

**DRAFT AMENDMENT**

-----

The purpose of this amendment is to consider a process for review of a proposed electronic message sign in the Agricultural and Residential Zoning Districts. Any entity requesting to place an electronic message sign in the referenced zoning districts would be subject to a Special Exception through the Board of Supervisors.

-----

Sec. 86-689. - Waivers.

Notwithstanding the other regulations of this chapter, a waiver may be approved by staff (per section 86-119 of this chapter) to the regulations of this article that are specific to the number of allowed signs, the maximum sign area, and the sign height. In no circumstances shall a waiver increase the number, size, or height of a sign(s) by more than 100 percent of the ordinance standard. A waiver may only be granted if it can be demonstrated that the proposed standards, with conditions, better ensure that the intent of this ordinance, as specified in section 86-682, will be met. Requests for a waiver to this article shall accompany a master plan of the entire development showing all proposed business signs. Standards for electronic message signs are not subject to increase through the waiver process. All requests for a variation to the standards for an electronic message sign would require a Special Exception in accordance with Section 86-68, be granted by the Board of Supervisors. **Any placement of an electronic message sign in an agricultural or residential zoning district requires a Special Exception through the Board of Supervisors.**
