DRAFT

CLOSED SESSION

On the motion of Vice Chairman Barlow, seconded by Supervisor Williams, which carried by a vote of 7-0 the Board voted to enter Closed Session at 5:00 p.m. for the purpose of discussing the following:

1. In accordance with §2.2-3711(A)(8), Consultation with legal counsel employed or retained by a public body regarding specific legal matters requiring the provision of legal advice by such counsel.

REGULAR SESSION

On the motion of Supervisor Williams, seconded by Supervisor Barnes, which carried by a vote of 7-0, the Board voted to return to Regular Session at 6:00 p.m.

RESOLUTION - CERTIFICATION OF CLOSED SESSION

Voter	Role	Vote
Tommy J. Barlow	Voter	Yes/Aye
Fitzgerald A. Barnes	Seconder	Yes/Aye
R.T. Williams, Jr.	Mover	Yes/Aye
Christopher C. McCotter	Voter	Yes/Aye
Duane A. Adams	Voter	Yes/Aye

Rachel G. Jones	Voter	Yes/Aye
H. Manning Woodward, III	Voter	Yes/Aye

On the motion of Supervisor Williams, seconded by Supervisor Barnes, which carried by a vote of 7-0, the Board voted to adopt the following resolution:

WHEREAS, the Louisa County Board of Supervisors has convened a Closed Meeting this 19th day of October 2026, pursuant to an affirmative recorded vote and in accordance with the provisions of the Virginia Freedom of Information Act; and

WHEREAS, §2.2-3712 of the Code of Virginia requires a certification by the Louisa County Board of Supervisors that such closed meeting was conducted in conformity with the Virginia Law.

NOW, THEREFORE BE IT RESOLVED on this 19th day of October 2026, that the Louisa County Board of Supervisors does hereby certify that, to the best of each member's knowledge, (i) only public business matters lawfully exempted from open meeting requirements by Virginia law were discussed in the closed meeting to which this certification resolution applies, and (ii) only such public business matters as were identified in the motion convening the closed meeting was heard, discussed or considered by the Louisa County Board of Supervisors.

DRAFT

ADMINISTRATIVE ITEMS - 6:00 P.M.

INVOCATION

Supervisor Williams led the invocation, followed by the Pledge of Allegiance.

ADOPTION OF AGENDA

On the motion of Supervisor Williams, seconded by Supervisor Barnes, which carried by a vote of 7-0, the Board voted to adopt the agenda, as presented, with the following changes:

- Added a presentation from Louisa 4-H

MINUTES APPROVAL

Board of Supervisors Regular Meeting Minutes – October 5, 2026

On the motion of Supervisor Barnes, seconded by Supervisor McCotter, which carried by a vote of 7-0, the Board voted to approve the minutes of the October 5, 2026, rural preservation worksession.

BILLS APPROVAL

Resolution – To Approve the Bills for the First Half of October 2026

On the motion of Supervisor Barnes, seconded by Supervisor McCotter, which carried by a vote of 7-0, the Board adopted a resolution approving the bills for the first half of October 2026.

CONSENT AGENDA ITEMS

On the motion of Supervisor Barnes, seconded by Supervisor McCotter, which carried by a vote of 7-0, the Board voted to adopt the Consent Agenda as follows:

1. Resolution – To Add Streets in the Dove Hollow Subdivision to the Secondary System if Highways
2. Resolution – Authorizing a Pass-Through Appropriation for PSAP Training Grant
3. Resolution – Authorizing a Pass-Through Appropriation of Insurance Proceeds
4. Resolution – Authorizing a Pass-Through Appropriation to the Louisa County Airport for State Aviation Grant Funding
5. Resolution – To Approve the 2027 Holiday Schedule

RECOGNITIONS

Resolution – Recognizing Mason Sapon, Jack Reutinger, and Chase Botto for Their Courageous Actions

On the motion of Supervisor Barnes, seconded by Supervisor McCotter, which carried by a vote of 7-0 the Board voted to approve the resolution as presented.

Ms. Alexandra Stanley read the resolution and Supervisor Jones presented a framed copy to Mason, Jack, and Chase.

Resolution – Celebrating the 160th Anniversary of First Baptist Church

On the motion of Supervisor Woodward, seconded by Supervisor Barnes, which carried by a vote of 7-0, the Board voted to approve the resolution as presented.

Ms. Alexandra Stanley read the resolution and Supervisor Woodward presented a framed copy to Reverend Jones and members of the congregation.

Resolution – Recognizing National School Bus Safety Week and School Bus Transportation Employee's Appreciation Day

On the motion of Supervisor Barnes, seconded by Supervisor McCotter, which carried by a vote of 7-0, the Board voted to approve the resolution as presented.

Administrator Goodwin read the resolution and Supervisor Woodward presented a framed copy to Ms. Debra Coles and transportation staff members.

PUBLIC COMMENT PERIOD

Chairman Adams opened the public comment period.

Mayor Ashley Michael, Louisa District (Town of Louisa), expressed her appreciation for the meeting and announced the annual downtown trick-or-treating event scheduled for Saturday from 4:00 p.m. to 7:00 p.m. She encouraged community participation and support of local businesses distributing candy. Activities at Court Square will include vendors, trunk-or-treating, live bluegrass music, face painting, pumpkin giveaways and painting, a petting zoo, and food

DRAFT

vendors offering Brunswick stew, chili, and other refreshments. She thanked Walmart Distribution Center and EB Mercantile for their generous pumpkin donations and invited everyone to attend.

Mr. Chris Liles, Mineral District, addressed the Board regarding two concerns. First, he questioned the progress of sports tourism initiatives associated with the County's two turf fields, noting that sports tourism was a major justification for the project. He requested information on how the facilities are being utilized to generate revenue and positively impact the upcoming budget. He also requested clarification regarding the proposed data center near Route 605, specifically whether the facility would generate its own electricity through natural gas or obtain power from another source, citing conflicting information he had heard. He thanked the Board for its time and service.

With no one else wishing to speak, Chairman Adams closed the public comment period.

INFORMATION/DISCUSSION ITEMS

Presentation – Louisa Arts Center

Ms. Welch presented the Louisa Arts Center's annual report, highlighting another record-breaking year with13 sold-out performances and over 4,000 tickets sold. She reported that expenses remained closely aligned with revenues and emphasized the Center's commitment to fiscal responsibility. The Purcell Gallery featured works from over 100 artists and welcomed more than 330 visitors. Additionally, over 80 students participated in summer camps, 118 individuals attended art classes, and the Arts Bus made 14 community stops, reaching more than 2,200 children. She highlighted the continued growth of Louisa Players Live and noted that performances are scheduled through summer 2027, with additional programming being planned into 2028. Ms. Welch thanked the Center's donors, sponsors, Board of Directors, staff, and volunteers for their continued support.

Following the presentation, a Board member complimented the Center's production of Alice in Wonderland. Ms. Welch announced upcoming performances of Charlie and the Chocolate Factory and Peter Pan, encouraging community attendance.

Discussion – Update from the Growth Management and Rural Preservation Workgroup

Supervisor Williams provided an update on the Growth Management and Rural Preservation Work Group, reporting that the group held its first meeting and plans to meet weekly. He explained that the goal is to reach a consensus on recommendations for the Planning Commission's consideration, ideally by the end of the year. He thanked staff for their assistance in providing research and supporting documentation.

Board members expressed optimism about the group's progress and emphasized the importance of addressing residential growth while preserving Louisa County's rural character and quality of life. They acknowledged the complexity of the issues and stressed that the initiative is driven by community concerns. Members also highlighted the value of collaboration between the Board of Supervisors and Planning Commission and encouraged citizens to attend the public meetings and participate in the process.

DRAFT

Presentation – Louisa 4-H Annual Update

Ms. Christy Hopkins, Family and Consumer Sciences Extension Agent, provided an overview of her work with Virginia Cooperative Extension, including efforts to expand Agricultural and Forestal Districts (AFDs), educate landowners on conservation easements and farm transition planning, and provide food safety education. She also highlighted annual well water testing clinics and educational programs on estate planning and preparing for the future.

Ms. Kylie Hoffman, 4-H Program Educator, reported that Louisa County 4-H served 2,467 youth with the support of 161 volunteers during the past year. She highlighted school enrichment programs, including Reality Store, agricultural education, and hands-on classroom activities. She also discussed the implementation of the Character Counts program throughout Louisa County Public Schools, which will expand 4-H participation to all students.

Ms. Jenny Thompson, 4-H Agent, reported that the County's eight 4-H clubs served 145 members, with continued growth in livestock and natural resources programs. She highlighted the annual 4-H camp, which served 196 campers and provided $4,335 in scholarships. She also recognized the Louisa Extension Master Gardeners, whose 57 members contributed over 5,000 volunteer hours and supported community gardening and food donation initiatives. She thanked the Board for its continued support.

Mr. Charles Ralston, Agriculture Extension Agent, highlighted the success of the Central Virginia Cattlemen's Association, which has generated over $13 million in benefits for participating farmers. He also discussed his work assisting landowners with conservation easements and emphasized the importance of supporting agriculture and youth development. He expressed concern regarding limited meeting space for Extension and 4-H programs and encouraged the Board to consider future investments in agricultural facilities and infrastructure to accommodate continued growth.

SUPERVISOR COMMENTS

(None)

REPORTS OF OFFICERS, BOARDS AND STANDING COMMITTEES

Committee Reports

Supervisor McCotter reported attending the recent Spotsylvania County Board of Supervisors meeting on behalf of the Lake Anna Advisory Committee (LAAC) to advocate for increased funding for Lake Anna buoy maintenance. The member noted that many of the buoys requiring maintenance are located near bridges in Spotsylvania County and expressed concern that, while Louisa County fully funded LAAC's budget request, Spotsylvania County did not. The member

encouraged Spotsylvania to provide its share of funding and suggested utilizing transient occupancy tax revenues, as Louisa County has done, to support these expenses.

Supervisor Barnes highlighted Louisa County's recent hosting of the Virginia High School League State Golf Championships, noting the economic benefits generated through lodging and local spending. He suggested exploring the establishment of a sports tourism authority, similar to Henrico County's, to attract additional sporting events. He emphasized the importance of public-private partnerships and community involvement in expanding sports tourism opportunities within the County.

Supervisor Williams addressed Mr. Liles' earlier comments regarding sports tourism and the County's turf fields, clarifying that he had never suggested sports tourism revenue would offset the construction or maintenance costs of the facilities. He noted that the fields are receiving considerable use, including by local travel soccer teams. He emphasized his preference for prioritizing use by Louisa County residents rather than focusing on attracting outside organizations or generating revenue.

Board Appointments
(None)

County Administrator's Report
County Administrator Goodwin presented the September departmental reports and provided an update on the James River Water Authority project, noting that construction of the river intake has been completed and the overall project remains on schedule for completion in October 2027. He also referenced a letter from Valley Link regarding the proposed North Anna–Thornburg project and discussed the developing Central Virginia Futures initiative, a regional economic development effort focused on biotechnology, pharmaceuticals, and defense industries. He highlighted several upcoming community events, including Treats on the Tarmac, Household Hazardous Waste Day, and holiday festivities.

During Board discussion, Mr. Goodwin addressed questions regarding increased tonnage at the landfill, explaining that the increase was primarily due to fill dirt received from construction projects. He noted that the material is beneficial for landfill operations, reducing the need to obtain dirt from the County's borrow pit while also generating revenue.

PUBLIC HEARINGS
(None)

ADJOURNMENT

On the motion Supervisor Barnes, seconded by Supervisor Williams, which carried by a vote of 7-0, the Board voted to adjourn the October 19, 2026, meeting at 7:04 p.m.

BOARD OF SUPERVISORS
COUNTY OF LOUISA
RESOLUTION

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 2nd day of November 2026, at which the following members were present, the following resolution was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

A RESOLUTION TO APPROVE THE BILLS FOR THE SECOND HALF OF OCTOBER 2026

WHEREAS, the Louisa County Board of Supervisors, by a resolution adopted April 27, 2026, approved the budget for the County of Louisa for the Fiscal Year 2026-2027; and

WHEREAS, the Louisa County Board of Supervisors, by resolution, appropriated funds to be expended during the Fiscal Year 2026-2027 on May 4, 2026, in accordance with the approved budget; and

WHEREAS, the checks listed for the second half of October 2026 represent payments of invoices which are within the original appropriated amounts and/or supplemental appropriated amounts.

NOW, THEREFORE, BE IT RESOLVED, on this 2nd day of November 2026, that the Louisa County Board of Supervisors hereby approves the bills for the second half of October 2026 for the County of Louisa and are hereby approved for payment for the County of Louisa in the amount of $1,193,855.36.

BOARD OF SUPERVISORS
COUNTY OF LOUISA
RESOLUTION

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 2nd day of November 2026, at which the following members were present, the following resolution was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	[A**BSTAIN_NAMES]**

A RESOLUTION TO APPROVE AND AWARD A CONTRACT FOR MAINTENANCE, REPAIR AND OVERHAUL SERVICES FOR THE LOUISA COUNTY AIRPORT

WHEREAS, Request for Proposals (RFP) # LKU-27-01 was issued on September 23, 2026, to solicit proposals for Maintenance, Repair and Overhaul Services for the Louisa County Airport; and

WHEREAS, this solicitation was advertised on the County's website, on eVA (the Virginia Procurement website); sent directly to interested parties; and

WHEREAS, proposals were due by 3:30 p.m. on October 13, 2026, at the Louisa County Administration Building; and

WHEREAS, one (1) proposal was received; and

WHEREAS, Aeromechanician was deemed the most qualified and will meet the needs of the county.

NOW, THEREFORE, BE IT RESOLVED, on this 2nd day of November 2026, that the Louisa County Board of Supervisors hereby authorizes the County of Louisa to enter into a contract with Aeromechanician for Maintenance, Repair and Overhaul Services for the Louisa County Airport, so long as such contracts are consistent with the Request for Proposals, and only after the County Attorney for Louisa County, Virginia approves such contracts as to form.

COUNTY OF LOUISA

MEMORANDUM

TO: The Honorable Members of the Board of Supervisors

FROM: Sam Massie, Purchasing Officer
Andy Wade, Economic Development Director

CC: Christian Goodwin, County Administrator

DATE: October 23, 2026

RE: A Resolution to Approve and Award a Contract for Maintenance, Repair and Overhaul Services for the Louisa County Airport

I. Background:

a. Project Description

Louisa County (County) is seeking proposals from qualified vendors to provide preventative maintenance, repair and overhaul ("MRO") services for aircraft located at the Louisa County Airport.

b. Need

Having a maintenance, repair and overhaul mechanic located at the Louisa County Airport will provide needed maintenance and inspection services for the owner-operators at the airport.

d. Invitation for Bid

On September 23, 2026, the County issued a Request for Proposals inviting qualified vendors to submit proposals for providing preventative maintenance, repair and overhaul ("MRO") services for aircraft located at the Louisa County Airport.

II. Current Situation:

a. Proposals

One (1) proposal was received by the closing date of October 13, 2026.

- Aeromechanician

b. Selected Firms

After careful consideration, the selection committee determined that Aeromechanician would be the most qualified vendor to meet the needs of the County.

c. Justification

Michael has been performing these services privately for sixty customers, ten or more of which are already at the Louisa County Airport.

d. Prices

	Aeromechanician
Regular Hours	$110.00 / hr
Overtime Hours	$150.00 / hr
Materials Mark-up	15%

III. Recommendation

The recommendation is for the Board of Supervisors to approve and award the contract for Maintenance, Repair and Overhaul Services for the Louisa County Airport with Aeromechanician for a period beginning November 3, 2026 until November 2, 2027 with two options to renew.

BOARD OF SUPERVISORS
COUNTY OF LOUISA
RESOLUTION

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 2nd day of November 2026, at which the following members were present, the following resolution was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

A RESOLUTION AUTHORIZING A PASS THROUGH APPROPRIATION TO THE LOUISA COUNTY AIRPORT FOR STATE AVIATION GRANT FUNDING FOR THE SOUTHSIDE TAXIWAY CAPITAL PROJECT

WHEREAS, the Virginia Department of Aviation has awarded the Louisa County Airport additional grant funding in the amount of $31,500 for the Southside Taxiway Construction capital project; and

WHEREAS, there is a required remaining match of $3,500 for the aforementioned project; and

WHEREAS, the Virginia Department of Aviation Grant funding and funding for the local match was not included in the FY2027 budget and needs to be appropriated at this time.

THEREFORE, BE IT RESOLVED, on this 2nd day of November 2026, the Louisa County Board of Supervisors hereby authorizes a pass through appropriation to the Louisa County Airport Southside Taxiway Construction capital project (30384000-485001) in the amount of $35,000. The Source of Funding is the Virginia Department of Aviation Grants (0303R24-324050) in the amount of $31,500 and the local match of $3,500 from Contingencies (10091000-411000).

Project Information Summary

Louisa County Airport

Project Title: Southside Taxiway (Construction Overrun) (Non-AIP) - INCREASE

Program Year: 2027
Request Year:
Project Type: CAF
Project Category: Construction

Project Number: CS0078-28
Contract Number:
Item Number:
AIP Grant Number:
Project Status: Tentative Allocation

Federal Priority Score: 0
State Priority Score: 170

Project Description:

Project Notes: This increase is for the construction overrun associated with the Southside Taxiway project grants CF0078-27 (AIP), CF0078-28 (BIL) and CF0078-29 (IIJA) that FAA can not fund.

Budget Summary by Budget Item:

Budget Item	Original Budget	Current Budget
Request	$35,000.00	$35,000.00
Project Total:	**$35,000.00**	**$35,000.00**

Budget Summary by Funding Source:

Funding Source	Original Budget	Current Budget
FAA	$0.00	$0.00
Local	$3,500.00	$3,500.00
State\AC/R Discretionary\2027	$0.00	$31,500.00
State\GA Discretionary	$31,500.00	$0.00
Project Total:	**$35,000.00**	**$35,000.00**

Project Miscellaneous Items:

Miscellaneous Item	Date	Comment
VAB Remarks	07/24/2026	Staff recommends approval. The taxiway project was funded with an FAA non-primary entitlement (NPE) grant, and an FAA IIJA grant along with state matching funds. NPE and IIJA grants do not allow additional funding for cost overruns. This project had construction cost overruns that were approved by DOAV staff but with no guarantee of additional state funding. VAB policy does not allow new grant funding of construction work already performed. The Sponsor is requesting an exception to that policy to assist with normally eligible costs. DOAV staff is in support of an exception to VAB policy in this situation.
TA approved	08/21/2026	
grant offer date	10/01/2026	
effective date		
expiration date	09/30/2027	
project closed		
obligation expiration

A RESOLUTION TO APPROVE THE 2027 THOMAS JEFFERSON PLANNING DISTRICT COMMISSION LEGISLATIVE PROGRAM

WHEREAS, the Thomas Jefferson Planning District Commission (TJPDC)prepares and recommends the annual Legislative Program to serve as the basis of legislative positions and priorities of the member localities of the TJPDC for the 2027 Session of the Virginia General Assembly; and

WHEREAS, the Board has reviewed the draft 2027 TJPDC Legislative Program.

NOW, THEREFORE, BE IT RESOLVED, on this 2nd day of November 2026, that the Louisa County Board of Supervisors hereby approves the 2027 Thomas Jefferson Planning District Commission Legislative Program.

Regional Vision ▪ Collaborative Leadership ▪ Professional Service

October 26, 2026

TO: Members, Louisa County Board of Supervisors
Louisa County Administrator

FROM: David C. Blount, Director of Legislative Services

RE: 2027 TJPD Legislative Program Approval

Attached for your review and consideration is the draft 2027 TJPD Legislative Program. It will be on the agenda for approval at your November 2 meeting. The draft program continues three top legislative priorities for 2027 as follows:

1) Public Education Funding
2) Budgets and Funding
3) Land Use and Growth Management

The accompanying "Legislative Positions" section focuses on the most critical recommendations and positions in other areas of current interest and concern in the region.

Items in the draft program that have been substantively amended from last year's approved program are noted following this memo.

A summary of the priority positions will be produced and distributed later for you to use in continuing to communicate with your state legislators.

Thank you for your consideration.

Recommended Action: Approve the draft 2027 TJPD Legislative Program.

Substantive Changes to Legislative Priorities and Positions

Budgets and Funding (p. 2; first two lines at top of page): Adds language to reference new program and funding requirements for VASAP.

Land Use and Growth Management (p. 2; sixth bullet): Adds to existing language concerning open space, a request for funding and incentives for acquiring, preserving, and maintaining agricultural and forestal land.

Education (p. 4; second bullet/number 2): Adds support for state hold harmless funding for school divisions receiving less state money due to changes in the local composite index.

General Government (pp. 5 - 6; various): New language is included as follows:

1) A new bullet is added to express that collective bargaining continue to be a local option for localities (p. 5, new first bullet);

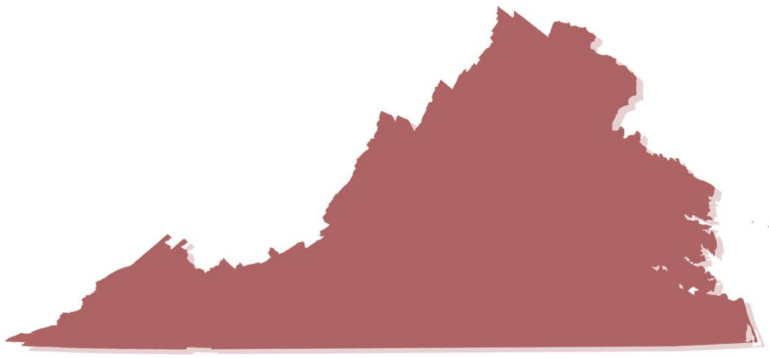

2) language is added to emphasize state funding for administrative functions that are driven by new requirements from the state (p. 5, seventh bullet);

3) language is added to support state enforcement of new laws regulating liquid nicotine vapor products (p. 6, second bullet); and

4) a new bullet is added that urges ongoing programs and financial incentives for completing projects to deploy universal, affordable access to broadband technology; this consolidates the previous free-standing broadband position into a shorter, updated statement in this section (p. 6, new fourth bullet).

Housing (p. 7; first bullet/number 2): New language is included to endorse support for public infrastructure that facilitates construction of affordable housing.

Transportation (p. 8; first paragraph): A new sentence expresses support for policies that establish a forward-looking transportation funding framework to support Virginia's transportation needs for the coming decades.

Thomas Jefferson Planning District

2027 LEGISLATIVE PROGRAM

Albemarle County | City of Charlottesville
Fluvanna County | Greene County
Louisa County | Nelson County

October 2026

DRAFT

TOP LEGISLATIVE PRIORITIES

Public Education Funding

PRIORITY: The Planning District's member localities urge the State to fully fund its share of the realistic costs of the Standards of Quality (SOQ) and reverse policy changes that previously reduced funding or shifted funding responsibility to localities.

The State will spend more than $23 billion dollars on direct, state assistance to public education in the current biennium. Additional state funding for teacher salaries, at-risk students, special education services, and childcare subsidies in the current biennium are appreciated. However, we continue to believe that the State should increase its commitment to public education in a manner that reflects the true costs of K-12 education. The 2023 Joint Legislative Audit and Review Commission (JLARC) report on K-12 education funding confirmed this, finding that public education in Virginia is underfunded, while noting that local school divisions receive less K–12 funding per student than divisions in other states and several key funding benchmarks.

Local governments consistently go "above and beyond" their responsibilities by appropriating twice as much K-12 funding as required by the state. We believe localities need an adequately defined SOQ that more equitably shares the costs of public education between the state and local governments, in order to ensure the overall success of students across the Commonwealth.

Further, we urge state efforts to support 1) flexibility in the use of state funds provided for school employee compensation; 2) adequate pipeline programs for teachers, especially in critical shortage areas; and 3) funding and policies that assist localities in addressing challenges with hiring school bus drivers and mental health professionals.

Budgets and Funding

PRIORITY: The Planning District's member localities urge the governor and legislature to preserve and enhance state aid to localities, to not impose unfunded mandates on or shift costs to localities, and to enhance local revenue options.

As the State addresses spending priorities for the current biennium, we encourage support for K-12 education, health services, public safety, economic development and other public goals. Localities continue to be the state's "go-to" service provider and we believe state investment in local service delivery must be enhanced. The State should not expect local governments to pay for new funding requirements or to expand existing ones on locally delivered services, without a commensurate increase in state financial assistance.

As the State confronts declines in financial support and additional spending requirements from the federal government, we urge the state to avoid shifting costs for programs previously supported by federal funds to localities. Generally, we oppose unfunded state and federal mandates and the cost shifting that occurs when the State or the federal government fails to fund requirements or reduces or eliminates funding for programs. Doing so strains local ability to craft effective and efficient budgets to deliver required services or those demanded by residents. Rather, the State should collaborate with local governments to implement required changes to

programs with shared state/local responsibility; this would include new program administration and funding requirements for Virginia Alcohol Safety Action Programs.

The State should not eliminate, phase out, or restrict local revenue sources or confiscate or redirect local general fund dollars to the state treasury. This includes any state-mandated exemptions to local revenue sources, Communications Sales and Use Tax Trust Fund dollars, and the local share of recordation taxes, unless a viable revenue replacement to local governments is established.

We support the Legislature making additional revenue options available to localities in order to diversify the local revenue stream. Any tax reform efforts should examine the financing and delivery of state services at the local level and how revenue is generated relevant to our economic competitiveness.

Land Use and Growth Management

PRIORITY: The Planning District's member localities urge the State to resist preempting or circumventing existing land use authorities, but rather support local authority to plan and regulate land use.

In the past, the General Assembly has enacted both mandated and optional land use provisions. Some have been helpful, while others more recently have prescribed one-size-fits-all rules that hamper different local approaches to land use planning. Accordingly, we support local control of decisions to plan and regulate land use and oppose legislation that weakens these key local responsibilities.

• We support the State providing additional tools to plan and manage growth, as current land use authority often is inadequate to allow local governments to provide for balanced growth in ways that protect and improve quality of life.
• We support local authority to address siting and other impacts associated with utility-scale installation of energy resources and facilities. We support state funding and technical assistance that address the planning, production, transmission, and deployment of new energy resources.
• We support broader impact fee authority for facilities other than roads, and changes to the current proffer law that limit the scope of impacts that can be addressed by proffers.
• We oppose legislation that would 1) restrict local oversight of the placement of various telecommunications infrastructure; 2) single out specific land uses for special treatment without regard to the impact of such uses in particular locations; and 3) exempt additional facilities serving as event spaces from building, fire code and other health and safety regulations.
• We believe accessory dwelling units should not be mandated, and that local governments should have the authority to regulate them.
• We request 1) state funding and incentives for localities, at their option, to acquire, preserve and maintain agricultural, forestal, and open space; and 2) enhanced ability for localities to balance growth and development as it pertains to farm and forestland within their jurisdiction.
• We support greater flexibility for localities in the preservation and management of trees.

LEGISLATIVE POSITIONS

Children's Services Act

The Planning District's member localities urge the State to be partners in containing Children's Services Act (CSA) costs and to better balance CSA responsibilities between the State and local governments. Accordingly, we take the following positions:

- The costs of CSA should be fully funded in the state's base budget, with allocations based on realistic, anticipated levels of need. We support local ability to use state funds to pay for mandated services provided directly by the locality, specifically for private day placements, where the same services could be offered in schools.
- We support the State maintaining cost shares on a sum sufficient basis by both the state and local governments; changing the funding mechanism to a per-pupil basis of state funding would shift the sum sufficient portion fully to localities, which we would oppose.
- We support enhanced state funding for local CSA administrative costs.
- We support a cap on local expenditures (with the State making up any gaps) in order to combat higher costs for serving mandated children. We do not support caps on state reimbursement which limit the state's exposure to increasing costs.
- We support the State being proactive in making residential facilities, services, and service providers available, especially in rural areas, and in supporting local efforts to provide facilities and services on a regional level.
- We oppose state efforts to increase local match levels and to make the program more uniform by attempting to control how localities run their programs.

Economic and Workforce Development

The Planning District's member localities recognize economic development and workforce training as essential to the continued viability of the Commonwealth. Policies and additional state funding that closely link the goals of economic and workforce development and the State's efforts to streamline and integrate workforce activities and revenue sources are crucial. Accordingly, we support the following:

- Enhanced coordination with the K-12 education community to equip the workforce with in-demand skill sets, so as to align workforce supply with anticipated employer demands.
- Continuing emphasis on regional cooperation in economic, workforce and tourism development.
- Continuation of the *GO Virginia* initiative to grow and diversify the private sector in each region.
- State job investment and small business grants targeted to businesses that pay higher wages.
- State support for the Virginia Business Ready Sites Program and for an economic development project adjacent to the existing Rivanna Station.
- Increased state funding for regional planning district commissions.

Education

The Planning District's member localities believe that, in addition to funding the Standards of Quality (as previously noted), the State should be a reliable funding partner with localities by recognizing other resources necessary for a high-quality public education system. Accordingly, we take the following positions:

• Concerning school facilities:

>We support allowing all localities the option of levying a one-cent sales tax to be used for construction or renovation of school facilities.

>The State should discontinue seizing dollars from the Literary Fund to help pay for teacher retirement.

>We appreciate and support the school construction assistance programs enacted in 2022 and request that they be consistently funded.

• We support 1) amending the local composite index (LCI) formula to recognize the land use taxation value, rather than the true value, of real property; 2) state funding to hold harmless school divisions that have experienced increases in the LCI; and 3) preserving current *Code* provisions stipulating that local school funds unexpended at the end of the year be retained by the local governing body.

• We believe that unfunded liability associated with the teacher retirement plan should be a shared responsibility of state and local government.

Environmental and Water Quality

The Planning District's member localities believe that environmental and water quality should be funded and promoted through a comprehensive approach, and address air and water quality, solid waste management, land conservation, climate change, and land use policies. Such an approach requires regional cooperation due to the inter-jurisdictional nature of environmental resources, and adequate state funding to support local and regional efforts. Accordingly, we take the following positions:

• We oppose legislation mandating expansion of the Chesapeake Bay Preservation Act's coverage area. Instead, we urge the State to provide legal, financial, and technical support to localities that wish to improve water quality and use other strategies that address point and non-point source pollution. We also support aggressive state investment in meeting required milestones for reducing Chesapeake Bay pollution to acceptable levels. We support state assistance for cyanobacteria monitoring, mitigation, and remediation efforts, as well as hydrilla treatment and buoy maintenance at Lake Anna.

• We support state investment targeted to permitted dischargers to upgrade treatment plants, to aid farmers with best management practices, and to retrofit developed areas.

• We support continued investment in the Stormwater Local Assistance Fund (SLAF) to assist localities with much-needed stormwater projects and in response to any new regulatory requirements.

• We support the option for localities, as a part of their zoning ordinances, to designate and/or reasonably restrict the land application of biosolids to specific areas within the locality.

• We support legislative and regulatory action to ensure effective operation and maintenance of alternative on-site sewage systems and to increase options for localities to secure owner abatement or correction of system deficiencies.
• We support dam safety regulations that do not impose unreasonable costs on dam owners whose structures meet current safety standards.
• The State should be a partner with localities in water supply development and should work with and assist localities in addressing water supply issues, to include providing funding for development and implementation of state-required regional plans and investing in regional projects.

General Government

The Planning District's member localities believe that since so many governmental actions take place at the local level, a strong local government system is essential. Local governments must have the freedom, flexibility, and tools to fulfill their responsibilities. Accordingly, we take the following positions:

• Collective bargaining should continue to be a local option and not a mandate on localities from the State.
• State policies should protect local governments' current ability to regulate businesses, to include collection and auditing of taxes, licensing, and regulation (whether they are traditional, electronic, internet-based, virtual, or otherwise), while encouraging a level playing field for competing services in the marketplace.
• We oppose intrusive legislation involving purchasing procedures; local government authority to establish hours of work, salaries, and working conditions for local employees; matters that can be adopted by resolution or ordinance; and procedures for adopting ordinances.
• The State should maintain the principles of sovereign immunity for local governments and their employees, to include regional jail officers.
• Localities should have maximum flexibility in providing compensation increases for state-supported local employees (including school personnel), as local governments provide significant local dollars and additional personnel beyond those funded by the State.
• We request state funding to address shortfalls in elections administration dollars, as administration has become more complex and federal and state financial support for elections continues to lag the need. We request adequate funding for costs associated with voting equipment, mail in ballots, registrar offices, early voting requirements, and election security standards.
• We urge state funding necessary for agencies to carry out critical administrative functions necessitated by state policy or requirements, items that often receive no consideration for state funding.
• We support expanding the allowable use of electronic meetings for all local public bodies, with flexibility for them to determine public comment, participation, and other procedures. Also, any changes to FOIA should preserve 1) a local governing body's ability to meet in closed session; 2) the list of records currently exempt from disclosure; 3) provisions concerning the creation of customized records; and 4) provisions allowing public bodies to charge for providing requested records.
• We support the use of alternatives to newspapers for publishing various legal advertisements and public notices.
• We support federal and state funding for localities to acquire and maintain advanced cybersecurity to protect critical systems and sensitive data.

• We support enhanced state funding for local and regional libraries.
• We support 1) expanding local authority to regulate smoking in public places; and 2) state enforcement of new laws regulating liquid nicotine vapor products.
• The State should not inhibit the ability of localities to determine how best to use artificial intelligence (AI) or require any related reporting requirements that are unreasonable.
• We support ongoing state and federal programs and financial incentives that assist public and private sector efforts to complete projects that are part of the Virginia Telecommunications Initiative (VATI) to deploy universal, affordable access to broadband technology in unserved areas of our communities. Further, we support ongoing work to link broadband efforts for education and public safety to private sector efforts to serve businesses and residences.

Health and Human Services

The Planning District's member localities recognize that special attention must be given to helping disabled people, poor people, and young and elderly people achieve their full potential. Funding for at-risk individuals and families to access appropriate services remains critical. Recently enacted changes to the Supplemental Nutrition Assistance Program (SNAP) and to Medicaid also will require significant state support and coordination between state agencies and localities. Accordingly, we take the following positions:

• We support full state funding for any local costs associated with Medicaid expansion, including local eligibility workers and case managers, but oppose any shifting of Medicaid matching requirements from the State to localities.
• We support investment in staff training and other tools to enable local social services staff to administer revised SNAP and Medicaid programs effectively and efficiently.
• We support the provision of sufficient state funding to match federal dollars for the administration of mandated services within the Department of Social Services, and to meet the staffing standards for local departments to provide services as stipulated in state law.
• The State should provide sufficient funding to allow Community Services Boards to meet the challenges of providing a community-based system of care for people with behavioral health and developmental disability service needs that helps divert them from needing state hospital care, as well as having services such as outpatient and permanent supportive housing available.
• We support improvements in state hospital capacity to accept individuals under a TDO, and encourage support for rural hospitals facing reductions in overall Medicaid funding.
• We support continued operation and enhancement of early intervention and prevention programs, including the Virginia Preschool Initiative and Part C of the Individuals with Disabilities Education Act (infants and toddlers).
• We support additional funding to local communities to assist low-income working families with childcare costs.

Housing

The Planning District's member localities believe every citizen should have an opportunity to afford decent, safe, and sanitary housing. The State, regions and localities should work to promote a balanced mix of affordable and mixed-use housing, and to expand and preserve the supply and improve the quality of housing that is affordable for the elderly, disabled, and low- and moderate-income households. Accordingly, we take the following positions:

• We support the following specific items:
1) local authority to promote, and flexibility in the operation of, housing affordability programs and establishment of affordable dwelling unit ordinances;
2) increased federal and state funding, as well as appropriate authority and incentives, to assist communities in fostering an increased supply of housing that is affordable, to include support for public infrastructure that facilitates construction of affordable housing;
3) grants and loans to low- or moderate-income persons to aid in purchasing dwellings;
4) funding for rental assistance to low-income families with school-aged children; and
5) policies and direct state investments to prevent homelessness and to assist the chronic homeless.
• We support incentives that encourage rehabilitation and preservation of historic structures.

Public Safety

The Planning District's member localities encourage state financial support, cooperation and assistance for law enforcement, emergency medical care, criminal justice activities, and fire services responsibilities carried out locally. Accordingly, we take the following positions:

• The Compensation Board should fully fund local positions that fall under its purview, to include supporting realistic levels of staffing to enable constitutional offices to meet their responsibilities and limit the need for localities to provide additional locally funded positions. The Compensation Board should not increase the local share of funding for Constitutional offices or divert money away from them, and localities should be afforded flexibility in the use of state funds for compensation for these offices.
• We encourage state support and incentives for paid and volunteer fire/EMS/first responders and related equipment needs, given the critical importance they play in local communities. We oppose regulatory action that hinders the provision of emergency services by increasing costs of operations or deterring recruitment and retention of emergency services employees.
• We support state efforts to assist localities in recruiting and retaining law enforcement personnel.
• We urge state funding of the HB 599 law enforcement program in accordance with *Code of Virginia* provisions.
• We support adequate and necessary funding for mental health and substance abuse services at juvenile and adult detention facilities and jails.
• We encourage needed funding for successful implementation of policies and programs that 1) supplement law enforcement responses to help individuals in crisis to get evaluation services and treatment; 2) provide alternative transportation options for such individuals; and 3) reduce the amount of time police officers must spend handling mental health detention orders.
• In an effort to fairly share future cost increases, we support indexing jail per diem costs as a fixed percentage of the actual, statewide daily expense average, as set forth in the annual Jail Cost Report.
• We support the ability of local governments to 1) adopt policies regarding law enforcement body worn cameras that account for local needs and fiscal realities, and 2) utilize photo speed camera devices to address safety concerns, including on locally designated highway segments.

Transportation

The Planning District's member localities recognize that revenues for expanding and maintaining all modes of infrastructure are critical for meeting Virginia's well-documented transportation challenges; for attracting and retaining businesses, residents, and tourism; and for keeping pace with growing public needs and expectations. We support state and regional policies and legislation that establish a comprehensive, sustainable, transparent, and forward-looking transportation funding framework capable of supporting Virginia's transportation needs for the coming decades. We encourage the State to provide adequate and predictable funding to meet increasing demands for new construction and maintenance for existing transportation infrastructure; to prioritize funding for local and regional transportation needs; and to provide financial support to localities for increased workloads for performing administrative functions. Accordingly, we take the following positions:

- As the State continues to adjust the "Smart Scale" prioritization and the funds distribution process, there should be state adequate funding and local authority to generate transportation dollars for important local and regional projects across modes.
- We support additional authority to establish mechanisms for funding transit and non-transit projects in our region.
- We support the Virginia Department of Transportation utilizing Metropolitan Planning Organizations and regional rural transportation staff to conduct local transportation studies.
- We oppose attempts to transfer responsibility to counties for construction, maintenance, or operation of current or new secondary roads.
- We support ongoing state and local efforts to coordinate land use and transportation planning and urge state and local officials to be mindful of various local and regional plans when conducting corridor or transportation planning within a locality or region.

COUNTY OF LOUISA

MEMORANDUM

TO: The Honorable Members of the Board of Supervisors

FROM: Eleni Rackley, Administrative Assistant/Records Clerk

DATE: October 20, 2026

RE: Board Appointment Request

The following request(s) may be considered at November 2, 2026, Board meeting:

Board Appointment

1. To reappoint **Ms. Lillian Morris** to the following committee(s):
    a. Commission on Aging – 4 year term, Mountain Road District

COUNTY OF LOUISA

BOARD & COMMISSION APPOINTMENTS

CURRENT VACANCIES AND UPCOMING EXPIRATIONS

The following is a list of Board, Committee, and Commission appointments that are either vacant or have terms expiring. Individual names listed may be eligible for reappointment.

BOARD NAME/DESCRIPTION	TERM LENGTH	INTERVAL/TIMES	VACANCIES/UPCOMING EXPIRATIONS (PREVIOUS/CURRENT APPOINTEE)
Board of Building Appeals Hears appeals of decisions made by the Building Official relative to the Virginia Uniform Statewide Building Code.	Indefinite	Members meet as requested.	**VACANT**
Board of Equalization The Board of Equalization shall hear all complaints and objections to real estate assessments from the taxpayer or his agent. The Board shall hear and give consideration to such complaints and equalize such assessments and, moreover, the Board is charged with the especial duty of increasing as well as decreasing assessments. The Board's main charge is the equalizing of real estate assessments.	Serves a three (3) year term	Members meet as requested.	**VACANT** **VACANT**
Board of Zoning Appeals The establishment and organization of the Louisa County Board of Zoning Appeals or BZA is established in the Code of Virginia, Section 15.2-2308. The powers and duties of the BZA are also outlined in the Code of Virginia, Section 15.2-2309.	Serves a five (5) year term.	Members meet as required for zoning appeals.	**VACANT** **VACANT (Second Alternate)** **VACANT - Alternate**

Commission on Aging promotes quality of life for all elderly persons and ensures their needs are included in County planning and development.	Serves a four (4) year term	Members meet on the first Wednesday of every month at 10 a.m.	**VACANT- Jackson District** **VACANT – Green Springs** **Lillian Morris- Term Expiring 11/4/26**
JABA Advisory Council This Advisory Council as part of the total JABA organization is mandated under the "Older Americans Act" as amended in October 1978 and is responsible for advising the JABA Board of Directors on matters of program and policies affecting the elderly in PSA 10. The Council advises JABA to: (a) develop and administer the area plan, (b) conduct public hearings, (c) represent the interests of older persons, and (d) review and comment on all community policies programs and actions which affect older persons.	Serves a two (2) year term.	Members meet on the first Thursday of every other month, 12:00 pm - 2:00 pm JABA, 674 Hillsdale Drive, Charlottesville, VA 22901	**VACANT** **VACANT**

COUNTY OF LOUISA
COUNTY ADMINISTRATOR'S REPORT

The County Administrator's Report serves to keep the Board informed of ongoing County operations, departmental activities, upcoming events, and significant correspondence received since the previous meeting.

CORRESPONDENCE

Correspondence received from state and federal agencies is provided for the Board's review and information. These communications often contain important updates regarding legislation, regulatory changes, funding opportunities, grant programs, infrastructure projects, and other matters that may impact County operations, services, and long-term planning. Reviewing this correspondence helps ensure the Board remains informed of developments that could affect Louisa County and its residents.

The following correspondence has been received from state and federal agencies since the previous Board meeting and is provided for the Board's review and information:

AGENCY	SUBJECT/INFORMATION
Central Virginia Partnership for Economic Development (CVPED)	Regional Economic Development
Federal Register	Federal Regulations Public Record
Nuclear Regulatory Commission (NRC)	Nuclear Regulatory Updates
Virginia Department of Health (VDH)	Public Health Services

UPCOMING EVENTS & REMINDERS

The following upcoming events, meetings, and important reminders are provided for the Board's awareness and planning purposes. These activities support County operations, community engagement, and strategic initiatives while helping ensure that Board members remain informed of key dates, deadlines, and opportunities to participate in County events and programs.

To view a list of upcoming meetings, please click here.

DATE	EVENT	LOCATION
December 4, 2026	Christmas Tree Lighting	Louisa Courthouse Lawn
December 5, 2026	Louisa Christmas Festival & Parade	Courthouse Square
December 12, 2026	22nd Annual Breakfast with Santa	Betty Queen Center
February 5th & 6th, 2027	32nd Annual Father-Daughter Dance	Betty Queen Center
March 20, 2027	Easter Eggstravaganza	Louisa Fairgrounds

Proposed Resolutions for Adoption by the CVPED Board

Regarding the Formation of the

Central Virginia Futures Working Committee

WHEREAS, the recently released TEConomy report outlined a strategy to position Central Virginia as a nationally recognized innovation hub by concentrating investments and collaboration around two high-growth sectors: biosciences and national security; and

WHEREAS, the CVPED Executive Committee and an *ad hoc* committee of interested CVPED members have conducted an informal, preliminary investigation into the feasibility of turning this vision into an innovation and economic development initiative. The working title of the potential initiative is "Central Virginia Futures;" and

WHEREAS, the CVPED Executive Committee and the *ad hoc* committee of interested CVPED members have concluded that CVPED's interests would be served by pursuing the matter further; and

WHEREAS, the CVPED Executive Committee and *ad hoc* committee of interested CVPED members believe it would be premature to form an independent legal entity for the Central Virginia Futures initiative at this time. However, it would be beneficial to establish a more formal organizational structure for the initiative until the formation of an independent legal entity is warranted. Therefore, the CVPED Executive Committee and *ad hoc* committee of interested CVPED members have recommended that the CVPED Board establish a working committee for the purposes of (a) directing the effort to define and establish the Central Virginia Futures initiative; and (b) selecting, engaging and supervising an initial program director for the Central Virginia Futures initiative who will provide executive leadership for the effort; and

WHEREAS, Section 3.1 of CVPED's Amended and Restated Bylaws authorizes the CVPED Board to form one or more working committees. The CVPED Board may appoint interested persons, including members of the CVPED Board, to serve on working committees. Each working committee must have two (2) or more members who serve at the pleasure of the CVPED Board. No working committee shall have the authority of the CVPED Board, but they shall otherwise perform such functions as may be assigned to them from time to time by the CVPED Board; and

WHEREAS, the CVPED Board has determined that it is in the best interests of CVPED and its members to form a Central Virginia Futures working committee for the purposes set forth above, subject to the terms and conditions set forth below and such other and further terms and conditions as may be set forth by the CVPED Board from time to time in its discretion.

NOW, THEREFORE, BE IT RESOLVED, that the CVPED Board shall and hereby does form the Central Virginia Futures Working Committee for the purposes of (a) directing the effort to define and establish the Central Virginia Futures initiative; and (b) selecting, engaging and supervising an initial program director for the Central Virginia Futures initiative who will provide executive leadership for the effort.

FURTHER RESOLVED, that the Working Committee shall initially consist of the following seven (7) seats, to initially be filled by the following seven (7) appointees, who shall serve until June 30, 2027 or until their earlier resignation or removal by the CVPED Board:

Seat:	**Initial Appointee:**
Large municipality representative	Chris Engel, City of Charlottesville
Small municipality representative	Christian Goodwin, Louisa County
Private sector representative	Susan Gruber, UVA Community Credit Union
CVPED President	Helen Cauthen
Biosciences representative	Nikki Hastings, CvilleBioHub
National security representative	Miles Davis, CVNSA
UVAF/UVA representative	Deborah van Eersel, UVA Foundation

unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the *regulations.gov* portal, you may contact *request.schedule@nara.gov* for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we may or may not make changes to the proposed records schedule. The schedule is then sent for final approval by the Archivist of the United States. After the schedule is approved, we will post on *regulations.gov* a ''Consolidated Reply'' summarizing the comments, responding to them, and noting any changes we made to the proposed schedule. You may elect at *regulations.gov* to receive updates on the docket, including an alert when we post the Consolidated Reply, whether or not you submit a comment. If you have a question, you can submit it as a comment, and can also submit any concerns or comments you would have to a possible response to the question. We will address these items in consolidated replies along with any other comments submitted on that schedule.

We will post schedules on our website in the Records Control Schedule (RCS) Repository, at *https://www.archives.gov/records-mgmt/rcs,* after the Archivist approves them. The RCS contains all schedules approved since 1973.

Background

Each year, Federal agencies create billions of records. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval. Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives or to destroy, after a specified period, records lacking continuing administrative, legal, research, or other value. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

Agencies may not destroy Federal records without the approval of the Archivist of the United States. The Archivist grants this approval only after thorough consideration of the records' administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value. Public review and comment on these records schedules is part of the Archivist's consideration process.

Schedules Pending

1. Department of Justice, Audit Liaison Group Records (DAA–0060–2026–0004).

2. Department of State, Consolidated Schedule: Records of the Bureau of Diplomatic Technology (DAA–0059–2023–0006).

3. Department of State, Consolidated Schedule: Records of the Geographic-Regional Bureaus (DAA–0059–2024–0004).

4. Department of State, Consolidated Schedule: Records of the Office of Policy, Planning, and Resources for Public Diplomacy (DAA–0059–2023–0007).

5. Central Intelligence Agency, Sexual Harassment and Sexual Assault Records (DAA–0263–2026–0001).

6. Drug Enforcement Administration, Executive Protection Records (DAA–0170–2026–0004).

7. Farm Credit Administration, Office of General Counsel (DAA–0103–2025–0003).

8. Financial Crimes Enforcement Network, Exempt Beneficial Ownership Information Reports (DAA–0559–2026–0005).

9. Internal Revenue Service, Examination Closing Agreements (DAA–0058–2025–0003).

10. United States Capitol Police, Office of General Counsel Records (DAA–0603–2025–0002).

11. Veterans Health Administration, Prosthetic and Sensory Aids Service (DAA–0015–2025–0012).

William P. Fischer,

Acting Chief Records Officer for the U.S. Government.

BILLING CODE 7515–01–P

NUCLEAR REGULATORY COMMISSION

[NRC–2026–4720]

Biweekly Notice; Applications and Amendments to Facility Operating Licenses and Combined Licenses Involving No Significant Hazards Considerations

AGENCY: Nuclear Regulatory Commission.

ACTION: Biweekly notice.

SUMMARY: Pursuant to section 189a.(2) of the Atomic Energy Act of 1954, as amended (the Act), the U.S. Nuclear Regulatory Commission (NRC) is publishing this regular biweekly notice. The Act requires the Commission to publish notice of any amendments issued, or proposed to be issued, and grants the Commission the authority to issue and make immediately effective any amendment to an operating license or combined license, as applicable, upon a determination by the Commission that such amendment involves no significant hazards consideration (NSHC), notwithstanding the pendency before the Commission of a request for a hearing from any person.

DATES: Comments must be filed by November 13, 2026. A request for a hearing or petitions for leave to intervene must be filed by December 14, 2026. This biweekly notice includes all amendments issued, or proposed to be issued, from September 15, 2026, to September 28, 2026. The last biweekly notice was published on September 29, 2026.

ADDRESSES: You may submit comments by any of the following methods; however, the NRC encourages electronic comment submission through the Federal rulemaking website.

- *Federal rulemaking website:* Go to *https://www.regulations.gov* and search for Docket ID NRC–2026–4720. Address questions about Docket IDs in *Regulations.gov* to Bridget Curran; telephone: 301–415–1003; email: *Bridget.Curran@nrc.gov.* For technical questions, contact the individual(s) listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.
- *Mail comments to:* Office of Nuclear Material Safety and Safeguards, Mail Stop: TWFN–5–A85, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001, ATTN: Guidance and Publications Branch.

For additional direction on obtaining information and submitting comments, see ''Obtaining Information and Submitting Comments'' in the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Karen Zeleznock, Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–1118; email: *Karen.Zeleznock@nrc.gov.*

SUPPLEMENTARY INFORMATION:

I. Obtaining Information and Submitting Comments

A. Obtaining Information

Please refer to Docket ID NRC–2026–4720, facility name, unit number(s), docket number(s), application date, and subject when contacting the NRC about the availability of information for this action. You may obtain publicly available information related to this action by any of the following methods:

- *Federal Rulemaking Website:* Go to *https://www.regulations.gov* and search for Docket ID NRC–2026–4720.
- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at *https://www.nrc.gov/reading-rm/adams.html.* To begin the search, select ''Begin ADAMS Public Search.'' For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1–800–397–4209, at 301–415–4737, or by email to *PDR.Resource@nrc.gov.* The ADAMS accession number for each document referenced (if it is available in ADAMS) is provided the first time that it is mentioned in this document.
- *NRC's PDR:* The PDR, where you may examine and order copies of publicly available documents, is open by appointment. To make an appointment to visit the PDR, please send an email to *PDR.Resource@nrc.gov* or call 1–800–397–4209 or 301–415–4737, between 8 a.m. and 4 p.m. eastern time (ET), Monday through Friday, except Federal holidays.

B. Submitting Comments

The NRC encourages electronic comment submission through the Federal rulemaking website (*https://www.regulations.gov*). Please include Docket ID NRC–2026–4720, facility name, unit number(s), docket number(s), application date, and subject, in your comment submission.

The NRC cautions you not to include identifying or contact information that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at *https://www.regulations.gov* as well as enter the comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Notice of Consideration of Issuance of Amendments to Facility Operating Licenses and Combined Licenses and Proposed No Significant Hazards Consideration Determination

For the facility-specific amendment requests shown in this notice, the Commission finds that the licensees' analyses provided, consistent with section 50.91 of title 10 of the *Code of Federal Regulations* (10 CFR) ''Notice for public comment; State consultation,'' are sufficient to support the proposed determinations that these amendment requests involve NSHC. Under the Commission's regulations in 10 CFR 50.92, operation of the facilities in accordance with the proposed amendments would not (1) involve a significant increase in the probability or consequences of an accident previously evaluated; or (2) create the possibility of a new or different kind of accident from any accident previously evaluated; or (3) involve a significant reduction in a margin of safety.

The Commission is seeking public comments on these proposed determinations. Any comments received within 30 days after the date of publication of this notice will be considered in making any final determinations.

Normally, the Commission will not issue the amendments until the expiration of 60 days after the date of publication of this notice. The Commission may issue any of these license amendments before expiration of the 60-day period provided that its final determination is that the amendment involves NSHC. In addition, the Commission may issue any of these amendments prior to the expiration of the 30-day comment period if circumstances change during the 30-day comment period such that failure to act in a timely way would result, for example in derating or shutdown of the facility. If the Commission takes action on any of these amendments prior to the expiration of either the comment period or the notice period, it will publish in the **Federal Register** a notice of issuance. If the Commission makes a final NSHC determination for any of these amendments, any hearing will take place after issuance. The Commission expects that the need to take action on any amendment before 60 days have elapsed will occur very infrequently.

A. Opportunity To Request a Hearing and Petition for Leave To Intervene

Within 60 days after the date of publication of this notice, any person (petitioner) whose interest may be affected by any of these actions may file a request for a hearing and petition for leave to intervene (petition) with respect to that action. Petitions shall be filed in accordance with the Commission's ''Agency Rules of Practice and Procedure'' in 10 CFR part 2. Interested persons should consult 10 CFR 2.309. If a petition is filed, the Commission or a presiding officer will rule on the petition and, if appropriate, a notice of a hearing will be issued.

Petitions must be filed no later than 60 days from the date of publication of this notice in accordance with the filing instructions in the ''Electronic Submissions (E-Filing)'' section of this document. Petitions and motions for leave to file new or amended contentions that are filed after the deadline will not be entertained absent a determination by the presiding officer that the filing demonstrates good cause by satisfying the three factors in 10 CFR 2.309(c)(1)(i) through (iii).

If a hearing is requested, and the Commission has not made a final determination on the issue of no significant hazards consideration, the Commission will make a final determination on the issue of no significant hazards consideration, which will serve to establish when the hearing is held. If the final determination is that the license amendment request involves no significant hazards consideration, the Commission may issue the amendment and make it immediately effective, notwithstanding the request for a hearing. Any hearing would take place after issuance of the amendment. If the final determination is that the license amendment request involves a significant hazards consideration, then any hearing held would take place before the issuance of the amendment unless the Commission finds an imminent danger to the health or safety of the public, in which case it will issue an appropriate order or rule under 10 CFR part 2.

A State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof, may submit

a petition to the Commission to participate as a party under 10 CFR 2.309(h) no later than 60 days from the date of publication of this notice. Alternatively, a State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof, may participate as a non-party under 10 CFR 2.315(c).

For information about filing a petition and about participation by a person not a party under 10 CFR 2.315, see ADAMS Accession No. ML20340A053 (*https://adamswebsearch2.nrc.gov/webSearch2/main.jsp?AccessionNumber=ML20340A053*) and the NRC's public website (*https://www.nrc.gov/about-nrc/regulatory/adjudicatory/hearing.html#participate*).

B. Electronic Submissions (E-Filing)

All documents filed in NRC adjudicatory proceedings, including documents filed by an interested State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof that requests to participate under 10 CFR 2.315(c), must be filed in accordance with 10 CFR 2.302. The E-Filing process requires participants to submit and serve all adjudicatory documents over the internet, or in some cases, to mail copies on electronic storage media, unless an exemption permitting an alternative filing method, as further discussed, is granted. Detailed guidance on electronic submissions is located in the ''Guidance for Electronic Submissions to the NRC'' (ADAMS Accession No. ML13031A056), and on the NRC's public website (*https://www.nrc.gov/site-help/e-submittals.html*).

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the participant should contact the Office of the Secretary by email at *Hearing.Docket@nrc.gov,* or by telephone at 301–415–1677, to: (1) request a digital identification (ID) certificate, which allows the participant (or their counsel or representative) to digitally sign submissions and access the E-Filing system for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a petition or other adjudicatory document (even in instances in which the participant, or their counsel or representative, already holds an NRC-issued digital ID certificate). Based upon this information, the Secretary will establish an electronic docket for the proceeding if the Secretary has not already established an electronic docket.

Information about applying for a digital ID certificate is available on the NRC's public website (*https://www.nrc.gov/site-help/e-submittals/getting-started.html*). After a digital ID certificate is obtained and a docket is created, the participant must submit adjudicatory documents in the Portable Document Format. Guidance on submissions is available on the NRC's public website (*https://www.nrc.gov/site-help/electronic-sub-ref-mat.html*). A filing is considered complete at the time the document is submitted through the NRC's E-Filing system. To be timely, an electronic filing must be submitted to the E-Filing system no later than 11:59 p.m. ET on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an email confirming receipt of the document. The E-Filing system also distributes an email that provides access to the document to the NRC's Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the document on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before adjudicatory documents are filed in order to obtain access to the documents via the E-Filing system.

A person filing electronically using the NRC's adjudicatory E-Filing system may seek assistance by contacting the NRC's Electronic Filing Help Desk through the ''Contact Us'' link located on the NRC's public website (*https://www.nrc.gov/site-help/e-submittals.html*), by email to *MSHD.Resource@nrc.gov,* or by a toll-free call at 1–866–672–7640. The NRC Electronic Filing Help Desk is available between 9 a.m. and 6 p.m., ET, Monday through Friday, except Federal holidays.

Participants who believe that they have good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing stating why there is good cause for not filing electronically and requesting authorization to continue to submit documents in paper format. Such filings must be submitted in accordance with 10 CFR 2.302(b)–(d). Participants filing adjudicatory documents in this manner are responsible for serving their documents on all other participants. Participants granted an exemption under 10 CFR 2.302(g)(2) must still meet the electronic formatting requirement in 10 CFR 2.302(g)(1), unless the participant also seeks and is granted an exemption from 10 CFR 2.302(g)(1).

Documents submitted in adjudicatory proceedings will appear in the NRC's electronic hearing docket, which is publicly available on the NRC's public website (*https://ehd.nrc.gov*), unless otherwise excluded pursuant to an order of the presiding officer. If you do not have an NRC-issued digital ID certificate as previously described, click ''cancel'' when the link requests certificates and you will be automatically directed to the NRC's electronic hearing docket where you will be able to access any publicly available documents in a particular hearing docket. Participants are requested not to include personal privacy information such as social security numbers, home addresses, or personal phone numbers in their filings, unless an NRC regulation or other law requires submission of such information. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants should not include copyrighted materials in their submission.

The following table provides the plant name, docket number, date of application, ADAMS accession number, and location in the application of the licensees' proposed NSHC determinations. For further details with respect to these license amendment applications, see the applications for amendment, which are available for public inspection in ADAMS. For additional direction on accessing information related to this document, see the ''Obtaining Information and Submitting Comments'' section of this document.

License Amendment Requests

Arizona Public Service Company, et al; Palo Verde Nuclear Generating Station, Units 1, 2, and 3; Maricopa County, AZ

Docket Nos	50–528, 50–529, 50–530.
Application date	September 10, 2026.
ADAMS Accession No	ML26253A258.

LICENSE AMENDMENT REQUESTS—Continued

Location in Application of NSHC	Pages 4–5 of Enclosure 1.
Brief Description of Amendments	The proposed amendments would modify the Technical Specifications (TSs) for Palo Verde Nuclear Generating Station, Units 1, 2, and 3, to adopt TS Task Force (TSTF) Traveler 585 (TSTF–585) ''Revise LCO [Limiting Condition for Operation] 3.0.3 to Require Managing Risk.'' TSTF–585 would revise LCO 3.0.3 to require assessing and managing plant risk whenever LCO 3.0.3 is entered. If the risk assessment determines that continuing plant operation is acceptable and other conditions are satisfied, 24-hours from entry into LCO 3.0.3 is permitted to initiate a shutdown. Otherwise, initiation of shutdown is required within six hours of LCO entry.
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	Carey Fleming, Senior Counsel, Pinnacle West Capital Corporation, 500 N 5th Street, MS 8695, Phoenix, AZ 85004.
NRC Project Manager, Telephone Number	Robert Kuntz, 301–415–3733.

Duke Energy Progress, LLC; Shearon Harris Nuclear Power Plant, Unit 1; Wake and Chatham Counties, NC

Docket No	50–400.
Application date	August 14, 2026.
ADAMS Accession No	ML26226A420.
Location in Application of NSHC	Pages 10–12 of the Enclosure.
Brief Description of Amendment	The proposed amendment would modify the Shearon Harris Nuclear Power Plant, Unit 1, Renewed Facility Operating License NPF–63 and Technical Specifications (TSs). Specifically, the proposed license amendment would modify TS ¾.7.5, ''Ultimate Heat Sink,'' to include an additional minimum water level limit requirement for each reservoir to be contained within the licensee-controlled Technical Requirements Manual. Additionally, the proposed amendment would also update HNP TS 3/4.7.5 to reflect that either the Auxiliary Reservoir or the Main Reservoir in an operable condition meets the associated Limiting Condition for Operation for the Ultimate Heat Sink. Lastly, the proposed license amendment would modify the Administrative Controls section of the TS to consolidate content from TS Table 6.2–1, ''Minimum Shift Crew Composition,'' related to the responsibility of the person designated for control room command function into TS 6.1, ''Responsibility,'' section 6.1.2.
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	Tracey Mitchell LeRoy, Deputy General Counsel, Duke Energy Corporation, 525 S Tryon Street, Charlotte, NC 28202.
NRC Project Manager, Telephone Number	Zachary Turner, 301–415–6303.

Florida Power & Light Company, et al.; St. Lucie Plant, Unit Nos. 1 and 2; St. Lucie County, FL; Florida Power & Light Company; Turkey Point Nuclear Generating Unit Nos. 3 and 4; Miami-Dade County, FL; NextEra Energy Duane Arnold, LLC; Duane Arnold Energy Center; Linn County, IA; NextEra Energy Point Beach, LLC; Point Beach Nuclear Plant, Units 1 and 2; Manitowoc County, WI; NextEra Energy Seabrook, LLC; Seabrook Station, Unit No. 1; Rockingham County, NH

Docket Nos	50–250, 50–251, 50–335, 50–389, 50–266, 50–301, 50–443, 50–331.
Application date	May 22, 2026.
ADAMS Accession No	ML26142A069.
Location in Application of NSHC	Pages 8–9 of Enclosure 1.
Brief Description of Amendments	The proposed amendments would allow NextEra to administer the initial Reactor Operator and Senior Reactor Operator candidate operating tests as described in the May 22, 2026, submittal.
Proposed Determination	NSHC.
Name of Attorney for Licensee, Mailing Address	Steven Hamrick, Managing Attorney—Nuclear, Florida Power and Light Company, 801 Pennsylvania Avenue NW, Suite 220, Washington, DC 20004.
NRC Project Manager, Telephone Number	G. Ed Miller, 301–415–2481.

Wolf Creek Nuclear Operating Corporation; Wolf Creek Generating Station, Unit 1; Coffey County, KS

Docket No.	50–482.
Application date	August 22, 2026.
ADAMS Accession No	ML26234A001.
Location in Application of NSHC	Pages 3–4 of the Enclosure.
Brief Description of Amendment	The proposed amendment would modify technical specification requirements to incorporate risk-informed requirements for selected Required Action end states. These changes are consistent with NRC-approved Technical Specifications Task Force (TSTF) Traveler TSTF–432–A, Revision 1, ''Change in Technical Specifications End States (WCAP–16294).''
Proposed Determination	NSHC.

LICENSE AMENDMENT REQUESTS—Continued

Name of Attorney for Licensee, Mailing Address	Chris Johnson, Corporate Counsel Director, Evergy, One Kansas City Place, 1KC-Missouri HQ 16, 1200 Main Street, Kansas City, MO 64105.
NRC Project Manager, Telephone Number	Samson Lee, 301–415–3168.

III. Notice of Issuance of Amendments to Facility Operating Licenses and Combined Licenses

During the period since publication of the last biweekly notice, the Commission has issued the following amendments. The Commission has determined for each of these amendments that the application complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR chapter I, which are set forth in the license amendment.

A notice of consideration of issuance of amendment to facility operating license or combined license, as applicable, proposed NSHC determination, and opportunity for a hearing in connection with these actions, were published in the **Federal Register** as indicated in the safety evaluation for each amendment.

Unless otherwise indicated, the Commission has determined that these amendments satisfy the criteria for categorical exclusion in accordance with 10 CFR 51.22. Therefore, pursuant to 10 CFR 51.22(b), no environmental impact statement or environmental assessment need be prepared for these amendments. If the Commission has prepared an environmental assessment under the special circumstances provision in 10 CFR 51.22(b) and has made a determination based on that assessment, it is so indicated in the safety evaluation for the amendment.

For further details with respect to each action, see the amendment and associated documents such as the Commission's letter and safety evaluation, which may be obtained using the ADAMS accession numbers indicated in the following table. The safety evaluation will provide the ADAMS accession numbers for the application for amendment and the **Federal Register** citation for any environmental assessment. All of these items can be accessed as described in the ''Obtaining Information and Submitting Comments'' section of this document.

LICENSE AMENDMENT ISSUANCES

Northern States Power Company; Monticello Nuclear Generating Plant; Wright County, MN

Docket No	50–263.
Amendment Date	September 28, 2026.
ADAMS Accession No	ML26236A247.
Amendment No	218.
Brief Description of Amendment	The amendment adopted Technical Specification Task Force (TSTF) Traveler TSTF–585, ''Revise LCO [Limiting Condition for Operation] 3.0.3 to Require Managing Risk,'' and TSTF–597, ''Eliminate LCO 3.0.3 Mode 2 Requirements.''
Public Comments Received as to Proposed NSHC (Yes/No)	No.

Pacific Gas and Electric Company; Diablo Canyon Nuclear Power Plant, Units 1 and 2; San Luis Obispo County, CA

Docket Nos	50–275, 50–323.
Amendment Date	September 15, 2026.
ADAMS Accession No	ML26225A137.
Amendment Nos	263 (Unit 1) and 265 (Unit 2).
Brief Description of Amendments	The amendments revised the emergency plan emergency action level scheme to adopt Nuclear Energy Institute (NEI) 99–01, Revision 7, ''Development of Emergency Action Levels for Non-Passive Reactors.''
Public Comments Received as to Proposed NSHC (Yes/No)	No.

Tennessee Valley Authority; Browns Ferry Nuclear Plant, Units 1, 2, and 3; Limestone County, AL

Docket Nos	50–259, 50–260, 50–296.
Amendment Date	September 14, 2026.
ADAMS Accession No	ML26237A221.
Amendment No(s)	345 (Unit 1), 368 (Unit 2), and 328 (Unit 3).
Brief Description of Amendments	The amendments revised Browns Ferry Nuclear Plant, Units 1, 2, and 3, Technical Specification 3.6.1.3, ''Primary Containment Isolation Valves (PCIV),'' to add a new surveillance requirement for the inboard main steam isolation valves.
Public Comments Received as to Proposed NSHC (Yes/No)	No.

Union Electric Company; Callaway Plant, Unit No. 1; Callaway County, MO

Docket No	50–483.
Amendment Date	September 24, 2026.
ADAMS Accession No	ML26216A052.
Amendment No	245.

LICENSE AMENDMENT ISSUANCES—Continued

Brief Description of Amendment	The amendment revised Technical Specification 3.2.1, ''Heat Flux Hot Channel Factor (FQ(Z)) (FQ Methodology) Required Actions and Surveillance Requirements'' consistent with the recommendations of Westinghouse Topical Report WCAP–17661–P–A, Revision 1, ''Improved RAOC [Relaxed Axial Offset Control] and CAOC [Constant Axial Offset Control] FQ Surveillance Technical Specifications,'' dated February 2019.
Public Comments Received as to Proposed NSHC (Yes/No)	No.

(Authority: 42 U.S.C. 2011 *et seq.*)

Dated: October 2, 2026.

For the Nuclear Regulatory Commission.

Hipolito Gonzalez,

Chief, Operating Reactor Licensing Branch 4, Division of Licensing Projects 1, Office of Nuclear Reactor Regulation.

BILLING CODE 7590–01–P

POSTAL REGULATORY COMMISSION

[Docket Nos. MC2027–7 and K2027–7]

New Postal Products

AGENCY: Postal Regulatory Commission.

ACTION: Notice.

SUMMARY: The Commission is noticing a recent Postal Service filing for the Commission's consideration concerning a negotiated service agreement. This notice informs the public of the filing, invites public comment, and takes other administrative steps.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at *https://www.prc.gov*. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202–789–6820.

SUPPLEMENTARY INFORMATION:

Table of Contents

I. Introduction
II. Public Proceeding(s)
III. Summary Proceeding(s)

I. Introduction

Pursuant to 39 CFR 3041.405, the Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to Competitive negotiated service agreement(s). The request(s) may propose the addition of a negotiated service agreement from the Competitive product list or the modification of an existing product currently appearing on the Competitive product list.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (*http://www.prc.gov*). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3011.301.[1]

Section II identifies the docket number(s) associated with each Postal Service request, if any, that will be reviewed in a public proceeding as defined by 39 CFR 3010.101(p), the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each such request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 and 39 CFR 3000.114 (Public Representative). The Public Representative does not represent any individual person, entity or particular point of view, and, when Commission attorneys are appointed, no attorney-client relationship is established. Section II also establishes comment deadline(s) pertaining to each such request.

The Commission invites comments on whether the Postal Service's request(s) identified in Section II, if any, are consistent with the policies of title 39. Applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3041. Comment deadline(s) for each such request, if any, appear in Section II.

Section III identifies the docket number(s) associated with each Postal Service request, if any, to add a standardized distinct product to the Competitive product list or to amend a standardized distinct product, the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. Standardized distinct products are negotiated service agreements that are variations of one or more Competitive products, and for which financial models, minimum rates, and classification criteria have undergone advance Commission review. *See* 39 CFR 3041.110(n); 39 CFR 3041.205(a). Such requests are reviewed in summary proceedings pursuant to 39 CFR 3041.325(c)(2) and 39 CFR 3041.505(f)(1). Pursuant to 39 CFR 3041.405(c)–(d), the Commission does not appoint a Public Representative or request public comment in proceedings to review such requests.

II. Public Proceeding(s)

None. *See* Section III for summary proceedings.

III. Summary Proceeding(s)

1. *Docket No(s).:* MC2027–7 and K2027–7; *Filing Title:* USPS Request to Add New Fulfillment Standardized Distinct Product, PM–GA Contract 1109, and Notice of Filing Materials Under Seal; *Filing Acceptance Date:* October 8, 2026; *Filing Authority:* 39 U.S.C. 3642 and 3633, 39 CFR 3035.105, and 39 CFR 3041.325.

This Notice will be published in the **Federal Register**.

Sarah Wessel,

Senior Paralegal Specialist.

OFFICIAL ELECTRONIC MAIL; NO HARD COPY TO FOLLOW

SUBJECT: Louisa County
Water: SESMAU Jerdone Island
PWSID No.: 2109265

October 19, 2026

Mackenzie Lynn, Manager
77 West Lee Street
Suite 202
Warrenton, VA 20187

Dear Ms. Lynn,

The Virginia Department of Health, Office of Drinking Water (ODW) has received five (5) lead and copper "first draw" tap sample results for the subject waterworks. You submitted these results in accordance with Lead and Copper Rule monitoring requirements of the Virginia *Waterworks Regulations*, 12VAC5-590-10 et seq. With these results, the waterworks has now completed monitoring for the June to September 2026 standard annual monitoring period. ODW has summarized the results of this monitoring in the table below:

Monitoring Period	Lead 90th Percentile (Action Level: 0.015 mg/L)	Copper 90th Percentile (Action Level: 1.3 mg/L)
June-September 2026	0.001 mg/L- **PASSED**	0.04 mg/L- **PASSED**

Since the above summarized results indicate 90th percentile lead and copper concentrations below the established Action Levels, the waterworks will *continue* with annual monitoring. The next required monitoring will be to collect five (5) samples during the June to September 2027 monitoring period. Please note that you must collect all lead and copper "first draw" tap samples from the same approved sample sites. If you find it necessary to change any tap sample sites, the new site should be of the same tier and category as the initial site and you must submit written justification to this office for approval.

This is a reminder that the waterworks owner is required to provide consumer notification to the occupants of the residence or building where the tap was tested by direct mail or hand delivery as soon as practical,

but no later than **30 days** from the date the laboratory informed you of the sample results. See 12VAC5-590-405 D 4.

After you notify the consumers at each sample location, you must complete a "Lead Results Delivery Certification" form and return it to ODW along with a sample of the notification sent to participating consumers. **The Certification form and a copy of one sample notification must be submitted to ODW within three months from the end of the monitoring period or no later than December 31, 2026**. See 12VAC5-590-532 G 3.

You may obtain the consumer notification template and delivery certification form from ODW's website: https://www.vdh.virginia.gov/drinking-water/office-of-drinking-water/information-for-waterworks-owners/. One has also been attached to this document for convenience.

ODW is available to assist you with complying with the requirements of the Lead and Copper Rule. Should you have any questions, please do not hesitate to contact Lydia Belser at (804) 910-6111 or via email at Lydia.Belser@vdh.virginia.gov.

Sincerely,

Lydia Belser, Envi Spec. Sr.
Richmond Field Office

[Waterworks Letterhead]

[Date]

Dear *[Consumer's Name]*,

[Waterworks Name] Waterworks appreciate your participation in the lead and copper tap monitoring program. This letter is to report the lead and copper results from the sample collected at your residence, *[address of customer]* on *[date]*. The reported lead result for your residence is *[select one & insert result- xxx parts per billion (ppb) or xxx mg/L]*. The Action Level for lead is 15 ppb or 0.015 mg/L.

Some individual homes may have high lead concentrations while the 90th percentile value for the entire waterworks is below the Action Level. These individual site lead levels may be due to conditions unique to the individual home, such as the presence of lead solder or brass faucets, fittings, and valves that may contain lead. Our waterworks strives to keep the corrosivity of our water as low as possible (since corrosive water can cause lead to leach from plumbing materials that contain lead). Additionally, there are actions you can take to reduce your exposure. We strongly urge you to review the enclosed Consumer Notice and take the steps listed to reduce your exposure to lead in drinking water.

Optional: The reported copper result for your residence is *[select one & insert result- xxx parts per billion (ppb) or xxx mg/L]*. The Action Level for copper is 1.3 mg/L.

Copper is an essential nutrient, but some people who drink water containing copper in excess of the Action Level over a relatively short amount of time could experience gastrointestinal distress. Some people who drink water containing copper in excess of the Action Level over many years could suffer liver or kidney damage. People with Wilson's Disease should consult their personal doctor.

If you have any questions, please contact *[name of waterworks contact]* at *[phone number]* or *[email address]*.

Sincerely

(Waterworks Signature Block)

Enclosure: Consumer Notice

Consumer Notice
LEAD IN DRINKING WATER

Lead is a common metal that has been in many consumer products but is now known to be harmful to human health if ingested or inhaled. It can be found in lead-based paint, air, soil, household dust, food, some types of pottery, and drinking water. Lead is rarely found in natural sources of water such as rivers, lakes, wells or springs.

Health Effects of Lead

Exposure to lead in drinking water can cause serious health effects in all age groups. Infants and children can have decreases in IQ and attention span. Lead exposure can lead to new learning and behavior problems or exacerbate existing learning and behavior problems. The children of women who are exposed to lead before or during pregnancy can have increased risk of these adverse health effects. Adults can have increased risks of heart disease, high blood pressure, kidney or nervous system problems.

Steps You Can Take To Reduce Your Exposure to Lead in Your Water

Lead may work its way into drinking water after the water entered the distribution system and is on its way to consumers taps. This usually happens through the corrosion of materials containing lead in household plumbing. These materials include brass faucets, lead solder on copper pipes, lead pipes, or lead service lines connecting the water main to the inside plumbing. Lead pipes are no longer installed for service lines or in household plumbing and lead solder has been outlawed in Virginia since 1985. If you live in a building in which the inside plumbing contains lead-based materials, there are several steps you can take to reduce your exposure to lead in drinking water.

1. ***Run your water to flush out lead.*** If water hasn't been used for several hours, allow the water to run at the tap for 30 seconds to 2 minutes before using it for drinking or cooking. This action flushes the lead-containing water from the pipes. The water you run from drinking water taps does not have to be wasted. You can use this water for cleaning purposes or for watering plants. You may want to keep a container of drinking water in your refrigerator, so you don't have to run water every time you need it.
2. ***Use water from the cold water tap for cooking and preparing baby formula.*** Do not cook with or drink water from the hot water tap; lead dissolves more easily in hot water. Do not use water from the hot water tap to make baby formula.
3. ***Do not boil water to remove lead.*** Boiling water will not reduce or remove lead.
4. ***Consider installing a filter.*** You may want to consider installing a water filter. Ensure that the filter is approved to reduce lead or contact the National Sanitation Foundation at 800-NSF-8010 or **www.nsf.org** for information on performance standards for these types of water filters. If you choose to install a lead removal filter, be sure to maintain and replace the filter in accordance with the manufacturer's instructions to protect water quality.
5. ***Get your child tested.*** Contact your local health department or healthcare provider to find out how you can get your child's blood tested for lead if you are concerned about exposure.
6. ***Identify and replace any plumbing fixtures that contain lead.*** Brass faucets, fittings, and valves
   manufactured *before January 4, 2014,* may contribute lead to drinking water, including those advertised as "lead-free." Under current law, "lead free" means no more than 0.2% lead in solder and flux, and 0.25% lead for pipe, pipe fittings, and components. Visit the National

Sanitation Foundation Web site at **www.nsf.org** to learn more about lead-containing plumbing fixtures.

7. ***Test your water for lead.*** Call us at *[insert phone number for your waterworks]* to find out how to get additional testing of your water for lead. *[Include information on your waterworks testing program; e.g., costs of testing and availability of labs in your area that are certified to do testing for lead in drinking water for any consumer who requests it.]*

Definitions

Under the authority of the Safe Drinking Water Act, the Environmental Protection Agency (EPA) set the Action Level for lead in drinking water at 15 ppb (or 0.015 mg/L). This means utilities must ensure that water from the customer's tap does not exceed this level in at least 90 percent of the locations sampled (this is referred to as the 90^{th} percentile value). The Action Level is the concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.

Because lead may pose serious health risks, the EPA also set a Maximum Contaminant Level Goal (MCLG) for lead of zero. The MCLG is the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

For More Information

Call us at *[Insert Waterworks Owner's Contact Phone Number],* or *[if applicable]* visit our Website at *[insert Waterworks Website Here]*. For more information on reducing lead exposure around your home/building and the health effects of lead:

1. Visit EPA's website at http://www.epa.gov/lead
2. Visit VDH's website at http://www.vdh.virginia.gov/leadsafe/
3. Contact your health care provider;
4. Contact the National Lead Information Center at 800-424-LEAD

This notice is brought to you by *[insert the name of your waterworks]*. State Water System ID# *[insert your water system's ID number.*

Lead Results Delivery Certification

Community Waterworks

INSTRUCTIONS: Waterworks owner must
1. Complete this form.
2. Attach a copy of an example consumer letter and the consumer notice to this form.
3. Within 3 months from the end of the monitoring period, email this form to:
   Email: ODWFieldOffice4@vdh.virginia.gov

Waterworks Name: Sesmau Jerdone Island PWSID: 2109625

OFFICIAL ELECTRONIC COMMUNICATION – NO HARD COPY TO FOLLOW

October 27, 2026

SUBJECT: LOUISA COUNTY
Waterwork: Christopher Run Campground
PWSID: 2109130

Dear Mr. Craun:

We have reviewed the PEC for Christopher Run Campground (2109130). The PEC states that Wells 2, 5, and 6 will operate alternately, but the proposed source capacity is based on the combined pump capacity. We have the following comments:

1. Do the controls and the piping allow multiple wells to be in operation when the water demand is high, like in summer months?
2. Please submit piping calculations when multiple wells are in operation simultaneously.
3. Add sequence of putting multiple wells in operation when the demand is high.

Please revise the PEC accordingly and submit. If you have any questions, please call me at 804-664-4404.

Sincerely,
Azhar N. Mirza

BOARD OF SUPERVISORS
COUNTY OF LOUISA
ORDINANCE

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 2nd day of November 2026, at which the following members were present, the following ordinance was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86 PROPOSED ADDITION TO CUCKOO AGRICULTURAL AND FORESTAL DISTRICT

WHEREAS, the Louisa County Community Development Department received an application to add six parcels to the Cuckoo Agricultural and Forestal District. The parcels are identified as tax map parcels 58-39E, 59-96, 59-97, 59-98, 59-100, and 71-10-4. Louisa County has contacted the current property adjoiners of parcels identified and advised them of the application; and

WHEREAS, the proposed addition is deemed agriculturally and forestally significant as the current use of the properties are timber and crops, which is a lawful form of agricultural production, thus supporting the intent of the agricultural and forestal districts; and

WHEREAS, the Agricultural, Forestal and Rural Preservation Committee met on October 1, 2026, to review the addition to the Cuckoo Agricultural and Forestal District and voted to forward a recommendation of approval to the Planning Commission and the Board of Supervisors for the addition of tax map parcels 58-39E, 59-96, 59-97, 59-98, 59-100, and 71-10-4 to the Cuckoo Agricultural and Forestal District; and

WHEREAS, the Planning Commission held a public hearing on October 8, 2026, and voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval for the addition of tax map parcels 58-39E, 59-96, 59-97, 59-98, 59-100, and 71-10-4 to the Cuckoo Agricultural and Forestal District, to the Board of Supervisors.

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING DISTRICT
Mary Loudin	58-39E	172.315	R-2 & A-2	Mineral
Michael & Sharon Dunn	59-96	48.18	A-1	Cuckoo
Michael & Sharon Dunn	59-97	0.9	A-1	Cuckoo
Michael & Sharon Dunn	59-98	0.5	A-1	Cuckoo
Michael & Sharon Dunn	59-100	1.04	A-1	Cuckoo
Robert & Dianna Woodson	71-10-4	20.513	A-2	Cuckoo

NOW, THEREFORE, BE IT RESOLVED, on this 2nd day of November 2026, that the Louisa County Board of Supervisors hereby approves/denies the request for the addition of tax map parcels 58-39E, 59-96, 59-97, 59-98, 59-100, and 71-10-4 to the Cuckoo Agricultural and Forestal District, with resulting amendments to 86-501 districts described, attached.

A Copy, teste:

_____

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

TO: Members, Board of Supervisors
FROM: Staff, Community Development Department
DATE: October 13, 2026
SUBJECT: **Review Addition Request - Cuckoo Agricultural and Forestal District**
Monday, November 2, 2026 – 6:00 p.m.

This is to advise that the Louisa County Community Development Department has received the following request for review and consideration of an addition, totaling 243.448 acres, to the existing Cuckoo Agricultural and Forestal District, as follows:

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING DISTRICT
Mary Loudin	58-39E	172.315	R-2 & A-2	Mineral
Michael & Sharon Dunn	59-96	48.18	A-1	Cuckoo
Michael & Sharon Dunn	59-97	0.9	A-1	Cuckoo
Michael & Sharon Dunn	59-98	0.5	A-1	Cuckoo
Michael & Sharon Dunn	59-100	1.04	A-1	Cuckoo
Robert & Dianna Woodson	71-10-4	20.513	A-2	Cuckoo

Location

The proposed district addition consists of three separate sets of parcels. The first set is located 1.37 miles northwest of the existing Cuckoo Agricultural and Forestal District, along Route 665 (Kennon Road) and Route 725 (Thacker Road), southwest of Route 522 (Pendleton Road), in the Mineral Voting District. The second set is located 1.74 miles north of the Cuckoo Agricultural and Forestal District. The parcels are located along Route 700 (Mica Road), east of Route 522 (Pendleton Road), and south of Route 618 (Fredericks Hall Road) in the Cuckoo Voting District. The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area" and "Low Density Residential" in the Mineral Growth Area. Lastly, the third set is located 0.84 miles west of the existing Cuckoo Agricultural and Forestal District, along Route 643 (Cuckoo Road), west of Route 522 (Jefferson Highway), and east of Route 605 (Shannon Hill Road) in the Cuckoo Voting District. The 20240 Comprehensive Plan designates this area of Louisa County as "Rural Area."

Zoning

The parcels proposed to be included in the Cuckoo Agricultural and Forestal District are zoned Agricultural (A-1 & A-2) and Residential General (R-2). In summary, the stated purpose of the A-1 zoning district is to accommodate uses that are essential to the rural economy and the agrarian character of the community. Meanwhile, the intent of the A-2 zoning district is to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural, open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence Additionally, the stated purpose of the R-2 zoning district is to allow for low density residential development & some open areas, in a way that is suitable for family life.

Sec. 86-133. - Statement of intent; policy guidance.
The agricultural (A-1) district is intended to accommodate farming, forestry, livestock maintenance and other related farm activities. Such uses are an essential part of the rural economy of the county and the agrarian character of the community. It comprises those areas dedicated to farming and agricultural use and is protected as a valuable part of the rural community. These activities shall not be compromised by development and shall be enhanced by the protection offered herein.

Sec. 86-151. - Agricultural (A-2) district—Statement of intent; policy guidance.

a) The agricultural (A-2) district is provided to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural open character of the countryside. Very low density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence. Zoning standards are also included to ensure the co-existence of these uses with each other. The creation of lots fronting on existing state roads or federal highways is strongly discouraged.
b) Agricultural (A-2) district uses range from agricultural to neighborhood oriented commercial and community services. The use of development setbacks, shared access, reverse-front lots and roadside buffers are encouraged to retain the rural character of the county along-side the open farm activities prevalent in the county.

Sec. 86-186. - Residential general (R-2) district—Statement of intent; policy guidance.
The residential general district (R-2) is composed of certain quiet, low density residential uses plus certain open areas where similar development appears likely to occur. The regulations for this district are designed to stabilize and protect the essential characteristics of the district, to promote and encourage a suitable environment for family life where there are children, and to prohibit activities of a commercial nature. In order to enhance compatibility between dwellings of different types, protect the natural environment, and achieve attractive and well-coordinated designs for building groups, dwelling types other than single-family dwelling, detached are to be permitted only with a conditional use permit.

2040 Comprehensive Plan
The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as “Rural Area” and “Low Density Residential” in the Mineral Growth Area.

The Vision Statement for the 2040 Comprehensive Plan states:
“We strengthen our sense of community by providing resources for residents, promoting agriculture and forestry, ensuring environmental stewardship, establishing reasonable growth areas, and maintaining our rural character.”

This Plan addresses and amplifies the vision statement above, with the following eight (8) supporting goals:

- Preserve and protect our rural heritage and natural resources
- Encourage open space retention
- Safeguard historic resources
- Maintain community characteristics
- Ensure compatibility between land uses
- Manage growth by concentrating development activity

- Encourage high quality development
- Maximize returns on the investment of public resources

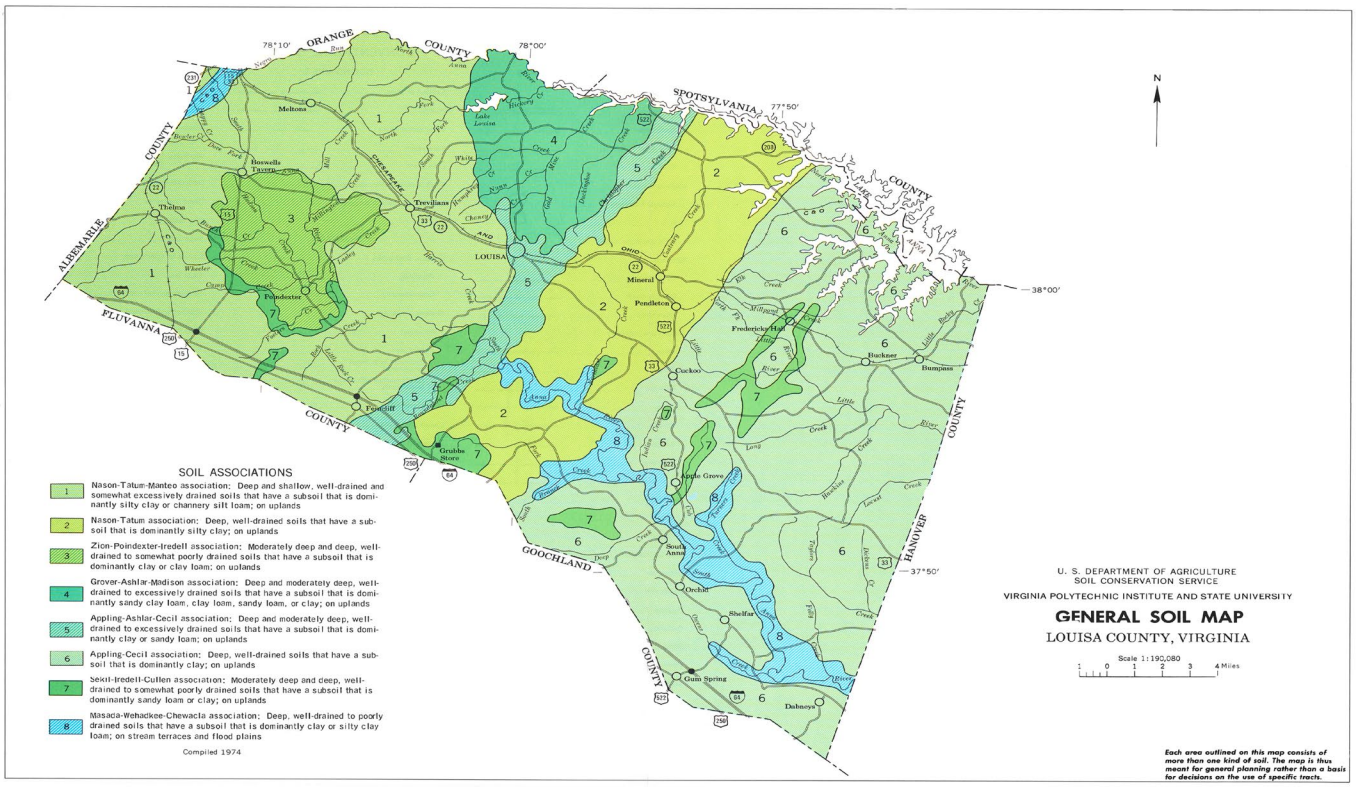

The creation of agricultural and forestal districts and subsequent additions to those districts complements the goals identified in the Vision Statement by preserving and protecting natural resources, open space retention, compatibility between land uses, and managing growth by concentrating development activity to the designated growth areas.

Existing Uses

Based on information provided by the property owners, the subject parcels are used for crop and timber production.

Soils

Based on the 1976 Louisa County Soil Survey from the U.S. Department of Agriculture Soil Conservation Service, the soils in this area are primarily made up of the Nason-Tatum association. In summary, these soils are described as "deep, well-drained soils that have a sub-soil that is dominantly silty clay; on uplands."

State Code of Virginia – Agricultural and Forestal Districts Act

§ 15.2-4302. Definitions.

"Agricultural products" means crops, livestock and livestock products, including but not limited to: field crops, fruits, vegetables, horticultural specialties, cattle, sheep, hogs, goats, horses, poultry, furbearing animals, milk, eggs and furs.

“Agricultural production” means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district.

“Agriculturally and forestally significant land” means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors.

“Forestal production” means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district. "Forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use.

§ 15.2-4305. Application for creation of district in one or more localities; size and location of parcels.

“…..any owner or owners of land may submit an application to the locality for the creation of a district or addition of land to an existing district within the locality. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

(i) if the nearest boundary of the parcel is within one mile of the boundary of the core,

(ii) if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core, or

(iii)if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

No land shall be included in any district without the signature on the application, or the written approval of all owners thereof….”

§ 15.2-4306. Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System or, if one has been developed, a local LESA System. The following factors should be considered by the local planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to § 15.2-4303 is being considered:

1. The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;

3. The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;

4. Local developmental patterns and needs;

5. The comprehensive plan and, if applicable, the zoning regulations;

6. The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and

7. Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

(For additional information refer to the attached information from the Department of Conservation and Recreation and the Virginia Department of Forestry.)

§ 15.2-4307. Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee.

The advisory committee shall review and make recommendations concerning the application or modification thereof to the local planning commission….

Conclusion

The proposed addition consists of three separate sets of parcels that range from 0.84 to 1.74 miles north and west of the Cuckoo Agricultural and Forestal District. While the proposed addition is over one mile from the core, the parcel meets the statutory requirements for agricultural and forestally significant because the landowners are currently use the properties for crops and timber.

In part, § 15.2-4305, states:

A parcel not part of the core may be included in a district:

(iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

§ 15.2-4302. Definitions provides the definition for "Agriculturally and forestally significant land," as "means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors." ." It further provides that "agricultural products" means crops, livestock and livestock products, including but not limited to:.. field crops,…cattle,..."

Staff recommends the application for addition to the existing Cuckoo Agricultural and Forestal District be approved, as consistent with the current zoning of the properties as Agricultural (A-2) and the Rural Area designation in the 2040 Louisa County Comprehensive Plan.

Recommendations of the Agricultural, Forestal, and Rural Preservation Committee

The Agricultural, Forestal and Rural Preservation Committee met to review this application on October 1, 2026. The Committee forwarded a favorable recommendation to the Planning Commission for an addition to the Cuckoo Agricultural and Forestal District, as described.

Recommendation of the Planning Commission

At a regular meeting of the Louisa County Planning Commission held October 8, 2026, the Planning Commission voted to forward a recommendation of approval to the Board of Supervisors on an amendment to Section 86-501 Districts Described of the Louisa County Land Use Regulations to amend the existing Cuckoo Agricultural and Forestal District, as described above.

COUNTY OF LOUISA
APPLICATION FOR THE CREATION OF, ADDITION TO, OR REMOVAL FROM AN AGRICULTURAL AND FORESTAL DISTRICT

Section A: To be completed by applicant or contact person for proposed district.

1. Name of District Cuckoo

AMENDMENT

Amendment to Article II. Zoning Ordinance and Maps; Division 7. Agricultural and Forestal Districts of the Louisa County Land Development Regulations (Chapter 86) to amend the Cuckoo Agricultural and Forestal District by the addition of Tax Map Parcels 58-39E, 59-96, 59-97, 59-98, 59-100, & 71-10-4.

Article II. Zoning Ordinance and Maps; Division 7. Agricultural and Forestal Districts

Sec. 86-501. - Districts described.

There are hereby established agricultural and forestal districts within the county as follows:

Cuckoo Agricultural and Forestal District	**58-39E;** 59-57, **96, 97, 98, 100;** 71- **(10)4,** 74B; 71-74C; 72-52, 54, 55, 55A1, 55A2, 55B, 59-60

(Only the district affected by this ordinance is listed.)

BOARD OF SUPERVISORS
COUNTY OF LOUISA
ORDINANCE

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 2nd day of November 2026, at which the following members were present, the following ordinance was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86 PROPOSED ADDITION TO SOUTH ANNA AGRICULTURAL AND FORESTAL DISTRICT

WHEREAS, the Louisa County Community Development Department received an application to add five parcels to the South Anna Agricultural and Forestal District. The parcels are identified as tax map parcels 40-55, 41-146, 57-2, 57-3, and 57-4. Louisa County has contacted the current property adjoiners of parcels identified and advised them of the application; and

WHEREAS, the proposed addition is located within one mile of the existing southern portion of the South Anna Agricultural and Forestal District and are used for timber, pasture, fruit and vegetable cultivation, and crop production, thus supporting the intent of the agricultural and forestal districts; and

WHEREAS, the Agricultural, Forestal and Rural Preservation Committee met on October 1, 2026, to review the addition to the South Anna Agricultural and Forestal District and voted to forward a recommendation of approval to the Planning Commission and the Board of Supervisors for the addition of tax map parcels 40-55, 41-146, 57-2, 57-3, and 57-4 to the South Anna Agricultural and Forestal District; and

WHEREAS, the Planning Commission held a public hearing on October 8, 2026, and voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval for the addition of tax map parcels 40-55, 41-146, 57-2, 57-3, and 57-4 to the South Anna Agricultural and Forestal District, to the Board of Supervisors.

OWNER'S NAME	**TAX MAP PARCEL #**	**ACREAGE**	**ZONING**	**VOTING DISTRICT**

Beatrice Fay M White & David Craig Martin	57-4	10	A-1	Mineral

NOW, THEREFORE, BE IT RESOLVED, on this 2nd day of November 2026, that the Louisa County Board of Supervisors hereby approves/denies the request for the addition of tax map parcels 40-55, 41-146, 57-2, 57-3, and 57-4 to the South Anna Agricultural and Forestal District, with resulting amendments to 86-501 districts, attached.

A Copy, teste:

_____

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

TO: Members, Board of Supervisors
FROM: Staff, Community Development Department
DATE: October 13, 2026
SUBJECT: **Review Addition Request – South Anna Agricultural and Forestal District**
Monday, November 2, 2026 – 6:00 p.m.

This is to advise that the Louisa County Community Development Department has received the following request for review and consideration of an addition, totaling 140.12 acres, to the existing South Anna Agricultural and Forestal District, as follows:

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING DISTRICT
Michael & Donna Martin	40-55	25	A-2	Patrick Henry
Beatrice Fay M White & David Craig Martin	41-146	49.53	A-1	Mineral
Beatrice Fay M White & David Craig Martin	57-2	23.09	A-1	Mineral
Beatrice Fay M White & David Craig Martin	57-3	32.5	A-1	Mineral
Beatrice Fay M White & David Craig Martin	57-4	10	A-1	Mineral

Location

The proposed district addition consists of two separate sets of parcels. The first set is located 0.38 miles northwest of an existing port of the South Anna Agricultural and Forestal District. The parcel is located southeast of Route 630 (Harris Creek Road) and north and northwest of Route 208 (Courthouse Road) in the Patrick Henry Voting District. The second set adjoins an existing qualifying portion of the South Anna Agricultural and Forestal District. The parcels are located south and west of Route 33 (Jefferson Highway) and east of Route 646 (Yanceyville Road) in the Mineral Voting District. The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as Rural Area.

Zoning

The parcels proposed to be included in the South Anna Agricultural and Forestal District are zoned Agricultural (A-1 & A-2). In summary, the stated purpose of the A-1 zoning district is to accommodate uses that are essential to the rural economy and the agrarian character of the community. Additionally, the stated purpose of the A-2 zoning district is to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural, open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence.

Sec. 86-133. - Statement of intent; policy guidance.

The agricultural (A-1) district is intended to accommodate farming, forestry, livestock maintenance and other related farm activities. Such uses are an essential part of the rural economy of the county and the agrarian character of the community. It comprises those areas dedicated to farming and agricultural use and is protected as a valuable part of the rural community. These activities shall not be compromised by development and shall be enhanced by the protection offered herein.

Sec. 86-151. - Statement of intent; policy guidance.

(a) The agricultural (A-2) district is provided to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence. Zoning standards are also included to ensure the co-existence of these uses with each other. The creation of lots fronting on existing state roads or federal highways is strongly discouraged.

(b) Agricultural (A-2) district uses range from agricultural to neighborhood oriented commercial and community services. The use of development setbacks, shared access, reverse-front lots and roadside buffers are encouraged to retain the rural character of the county along-side the open farm activities prevalent in the county.

2040 Comprehensive Plan

The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as “Rural Area.”

The Vision Statement for the 2040 Comprehensive Plan states:
“We strengthen our sense of community by providing resources for residents, promoting agriculture and forestry, ensuring environmental stewardship, establishing reasonable growth areas, and maintaining our rural character.”

This Plan addresses and amplifies the vision statement above, with the following eight (8) supporting goals:

- Preserve and protect our rural heritage and natural resources
- Encourage open space retention
- Safeguard historic resources
- Maintain community characteristics
- Ensure compatibility between land uses
- Manage growth by concentrating development activity
- Encourage high quality development
- Maximize returns on the investment of public resources

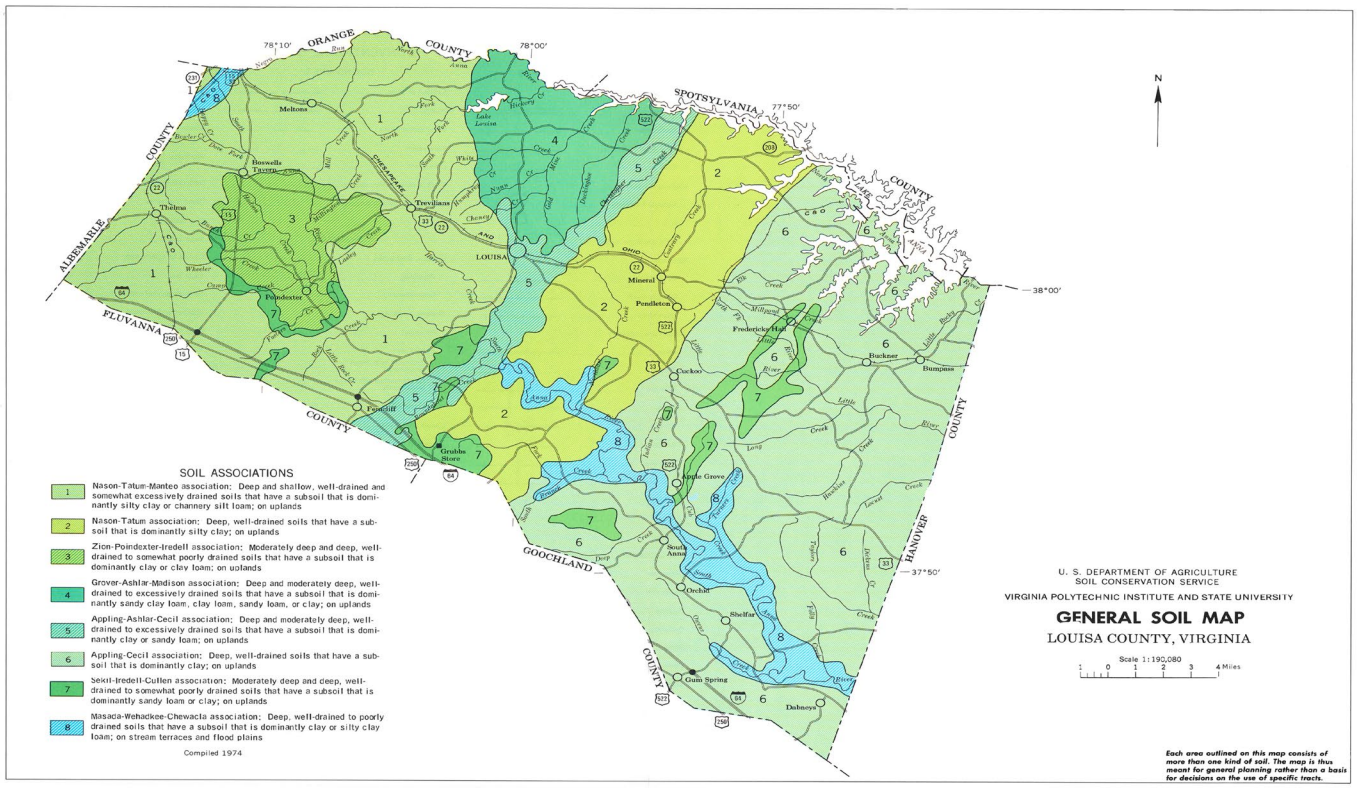

The creation of agricultural and forestal districts and subsequent additions to those districts, complements the goals identified in the Vision Statement by preserving and protecting natural resources, retaining open space, ensuring compatibility between land uses, and managing growth by concentrating development activity to the designated growth areas.

Existing Uses

Based on information provided by the property owner, the subject parcels are used for timber, pasture, fruit & vegetable cultivation, and crop production.

Soils

Based on the 1976 Louisa County Soil Survey from the U.S. Department of Agriculture Soil Conservation Service, the soils in this area are primarily made up of the Appling-Ashlar-Cecil association. In summary, these soils are "deep and moderately deep, well drained to excessively drained soils that have a subsoil that is dominantly clay or sandy loam; on uplands."

State Code of Virginia – Agricultural and Forestal Districts Act

§ 15.2-4302. Definitions.

"Agricultural products" means crops, livestock and livestock products, including but not limited to: field crops, fruits, vegetables, horticultural specialties, cattle, sheep, hogs, goats, horses, poultry, furbearing animals, milk, eggs and furs.

"Agricultural production" means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district.

"Agriculturally and forestally significant land" means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors.

"Forestal production" means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district.

"Forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use.

§ 15.2-4305. Application for creation of district in one or more localities; size and location of parcels.

"…..any owner or owners of land may submit an application to the locality for the creation of a district or addition of land to an existing district within the locality. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

(i) if the nearest boundary of the parcel is within one mile of the boundary of the core,

(ii) if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core, or

(iii)if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

No land shall be included in any district without the signature on the application, or the written approval of all owners thereof…."

§ 15.2-4306. Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System or, if one has been developed, a local LESA System. The following factors should be considered by the local planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to § 15.2-4303 is being considered:

1. The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;

3. The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;

4. Local developmental patterns and needs;

5. The comprehensive plan and, if applicable, the zoning regulations;

6. The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and

7. Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

(For additional information refer to the attached information from the Department of Conservation and Recreation and the Virginia Department of Forestry.)

§ 15.2-4307. Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee.

The advisory committee shall review and make recommendations concerning the application or modification thereof to the local planning commission….

(1) "Notify, by first-class mail, adjacent property owners, as shown on the maps of the locality used for tax assessment purposes, and where applicable, any political subdivision whose territory encompasses or is part of the district, of the application…

(iv) "a statement that any owner of additional qualifying land may join the application within thirty days from the date of the notice or, with the consent of the local governing body, at any time before the public hearing the local governing body must hold on the application"

Conclusion

The proposed addition is located within one mile of the existing South Anna Agricultural and Forestal District. The proposed addition meets the statutory requirements for agricultural and forestally significant because the landowners currently use the parcels for timber, crops, fruit & vegetable cultivation, and pasture, which supports the intent of the agricultural and forestal districts.

In part, § 15.2-4305, states:

A parcel not part of the core may be included in a district:

(iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

§ 15.2-4302. Definitions provides the definition for "Agriculturally and forestally significant land," as "land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors." It further provides that "agricultural production" means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district. Additionally, "forestal production" means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district. "Forestal products" includes, but is not limited to, … firewood … for sale or for farm use.

Staff recommends the application for addition to the existing South Anna Agricultural and Forestal District be approved, as consistent with the current zoning of the properties as Agricultural (A-1 and A-2) and the Rural Area designation in the 2040 Louisa County Comprehensive Plan.

Recommendations of the Agricultural, Forestal, and Rural Preservation Committee

The Agricultural, Forestal and Rural Preservation Committee met to review this application on October 1, 2026. The Committee forwarded a favorable recommendation to the Planning Commission for an addition to the South Anna Agricultural and Forestal District, as described.

Recommendation of the Planning Commission

At a regular meeting of the Louisa County Planning Commission held October 8, 2026, the Planning Commission voted to forward a recommendation of approval to the Board of Supervisors on an amendment to Section 86-501 Districts Described of the Louisa County Land Use Regulations to amend the existing South Anna Agricultural and Forestal District, as described above.

COUNTY OF LOUISA
APPLICATION FOR THE CREATION OF, ADDITION TO, OR REMOVAL FROM AN AGRICULTURAL AND FORESTAL DISTRICT

Section A: To be completed by applicant or contact person for proposed district.

1. Name of District South Anna

2. Check Applicable Action:

___Creation of New District
X Addition to Existing District
___Removal from Existing District

3. General Location of the District or Addition (City, County or Town)
Louisa County

4. Total Acreage in the Proposed District or Addition 140.12

5. Please read the proposed conditions for the creation of the district pursuant to Section 15.2-4309 of the Code of Virginia which is attached to this application.

6. Only for New Districts:
Proposed Period Before the First Review (4-10 years) N/A

7. Names and Tax Map Parcel Number(s) of Landowners Applying for the District:
(Please use the parcel information sheet on page five (5), for complete parcel information):

BOARD OF SUPERVISORS
COUNTY OF LOUISA
ORDINANCE

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 2nd day of November 2026, at which the following members were present, the following ordinance was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86 PROPOSED ADDITION TO HEALING SPRINGS AGRICULTURAL AND FORESTAL DISTRICT

WHEREAS, the Louisa County Community Development Department received an application to add two parcel to the Healing Springs Agricultural and Forestal District. The parcels are identified as tax map parcels 102-16 and 102-36. Louisa County has contacted the current property adjoiners of parcels identified and advised them of the application; and

WHEREAS, the proposed addition is deemed agriculturally and forestally significant as the current use of the property are chickens, bees, goats, herbs, timber, firewood, vegetables, and hay which are a lawful form of agricultural production, thus supporting the intent of the agricultural and forestal districts; and

WHEREAS, the Agricultural, Forestal and Rural Preservation Committee met on October 1, 2026, to review the addition to the Healing Springs Agricultural and Forestal District and voted to forward a recommendation of approval to the Planning Commission and the Board of Supervisors for the addition of tax map parcels 102-16 and 102-36 to the Healing Springs Agricultural and Forestal District; and

WHEREAS, the Planning Commission held a public hearing on October 8, 2026, and voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a

recommendation of approval for the addition of tax map parcels 102-16 and 102-36 to the Healing Springs Agricultural and Forestal District, to the Board of Supervisors.

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING DISTRICT
Courtney Sloan	102-16	6.48	A-2	Mountain Road
Arthur V. & Linda R. Carpenter	102-36	32.84	A-2	Mountain Road

NOW, THEREFORE, BE IT RESOLVED, on this 2nd day of November 2026, that the Louisa County Board of Supervisors hereby approves/denies the request for the addition of tax map parcels 102-16 and 102-36 to the Healing Springs Agricultural and Forestal District, with resulting amendments to 86-501 districts, attached.

A Copy, teste:

TO: Members, Board of Supervisors
FROM: Staff, Community Development Department
DATE: October13, 2026
SUBJECT: **Review Addition Request – Healing Springs Agricultural and Forestal District**
Monday, November 2, 2026 – 6:00 p.m.

This is to advise that the Louisa County Community Development Department has received the following request for review and consideration of an addition, totaling 39.32 acres, to the existing Healing Springs Agricultural and Forestal District, as follows:

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING DISTRICT
Courtney Sloan	102-16	6.48	A-2	Mountain Road
Arthur V. & Linda R. Carpenter	102-36	32.84	A-2	Mountain Road

Location
The proposed addition consists of two separate parcels. The first parcel is located approximately 1.1 miles west of the existing Healing Springs Agricultural and Forestal District, along Route 635 (Factory Mill Road), south of Route 610 (Holly Grove Drive), and north of Route 611 (Octagon Church Road). The second parcel adjoins an existing qualifying portion of the Healing Springs Agricultural and Forestal District. The parcel is located along Route 611 (Octagon Church Road), east of Route 611 (Dongola Road), and west of Route 635 (Factory Mill Road). Both parcels are in the Mountain Road Voting District and are designated as "Rural Arear by the 2040 Louisa County Comprehensive Plan.

Zoning
The parcels proposed to be included in the Healing Springs Agricultural and Forestal District are zoned Agricultural (A-2). In summary, the stated purpose of the A-2 zoning district is to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural, open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence.

Sec. 86-151. - Statement of intent; policy guidance.
(a) The agricultural (A-2) district is provided to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence. Zoning standards are also included to ensure the co-existence of these uses with each other. The creation of lots fronting on existing state roads or federal highways is strongly discouraged.

(b) Agricultural (A-2) district uses range from agricultural to neighborhood oriented commercial and community services. The use of development setbacks, shared access, reverse-front lots and roadside buffers are encouraged to retain the rural character of the county along-side the open farm activities prevalent in the county.

2040 Comprehensive Plan

The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area."

The Vision Statement for the 2040 Comprehensive Plan states:
"We strengthen our sense of community by providing resources for residents, promoting agriculture and forestry, ensuring environmental stewardship, establishing reasonable growth areas, and maintaining our rural character."

This Plan addresses and amplifies the vision statement above, with the following eight (8) supporting goals:

- Preserve and protect our rural heritage and natural resources
- Encourage open space retention
- Safeguard historic resources
- Maintain community characteristics
- Ensure compatibility between land uses
- Manage growth by concentrating development activity
- Encourage high quality development
- Maximize returns on the investment of public resources

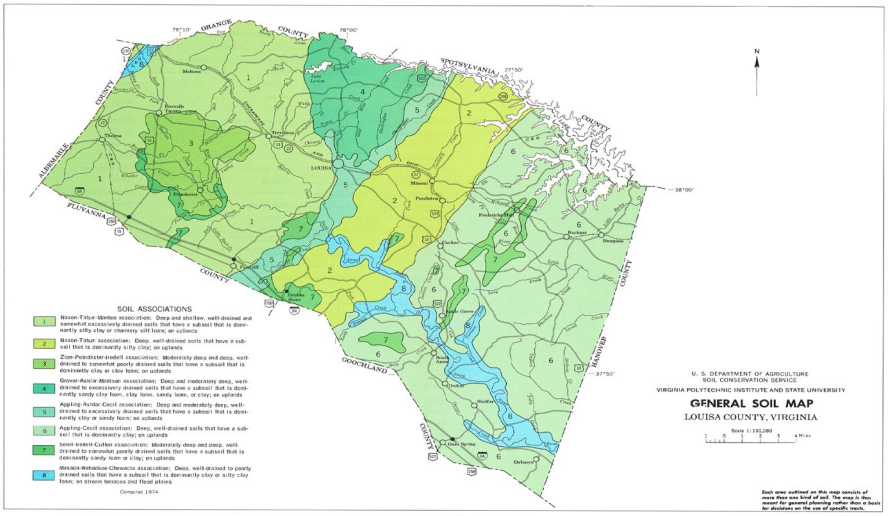

The creation of agricultural and forestal districts and subsequent additions to those districts complements the goals identified in the Vision Statement by preserving and protecting natural resources, open space retention, compatibility between land uses, and managing growth by concentrating development activity to the designated growth areas.

Existing Uses

Based on information provided by the property owner, the subject parcels are used for the production of chickens, bees, goats, herbs, timber, firewood, vegetables, and hay.

Soils

Based on the 1976 Louisa County Soil Survey from the U.S. Department of Agriculture Soil Conservation Service, the soils in this area are primarily made up of the Appling-Cecil association. In summary, these soils are described as "deep, well drained soils that have subsoil that is dominantly clay; on uplands".

State Code of Virginia – Agricultural and Forestal Districts Act

§ 15.2-4302. Definitions.

"Agricultural products" means crops, livestock and livestock products, including but not limited to: field crops, fruits, vegetables, horticultural specialties, cattle, sheep, hogs, goats, horses, poultry, furbearing animals, milk, eggs and furs.

"Agricultural production" means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district.

"Agriculturally and forestally significant land" means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors.

"Forestal production" means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district. "Forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use.

§ 15.2-4305. Application for creation of district in one or more localities; size and location of parcels.

"…..any owner or owners of land may submit an application to the locality for the creation of a district or addition of land to an existing district within the locality. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

(i) if the nearest boundary of the parcel is within one mile of the boundary of the core,

(ii) if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core, or

(iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

No land shall be included in any district without the signature on the application, or the written approval of all owners thereof…."

§ 15.2-4306. Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System or, if one has been developed, a local LESA System. The following factors should be considered by the local planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to § 15.2-4303 is being considered:

1. The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;

3. The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;

4. Local developmental patterns and needs;

5. The comprehensive plan and, if applicable, the zoning regulations;

6. The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and

7. Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

(For additional information refer to the attached information from the Department of Conservation and Recreation and the Virginia Department of Forestry.)

§ 15.2-4307. Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee.

The advisory committee shall review and make recommendations concerning the application or modification thereof to the local planning commission….

Conclusion

The proposed addition meets the statutory requirements for agricultural and forestally significant because the landowners are currently engaged in the production of chickens, bees, goats, timber, firewood, herbs, vegetables, and hay.

In part, § 15.2-4305, states:

A parcel not part of the core may be included in a district:

> (iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

§ 15.2-4302. Definitions provides the definition for "Agriculturally and forestally significant land," as "land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors." It further provides that "forestal products includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use." Additionally, "agricultural products" means crops, livestock and livestock products, including but not limited to: field crops…sheep…."

Staff recommends the application for addition to the existing Healing Springs Agricultural and Forestal District be approved, as consistent with the current zoning of the properties as Agricultural (A-2) and the Rural Area designation in the 2040 Louisa County Comprehensive Plan.

Recommendations of the Agricultural, Forestal, and Rural Preservation Committee

The Agricultural, Forestal and Rural Preservation Committee met to review this application on October 1, 2026. The Committee forwarded a favorable recommendation to the Planning Commission for an addition to the Healing Springs Agricultural and Forestal District, as described.

Recommendation of the Planning Commission

At a regular meeting of the Louisa County Planning Commission held October 8, 2026, the Planning Commission voted to forward a recommendation of approval to the Board of Supervisors on an amendment to Section 86-501 Districts Described of the Louisa County Land Use Regulations to amend the existing Healing Springs Agricultural and Forestal District, as described above.

BOARD OF SUPERVISORS
COUNTY OF LOUISA
ORDINANCE

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 2nd day of November 2026, at which the following members were present, the following ordinance was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86 PROPOSED ADDITION TO GREEN SPRINGS AGRICULTURAL AND FORESTAL DISTRICT

WHEREAS, the Louisa County Community Development Department received an application to add five parcels to the Green Springs Agricultural and Forestal District. The parcels are identified as tax map parcels 35-70, 38-8-A, 38-8-B, 38-77, 55-16, and 55-18 (Portion excluding 10 acres). Louisa County has contacted the current property adjoiners of parcels identified and advised them of the application; and

WHEREAS, the proposed addition is deemed agriculturally and forestally significant as the current use of the property are sheep production (historical), bees, poultry, fruit & vegetable cultivation, timber, and pasture, thus supporting the intent of the agricultural and forestal districts; and

WHEREAS, the Agricultural, Forestal and Rural Preservation Committee met on October 1, 2026, to review the addition to the Green Springs Agricultural and Forestal District and voted to forward a recommendation of approval to the Planning Commission and the Board of Supervisors for the addition of tax map parcels 35-70, 38-8-A, 38-8-B, 38-77, 55-16, and 55-18 (Portion excluding 10 acres) to the Green Springs Agricultural and Forestal District; and

WHEREAS, the Planning Commission held a public hearing on October 8, 2026, and voted that

the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval for the addition of tax map parcels 35-70, 38-8-A, 38-8-B, 38-77, 55-16, and 55-18 (Portion excluding 10 acres) to the Green Springs Agricultural and Forestal District, to the Board of Supervisors.

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING DISTRICT
Martha Walton High LLC	35-70	13.5	A-2	Green Springs
David & Kristine Jones	38-8-A&B	30.58	A-2	Patrick Henry

Sarah Chapin Strentz Trust	55-16	3.5	A-1	Patrick Henry
Sarah Chapin Strentz Trust	55-18 (Portion)	98	A-1	Patrick Henry

NOW, THEREFORE, BE IT RESOLVED, on this 2nd day of November 2026, that the Louisa County Board of Supervisors hereby approves/denies the request for the addition of tax map parcels 35-70, 38-8-A, 38-8-B, 38-77, 55-16, and 55-18 (Portion excluding 10 acres) to the Green Springs Agricultural and Forestal District, with resulting amendments to 86-501 districts, attached.

A Copy, teste:

_____

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

TO: Members, Board of Supervisors
FROM: Staff, Community Development Department
DATE: October 13, 2026
SUBJECT: **Review Addition Request – Green Springs Agricultural and Forestal District**
Monday, November 2, 2026 – 6:00 p.m.

This is to advise that the Louisa County Community Development Department has received the following request for review and consideration of an addition, totaling 160.48 acres, to the existing Green Springs Agricultural and Forestal District, as follows:

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING DISTRICT
Martha Walton High LLC	35-70	13.5	A-2	Green Springs
David & Kristine Jones	38-8-A&B	30.58	A-2	Patrick Henry
William Lawerence Moger Jr. & Rosalyn Katz Moter Trustees	38-77	14.9	A-2	Patrick Henry
Sarah Chapin Strentz Trust	55-16	3.5	A-1	Patrick Henry
Sarah Chapin Strentz Trust	55-18 (Portion)	98	A-1	Patrick Henry

Location

The proposed addition consists of 3 separate sets of parcels. The first set adjoins an existing qualifying portion of the Green Springs Agricultural and Forestal District and is located along Route 617 (West Green Springs Road), east of Route 615 (Columbia Road), and west of Route 15 (James Madison Highway) in the Green Springs Voting District. The second set adjoins an existing qualifying portion of the Green Springs Agricultural and Forestal District. The parcels are located along Route 637 (Brickhouse Road), west of Route 649 (Byrd Mill Road), and south of Route 613 (Poindexter Road) in the Patrick Henry Voting District. The third set is located 1.41 miles southeast of an existing portion of the Green Springs Agricultural and Forestal District. The parcels are located along Route 649 (Byrd Mill Road), northwest of Route 208 (Courthouse Road), and southwest of Route 642 (Bickley Road) in the Patrick Henry Voting District. All the parcels are designated as "Rural Area" by the 2040 Louisa County Comprehensive Plan.

Zoning

The parcels proposed to be included in the Green Springs Agricultural and Forestal District are zoned Agricultural (A-1 & A-2). In summary, the stated purpose of the A-1 zoning district is to accommodate uses that are essential to the rural economy and the agrarian character of the community. Additionally, the stated purpose of the A-2 zoning district is to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural, open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are

compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence.

Sec. 86-133. - Statement of intent; policy guidance.

The agricultural (A-1) district is intended to accommodate farming, forestry, livestock maintenance and other related farm activities. Such uses are an essential part of the rural economy of the county and the agrarian character of the community. It comprises those areas dedicated to farming and agricultural use and is protected as a valuable part of the rural community. These activities shall not be compromised by development and shall be enhanced by the protection offered herein.

Sec. 86-151. - Statement of intent; policy guidance.

(a) The agricultural (A-2) district is provided to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence. Zoning standards are also included to ensure the co-existence of these uses with each other. The creation of lots fronting on existing state roads or federal highways is strongly discouraged.

(b) Agricultural (A-2) district uses range from agricultural to neighborhood oriented commercial and community services. The use of development setbacks, shared access, reverse-front lots and roadside buffers are encouraged to retain the rural character of the county along-side the open farm activities prevalent in the county.

2040 Comprehensive Plan

The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as “Rural Area.”

The Vision Statement for the 2040 Comprehensive Plan states:
“We strengthen our sense of community by providing resources for residents, promoting agriculture and forestry, ensuring environmental stewardship, establishing reasonable growth areas, and maintaining our rural character.”

This Plan addresses and amplifies the vision statement above, with the following eight (8) supporting goals:

- Preserve and protect our rural heritage and natural resources
- Encourage open space retention
- Safeguard historic resources
- Maintain community characteristics
- Ensure compatibility between land uses
- Manage growth by concentrating development activity
- Encourage high quality development
- Maximize returns on the investment of public resources

The creation of agricultural and forestal districts and subsequent additions to those districts, complements the goals identified in the Vision Statement by preserving and protecting natural resources, open space

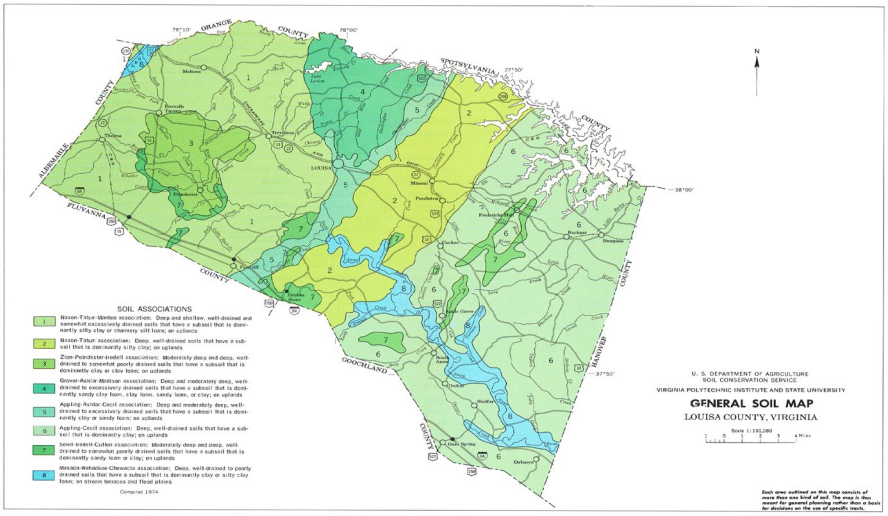

retention, compatibility between land uses, and managing growth by concentrating development activity to the designated growth areas.

Existing Uses

Based on information provided by the property owner, the subject parcels are used for sheep production (historical), bees, poultry, fruit & vegetable cultivation, timber, and pasture.

Soils

Based on the 1976 Louisa County Soil Survey from the U.S. Department of Agriculture Soil Conservation Service, the soils in this area are primarily made up of three soil associations. First Zion-Poindexter-Iredell association soils are "moderately deep and deep, well-drained to somewhat poorly drained soils that have a subsoil that is dominantly clay or clay loam; on uplands." Second, Nason-Tatum-Manteo association soils are "deep and shallow, well-drained and somewhat excessively drained soils that have a subsoil that is dominantly silty clay or channery silt loam; on uplands." Lastly, Sekil-Iredell-Cullen association soils are "moderately deep and deep, well-drained to somewhat poorly drained soils that have a subsoil that is dominantly sandy loam or clay; on uplands."

State Code of Virginia – Agricultural and Forestal Districts Act

§ 15.2-4302. Definitions.

"Agricultural products" means crops, livestock and livestock products, including but not limited to: field crops, fruits, vegetables, horticultural specialties, cattle, sheep, hogs, goats, horses, poultry, furbearing animals, milk, eggs and furs.

"Agricultural production" means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district.

"Agriculturally and forestally significant land" means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors.

“Forestal production” means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district. "Forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use.

§ 15.2-4305. Application for creation of district in one or more localities; size and location of parcels.

“…..any owner or owners of land may submit an application to the locality for the creation of a district or addition of land to an existing district within the locality. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

(i) if the nearest boundary of the parcel is within one mile of the boundary of the core,

(ii) if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core, or

(iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

No land shall be included in any district without the signature on the application, or the written approval of all owners thereof….”

§ 15.2-4306. Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System or, if one has been developed, a local LESA System. The following factors should be considered by the local planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to § 15.2-4303 is being considered:

1. The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;

3. The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;

4. Local developmental patterns and needs;

5. The comprehensive plan and, if applicable, the zoning regulations;

6. The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and

7. Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

(For additional information refer to the attached information from the Department of Conservation and Recreation and the Virginia Department of Forestry.)

§ 15.2-4307. Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee.

The advisory committee shall review and make recommendations concerning the application or modification thereof to the local planning commission….

Conclusion

The proposed addition is within one mile of an existing portion of the district or it meets the statutory requirements for agricultural and forestally significant because the landowners are currently using the parcels for bees, poultry, fruit & vegetable cultivation, timber, and pasture, and historically used the property for sheep production.

In part, § 15.2-4305, states:
A parcel not part of the core may be included in a district:

> (iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

§ 15.2-4302. Definitions provides the definition for "Agriculturally and forestally significant land," as "land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors." It further provides that "forestal products includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use." Additionally, "agricultural products" means crops, livestock and livestock products, including but not limited to: field crops…sheep…."

Staff recommends the application for addition to the existing Green Springs Agricultural and Forestal District be approved, as consistent with the current zoning of the properties as Agricultural (A-1 and A-2) and the Rural Area designation in the 2040 Louisa County Comprehensive Plan.

Recommendations of the Agricultural, Forestal, and Rural Preservation Committee

The Agricultural, Forestal and Rural Preservation Committee met to review this application on October 1, 2026. The Committee forwarded a favorable recommendation to the Planning Commission for an addition to the Green Springs Agricultural and Forestal District, as described.

Recommendation of the Planning Commission

At a regular meeting of the Louisa County Planning Commission held October 8, 2026, the Planning Commission voted to forward a recommendation of approval to the Board of Supervisors on an amendment to Section 86-501 Districts Described of the Louisa County Land Use Regulations to amend the existing Green Springs Agricultural and Forestal District, as described above.

BOARD OF SUPERVISORS
COUNTY OF LOUISA
ORDINANCE

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 2nd day of November 2026, at which the following members were present, the following ordinance was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86 PROPOSED ADDITION TO TREVILIAN STATION AGRICULTURAL AND FORESTAL DISTRICT

WHEREAS, the Louisa County Community Development Department received an application to add two parcels to the Trevilian Station Agricultural and Forestal District. The parcels are identified as tax map parcels 24-140 and 24-144. Louisa County has contacted the current property adjoiners of parcels identified and advised them of the application; and

WHEREAS, the proposed addition is within one mile of the existing Trevilian Station Agricultural and Forestal District and the current uses of the property are timber production, thus supporting the intent of the agricultural and forestal districts; and

WHEREAS, the Agricultural, Forestal and Rural Preservation Committee met on October 1, 2026, to review the addition to the Trevilian Station Agricultural and Forestal District and voted to forward a recommendation of approval to the Planning Commission and the Board of Supervisors for the addition of tax map parcels 24-140 and 24-144 to the Trevilian Station Agricultural and Forestal District; and

WHEREAS, the Planning Commission held a public hearing on October 8, 2026, and voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval for the addition of tax map parcels 24-140 and 24-144 to the Trevilian Station Agricultural and Forestal District, to the Board of Supervisors.

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	Voting district
Avis Brown	24-140	1.2	A-2	Louisa
Avis Brown	24-144	5.509	A-2	Louisa

NOW, THEREFORE, BE IT RESOLVED, on this 2nd day of November 2026, that the Louisa County Board of Supervisors hereby approves/denies the request for the addition of tax map parcels 24-140 and 24-144 to the Trevilian Station Agricultural and Forestal District, with resulting amendments to 86-501 districts described, attached.

A Copy, teste:

_____

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

TO: Members, Board of Supervisors
FROM: Staff, Community Development Department
DATE: October 14, 2026
SUBJECT: **Review Addition Request – Trevilian Station Agricultural and Forestal District**
Monday, November 2, 2026 – 6:00 p.m.

This is to advise that the Louisa County Community Development Department has received the following request for review and consideration of an addition, totaling 6.709 acres, to the existing Trevilian Station Agricultural and Forestal District, as follows:

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	Voting district
Avis Brown	24-140	1.2	A-2	Louisa
Avis Brown	24-144	5.509	A-2	Louisa

Location
The proposed addition adjoins an existing qualifying portion of the Trevilian Station Agricultural and Forestal District. The parcels are located along Route 736 (Thurston Road) and Route 613 (Oakland Road) in the Louisa Voting District. The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area".

Zoning
The parcels proposed to be included in the Trevilian Station Agricultural and Forestal District are zoned Agricultural (A-2). In summary, the stated purpose of the A-2 zoning district is to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural, open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence.

Sec. 86-151. - Agricultural (A-2) district—Statement of intent; policy guidance.
(a) The agricultural (A-2) district is provided to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural open character of the countryside. Very low density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence. Zoning standards are also included to ensure the co-existence of these uses with each other. The creation of lots fronting on existing state roads or federal highways is strongly discouraged.
(b) Agricultural (A-2) district uses range from agricultural to neighborhood oriented commercial and community services. The use of development setbacks, shared access, reverse-front lots and roadside buffers are encouraged to retain the rural character of the county along-side the open farm activities prevalent in the county.

2040 Comprehensive Plan

The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area."

The Vision Statement for the 2040 Comprehensive Plan states:
"We strengthen our sense of community by providing resources for residents, promoting agriculture and forestry, ensuring environmental stewardship, establishing reasonable growth areas, and maintaining our rural character."

This Plan addresses and amplifies the vision statement above, with the following eight (8) supporting goals:

- Preserve and protect our rural heritage and natural resources
- Encourage open space retention
- Safeguard historic resources
- Maintain community characteristics
- Ensure compatibility between land uses
- Manage growth by concentrating development activity
- Encourage high quality development
- Maximize returns on the investment of public resources

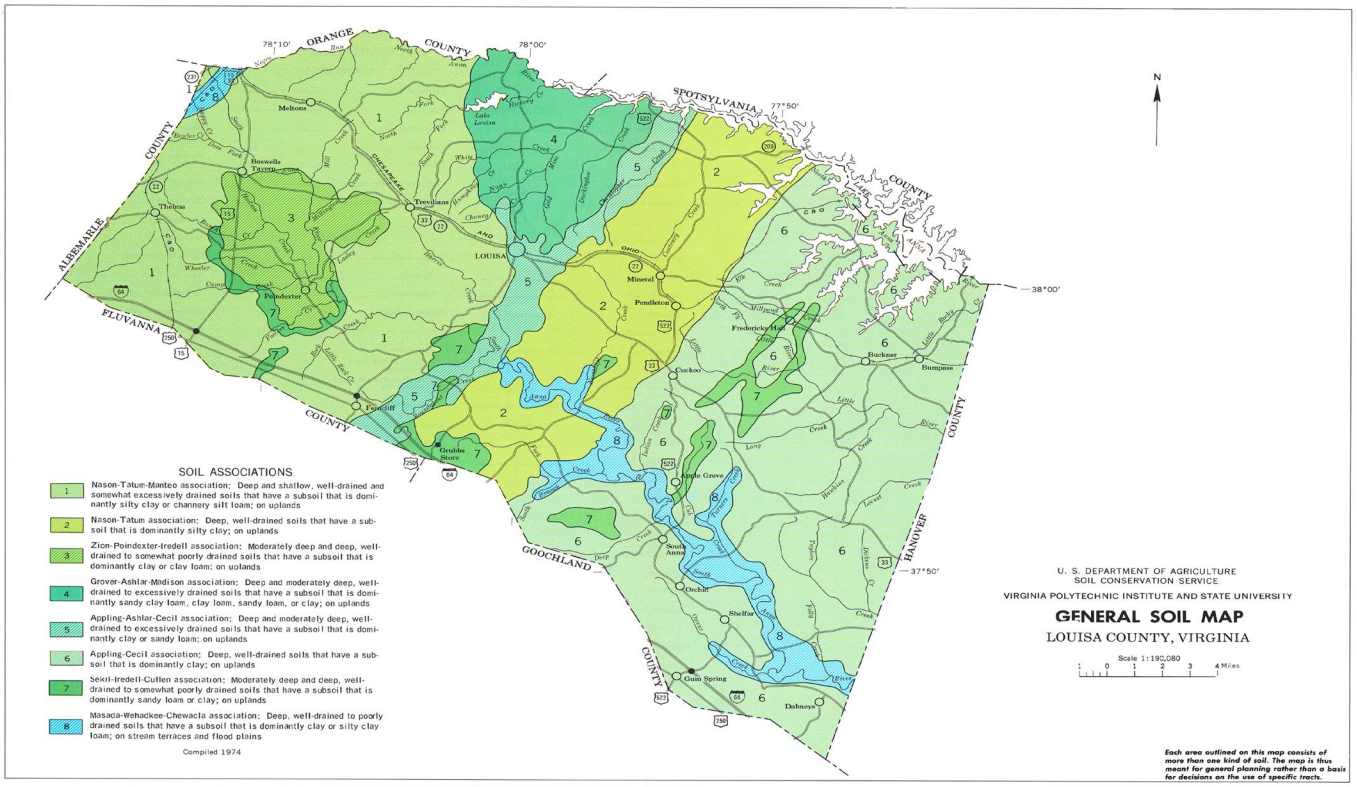

The creation of agricultural and forestal districts and subsequent additions to those districts, complements the goals identified in the Vision Statement by preserving and protecting natural resources, retaining open space, ensuring compatibility between land uses, and managing growth by concentrating development activity to the designated growth areas.

Existing Uses

Based on information provided by the property owners, the subject parcels are used for timber.

Soils

Based on the 1976 Louisa County Soil Survey from the U.S. Department of Agriculture Soil Conservation Service, the soils in this area are primarily made up of Nason-Tatum-Manteo association soils. In summary, these soils are described as being "deep and shallow, well-drained and somewhat excessively drained soils that have a subsoil that is dominantly silty clay or channery silt loam; on uplands."

State Code of Virginia – Agricultural and Forestal Districts Act

§ 15.2-4302. Definitions.

"Agricultural products" means crops, livestock and livestock products, including but not limited to: field crops, fruits, vegetables, horticultural specialties, cattle, sheep, hogs, goats, horses, poultry, furbearing animals, milk, eggs and furs.

"Agricultural production" means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district.

"Agriculturally and forestally significant land" means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors.

"Forestal production" means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district. "Forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use.

§ 15.2-4305. Application for creation of district in one or more localities; size and location of parcels.

"…..any owner or owners of land may submit an application to the locality for the creation of a district or addition of land to an existing district within the locality. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

(i) if the nearest boundary of the parcel is within one mile of the boundary of the core,

(ii) if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core, or

(iii)if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

No land shall be included in any district without the signature on the application, or the written approval of all owners thereof…."

§ 15.2-4306. Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System or, if one has been developed, a local LESA System. The following factors should be considered by the local planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to § 15.2-4303 is being considered:

1. The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;

3. The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;

4. Local developmental patterns and needs;

5. The comprehensive plan and, if applicable, the zoning regulations;

6. The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and

7. Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

(For additional information refer to the attached information from the Department of Conservation and Recreation and the Virginia Department of Forestry.)

§ 15.2-4307. Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee.

The advisory committee shall review and make recommendations concerning the application or modification thereof to the local planning commission….

Conclusion

The proposed additions are located within one mile of the existing Trevilian Station Agricultural and Forestal District. The current use of the properties consists of timber which supports the intent of the agricultural and forestal districts.

Staff recommends approval of the application for addition to the existing Trevilian Station Agricultural and Forestal District, as consistent with the current zoning of the properties.

Recommendations of the Agricultural, Forestal, and Rural Preservation Committee

The Agricultural, Forestal and Rural Preservation Committee met to review this application on October 1, 2026. The Committee forwarded a favorable recommendation to the Planning Commission for an addition to the Trevilian Station Agricultural and Forestal District, as described.

Recommendation of the Planning Commission

At a regular meeting of the Louisa County Planning Commission held October 8, 2026, the Planning Commission voted to forward a recommendation of approval to the Board of Supervisors on an amendment to Section 86-501 Districts Described of the Louisa County Land Use Regulations to amend the existing Trevilian Station Agricultural and Forestal District, as described above.

AMENDMENT

Amendment to Article II. Zoning Ordinance and Maps; Division 7. Agricultural and Forestal Districts of the Louisa County Land Development Regulations (Chapter 86) to amend the Trevilian Station Agricultural and Forestal District by the addition of Tax Map Parcels 24-140 and 24-144.

Article II. Zoning Ordinance and Maps; Division 7. Agricultural and Forestal Districts

Sec. 86-501. - Districts described.

There are hereby established agricultural and forestal districts within the county as follows:

Trevilian Station Agricultural and Forestal District	24-23, 21-122, 23-139, 24-33, 24-15, 23-136, 24-2, 24-14, 24-133, 23-135, 24-13, 24-1, 24-3, 23-138, 24-16, 24-134, 24-123, 23-56, 24-124, 24-27, 24-28, 24-119, 24-4, 23-137, 24-33, 24-38, 23-140A, 23-140, 23-146, 23-14124-10-A 24-10-B, 24-10-B1, 25-84, 23-133, 24-21 23-7, 23-10-B 22-19, 22-20, 22-21, 22-23 22-17, 22-18, 37-21, 37-22, 37-23 23-41 12-13, 12-43 22-26, 22-32 24-142 23-143, 23-144, 23-145, 11-48 25-31, 25-32 37-24 23-15, 23-9 38-2, 3 **12-1-1, 12-1-3, 12-8-A1, 12-32, 12-53, 12-54, 12-55, 12-56, 13-12-B1, 13-12-B2, 13-15-3, 13-15-4, 13-15-5, 13-15-6, 13-15-7, 13-15-8, 13-**

BOARD OF SUPERVISORS
COUNTY OF LOUISA
ORDINANCE

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 2nd day of November 2026, at which the following members were present, the following ordinance was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86 PROPOSED ADDITION TO ELLISVILLE AGRICULTURAL AND FORESTAL DISTRICT

WHEREAS, the Louisa County Community Development Department received an application to add two parcels to the Ellisville Agricultural and Forestal District. The parcels are identified as tax map parcels 13-64 and 13-65. Louisa County has contacted the current property adjoiners of parcels identified and advised them of the application; and

WHEREAS, the proposed addition is adjacent to or located within one mile of the Ellisville Agricultural and Forestal District or is deemed agriculturally and forestally significant, and is used for hay, pasture, crops, bees, and flowers, thus supporting the intent of the agricultural and forestal districts; and

WHEREAS, the Agricultural, Forestal and Rural Preservation Committee met on October 1, 2026, to review the addition to the Ellisville Agricultural and Forestal District and voted to forward a recommendation of approval to the Planning Commission and the Board of Supervisors for the addition of tax map parcels 13-64 and 13-65 to the Ellisville Agricultural and Forestal District; and

WHEREAS, the Planning Commission held a public hearing on October 8, 2026, and voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval for the addition of tax map parcels 13-64 and 13-65 to the Ellisville Agricultural and Forestal District, to the Board of Supervisors.

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING DISTRICT
Martha Evans Lowry Harlow Trustee	13-64	6	A-1	Louisa
Martha Evans Lowry Harlow Trustee	13-65	39.01	A-1	Louisa

NOW, THEREFORE, BE IT RESOLVED, on this 2nd day of November 2026, that the Louisa County Board of Supervisors hereby approves/denies the request for the addition of tax map parcels 13-64 and 13-65 to the Ellisville Agricultural and Forestal District, with resulting amendments to 86-501 districts, attached.

A Copy, teste:

_____

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

TO: Members, Board of Supervisors
FROM: Staff, Community Development Department
DATE: October 14, 2026
SUBJECT: **Review Addition Request – Ellisville Agricultural and Forestal District**
Monday, November 2, 2026 – 6:00 p.m.

This is to advise that the Louisa County Community Development Department has received the following request for review and consideration of an addition, totaling 45.01 acres, to the existing Ellisville Agricultural and Forestal District, as follows:

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING DISTRICT
Martha Evans Lowry Harlow Trustee	13-64	6	A-1	Louisa
Martha Evans Lowry Harlow Trustee	13-65	39.01	A-1	Louisa

Location
The proposed district addition is located 0.33 miles northeast of an existing portion of the Ellisville Agricultural and Forestal District and is located along the southern side of Route 613 (Oakland Road), east of Route 693 (Kents Mill Road), and west of Route 669 (Ellisville Drive). The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area" and this area is in the Louisa Voting District.

Zoning
The parcels proposed to be included in the Ellisville Agricultural and Forestal District are zoned Agricultural (A-1). In summary, the stated purpose of the A-1 zoning district is to accommodate uses that are essential to the rural economy and the agrarian character of the community.

Sec. 86-133. - Statement of intent; policy guidance.
The agricultural (A-1) district is intended to accommodate farming, forestry, livestock maintenance and other related farm activities. Such uses are an essential part of the rural economy of the county and the agrarian character of the community. It comprises those areas dedicated to farming and agricultural use and is protected as a valuable part of the rural community. These activities shall not be compromised by development and shall be enhanced by the protection offered herein.

2040 Comprehensive Plan

The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area."

The Vision Statement for the 2040 Comprehensive Plan states:
"We strengthen our sense of community by providing resources for residents, promoting agriculture and forestry, ensuring environmental stewardship, establishing reasonable growth areas, and maintaining our rural character."

This Plan addresses and amplifies the vision statement above, with the following eight (8) supporting goals:

- Preserve and protect our rural heritage and natural resources
- Encourage open space retention
- Safeguard historic resources
- Maintain community characteristics
- Ensure compatibility between land uses
- Manage growth by concentrating development activity
- Encourage high quality development
- Maximize returns on the investment of public resources

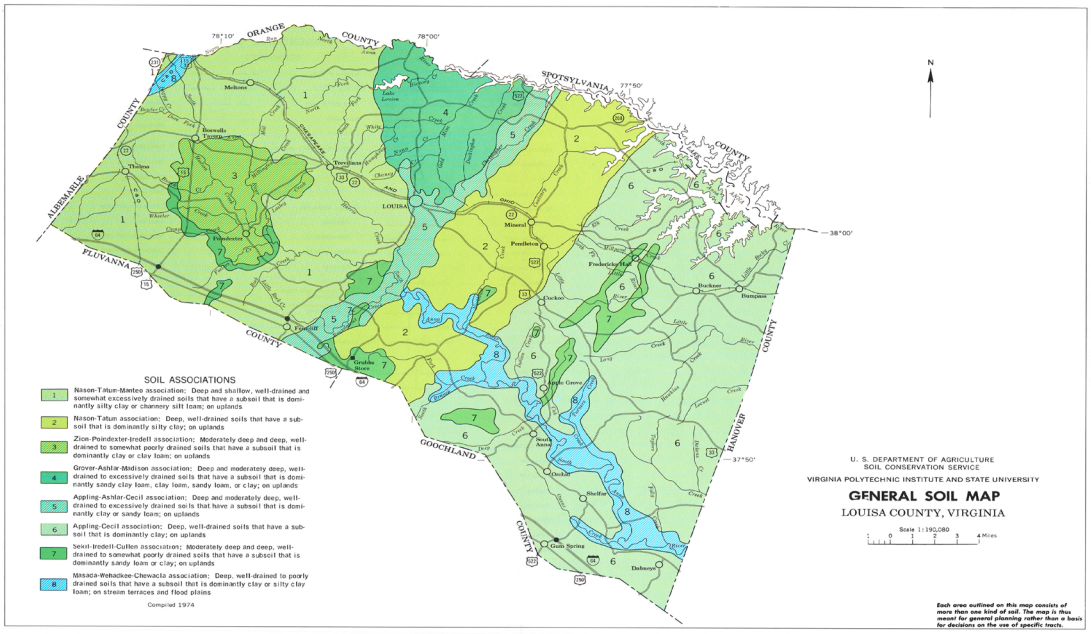

The creation of agricultural and forestal districts and subsequent additions to those districts, complements the goals identified in the Vision Statement by preserving and protecting natural resources, retaining open space, ensuring compatibility between land uses, and managing growth by concentrating development activity to the designated growth areas.

Existing Uses

Based on information provided by the property owner, the subject parcels are used for hay, pasture, crops, bees, and flowers.

Soils

Based on the 1976 Louisa County Soil Survey from the U.S. Department of Agriculture Soil Conservation Service, the soils in this area are primarily made up of the Grover-Ashlar-Madison association and the Nason-Tatum-Manteo association. These soils are described, respectively, as "deep and moderately deep, well-drained to excessively drained soils that have a subsoil that is dominantly sandy clay loam, clay loam, sandy loam, or clay, on uplands" and "deep and shallow, well-drained and somewhat excessively drained soils that have a subsoil that is dominantly silty clay or channery silt loam; on uplands."

State Code of Virginia – Agricultural and Forestal Districts Act

§ 15.2-4302. Definitions.

"Agricultural products" means crops, livestock and livestock products, including but not limited to: field crops, fruits, vegetables, horticultural specialties, cattle, sheep, hogs, goats, horses, poultry, furbearing animals, milk, eggs and furs.

"Agricultural production" means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district.

"Agriculturally and forestally significant land" means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors.

"Forestal production" means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district. "Forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use.

§ 15.2-4305. Application for creation of district in one or more localities; size and location of parcels.

"…..any owner or owners of land may submit an application to the locality for the creation of a district or addition of land to an existing district within the locality. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

(i) if the nearest boundary of the parcel is within one mile of the boundary of the core,

(ii) if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core, or

(iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

No land shall be included in any district without the signature on the application, or the written approval of all owners thereof…."

§ 15.2-4306. Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System or, if one has been developed, a local LESA System. The following factors should be considered by the local planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to § 15.2-4303 is being considered:

1. The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;

3. The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;

4. Local developmental patterns and needs;

5. The comprehensive plan and, if applicable, the zoning regulations;

6. The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and

7. Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

(For additional information refer to the attached information from the Department of Conservation and Recreation and the Virginia Department of Forestry.)

§ 15.2-4307. Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee.

The advisory committee shall review and make recommendations concerning the application or modification thereof to the local planning commission….

Conclusion

The proposed addition is located within one mile of the land that currently makes up the Ellisville Agricultural and Forestal District. The current use of the properties consists of hay, pasture, crops, bees, and flowers which supports the intent of the agricultural and forestal districts.

Staff recommends approval of the application for addition to the existing Ellisville Agricultural and Forestal District, as consistent with the current zoning of the properties.

Recommendations of the Agricultural, Forestal, and Rural Preservation Committee

The Agricultural, Forestal and Rural Preservation Committee met to review this application on October 1, 2026. The Committee forwarded a favorable recommendation to the Planning Commission for an addition to the Ellisville Agricultural and Forestal District, as described.

Recommendation of the Planning Commission

At a regular meeting of the Louisa County Planning Commission held October 8, 2026, the Planning Commission voted to forward a recommendation of approval to the Board of Supervisors on an amendment to Section 86-501 Districts Described of the Louisa County Land Use Regulations to amend the existing Ellisville Agricultural and Forestal District, as described above.

COUNTY OF LOUISA
APPLICATION FOR THE CREATION OF, ADDITION TO, OR REMOVAL FROM AN AGRICULTURAL AND FORESTAL DISTRICT

Section A: To be completed by applicant or contact person for proposed district.

AMENDMENT

Amendment to Article II. Zoning Ordinance and Maps; Division 7. Agricultural and Forestal Districts of the Louisa County Land Development Regulations (Chapter 86) to amend the Ellisville Agricultural and Forestal District by the addition of Tax Map Parcels 13-64 and 13-65.

Article II. Zoning Ordinance and Maps; Division 7. Agricultural and Forestal Districts

Sec. 86-501. - Districts described.

There are hereby established agricultural and forestal districts within the county as follows:

Ellisville Agricultural and Forestal District	13-**64, 65,** 66, 67, 68, 72, 73, 74, 77; 14-32A, 33, 35; 24-160, 163; 25-(1)A, (1)B, 2, (2)A, (2)B, (7)B, 8, (9)A, (9)B, 12, (18)4, 25, 34, 35, 37, 38, 39, 40, 41A, 44, 63, (72)B, 76, 77, 89, 91, 92, 98; 26-1, 2, 3, 5, 5A, (14)1, 43, 44, 45, 46, 47, 71, 73; 27-(5)F; 40-190, 194, 200, 202, 203, 205, 206, 215.

(Only the district affected by this ordinance is listed.)

BOARD OF SUPERVISORS
COUNTY OF LOUISA
ORDINANCE

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 2nd day of November 2026, at which the following members were present, the following ordinance was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86 PROPOSED ADDITION TO GOLD MINE CREEK AGRICULTURAL AND FORESTAL DISTRICT

WHEREAS, the Louisa County Community Development Department received an application to add three parcels to the Gold Mine Creek Agricultural and Forestal District. The parcels are identified as tax map parcels 28-126, 44-8-1, and 44-8-6. Louisa County has contacted the current property adjoiners of parcels identified and advised them of the application; and

WHEREAS, the proposed addition meets the requirements of agriculturally and forestally significant since it is used for pasture and timber, thus supporting the intent of the agricultural and forestal districts; and

WHEREAS, the Agricultural, Forestal and Rural Preservation Committee met on October 1, 2026, to review the addition to the Gold Mine Creek Agricultural and Forestal District and voted to forward a recommendation of approval to the Planning Commission and the Board of Supervisors for the addition of tax map parcels 28-126, 44-8-1, and 44-8-6 to the Gold Mine Creek Agricultural and Forestal District; and

WHEREAS, the Planning Commission held a public hearing on October 8, 2026, and voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval for the addition of tax map parcels 28-126, 44-8-1, and 44-8-6 to the Gold Mine Creek Agricultural and Forestal District, to the Board of Supervisors.

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING

Martha Evans Lowry Harlow Trustee	44-8-1	333.11	A-2	Mineral
Martha Evans Lowry Harlow Trustee	44-8-6	6.71	A-2	Mineral

NOW, THEREFORE, BE IT RESOLVED, on this 2nd day of November 2026, that the Louisa County Board of Supervisors hereby approves/denies the request for the addition of tax map parcels 28-126, 44-8-1, and 44-8-6 to the Gold Mine Creek Agricultural and Forestal District, with resulting amendments to 86-501 districts described, attached.

A Copy, teste:

_____

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

TO: Members, Board of Supervisors
FROM: Staff, Community Development Department
DATE: October 14, 2026
SUBJECT: **Review Addition Request – Gold Mine Creek Agricultural and Forestal District**
Monday, November 2, 2026 – 6:00 p.m.

This is to advise that the Louisa County Community Development Department has received the following request for review and consideration of an addition, totaling 341.082 acres, to the existing Gold Mine Creek Agricultural and Forestal District, as follows:

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING
Martha Evans Lowry Harlow Trustee	28-126	1.262	A-2	Mineral
Martha Evans Lowry Harlow Trustee	44-8-1	333.11	A-2	Mineral
Martha Evans Lowry Harlow Trustee	44-8-6	6.71	A-2	Mineral

Location
The proposed district addition is located 3.2 miles southeast of the existing Gold Mine Creek Agricultural and Forestal District. The parcels are located south of Route 720 (Hensley Road), east of Route 522 (Zachary Taylor Highway), and northwest of Route 700 (Johnson Road) in the Mineral Voting District. The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area."

Zoning
The parcels proposed to be included in the Gold Mine Creek Agricultural and Forestal District are zoned Agricultural (A-2). In summary, the stated purpose of the A-2 zoning district is to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural, open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence.

Sec. 86-151. - Statement of intent; policy guidance.
(a) The agricultural (A-2) district is provided to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence. Zoning standards are also included to ensure the co-existence of these uses with each other. The creation of lots fronting on existing state roads or federal highways is strongly discouraged.

(b) Agricultural (A-2) district uses range from agricultural to neighborhood oriented commercial and community services. The use of development setbacks, shared access, reverse-front lots and roadside buffers are encouraged to retain the rural character of the county along-side the open farm activities prevalent in the county.

2040 Comprehensive Plan

The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area."

The Vision Statement for the 2040 Comprehensive Plan states:
"We strengthen our sense of community by providing resources for residents, promoting agriculture and forestry, ensuring environmental stewardship, establishing reasonable growth areas, and maintaining our rural character."

This Plan addresses and amplifies the vision statement above, with the following eight (8) supporting goals:

- Preserve and protect our rural heritage and natural resources
- Encourage open space retention
- Safeguard historic resources
- Maintain community characteristics
- Ensure compatibility between land uses
- Manage growth by concentrating development activity
- Encourage high quality development
- Maximize returns on the investment of public resources

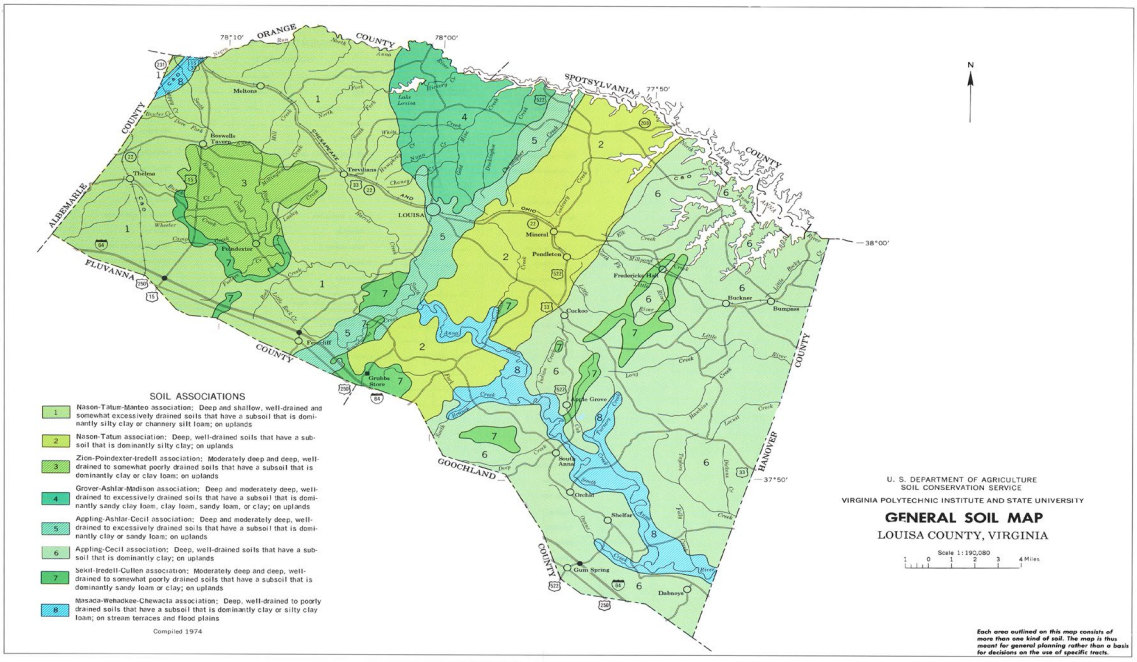

The creation of agricultural and forestal districts and subsequent additions to those districts, complements the goals identified in the Vision Statement by preserving and protecting natural resources, retaining open space, ensuring compatibility between land uses, and managing growth by concentrating development activity to the designated growth areas.

Existing Uses

Based on information provided by the property owner, the subject parcels are used for timber and pasture.

Soils

Based on the 1976 Louisa County Soil Survey from the U.S. Department of Agriculture Soil Conservation Service, the soils in this area are primarily made up of the Nason-Tatum association. In summary, these soils are described as "deep, well-drained soils that have a sub-soil that is dominantly silty clay; on uplands."

State Code of Virginia – Agricultural and Forestal Districts Act

§ 15.2-4302. Definitions.

“Agricultural products” means crops, livestock and livestock products, including but not limited to: field crops, fruits, vegetables, horticultural specialties, cattle, sheep, hogs, goats, horses, poultry, furbearing animals, milk, eggs and furs.

“Agricultural production” means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district.

“Agriculturally and forestally significant land” means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors.

“Forestal production” means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district. "Forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use.

§ 15.2-4305. Application for creation of district in one or more localities; size and location of parcels.

“…..any owner or owners of land may submit an application to the locality for the creation of a district or addition of land to an existing district within the locality. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

(i) if the nearest boundary of the parcel is within one mile of the boundary of the core,

(ii) if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core, or

(iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

No land shall be included in any district without the signature on the application, or the written approval of all owners thereof…."

§ 15.2-4306. Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System or, if one has been developed, a local LESA System. The following factors should be considered by the local planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to § 15.2-4303 is being considered:

1. The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;

3. The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;

4. Local developmental patterns and needs;

5. The comprehensive plan and, if applicable, the zoning regulations;

6. The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and

7. Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

(For additional information refer to the attached information from the Department of Conservation and Recreation and the Virginia Department of Forestry.)

§ 15.2-4307. Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee.

The advisory committee shall review and make recommendations concerning the application or modification thereof to the local planning commission….

Conclusion

While the proposed addition is over one mile from the core, the parcel meets the statutory requirements for agricultural and forestally significant because the landowners are currently use the properties for pasture and timber.

In part, § 15.2-4305, states:

A parcel not part of the core may be included in a district:

(iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

§ 15.2-4302. Definitions provides the definition for "Agriculturally and forestally significant land," as "means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors." ." It further provides that "agricultural products" means crops, livestock and livestock products, including but not limited to:.. field crops,…cattle,..."

Staff recommends approval of the application for addition to the existing Gold Mine Creek Agricultural and Forestal District, as consistent with the current zoning of the properties.

Recommendations of the Agricultural, Forestal, and Rural Preservation Committee

The Agricultural, Forestal and Rural Preservation Committee met to review this application on October 1, 2026. The Committee forwarded a favorable recommendation to the Planning Commission for an addition to the Gold Mine Creek Agricultural and Forestal District, as described.

Recommendation of the Planning Commission

At a regular meeting of the Louisa County Planning Commission held October 8, 2026, the Planning Commission voted to forward a recommendation of approval to the Board of Supervisors on an amendment to Section 86-501 Districts Described of the Louisa County Land Use Regulations to amend the existing Gold Mine Creek Agricultural and Forestal District, as described above.

COUNTY OF LOUISA
APPLICATION FOR THE CREATION OF, ADDITION TO, OR REMOVAL FROM AN AGRICULTURAL AND FORESTAL DISTRICT

Section A: To be completed by applicant or contact person for proposed district.

1. Name of District Gold Mine Creek

2. Check Applicable Action:

   ____Creation of New District
   __X__Addition to Existing District
   ____Removal from Existing District

3. General Location of the District or Addition (City, County or Town)

   Louisa County

4. Total Acreage in the Proposed District or Addition 341.082

5. Please read the proposed conditions for the creation of the district pursuant to Section 15.2-4309 of the Code of Virginia which is attached to this application.

6. Only for New Districts:
   Proposed Period Before the First Review (4-10 years)_

BOARD OF SUPERVISORS
COUNTY OF LOUISA
ORDINANCE

At a regular meeting of the Board of Supervisors of the County of Louisa held in the Louisa County Public Meeting Room at 5:00 PM on the 2nd day of November 2026, at which the following members were present, the following ordinance was adopted by a majority of all members of the Board of Supervisors, the vote being recorded in the minutes of the meeting as shown below:

RESULT:	
MOVER:	None
SECONDER:	None
AYES:	None
NAYS:	None
ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86 PROPOSED ADDITION TO MOUNTAIN ROAD AGRICULTURAL AND FORESTAL DISTRICT

WHEREAS, the Louisa County Community Development Department received an application to add one parcel to the Mountain Road Agricultural and Forestal District. The parcel is identified as tax map parcel 89-28. Louisa County has contacted the current property adjoiners of parcels identified and advised them of the application; and

WHEREAS, the proposed addition is adjacent to or located within one mile of the Mountain Road Agricultural and Forestal District or is deemed agriculturally and forestally significant, and is used for timber and pasture, thus supporting the intent of the agricultural and forestal districts; and

WHEREAS, the Agricultural, Forestal and Rural Preservation Committee met on October 1, 2026, to review the addition to the Mountain Road Agricultural and Forestal District and voted to forward a recommendation of approval to the Planning Commission and the Board of Supervisors for the addition of tax map parcel 89-28 to the Mountain Road Agricultural and Forestal District; and

WHEREAS, the Planning Commission held a public hearing on October 8, 2026, and voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval for the addition of tax map parcel 89-28 to the Mountain Road Agricultural and Forestal District, to the Board of Supervisors.

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING DISTRICT
Robert & Dianna Woodson	89-28	2.44	A-2	Mountain Road

NOW, THEREFORE, BE IT RESOLVED, on this 2nd day of November 2026, that the Louisa County Board of Supervisors hereby approves/denies the request for the addition of tax map parcel 89-28 to the Mountain Road Agricultural and Forestal District, with resulting amendments to 86-501 districts, attached.

A Copy, teste:

_____

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

TO: Members, Board of Supervisors
FROM: Staff, Community Development Department
DATE: October 14, 2026
SUBJECT: **Review Addition Request - Mountain Road Agricultural and Forestal District**
Monday, November 2, 2026 – 6:00 p.m.

This is to advise that the Louisa County Community Development Department has received the following request for review and consideration of an addition, totaling 2.44 acres, to the existing Mountain Road Agricultural and Forestal District, as follows:

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING DISTRICT
Robert & Dianna Woodson	89-28	2.44	A-2	Mountain Road

Location
The proposed district addition is located 0.50 miles southeast of the Mountain Road Agricultural and Forestal District. The parcel is located along Route 629 (Cartersville Road), west of Route 522 (Cross Country Road), and southwest of Route 640 (East Old Mountain Road) in the Mountain Road Voting District. The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area".

Zoning
The parcel proposed to be included in the Mountain Road Agricultural and Forestal District is zoned Agricultural (A-2). In summary, the stated purpose of the A-2 zoning district is to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural, open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence.

Sec. 86-151. - Statement of intent; policy guidance.

(a) The agricultural (A-2) district is provided to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence. Zoning standards are also included to ensure the co-existence of these uses with each other. The creation of lots fronting on existing state roads or federal highways is strongly discouraged.

(b) Agricultural (A-2) district uses range from agricultural to neighborhood oriented commercial and community services. The use of development setbacks, shared access, reverse-front lots and roadside buffers are encouraged to retain the rural character of the county along-side the open farm activities prevalent in the county.

2040 Comprehensive Plan

The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area."

The Vision Statement for the 2040 Comprehensive Plan states:
"We strengthen our sense of community by providing resources for residents, promoting agriculture and forestry, ensuring environmental stewardship, establishing reasonable growth areas, and maintaining our rural character."

This Plan addresses and amplifies the vision statement above, with the following eight (8) supporting goals:

- Preserve and protect our rural heritage and natural resources
- Encourage open space retention
- Safeguard historic resources
- Maintain community characteristics
- Ensure compatibility between land uses
- Manage growth by concentrating development activity
- Encourage high quality development
- Maximize returns on the investment of public resources

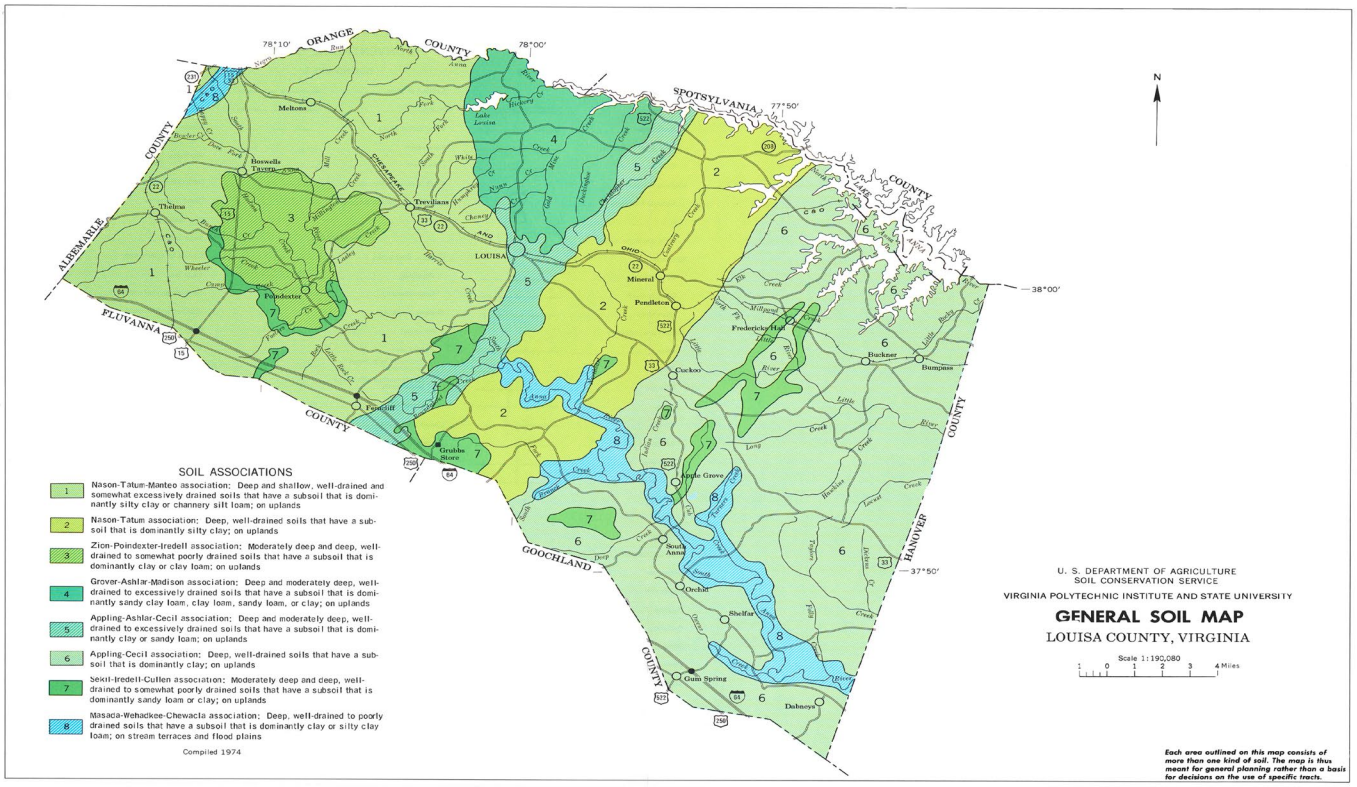

The creation of agricultural and forestal districts and subsequent additions to those districts, complements the goals identified in the Vision Statement by preserving and protecting natural resources, open space retention, compatibility between land uses, and managing growth by concentrating development activity to the designated growth areas.

Existing Uses

Based on information provided by the property owner, the subject parcel is used for timber and pasture.

Soils

Based on the 1976 Louisa County Soil Survey from the U.S. Department of Agriculture Soil Conservation Service, the soils in this area are primarily made up of the Appling-Cecil association. In summary, these soils are described as "deep, well-drained soils that have a sub-soil that is dominantly clay; on uplands."

State Code of Virginia – Agricultural and Forestal Districts Act

§ 15.2-4302. Definitions.

"Agricultural products" means crops, livestock and livestock products, including but not limited to: field crops, fruits, vegetables, horticultural specialties, cattle, sheep, hogs, goats, horses, poultry, furbearing animals, milk, eggs and furs.

"Agricultural production" means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district.

"Agriculturally and forestally significant land" means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors.

"Forestal production" means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district. "Forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use.

§ 15.2-4305. Application for creation of district in one or more localities; size and location of parcels.

"…..any owner or owners of land may submit an application to the locality for the creation of a district or addition of land to an existing district within the locality. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

(i) if the nearest boundary of the parcel is within one mile of the boundary of the core,

(ii) if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core, or

(iii)if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

No land shall be included in any district without the signature on the application, or the written approval of all owners thereof…."

§ 15.2-4306. Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System or, if one has been developed, a local LESA System. The following factors should be considered by the local planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to § 15.2-4303 is being considered:

1. The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;

3. The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;

4. Local developmental patterns and needs;

5. The comprehensive plan and, if applicable, the zoning regulations;

6. The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and

7. Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

(For additional information refer to the attached information from the Department of Conservation and Recreation and the Virginia Department of Forestry.)

§ 15.2-4307. Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee.

The advisory committee shall review and make recommendations concerning the application or modification thereof to the local planning commission….

Conclusion

The proposed addition is located within one mile of the Mountain Road Agricultural and Forestal District. The current use of the property consists of timber and pasture, which supports the intent of the agricultural and forestal districts.

Staff recommends approval of the application for addition to the existing Mountain Road Agricultural and Forestal District, as consistent with the current zoning of the property.

Recommendations of the Agricultural, Forestal, and Rural Preservation Committee

The Agricultural, Forestal and Rural Preservation Committee met to review this application on October 1, 2026. The Committee forwarded a favorable recommendation to the Planning Commission for an addition to the Mountain Road Agricultural and Forestal District, as described.

Recommendation of the Planning Commission

At a regular meeting of the Louisa County Planning Commission held October 8, 2026, the Planning Commission voted to forward a recommendation of approval to the Board of Supervisors on an amendment to Section 86-501 Districts Described of the Louisa County Land Use Regulations to amend the existing Mountain Road Agricultural and Forestal District, as described above.

ABSTAIN:	None

AN ORDINANCE AMENDING CHAPTER 86 PROPOSED CREATION AND ADDITION TO MUSTANG VALLEY AGRICULTURAL AND FORESTAL DISTRICT

WHEREAS, the Louisa County Community Development Department received an application for creation of the Mustang Valley Agricultural and Forestal District. The parcels are identified as tax map parcels 71-89, 71-92, 71-93, 71-95, 71-102, and 80-11. Louisa County has contacted the current property adjoiners of parcels identified and advised them of the application; and

WHEREAS, the proposed district consists of 919.32 acres which is more than 200 acres required in the state code and is used for timber production, thus supporting the intent of the agricultural and forestal districts; and

WHEREAS, the Agricultural, Forestal and Rural Preservation Committee met on October 1, 2026, to review the creation of the Mustang Valley Agricultural and Forestal District and voted to forward a recommendation of approval to the Planning Commission and the Board of Supervisors for the creation of the Mustang Valley Agricultural and Forestal District which includes tax map parcels 71-89, 71-92, 71-93, 71-95, 71-102, and 80-11; and

WHEREAS, the Planning Commission held a public hearing on October 8, 2026, and voted that the public necessity, convenience, general welfare, or good zoning practice compels it to make a recommendation of approval for the creation of the Mustang Valley Agricultural and Forestal District

which includes tax map parcels 71-89, 71-92, 71-93, 71-95, 71-102, and 80-11, to the Board of Supervisors.

OWNER'S NAME	**TAX MAP PARCEL #**	**ACREAGE**	**ZONING**	**VOTING DISTRICT**
Martha Walton High LLC	71-89	13	A-1	Cuckoo

Martha Walton High LLC	71-102	502	A-2	Cuckoo
Martha Walton High LLC	80-11	197.69	A-1	Mountain Road

NOW, THEREFORE, BE IT RESOLVED, on this 2nd day of November 2026, that the Louisa County Board of Supervisors hereby approves/denies the request for the creation of the Mustang Valley Agricultural and Forestal District which includes tax map parcels 71-89, 71-92, 71-93, 71-95, 71-102, and 80-11, with resulting amendments to 86-501 districts described, attached.

A Copy, teste:

_____

Christian R. Goodwin, Clerk
Board of Supervisors
Louisa County, Virginia

TO: Members, Board of Supervisors
FROM: Staff, Community Development Department
DATE: October 14, 2026
SUBJECT: **Creation Request – Mustang Valley Agricultural and Forestal District**
Monday, November 2, 2026 – 6:00 p.m.

This is to advise that the Louisa County Community Development Department has received the following request for review and consideration of the creation of the Mustang Valley Agricultural and Forestal District, totaling 919.32 acres, as follows:

OWNER'S NAME	TAX MAP PARCEL #	ACREAGE	ZONING	VOTING DISTRICT
Martha Walton High LLC	71-89	13	A-1	Cuckoo
Martha Walton High LLC	71-92	100	A-1	Cuckoo
Martha Walton High LLC	71-93	46.63	A-1	Cuckoo
Martha Walton High LLC	71-95	60	A-1	Cuckoo
Martha Walton High LLC	71-102	502	A-2	Cuckoo
Martha Walton High LLC	80-11	197.69	A-1	Mountain Road

Location

The proposed district consists of two separate sets of parcels. The first set is located west of Route 699 (Indian Creek Road), east of Route 677 (Goodwin Store Road), south of Route 643 (Cuckoo Road), and north of the South Anna River in the Cuckoo Voting District. The second set is located along Route 640 (East Old Mountain Road), southeast of Route 605 (Shannon Hill Road), and northwest of the Goochland County line, in the Mountain Road voting district. The 2040 Louisa County Comprehensive Plan designates these areas of Louisa County as "Rural Area".

Zoning

The parcels proposed to be included in the Mustang Valley Agricultural and Forestal District are zoned Agricultural (A-1 & A-2). In summary, the stated purpose of the A-1 zoning district is to accommodate uses that are essential to the rural economy and the agrarian character of the community. Meanwhile, the intent of the A-2 zoning district is to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural, open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence.

Sec. 86-133. - Statement of intent; policy guidance.

The agricultural (A-1) district is intended to accommodate farming, forestry, livestock maintenance and other related farm activities. Such uses are an essential part of the rural economy of the county and the agrarian character of the community. It comprises those areas dedicated to farming and agricultural use and is protected as a valuable part of the rural community. These activities shall not be compromised by development and shall be enhanced by the protection offered herein.

Sec. 86-151. - Statement of intent; policy guidance.
(a) The agricultural (A-2) district is provided to allow for the compatible mixture of agricultural uses and limited residential development in rural areas and protect and retain the rural open character of the countryside. Very low-density residential uses are allowed along with agricultural uses that are compatible with residential activity to provide for community cohesion in the rural areas and encourage land use interdependence. Zoning standards are also included to ensure the co-existence of these uses with each other. The creation of lots fronting on existing state roads or federal highways is strongly discouraged.

(b) Agricultural (A-2) district uses range from agricultural to neighborhood oriented commercial and community services. The use of development setbacks, shared access, reverse-front lots and roadside buffers are encouraged to retain the rural character of the county along-side the open farm activities prevalent in the county.

2040 Comprehensive Plan
The 2040 Louisa County Comprehensive Plan designates this area of Louisa County as "Rural Area."

The Vision Statement for the 2040 Comprehensive Plan states:
"We strengthen our sense of community by providing resources for residents, promoting agriculture and forestry, ensuring environmental stewardship, establishing reasonable growth areas, and maintaining our rural character."

This Plan addresses and amplifies the vision statement above, with the following eight (8) supporting goals:

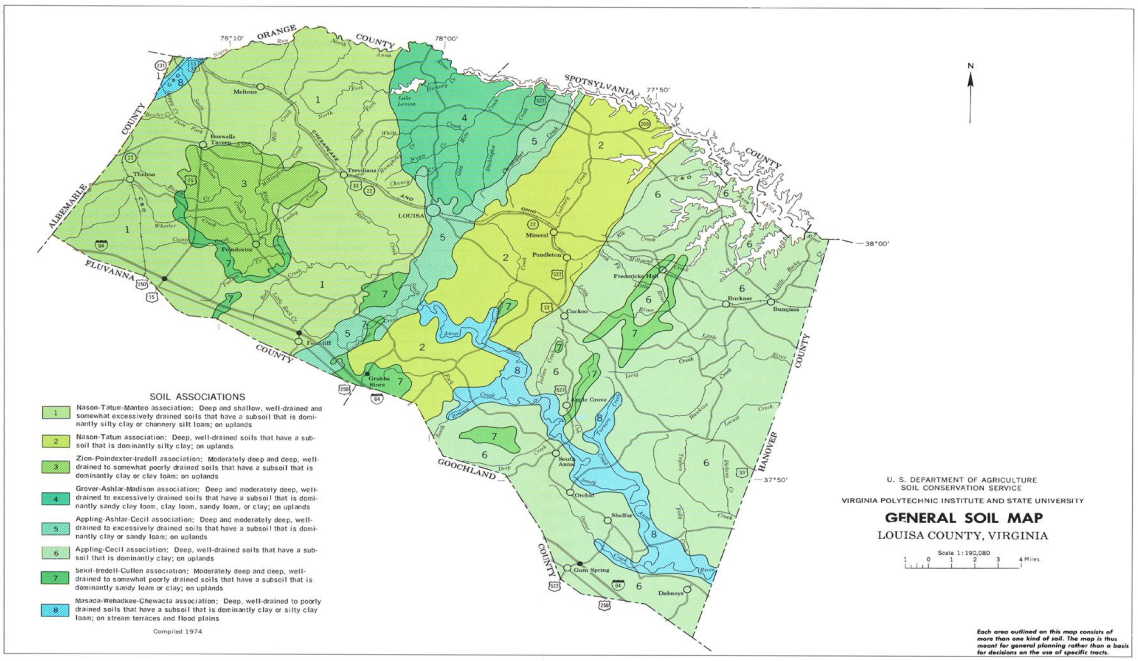

- Preserve and protect our rural heritage and natural resources
- Encourage open space retention
- Safeguard historic resources
- Maintain community characteristics
- Ensure compatibility between land uses
- Manage growth by concentrating development activity
- Encourage high quality development
- Maximize returns on the investment of public resources

The creation of agricultural and forestal districts and subsequent additions to those districts, complements the goals identified in the Vision Statement by preserving and protecting natural resources, open space retention, compatibility between land uses, and managing growth by concentrating development activity to the designated growth areas.

Existing Uses
Based on information provided by the property owner, the subject parcels are used for timber.

Soils
Based on the 1976 Louisa County Soil Survey from the U.S. Department of Agriculture Soil Conservation Service, the soils in this area are primarily made up of three soil associations. First, the Nason Association which is described as "deep, well-drained soils that have a subsoil that is dominantly silty clay; on uplands." Second, the Appling-Cecil Association is summarized as "deep, well-drained soils that have a

subsoil that is dominantly clay; on uplands." Lastly, the Masada-Wehadkee-Chewacla association, which is described as "deep, well-drained to poorly drained soils that have a subsoil that is dominantly clay or silty clay loam; on stream terraces or floodplains."

State Code of Virginia – Agricultural and Forestal Districts Act

§ 15.2-4302. Definitions.

"Agricultural products" means crops, livestock and livestock products, including but not limited to: field crops, fruits, vegetables, horticultural specialties, cattle, sheep, hogs, goats, horses, poultry, furbearing animals, milk, eggs and furs.

"Agricultural production" means the production for commercial purposes of crops, livestock and livestock products, and includes the processing or retail sales by the producer of crops, livestock or livestock products which are produced on the parcel or in the district.

"Agriculturally and forestally significant land" means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors.

"Forestal production" means the production for commercial purposes of forestal products and includes the processing or retail sales, by the producer, of forestal products which are produced on the parcel or in the district. "Forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use.

§ 15.2-4305. Application for creation of district in one or more localities; size and location of parcels.

"…..any owner or owners of land may submit an application to the locality for the creation of a district or addition of land to an existing district within the locality. Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

(i) if the nearest boundary of the parcel is within one mile of the boundary of the core,

(ii) if it is contiguous to a parcel in the district the nearest boundary of which is within one mile of the boundary of the core, or

(iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

No land shall be included in any district without the signature on the application, or the written approval of all owners thereof…."

§ 15.2-4306. Criteria for evaluating application.

Land being considered for inclusion in a district may be evaluated by the advisory committee and the planning commission through the Virginia Land Evaluation and Site Assessment (LESA) System or, if one has been developed, a local LESA System. The following factors should be considered by the local planning commission and the advisory committee, and at any public hearing at which an application that has been filed pursuant to § 15.2-4303 is being considered:

1. The agricultural and forestal significance of land within the district or addition and in areas adjacent thereto;

2. The presence of any significant agricultural lands or significant forestal lands within the district and in areas adjacent thereto that are not now in active agricultural or forestal production;

3. The nature and extent of land uses other than active farming or forestry within the district and in areas adjacent thereto;

4. Local developmental patterns and needs;

5. The comprehensive plan and, if applicable, the zoning regulations;

6. The environmental benefits of retaining the lands in the district for agricultural and forestal uses; and

7. Any other matter which may be relevant.

In judging the agricultural and forestal significance of land, any relevant agricultural or forestal maps may be considered, as well as soil, climate, topography, other natural factors, markets for agricultural and forestal products, the extent and nature of farm structures, the present status of agriculture and forestry, anticipated trends in agricultural economic conditions and such other factors as may be relevant.

(For additional information refer to the attached information from the Department of Conservation and Recreation and the Virginia Department of Forestry.)

§ 15.2-4307. Review of application; notice; hearing.

Upon the receipt of an application for a district or for an addition to an existing district, the program administrator shall refer such application to the advisory committee.

The advisory committee shall review and make recommendations concerning the application or modification thereof to the local planning commission….

Conclusion

The proposed district meets the statutory requirements of 200 minimum acres for creation of a new district and meets the statutory requirements for agricultural and forestally significant because the landowners are currently using the parcels timber.

In part, § 15.2-4305, states:

Each district shall have a core of no less than 200 acres in one parcel or in contiguous parcels. A parcel not part of the core may be included in a district:

> (iii) if the local governing body finds, in consultation with the advisory committee or planning commission, that the parcel not part of the core or within one mile of the boundary of the core contains agriculturally and forestally significant land.

§ 15.2-4302. Definitions provides the definition for "Agriculturally and forestally significant land," as "means land that has recently or historically produced agricultural and forestal products, is suitable for agricultural or forestal production or is considered appropriate to be retained for agricultural and forestal production as determined by such factors as soil quality, topography, climate, markets, farm structures, and other relevant factors." It further provides that "forestal products" includes, but is not limited to, saw timber, pulpwood, posts, firewood, Christmas trees and other tree and wood products for sale or for farm use. Additionally, the statute provides that "agricultural products" means crops…"

Staff recommends approval of the application for creation of the Mustang Valley Agricultural and Forestal District, as consistent with the current zoning of the properties as Agricultural (A-1 and A-2) and the Rural Area designation in the 2040 Louisa County Comprehensive Plan.

Recommendations of the Agricultural, Forestal, and Rural Preservation Committee

The Agricultural, Forestal and Rural Preservation Committee met to review this application on October 1, 2026. The Committee forwarded a favorable recommendation to the Planning Commission for creation of the Mustang Valley Agricultural and Forestal District, as described.

Recommendation of the Planning Commission

At a regular meeting of the Louisa County Planning Commission held October 8, 2026, the Planning Commission voted to forward a recommendation of approval to the Board of Supervisors on an amendment to Section 86-501 Districts Described of the Louisa County Land Use Regulations for the creation of the Mustang Valley Agricultural and Forestal District.

COUNTY OF LOUISA
APPLICATION FOR THE CREATION OF, ADDITION TO, OR REMOVAL FROM AN AGRICULTURAL AND FORESTAL DISTRICT

Section A: To be completed by applicant or contact person for proposed district.

1. Name of District Mustang Valley

2. Check Applicable Action:

   X Creation of New District
   ____Addition to Existing District
   ____Removal from Existing District

3. General Location of the District or Addition (City, County or Town)

   Louisa County

4. Total Acreage in the Proposed District or Addition _____

5. Please read the proposed conditions for the creation of the district pursuant to Section 15.2-4309 of the Code of Virginia which is attached to this application.

6. Only for New Districts:
   Proposed Period Before the First Review (4-10 years) 4

7. Names and Tax Map Parcel Number(s) of Landowners Applying for the District:
   (Please use the parcel information sheet on page five (5), for complete parcel information):
