Milestones	Progress as of June 2026 Report	Percentage Completed to Date*
Miles of Field Data Collection	1,716	100%
Miles of Fiber Design	4,890	100%
Miles of Make Ready Construction	2,474	100%
Communication Hut Placements	15	100%
Miles of Aerial Fiber Placement	2,235	100%
Miles of Underground Fiber Placement	1,209	85%
Miles of Splicing	3,025	84%
Number of Passings	33,936	87%

*The "Percentage Completed To Date" column is based on an estimate of the total milestones as of the June 2026 Report.

VATI 2024 - As of the June 2026 VATI 2024 Broadband Monthly Report, progress is well underway, and the VATI 2024 Project has completed 169,132 linear feet of fiber.

Highlights:

- A quarterly stakeholder meeting was held on June 4, 2026.
- TJPDC staff made a site visit on June 30th, to several rural locations in Powhatan County, south of Route 60, to observe connected sites (both VATI 22 and VATI 24).
- While the majority of the fiber optic network construction in the original VATI 22 areas will be complete this summer, the VATI 22 project has been extended to September 30, 2026.

- The Firefly website has recently been updated. Click here to see county-specific construction information: https://www.fireflyva.com/

Thank you again for your partnership!

SUBJECT: Louisa County Waterworks: Ferncliff Business Park
PWSID No: 2109624

June 11, 2026

Ms. Pam Baughman, General Manager
Louisa County Water Authority
23 Loudin Lane
Louisa, Virginia 23093

Dear Ms. Baughman:

We have reviewed the revised Stage 2 Disinfectants and Disinfection Byproducts (D/DBP) Rule monitoring plan for the subject waterworks dated June 11, 2026. The plan meets the requirements of the *Waterworks Regulations* and is approved. A copy of the approved plan is enclosed.

Your waterworks is now under reduced monitoring for disinfection byproducts. Your next triennial samples for disinfection byproducts are due to be collected in 3rd quarter 2028.

If you have any questions regarding this matter, please contact Azhar Mirza, District Engineer, at Azhar.mirza@vdh.virginia.gov or Lydia Belser, Environmental Health Specialist Sr., Public Water at Lydia.belser@vdh.virginia.gov.

Sincerely,

James Reynolds, PE, Engineering Field Director
Richmond Field Office

Enclosure: Approved Stage 2 D/DBP Rule Monitoring Plan

Louisa County Administrator

VDH VIRGINIA DEPARTMENT OF HEALTH

DISINFECTANTS / DISINFECTION BYPRODUCTS MONITORING PLAN

Waterworks Name:	Ferncliff Business Park
PWSID #:	2109624
Source Type:	Groundwater
Population Served:	62

DISINFECTANT RESIDUALS

1. Refer to the approved Bacteriological Sample Siting Plan (BSSP) for specific requirements.
2. The disinfectant residual will be measured at the same time and from the same location as each routine bacteriological sample, as identified in the current Bacteriological Sample Siting Plan.
3. Compliance will be calculated in accordance with the *Waterworks Regulations.*
4. The disinfectant residual will be reported to Office of Drinking Water by the certified laboratory via the Compliance Monitoring Data Portal (CMDP) by the 10th of the month following the month during which samples were taken. The disinfection residual results will be reported by the laboratory along with the bacteriological results.

DISINFECTION BYPRODUCTS - TTHM and HAA5 *(Insert the appropriate template)*

1. For reduced monitoring, triennial disinfection byproduct samples will be taken at the location(s) listed below. The dual TTHM and HAA5 samples will be taken during normal operations in 3rd quarter.

Site ID	Site Location / Address	Comments
DBP02	Patriot Aluminum	Dual TTHM and HAA5

2. Compliance calculations for the Location Running Annual Average (LRAA) and the Operational Evaluation Level (OEL) will be made in accordance with the *Waterworks Regulations.*
3. The location, date, and result of each sample taken will be reported to Office of Drinking Water by the certified laboratory via the Compliance Monitoring Data Portal (CMDP) by the 10th of the month following the month that test results are received, or the 10th day following the end of the monitoring period, whichever is sooner.
4. Analyses shall be made by a certified laboratory.
5. If a waterworks must return to routine monitoring, this plan shall be amended to include the locations and time of such monitoring.

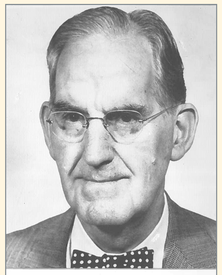
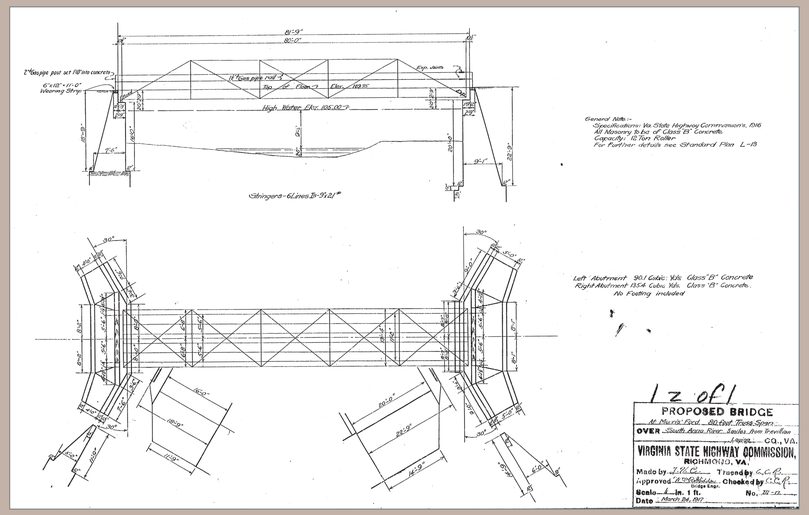
Morris Ford Bridge

The bridge at Morris Ford, also known as Hamilton Road Bridge, stood near this spot from 1917 to 2026 and carried Hamilton Road (Route 695) across the north fork of the South Anna River. The structure was a single-span, steel Pratt pony truss consisting of five panels each, three central panels flanked by an end panel on each side with full slope inclined end posts. By the early twentieth century the Louisa County government recognized the need to provide the citizens of the Green Springs with a safer and more reliable means to cross the river. The county utilized a matching grant from the Virginia State Highway Commission and selected a standard plan provided by the Commission for the new bridge.



William Roy Glidden
BRIDGE ENGINEER
1917 - 1952

William R. Glidden, the State Bridge Engineer at the time, approved the Morris Ford Bridge design on March 24, 1917. Although it is unlikely that Glidden was responsible for the bridge design himself, he had a long and distinguished career with the State Highway Commission and its successor agency the Department of Highways. A native of Massachusetts, Glidden graduated from the Massachusetts Institute of Technology in 1912 with a degree in civil engineering. He became the Virginia bridge engineer in January 1917 and served in that position for 35 years until being promoted to assistant chief engineer for the Department of Highways. Glidden retired from state service in June 1959. During the period 1954-1955, he was president of the American Society of Civil Engineers. Glidden died in 1969.



Historic Name: Morris Ford Bridge

Construction Date: 1917

Truss Type: Pratt pony truss (state Standard Plan L-13 [1909, revised 1911, 1912])

Truss Material: Steel, rivetted

Abutments: Poured concrete

Deck Material: Wooden plank

Builder: Roanoke Iron and Bridge Works, Roanoke, Virginia

Cost: $4,867.75

Dimensions:
Length: Approximately 81 feet 9 inches
Width: 13 feet 4 inches with a single 11-foot travel lane
Height: Approximately 10 feet

Morris Ford Bridge was a contributing resource to the Green Springs National Historic Landmark District and determined eligible for individual listing in the National Register of Historic Places by the Department of Historic Resources “due to the resource being a rare surviving example of a standard type of metal truss bridge developed for the Virginia State Highway Commission in the early twentieth century.” Louisa County replaced Morris Ford Bridge in 2026.

BOARD OF SUPERVISORS
COUNTY OF LOUISA
ORDINANCE

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 6th day of July 2026, at which the following members were present, the following ordinance was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86 PROPOSED ADDITION TO CUCKOO AGRICULTURAL AND FORESTAL DISTRICT

WHEREAS, the Louisa County Community Development Department received an application to add two parcels to the Cuckoo Agricultural and Forestal District. The parcels are identified as tax map parcels 71-74B and 71-74C. Louisa County has contacted the current property adjoiners of parcels identified and advised them of the application; and

WHEREAS, the proposed addition is deemed agriculturally and forestally significant as the current use of the property is livestock production, which is a lawful form of agricultural production, thus supporting the intent of the agricultural and forestal districts; and

WHEREAS, the Agricultural, Forestal and Rural Preservation Committee met on May 7, 2026, to review the addition to the Cuckoo Agricultural and Forestal District and voted to forward a recommendation of approval to the Planning Commission and the Board of Supervisors for the addition of tax map parcels 71-74B and 71-74C to the Cuckoo Agricultural and Forestal District; and

WHEREAS, the Planning Commission held a public hearing on May 14, 2026, and voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval for the addition of tax map parcels 71-74B and 71-74C to the Cuckoo Agricultural and Forestal District, to the Board of Supervisors.

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING
David and Sarah Truslow	71-74B	76.4	A-2
David and Sarah Truslow	71-74C	17.32	A-2

NOW, THEREFORE, BE IT RESOLVED, on this 6th day of July 2026, that the Louisa County Board of Supervisors hereby approves/denies the request for the addition of tax map parcels 71-74B and 71-74C to the Cuckoo Agricultural and Forestal District, with resulting amendments to 86-501 districts described, attached.

A Copy, teste:

_____

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

TO: Members, Board of Supervisors
FROM: Staff, Community Development Department
DATE: May 20, 2026
SUBJECT: **Review Addition Request - Cuckoo Agricultural and Forestal District**
Monday, July 6, 2026 – 6:00 p.m.

This is to advise that the Louisa County Community Development Department has received the following request for review and consideration of an addition, totaling 93.72 acres, to the existing Cuckoo Agricultural and Forestal District, as follows:

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING
David and Sarah Truslow	71-74B	76.4	A-2
David and Sarah Truslow	71-74C	17.32	A-2

Location
The proposed district addition is located 0.90 miles southwest of the Cuckoo Agricultural and Forestal District. The parcels are located south of Route 643 (Cuckoo Road), west of Highway 522 (Cross County Road), and northwest of Route 699 (Indian Creek Road) in the Cuckoo Voting District. The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area".

Zoning
The parcels proposed to be included in the Cuckoo Agricultural and Forestal District are zoned Agricultural (A-2). In summary, the stated purpose of the A-2 zoning district is to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural, open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence.

Sec. 86-151. - Statement of intent; policy guidance.

(a) The agricultural (A-2) district is provided to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence. Zoning standards are also included to ensure the co-existence of these uses with each other. The creation of lots fronting on existing state roads or federal highways is strongly discouraged.

(b) Agricultural (A-2) district uses range from agricultural to neighborhood oriented commercial and community services. The use of development setbacks, shared access, reverse-front lots and roadside buffers are encouraged to retain the rural character of the county along-side the open farm activities prevalent in the county.

2040 Comprehensive Plan

The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area."

The Vision Statement for the 2040 Comprehensive Plan states:
"We strengthen our sense of community by providing resources for residents, promoting agriculture and forestry, ensuring environmental stewardship, establishing reasonable growth areas, and maintaining our rural character."

This Plan addresses and amplifies the vision statement above, with the following eight (8) supporting goals:

- Preserve and protect our rural heritage and natural resources
- Encourage open space retention
- Safeguard historic resources
- Maintain community characteristics
- Ensure compatibility between land uses
- Manage growth by concentrating development activity
- Encourage high quality development
- Maximize returns on the investment of public resources

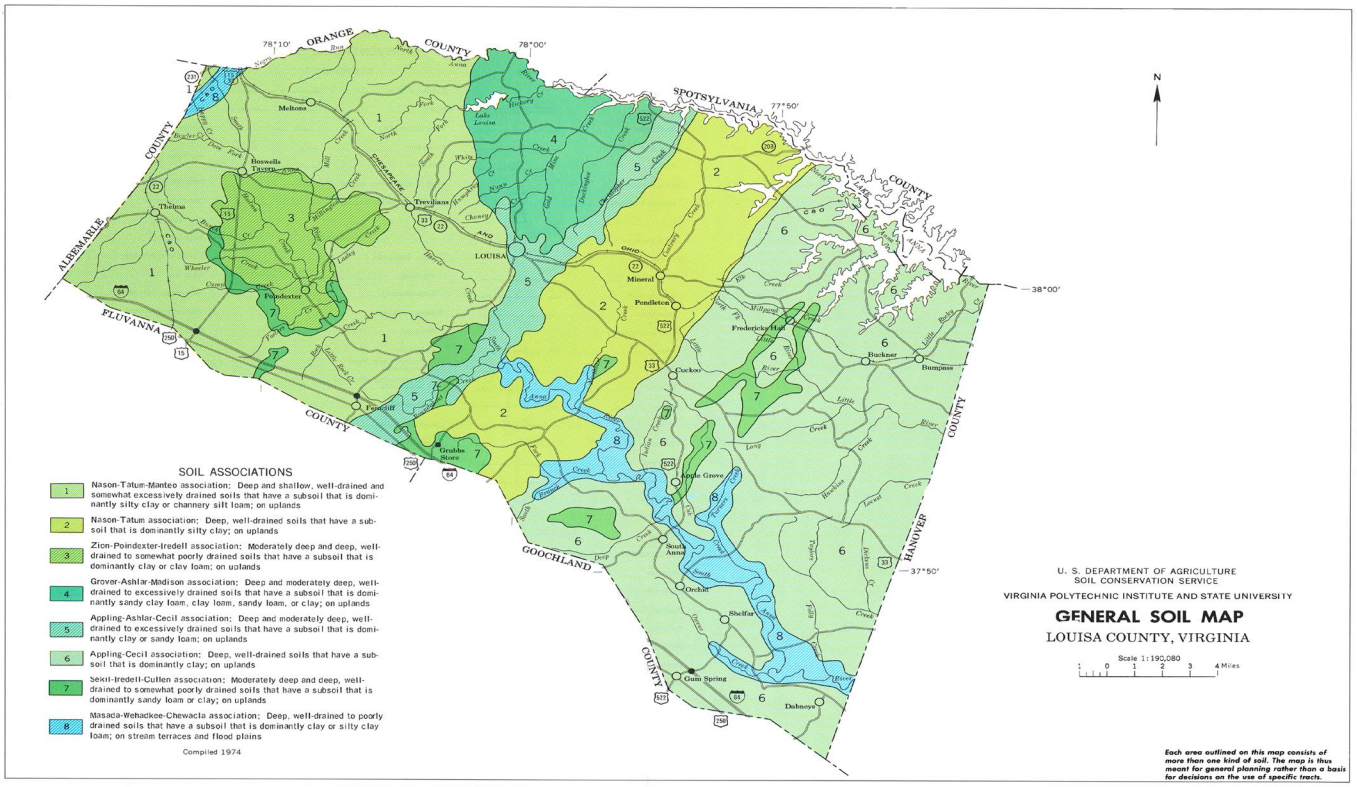
The creation of agricultural and forestal districts and subsequent additions to those districts, complements the goals identified in the Vision Statement by preserving and protecting natural resources, open space retention, compatibility between land uses, and managing growth by concentrating development activity to the designated growth areas.

Existing Uses

Based on information provided by the property owner, the subject parcels are used for livestock production including horses and cattle.

Soils

Based on the 1976 Louisa County Soil Survey from the U.S. Department of Agriculture Soil Conservation Service, the soils in this area are primarily made up of the Appling-Cecil association. In summary, these soils are described as "deep, well-drained soils that have a sub-soil that is dominantly clay; on uplands."



State Code of Virginia – Agricultural and Forestal Districts Act

§ 15.2-4302. Definitions.

"Agricultural products" means crops, livestock and livestock products, including but not limited to: field crops, fruits, vegetables, horticultural specialties, cattle, sheep, hogs, goats, horses, poultry, furbearing animals, milk, eggs and furs.

"Agricultural production" means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district.

"Agriculturally and forestally significant land" means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors.

"Forestal production" means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district. "Forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use.

§ 15.2-4305. Application for creation of district in one or more localities; size and location of parcels.

"…..any owner or owners of land may submit an application to the locality for the creation of a district or addition of land to an existing district within the locality. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

(i) if the nearest boundary of the parcel is within one mile of the boundary of the core,

(ii) if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core, or

(iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

No land shall be included in any district without the signature on the application, or the written approval of all owners thereof…."

§ 15.2-4306. Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System or, if one has been developed, a local LESA System. The following factors should be considered by the local planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to § 15.2-4303 is being considered:

1. The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;

3. The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;

4. Local developmental patterns and needs;

5. The comprehensive plan and, if applicable, the zoning regulations;

6. The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and

7. Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

(For additional information refer to the attached information from the Department of Conservation and Recreation and the Virginia Department of Forestry.)

§ 15.2-4307. Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee.

The advisory committee shall review and make recommendations concerning the application or modification thereof to the local planning commission….

Conclusion

The proposed addition is located within one mile of the Cuckoo Agricultural and Forestal District. The current use of the properties consist of livestock production including horses and cattle, which supports the intent of the agricultural and forestal districts.

Staff recommends the application for addition to the existing Cuckoo Agricultural and Forestal District be approved, as consistent with the current zoning of the properties as Agricultural (A-2) and the Rural Area designation in the 2040 Louisa County Comprehensive Plan.

Recommendations of the Agricultural, Forestal, and Rural Preservation Committee

The Agricultural, Forestal and Rural Preservation Committee met to review this application on May 7, 2026. The Committee forwarded a favorable recommendation to the Planning Commission for an addition to the Cuckoo Agricultural and Forestal District, as described.

Recommendation of the Planning Commission

At a regular meeting of the Louisa County Planning Commission held May 14, 2026, the Planning Commission voted to forward a recommendation of approval to the Board of Supervisors on an amendment to Section 86-501 Districts Described of the Louisa County Land Use Regulations to amend the existing Cuckoo Agricultural and Forestal District, as described above.

COUNTY OF LOUISA
APPLICATION FOR THE CREATION OF, ADDITION TO, OR REMOVAL FROM AN AGRICULTURAL AND FORESTAL DISTRICT

BOARD OF SUPERVISORS
COUNTY OF LOUISA
ORDINANCE

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 6th day of July 2026, at which the following members were present, the following ordinance was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86 PROPOSED ADDITION TO GREEN SPRINGS AGRICULTURAL AND FORESTAL DISTRICT

WHEREAS, the Louisa County Community Development Department received an application to add three parcel to the Green Springs Agricultural and Forestal District. The parcels are identified as tax map parcel 37-1-A1, 38-13, and 38-14. Louisa County has contacted the current property adjoiners of parcels identified and advised them of the application; and

WHEREAS, the proposed addition is deemed agriculturally and forestally significant as the current use of the property are timber, pasture, and sheep production which are a lawful form of agricultural production, thus supporting the intent of the agricultural and forestal districts; and

WHEREAS, the Agricultural, Forestal and Rural Preservation Committee met on June 4, 2026, to review the addition to the Green Springs Agricultural and Forestal District and voted to forward a recommendation of approval to the Planning Commission and the Board of Supervisors for the addition of tax map parcels 37-1-A1, 38-13, and 38-14 to the Green Springs Agricultural and Forestal District; and

WHEREAS, the Planning Commission held a public hearing on June 11, 2026, and voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval for the addition of tax map parcels 37-1-A1, 38-13, and 38-14 to the Green Springs Agricultural and Forestal District, to the Board of Supervisors.

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING
Karen Hulebak and Joseph Rodricks	37-1-A1	5.4960	A-2
Karen Hulebak and Joseph Rodricks	38-13	78.101	A-2
Karen Hulebak and Joseph Rodricks	38-14	1.501	A-2

NOW, THEREFORE, BE IT RESOLVED, on this 6th day of July 2026, that the Louisa County Board of Supervisors hereby approves/denies the request for the addition of tax map parcels 37-1-A1, 38-13, and 38-14 to the Green Springs Agricultural and Forestal District, with resulting amendments to 86-501 districts, attached.

A Copy, teste:

_____

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

TO: Members, Board of Supervisors
FROM: Staff, Community Development Department
DATE: June 12, 2026
SUBJECT: **Review Addition Request – Green Springs Agricultural and Forestal District**
Thursday, July 6, 2026 – 6:00 p.m.

This is to advise that the Louisa County Community Development Department has received the following request for review and consideration of an addition, totaling 85.098 acres, to the existing Green Springs Agricultural and Forestal District, as follows:

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING
Karen Hulebak and Joseph Rodricks	37-1-A1	5.4960	A-2
Karen Hulebak and Joseph Rodricks	38-13	78.101	A-2
Karen Hulebak and Joseph Rodricks	38-14	1.501	A-2

Location
The proposed addition adjoins an existing qualifying portion of the Green Springs Agricultural and Forestal District. The parcels are located east of Route 613 (Poindexter Road), west of Route 649 (Byrd Mill Road), and north of Route 637 (Brickhouse Road) in the Patrick Henry Voting District. The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area".

Zoning
The parcels proposed to be included in the Green Springs Agricultural and Forestal District are zoned Agricultural (A-2). In summary, the stated purpose of the A-2 zoning district is to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural, open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence.

Sec. 86-151. - Statement of intent; policy guidance.
(a) The agricultural (A-2) district is provided to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence. Zoning standards are also included to ensure the co-existence of these uses with each other. The creation of lots fronting on existing state roads or federal highways is strongly discouraged.

(b) Agricultural (A-2) district uses range from agricultural to neighborhood oriented commercial and community services. The use of development setbacks, shared access, reverse-front lots and roadside buffers are encouraged to retain the rural character of the county along-side the open farm activities prevalent in the county.

2040 Comprehensive Plan

The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area."

The Vision Statement for the 2040 Comprehensive Plan states:
"We strengthen our sense of community by providing resources for residents, promoting agriculture and forestry, ensuring environmental stewardship, establishing reasonable growth areas, and maintaining our rural character."

This Plan addresses and amplifies the vision statement above, with the following eight (8) supporting goals:

- Preserve and protect our rural heritage and natural resources
- Encourage open space retention
- Safeguard historic resources
- Maintain community characteristics
- Ensure compatibility between land uses
- Manage growth by concentrating development activity
- Encourage high quality development
- Maximize returns on the investment of public resources

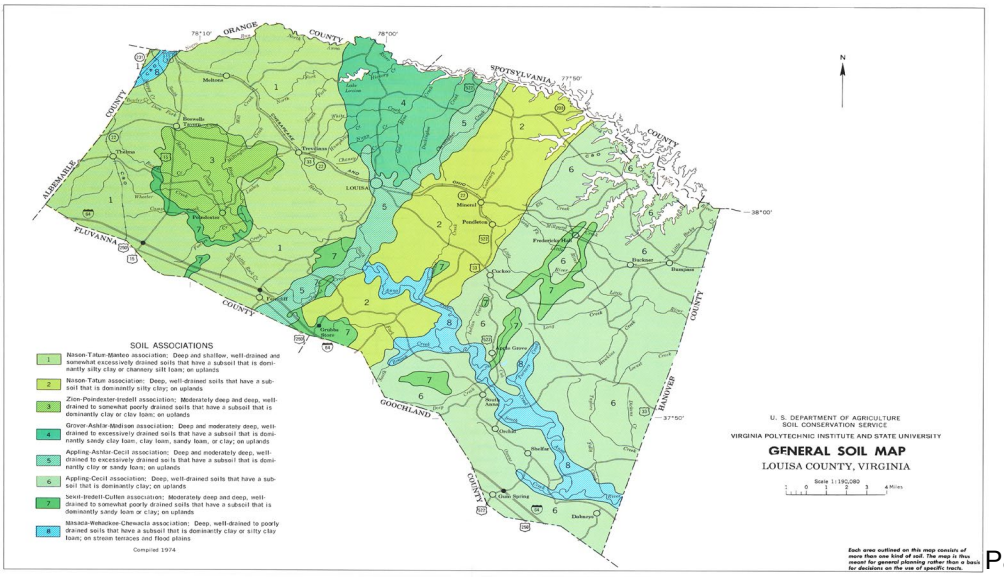
The creation of agricultural and forestal districts and subsequent additions to those districts, complements the goals identified in the Vision Statement by preserving and protecting natural resources, open space retention, compatibility between land uses, and managing growth by concentrating development activity to the designated growth areas.

Existing Uses

Based on information provided by the property owner, the subject parcels are used for timber, pasture, and sheep production.

Soils

Based on the 1976 Louisa County Soil Survey from the U.S. Department of Agriculture Soil Conservation Service, the soils in this area are primarily made up of the Zion-Poindexter-Iredell association. In summary, these soils are described as "moderately deep and deep, well-drained to somewhat poorly drained soils that have a subsoil that is dominantly clay or clay loam; on uplands."



State Code of Virginia – Agricultural and Forestal Districts Act

§ 15.2-4302. Definitions.

"Agricultural products" means crops, livestock and livestock products, including but not limited to: field crops, fruits, vegetables, horticultural specialties, cattle, sheep, hogs, goats, horses, poultry, furbearing animals, milk, eggs and furs.

"Agricultural production" means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district.

"Agriculturally and forestally significant land" means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors.

"Forestal production" means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district. "Forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use.

§ 15.2-4305. Application for creation of district in one or more localities; size and location of parcels.

"…..any owner or owners of land may submit an application to the locality for the creation of a district or addition of land to an existing district within the locality. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

(i) if the nearest boundary of the parcel is within one mile of the boundary of the core,

(ii) if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core, or

(iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

No land shall be included in any district without the signature on the application, or the written approval of all owners thereof…."

§ 15.2-4306. Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System or, if one has been developed, a local LESA System. The following factors should be considered by the local planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to § 15.2-4303 is being considered:

1. The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;

3. The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;

4. Local developmental patterns and needs;

5. The comprehensive plan and, if applicable, the zoning regulations;

6. The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and

7. Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

(For additional information refer to the attached information from the Department of Conservation and Recreation and the Virginia Department of Forestry.)

§ 15.2-4307. Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee.

The advisory committee shall review and make recommendations concerning the application or modification thereof to the local planning commission….

Conclusion

The proposed addition meets the statutory requirements for agricultural and forestally significant because the landowners are currently engaged in the production of timber, pasture, and sheep production.

In part, § 15.2-4305, states:

A parcel not part of the core may be included in a district:

> (iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

§ 15.2-4302. Definitions provides the definition for "Agriculturally and forestally significant land," as "land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors." It further provides that "forestal products includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use." Additionally, "agricultural products" means crops, livestock and livestock products, including but not limited to: field crops…sheep…."

Staff recommends approval of the application for addition to the existing Green Springs Agricultural and Forestal District, as consistent with the current zoning of the properties as Agricultural (A-2) and the Rural Area designation in the 2040 Louisa County Comprehensive Plan.

Recommendations of the Agricultural, Forestal, and Rural Preservation Committee

The Agricultural, Forestal and Rural Preservation Committee met to review this application on June 4, 202. The Committee forwarded a favorable recommendation to the Planning Commission for an addition to the Green Springs Agricultural and Forestal District, as described.

Recommendation – Planning Commission

At a regular meeting of the Louisa County Planning Commission held June 11, 2025, the Planning Commission voted to forward a recommendation of approval to the Board of Supervisors on an amendment to Section 86-501 Districts Described of the Louisa County Land Use Regulations to amend the existing Green Springs agricultural and forestal district, as described above.

COUNTY OF LOUISA
APPLICATION FOR THE CREATION OF, ADDITION TO, OR REMOVAL FROM AN AGRICULTURAL AND FORESTAL DISTRICT

BOARD OF SUPERVISORS
COUNTY OF LOUISA
ORDINANCE

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 6th day of July 2026, at which the following members were present, the following ordinance was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86 PROPOSED ADDITION TO ELLISVILLE AGRICULTURAL AND FORESTAL DISTRICT

WHEREAS, the Louisa County Community Development Department received an application to add two parcels to the Ellisville Agricultural and Forestal District. The parcels are identified as tax map parcels 26-73 and 27-5-F. Louisa County has contacted the current property adjoiners of parcels identified and advised them of the application; and

WHEREAS, the proposed addition is adjacent to or located within one mile of the Ellisville Agricultural and Forestal District or is deemed agriculturally and forestally significant, and is used for timber production; and

WHEREAS, the Agricultural, Forestal and Rural Preservation Committee met on June 4, 2026, to review the addition to the Ellisville Agricultural and Forestal District and voted to forward a recommendation of approval to the Planning Commission and the Board of Supervisors for the addition of tax map parcels 26-73 and 27-5-F to the Ellisville Agricultural and Forestal District; and

WHEREAS, the Planning Commission held a public hearing on June 11, 2026, and voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval for the addition of tax map parcels 26-73 and 27-5-F to the Ellisville Agricultural and Forestal District, to the Board of Supervisors.

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING
Rene Gutierrez	26-73	47.241	A-2
Rene Gutierrez	27-5-F	10.73	A-2

NOW, THEREFORE, BE IT RESOLVED, on this 6th day of July 2026, that the Louisa County Board of Supervisors hereby approves/denies the request for the addition of tax map parcels 26-73 and 27-5-F to the Ellisville Agricultural and Forestal District, with resulting amendments to 86-501 districts, attached.

A Copy, teste:

_____

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

TO: Members, Board of Supervisors
FROM: Staff, Community Development Department
DATE: June 12, 2026
SUBJECT: **Review Addition Request – Ellisville Agricultural and Forestal District**
Monday, July 6, 2026 – 6:00 p.m.

This is to advise that the Louisa County Community Development Department has received the following request for review and consideration of an addition, totaling 57.971 acres, to the existing Ellisville Agricultural and Forestal District, as follows:

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING
Rene Gutierrez	26-73	47.241	A-2
Rene Gutierrez	27-5-F	10.73	A-2

Location
The proposed addition adjoins the existing Ellisville Agricultural and Forestal District. The parcels are located east of Route 628 (Bibb Store Road) and west of Route 625 (Chalklevel Road) in the Mineral Voting District. The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area".

Zoning
The parcels proposed to be included in the Ellisville Agricultural and Forestal District are zoned Agricultural (A-2). In summary, the stated purpose of the A-2 zoning district is to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural, open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence.

Sec. 86-151. - Statement of intent; policy guidance.
(a) The agricultural (A-2) district is provided to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence. Zoning standards are also included to ensure the co-existence of these uses with each other. The creation of lots fronting on existing state roads or federal highways is strongly discouraged.

(b) Agricultural (A-2) district uses range from agricultural to neighborhood oriented commercial and community services. The use of development setbacks, shared access, reverse-front lots and roadside buffers are encouraged to retain the rural character of the county along-side the open farm activities prevalent in the county.

2040 Comprehensive Plan

The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area."

The Vision Statement for the 2040 Comprehensive Plan states:
"We strengthen our sense of community by providing resources for residents, promoting agriculture and forestry, ensuring environmental stewardship, establishing reasonable growth areas, and maintaining our rural character."

This Plan addresses and amplifies the vision statement above, with the following eight (8) supporting goals:

- Preserve and protect our rural heritage and natural resources
- Encourage open space retention
- Safeguard historic resources
- Maintain community characteristics
- Ensure compatibility between land uses
- Manage growth by concentrating development activity
- Encourage high quality development
- Maximize returns on the investment of public resources

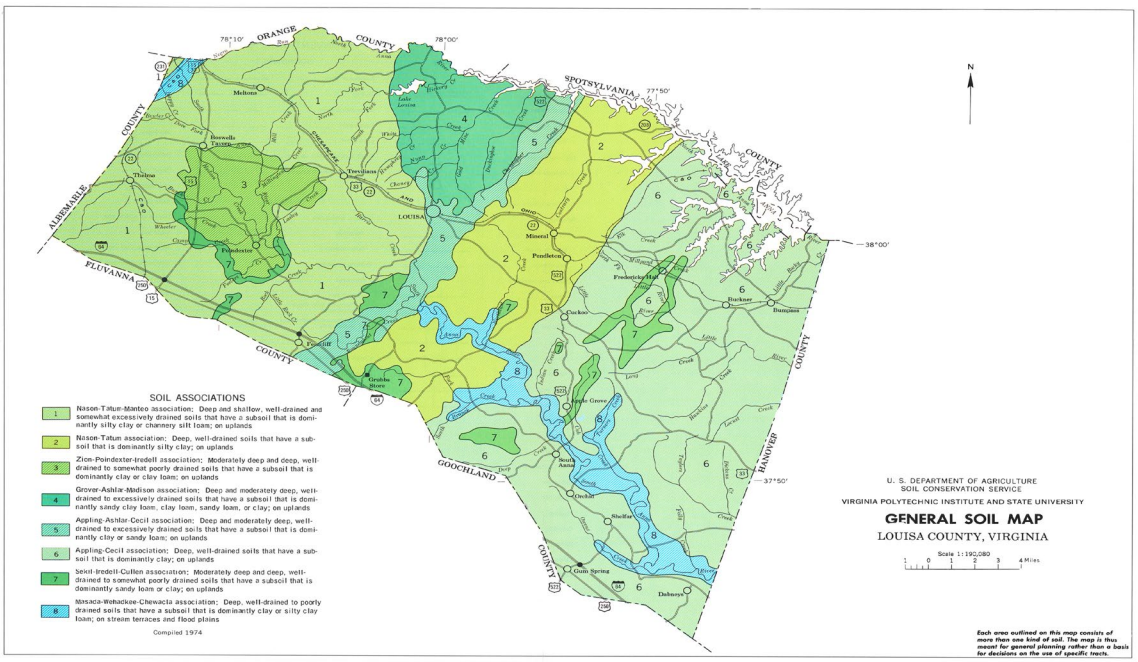
The creation of agricultural and forestal districts and subsequent additions to those districts, complements the goals identified in the Vision Statement by preserving and protecting natural resources, open space retention, compatibility between land uses, and managing growth by concentrating development activity to the designated growth areas.

Existing Uses

Based on information provided by the property owner, the subject parcels are used for timber.

Soils

Based on the 1976 Louisa County Soil Survey from the U.S. Department of Agriculture Soil Conservation Service, the soils in this area are primarily made up of the Grover-Ashlar-Madison association. In summary, these soils are described as "deep and moderately deep, well-drained to excessively drained soils that have a subsoil that is dominantly sandy clay loam, clay loam, sandy loam, or clay, on uplands."



State Code of Virginia – Agricultural and Forestal Districts Act

§ 15.2-4302. Definitions.

"Agricultural products" means crops, livestock and livestock products, including but not limited to: field crops, fruits, vegetables, horticultural specialties, cattle, sheep, hogs, goats, horses, poultry, furbearing animals, milk, eggs and furs.

"Agricultural production" means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district.

"Agriculturally and forestally significant land" means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors.

"Forestal production" means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district. "Forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use.

§ 15.2-4305. Application for creation of district in one or more localities; size and location of parcels.

"…..any owner or owners of land may submit an application to the locality for the creation of a district or addition of land to an existing district within the locality. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

(i) if the nearest boundary of the parcel is within one mile of the boundary of the core,

(ii) if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core, or

(iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

No land shall be included in any district without the signature on the application, or the written approval of all owners thereof…."

§ 15.2-4306. Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System or, if one has been developed, a local LESA System. The following factors should be considered by the local planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to § 15.2-4303 is being considered:

1. The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;

3. The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;

4. Local developmental patterns and needs;

5. The comprehensive plan and, if applicable, the zoning regulations;

6. The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and

7. Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

(For additional information refer to the attached information from the Department of Conservation and Recreation and the Virginia Department of Forestry.)

§ 15.2-4307. Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee.

The advisory committee shall review and make recommendations concerning the application or modification thereof to the local planning commission….

Conclusion

The proposed addition meets the statutory requirements for agricultural and forestally significant because the landowners are currently engaged in the production of timber.

In part, § 15.2-4305, states:

A parcel not part of the core may be included in a district:

> (iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

§ 15.2-4302. Definitions provides the definition for "Agriculturally and forestally significant land," as "land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors." It further provides that "forestal products includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use."

Staff recommends approval of the application for addition to the existing Ellisville Agricultural and Forestal District, as consistent with the current zoning of the properties as Agricultural (A-2) and the Rural Area designation in the 2040 Louisa County Comprehensive Plan.

Recommendations of the Agricultural, Forestal, and Rural Preservation Committee

The Agricultural, Forestal and Rural Preservation Committee met to review this application on June 4, 2026. The Committee forwarded a favorable recommendation to the Planning Commission for an addition to the Ellisville Agricultural and Forestal District, as described.

Recommendation of the Planning Commission

At a regular meeting of the Louisa County Planning Commission held June 11, 2026, the Planning Commission voted to forward a recommendation of approval to the Board of Supervisors on an amendment to Section 86-501 Districts Described of the Louisa County Land Use Regulations to amend the existing Ellisville Agricultural and Forestal District, as described above.

BOARD OF SUPERVISORS
COUNTY OF LOUISA
ORDINANCE

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 6th day of July 2026, at which the following members were present, the following ordinance was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86 PROPOSED ADDITION TO GOLD MINE CREEK AGRICULTURAL AND FORESTAL DISTRICT

WHEREAS, the Louisa County Community Development Department received an application to add four parcels to the Gold Mine Creek Agricultural and Forestal District. The parcels are identified as tax map parcels 13-3-B2, 14-37, 15-10, and 15-11. Louisa County has contacted the current property adjoiners of parcels identified and advised them of the application; and

WHEREAS, the proposed addition is located within one mile of to an existing portion of the Gold Mine Creek Agricultural and Forestal District and is used for crops, hay, timber, vegetables, and livestock including goats, pigs, chickens, and rabbits, thus supporting the intent of the agricultural and forestal districts; and

WHEREAS, the Agricultural, Forestal and Rural Preservation Committee met on June 4, 2026, to review the addition to the Gold Mine Creek Agricultural and Forestal District and voted to forward a recommendation of approval to the Planning Commission and the Board of Supervisors for the addition of tax map parcels 13-3-B2, 14-37, 15-10, and 15-11 to the Gold Mine Creek Agricultural and Forestal District; and

WHEREAS, the Planning Commission held a public hearing on June 11, 2026, and voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval for the addition of tax map parcels 13-3-B2, 14-37, 15-10, and 15-

11 to the Gold Mine Creek Agricultural and Forestal District, to the Board of Supervisors.

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING
Matthew Craig	13-3-B2	10.3	A-2
Jason and Anna Anderson	14-37	84.815	A-1
Jason and Anna Anderson	15-10	149.686	A-2
Jason and Anna Anderson	15-11	39.2	A-1

NOW, THEREFORE, BE IT RESOLVED, on this 6th day of July 2026, that the Louisa County Board of Supervisors hereby approves/denies the request for the addition of tax map parcels 13-3-B2, 14-37, 15-10, and 15-11 to the Gold Mine Creek Agricultural and Forestal District, with resulting amendments to 86-501 districts described, attached.

A Copy, teste:

_____

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

TO: Members, Board of Supervisors
FROM: Staff, Community Development Department
DATE: June 12, 2026
SUBJECT: **Review Addition Request – Gold Mine Creek Agricultural and Forestal District**
Thursday, July 6, 2026 – 6:00 p.m.

This is to advise that the Louisa County Community Development Department has received the following request for review and consideration of an addition, totaling 284 acres, to the existing Gold Mine Creek Agricultural and Forestal District, as follows:

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING
Matthew Craig	13-3-B2	10.3	A-2
Jason and Anna Anderson	14-37	84.815	A-1
Jason and Anna Anderson	15-10	149.686	A-2
Jason and Anna Anderson	15-11	39.2	A-1

Location
The proposed addition consists of three separate sets of parcels. The first parcel is located 1.36 miles from a qualifying portion of the Gold Mine Creek Agricultural and Forestal District, north of Hiding Place Road, south of Route 620 (Vawter Corner Road), and west of Route 669 (Ellisville Drive) in the Louisa Voting District. The second parcel adjoins a qualifying portion of the Gold Mine Creek Agricultural and Forestal District, and is located east of Route 669 (Ellisville Drive), south of Route 613 (Goldmine Road), and west of Route 628 (Bibb Store Road) in the Mineral Voting District. The final set of parcels adjoin a qualifying portion of the Gold Mine Creek Agricultural and Forestal District, and are located along Route 613 (Goldmine Road), south, southeast of Route 628 (Winston Road), and west of Route 687 (Daniel Road) in the Mineral Voting District. The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area".

Zoning
The parcels proposed to be included in the Gold Mine Creek Agricultural and Forestal District are zoned Agricultural (A-1 and A-2). In summary, the stated purpose of the A-1 zoning district is to accommodate uses that are essential to the rural economy and the agrarian character of the community. Additionally, the stated purpose of the A-2 zoning district is to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural, open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence.

Sec. 86-133. - Statement of intent; policy guidance.
The agricultural (A-1) district is intended to accommodate farming, forestry, livestock maintenance and other related farm activities. Such uses are an essential part of the rural economy of the county and the agrarian character of the community. It comprises those areas dedicated to farming and agricultural use and is protected as a valuable part of the rural community. These activities shall not be compromised by development and shall be enhanced by the protection offered herein.

Sec. 86-151. - Statement of intent; policy guidance.
(a) The agricultural (A-2) district is provided to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence. Zoning standards are also included to ensure the co-existence of these uses with each other. The creation of lots fronting on existing state roads or federal highways is strongly discouraged.

(b) Agricultural (A-2) district uses range from agricultural to neighborhood oriented commercial and community services. The use of development setbacks, shared access, reverse-front lots and roadside buffers are encouraged to retain the rural character of the county along-side the open farm activities prevalent in the county.

2040 Comprehensive Plan
The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as “Rural Area.”

The Vision Statement for the 2040 Comprehensive Plan states:
“We strengthen our sense of community by providing resources for residents, promoting agriculture and forestry, ensuring environmental stewardship, establishing reasonable growth areas, and maintaining our rural character.”

This Plan addresses and amplifies the vision statement above, with the following eight (8) supporting goals:

- Preserve and protect our rural heritage and natural resources
- Encourage open space retention
- Safeguard historic resources
- Maintain community characteristics
- Ensure compatibility between land uses
- Manage growth by concentrating development activity
- Encourage high quality development
- Maximize returns on the investment of public resources

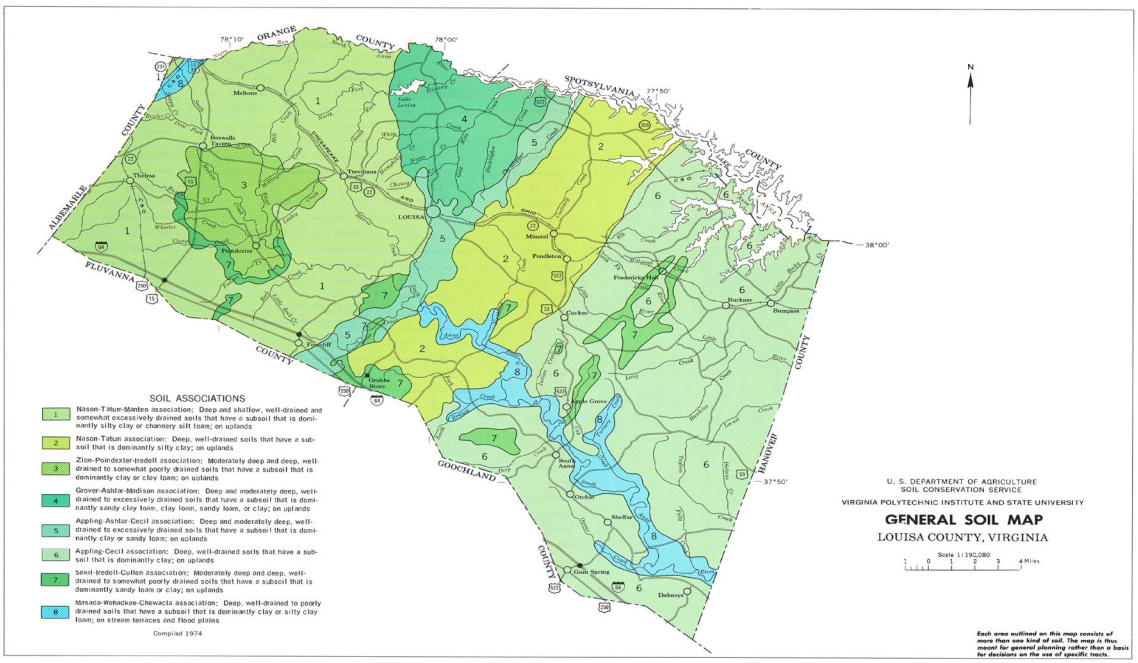
The creation of agricultural and forestal districts and subsequent additions to those districts, complements the goals identified in the Vision Statement by preserving and protecting natural resources, open space retention, compatibility between land uses, and managing growth by concentrating development activity to the designated growth areas.

Existing Uses

Based on information provided by the property owner, the subject parcels are used for crops, hay, timber, vegetables, and livestock including goats, pigs, chickens, and rabbits.

Soils

Based on the 1976 Louisa County Soil Survey from the U.S. Department of Agriculture Soil Conservation Service, the soils in this area are primarily made up of the Grover-Ashlar-Madison association. In summary, these soils are described as “deep and moderately deep, well-drained to excessively drained soils that have a subsoil that is dominantly sandy clay loam, clay loam, sandy loam, or clay, on uplands.”



State Code of Virginia – Agricultural and Forestal Districts Act

§ 15.2-4302. Definitions.

“Agricultural products” means crops, livestock and livestock products, including but not limited to: field crops, fruits, vegetables, horticultural specialties, cattle, sheep, hogs, goats, horses, poultry, furbearing animals, milk, eggs and furs.

“Agricultural production” means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district.

“Agriculturally and forestally significant land” means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors.

“Forestal production” means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district. "Forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use.

§ 15.2-4305. Application for creation of district in one or more localities; size and location of parcels.

"…..any owner or owners of land may submit an application to the locality for the creation of a district or addition of land to an existing district within the locality. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

(i) if the nearest boundary of the parcel is within one mile of the boundary of the core,

(ii) if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core, or

(iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

No land shall be included in any district without the signature on the application, or the written approval of all owners thereof…."

§ 15.2-4306. Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System or, if one has been developed, a local LESA System. The following factors should be considered by the local planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to § 15.2-4303 is being considered:

1. The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;

3. The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;

4. Local developmental patterns and needs;

5. The comprehensive plan and, if applicable, the zoning regulations;

6. The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and

7. Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

(For additional information refer to the attached information from the Department of Conservation and Recreation and the Virginia Department of Forestry.)

§ 15.2-4307. Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee.

The advisory committee shall review and make recommendations concerning the application or modification thereof to the local planning commission….

Conclusion

The proposed addition meets the statutory requirements for agricultural and forestally significant because the landowners are currently engaged in the production of crops, hay, timber, vegetables, and livestock including goats, pigs, chickens, and rabbits.

In part, § 15.2-4305, states:

A parcel not part of the core may be included in a district:

> (iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

§ 15.2-4302. Definitions provides the definition for "Agriculturally and forestally significant land," as "land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors." It further provides that "agricultural products" means crops, livestock and livestock products, including but not limited to: field crops, vegetables…goats… poultry, furbearing animals…." Additionally, "forestal products includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use."

Staff recommends approval of the application for addition to the existing Gold Mine Creek Agricultural and Forestal District, as consistent with the current zoning of the properties as Agricultural (A-1 and A-2) and the Rural Area designation in the 2040 Louisa County Comprehensive Plan.

Recommendations of the Agricultural, Forestal, and Rural Preservation Committee

The Agricultural, Forestal, and Rural Preservation Committee met to review this application on June 4, 2026. The Committee forwarded a favorable recommendation to the Planning Commission for an addition to the Gold Mine Creek Agricultural and Forestal District, as described.

Recommendation of the Planning Commission

At a regular meeting of the Louisa County Planning Commission held June 11, 2026, the Planning Commission voted to forward a recommendation of approval to the Board of Supervisors on an amendment to Section 86-501 Districts Described of the Louisa County Land Use Regulations to amend the existing Gold Mine Creek Agricultural and Forestal District, as described above.

COUNTY OF LOUISA
APPLICATION FOR THE CREATION OF, ADDITION TO, OR REMOVAL FROM AN AGRICULTURAL AND FORESTAL DISTRICT

Section A: To be completed by applicant or contact person for proposed district.

1. Name of District Gold Mine Creek

2. Check Applicable Action:

   ____Creation of New District
   _X_Addition to Existing District
   ____Removal from Existing District

3. General Location of the District or Addition (City, County or Town)

   Northwestern Louisa County

4. Total Acreage in the Proposed District or Addition 283.98

5. Please read the proposed conditions for the creation of the district pursuant to Section 15.2-4309 of the Code of Virginia which is attached to this application.

6. Only for New Districts:
   Proposed Period Before the First Review (4-10 years)_____

7. Names and Tax Map Parcel Number(s) of Landowners Applying for the District:
   (Please use the parcel information sheet on page five (5), for complete parcel information):

NAME	TAX MAP & PARCEL NUMBER(S)
Matthew Craig	13 3 B2

BOARD OF SUPERVISORS
COUNTY OF LOUISA
ORDINANCE

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 6th day of July 2026, at which the following members were present, the following ordinance was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86. LAND DEVELOPMENT REGULATIONS; ARTICLE I. GENERAL PROVISIONS; ARTICLE II. ZONING ORDINANCE AND MAPS

WHEREAS, The purpose of the proposed amendments is to provide zoning and regulatory provisions that balance public health and safety, economic opportunity, and community well-being while ensuring compliance with state and federal laws; and

WHEREAS, It is essential to evaluate zoning and regulatory tools to responsibly manage the operation of shelters within the County. The draft amendments include a proposed definition and zoning strategies for regulating "Humanitarian Shelters," and deletes the current definition of "Emergency shelter"; and

WHEREAS, at a regular meeting of the Louisa County Planning Commission held August 14, 2025, the Planning Commission voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval to the Louisa County Board of Supervisors on the draft code amendment; and

NOW, THEREFORE, BE IT ORDAINED, on this 6th day of July 2026, that the Louisa County Board of Supervisors hereby approves the proposed amendments to Chapter 86. Land Development Regulations; Article I. General Provisions; Article II. Zoning Ordinance and Maps.

A Copy, teste:

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

COUNTY OF LOUISA

MEMORANDUM

TO: Board of Supervisors

FROM: Chris Coon, Deputy County Administrator

DATE: June 25, 2026

RE: Proposed Ordinance Amendment – Humanitarian Shelter

Purpose
The purpose of this memorandum is to present a proposed amendment to Chapter 86 of the Louisa County Land Development Regulations to establish a comprehensive regulatory framework for Humanitarian Shelters.

The amendment modernizes the County's existing shelter regulations by replacing the current Emergency Shelter definition with Humanitarian Shelter use, establishing clear Conditional Use Permit (CUP) standards, and providing an emergency response exemption for religious assemblies and nonprofit organizations during declared emergencies.

Background
Since 2019, the County has regulated Emergency Shelters through the Conditional Use Permit process. While the existing ordinance established a basic definition for Emergency Shelters, it provided limited guidance regarding application requirements, operational expectations, and review criteria.

In response to increased interest from organizations seeking to provide temporary shelter services within Louisa County, staff initiated an ordinance review to create a more transparent and consistent framework for evaluating Humanitarian Shelters. The proposed amendment expands upon the existing ordinance by establishing a broader use definition, standardized application requirements, and operational standards that assist applicants, neighboring property owners, staff, the Planning Commission, and the Board of Supervisors during the review process.

Throughout the ordinance review process, staff received comments from community members, faith-based organizations, nonprofit organizations, and legal advocacy organizations. Those comments were considered throughout the review process and resulted in several revisions to the proposed ordinance, including the addition of an emergency response exemption for religious assemblies and nonprofit organizations during declared local or state emergencies.

The proposed amendment was reviewed by County legal counsel throughout its development. Following legal review and public input, the Planning Commission voted 6-0 to recommend approval of the ordinance amendment

Summary of Proposed Amendment
The proposed ordinance establishes a regulatory framework for Humanitarian Shelters.

Key components include:
1. Humanitarian Shelter Definition

- Replaces the existing Emergency Shelter definition with a Humanitarian Shelter defined as a facility providing temporary shelter and basic services to individuals or families without requiring leases or occupancy agreements.

2. Conditional Use Permit Standards

- Establishes minimum application requirements related to:
- Operational policies and procedures;
- On-site supervision;
- Intake and screening procedures;
- Community impact mitigation;
- Good Neighbor policies; and
- Compliance with applicable building, fire, health, and accessibility regulations.

These standards provide consistent expectations while allowing the Planning Commission and Board to evaluate site-specific considerations through the Conditional Use Permit process.

3. Emergency Response Provision

- Allows religious assemblies and nonprofit organizations to operate a Humanitarian Shelter during the duration of a locally declared or state-declared emergency without obtaining a Conditional Use Permit.

This provision recognizes the important role community organizations play in responding to emergencies while maintaining the Conditional Use Permit process for ongoing shelter operations outside of declared emergencies.

Relationship to Existing Regulations
The proposed amendment builds upon the County's existing Emergency Shelter regulations rather than creating a new regulatory framework.

The amendment:

- Modernizes the existing ordinance by replacing the Emergency Shelter definition with a broader Humanitarian Shelter use;
- Establishes clear and consistent application requirements where few currently exist;
- Expands opportunities for Humanitarian Shelters by allowing the use to be considered through the Conditional Use Permit process in additional zoning districts; and
- Provides a defined emergency response exemption while preserving the County's ability to evaluate long-term shelter operations through established land use procedures.

Staff Recommendation

Staff recommends that the Board of Supervisors:

1. Receive the Planning Commission's recommendation for approval;
2. Consider any public comments received; and
3. Adopt the proposed Zoning Ordinance Amendment establishing Humanitarian Shelters and the regulations.

CHAPTER 86 - LAND DEVELOPMENT REGULATIONS
(Humanitarian Shelter)

The purpose of the proposed amendment is to provide zoning and regulatory provisions that balance public health and safety, economic opportunity, and community well-being while ensuring compliance with state and federal laws. It is essential to evaluate zoning and regulatory tools to responsibly manage operation of shelters within the County. The draft amendment includes a proposed definition and zoning strategies for regulating "Humanitarian Shelters." **THESE PROPOSED AMENDMENTS APPLY THROUGHOUT ALL OF LOUISA COUNTY**; and are proposed pursuant to Va. Code §§ 15.2-2285 and 15.2-2286.

ARTICLE I. – GENERAL PROVISIONS

86-13 Definitions.

~~*Emergency shelter*. A facility providing temporary housing for one or more individuals who are temporarily or permanently homeless.~~

Humanitarian Shelter: a facility that provides temporary shelter and basic services to individuals or families, without requiring leases or occupancy agreements. Religious assembly and Nonprofits may operate a humanitarian shelter for the duration of a State or Locally declared State of Emergency, without benefit of a conditional use permit.

86-44.1 ~~Reserved~~ Conditional Use Permits for Humanitarian Shelters

In order to protect the health, safety, and general welfare of both shelter occupants and the surrounding community, the following minimum standards shall be required as part of any Conditional Use Permit (CUP) application for a Humanitarian Shelter. These items must be submitted with the application prior to consideration by the Planning Commission or Board of Supervisors to demonstrate responsible operations, minimize impacts on adjacent properties, and avoid undue burdens on County services.

(a) Ancillary Use Requirement - Humanitarian shelters are generally expected to operate and only be permitted as an ancillary or accessory use to an otherwise approved principal use. Stand-alone shelters may raise additional considerations and should be discussed with staff during the application process.

(b) Continuous Supervision - An identified authorized representative must be physically present and responsible for onsite supervision during all hours of shelter operation.

(c) Intake and Screening Requirements - Provide written documents for policy and procedures to include, but are not limited to:

1. **Defined intake hours and protocol**
2. **Identification Verification Methods for all client's**
3. **Screening Practices used to assess client suitability and ensure safe housing assignments, including any criteria that may limit entry;**

These documents must be submitted with the CUP application and updated upon any change in procedure. Updated policies and/or procedures must be provided to the County for review prior to implementation. The Zoning Administrator will respond with a written determination within ninety (90) days of receipt of the request.

(d) On-Site Services and Partnership - Provide information on any partnerships with a qualified provider of supportive services (e.g., mental health, substance abuse, housing navigation). A brief written plan for service delivery and client referral to demonstrate a supportive framework for clients.

(e) Community Impact and Service Burden Statement - The CUP application shall include a narrative explaining how the shelter will:

1. **Avoid adverse impacts to surrounding properties and uses;**
2. **Minimize or offset reliance on County or public services;**
3. **Provide a responsible framework for managing shelter operations and resident behavior.**

(f) Good Neighbor Policy - The operator shall maintain a publicly available Good Neighbor Policy, including:

1. **A primary contact for community inquiries or complaints;**
2. **Procedures for responding to concerns;**
3. **Community outreach and education efforts.**

(g) Regulatory Compliance - All Humanitarian Shelters should demonstrate awareness of and intent to comply with applicable federal, state, and local laws, including but not limited to the Virginia Uniform Statewide Building Code (USBC), the Virginia State Fire Marshal, the Virginia Department of Health, the Americans with Disabilities Act (ADA), and any other relevant accessibility, life safety, or public health regulations.
