### **Resolution – Authorizing a Pass-Through Appropriation to the Department of Fire & EMS for a Staffing for Adequate Fire and Emergency Response (SAFER) Grant**

The Department of Fire & EMS was awarded a Staffing for Adequate Fire and Emergency Response (SAFER) grant in the amount of \$1,698,974.31 for the period of March 23, 2026 to March 22, 2029 for the hiring of nine (9) additional career staff. The Staffing for Adequate Fire and Emergency Response (SAFER) grant program provides assistance to departments to ensure adequate staffing for safe and effective response. The health and safety of departmental staff and the County's growing response requirements are critically important, and nine (9) additional career staff are needed to assist with ensuring safe and adequate response and to reduce response times in the face of growing demand in several areas of the County, and the added staff would also allow for additional ambulance and fire crews as the demand for services dictate

The grant will provide 75% of all usual employee costs for the first two years and 35% of those costs for the third year of the three-year grant period, following which those costs are the responsibility of the governing body. This funding was not included in the budget and needs to be appropriated at this time.

On the motion of Mr. Williams, seconded by Mr. Barnes, which carried by a vote of 7-0, the Board voted to authorize a pass through appropriation for Staffing for Adequate Fire and Emergency Response (SAFER) grant funding for the hiring of nine additional staff in the Department of Fire and Emergency Medical Services (GL # 20232300-411000-C3212) in the amount of \$2,755,093.50. The source of funding is Staffing for Adequate Fire and Emergency Response (SAFER) grant funding (0202R32-332-010-C3212) in the amount of \$1,698,974.31 and General Fund Balance in the amount of \$1,056,119.19.

#### **Resolution – Authorizing a Pass-Through Appropriation for Fire & EMS for an Assistance to Firefighters Grant for Fire Equipment**

The Department of Fire & EMS was awarded a AFG grant in the amount of \$409,298.18 for the period of September 30, 2025 to September 29, 2027 to purchase replacement fire hose, turnout gear extractors, RIT Packs, and direct source vehicle exhaust filters that are needed with a match requirement of 10% or \$40,929.82. The Assistance for Firefighters (AFG) grant program provides assistance to departments for critical equipment needs and safety initiatives. Several of the County's fire stations have fire hose that is aging and/or has failed NFPA testing. Three of the County's fire stations do not have turnout gear extractors to properly clean and decontaminate gear after fires and hazardous materials calls. Rapid intervention rescue bags (RIT packs) are used to help rescue trapped firefighters who are out of breathing air. Direct source diesel exhaust particulate systems filter harmful and cancer-causing particulate and gases from the apparatus exhaust. These items were not previously included in the budget and need to be appropriated at this time.

On the motion of Mr. Barnes, seconded by Mr. Williams, which carried by a vote of 7-0, the Board voted to authorize a pass through appropriation for Assistance for Firefighter grant funding for the purchase of equipment for the Department of Fire and Emergency Medical Services (GL # 20232300-482000-C3211) in the amount of \$450,228.00. The Source of funding is Assistance to Firefighters Grant (0202R32-332010-C3211) in the amount of \$409,298.18 and the General Fund Balance in the amount of \$40,929.82.
