Hello,
Just got off the phone with Michael the owner of 1478 Ames (651)235-2662. He said things got away on him over the last 20 years. He plans to take down temporary walls and possibly submit for permit for exterior stairs. He request 30 Days to clean up the site as he said he is old and needs some time.

Let me know your thoughts if this is reasonable to you.

Thanks

Jason

Nathan,
I stopped out and looked over the site. See photos below. I put a stop work on the front door. It looks like they have big plans to reuse old garage doors and some structural steel posts. Do you want to fire off a letter or would you like me to do that?

Thanks

Jason

Hello Nate, at the above address I have a property owner that has a history of permits not approved and is currently what it appears to be several structures “carports” being built on the property. Is it possible if someone on your staff can swing by and take a look at it. Photos attached. Thanks!!
