Subject: Lake Anna HABS Stakeholder Meeting - Oct 22
Importance: High

CAUTION: External email

Good Afternoon,

The first Community Engagement meeting for the Lake Anna HABS Study/Watershed Protection Plan will take place **October 22nd, 2026 from 2:00p.m. – 4:00p.m.**, at Louisa County Library (881 Davis Hwy, Mineral VA 23117).

This meeting will begin stakeholder collaboration for the Watershed Protection Plan to address elevated risk of HABS in the Upper Lake Anna watershed. The meeting will summarize the project and pollutant drivers identified, outline the structure of the Watershed Protection Plan, provide an overview of the watershed modeling that will inform the Watershed Protection Plan, and discuss potential future working sessions and management strategies.

I encourage everyone who would like to attend the first Community Engagement meeting to check the DEQ webpage ([Implementation Plans Under Development](#)) to download the presentation from the first Public Meeting and for continued project updates. The announcement should also soon post to the VA Town Hall website and the DEQ Events Calendar ([DEQ Calendar](#)).

Lastly, please feel free to forward this announcement and/or the webpages to anyone who would be interested in stakeholder participation for the plan.

Hope to see you there, and happy to answer any additional questions.

Amanda Thompson
