Agenda
Bicycle and Pedestrian Committee
Thursday, July 21, 2022 @ 10:00 a.m.
Virtual Meeting via Zoom

https://us02web.zoom.us/j/88439774404?pwd=TVVCVitkQjVKcXJtVVRXQnFhWDQxQT09
Meeting ID: 884 3977 4404
Password: 773654

Item	Time	Description
1	10:00-10:05	**Introductions**
2	10:05-10:20	**OneMap – All staff** • **Individual Facilities File** • **Attribute Tables File** • **Bike-Ped Inventory in Town of Scottsville and Town of Stanardsville (Lucinda Shannon/Isabella O'Brien)**
3	10:20-10:50	**Roundtable Updates and Public Comment** • **Updates from staff and VDOT** • **Bike and pedestrian related comments/concerns from the public**

Upcoming Meetings:
MPO Policy Board (4th Wednesday): July 27th at 4:00pm

Bicycle and Pedestrian Coordination Committee Meeting
Minutes, April 21, 2022 - 10:00am
Video of the meeting can be found here:
https://us02web.zoom.us/j/88439774404?pwd=TVVCVitkQjVKcXJtVVRXQnFhWDQxQT09https://www.youtube.com/watch?v=y0FJ3aH5OOk

STAFF MEMBERS

Lucinda Shannon	Charlottesville-Albemarle MPO/Thomas Jefferson PDC
Sara Pennington	Charlottesville-Albemarle MPO/Thomas Jefferson PDC
Jack Dawson	City of Charlottesville
Chris Gensic	City of Charlottesville
James Freas	City of Charlottesville
Jessica Hersh-Ballering	Albemarle County
Michael Barnes	Virginia Department of Transportation
Peter Krebs	Piedmont Environmental Council (member of the public)
Thomas Safranek	RTF and Three Notch'd Trail Project (member of public)
Michael Geisert	Albemarle County Resident (member of the public)
Ryan Mickles	Charlottesville-Albemarle MPO/Thomas Jefferson PDC

Note: *The Governor has declared a state of emergency due to the COVID-19 pandemic and the nature of this declared emergency makes it impracticable or unsafe for the Thomas Jefferson Planning District Commission to assemble in a single location. This meeting was held utilizing electronic virtual communication with the Zoom software application, and in accordance with virtual meeting procedures and policies as outlined in Item 4.0-01 of the Virginia state budget (HB29), as effective September 23, 2020. A recording of the meeting was made available to the public on December 9, 2021 at* https://us02web.zoom.us/j/88439774404?pwd=TVVCVitkQjVKcXJtVVRXQnFhWDQxQT09

1. Introductions
Staff and members of the public introduced themselves.

Mr. Dawson noted the city would be advertising for a Transportation Planner and a Bicycle and Pedestrian Coordinator/Planner; until new staff was hired, he and Mr. Brennen Duncan would handle the bicycle-pedestrian matters and committee participation.

Mr. Mickles noted minutes from the May 17 meeting were included in the Apr21 meeting packet; the committee does not approve minutes but they are provided as information.

2. SMART SCALE Applications
Mr. Mickles stated that on Apr1, the MPO staff submitted eight projects slated for Round 5 SMART SCALE. He noted there was a modification made to the MPO's Fifth Street Extended project/pre-application which now had an 8-ft sidewalk in lieu of the shared use path; VDOT had advise to make the change but that the modification was for pre-application purposes. Mr. Mickles showed a map of the SMART SCALE project buffer areas for the economic development site portion of the SMART SCALE process. He encouraged the City and County to submit their site plans for the final applications within those buffer areas sooner rather than later given the geographical size/area being covered.

Ms. Hersh-Ballering informed the County submitted its four SMART SCALE projects.

6. Roundtable Updates and Public Comment

Albemarle County:

Ms. Hersh-Ballering stated the County submitted its RAISE grant last week. She emphasized this was a competitive grant. The County would know in August if the grant application would be funded. Ms. Hersh-Ballering provided an overview of the proposed trail application, noting some information had changed since the last committee meeting. The County applied for planning funds for an alternatives analysis for different routes (Three Notch'd Trail). The trail would be from the City of Charlottesville to the Crozet community, then west to the Blue Ridge Tunnel in Nelson County. Once the alternatives analysis was completed, the consultants hired would develop 30 percent design plans; at that point, the County would be ready to apply for environmental clearances and construction funding. The estimated cost was $2.1m.

Mr. Safranek thanked those who wrote the narrative and compiled materials for the grant. He gathered letters of support and noted most provided letters. The National Park Services (Blue Ridge Parkway and Shenandoah National Park) did not; both indicated they might in the future, but the County's request was too quick of a turnaround to sign off on for a letter of support.

Mr. Gensic stated Waynesboro was moving ahead in applying for a different/separate grant to connect up to the tunnel. Mr. Barnes showed a map of Waynesboro trail project and pointed out trail alignment proposal.

City of Charlottesville

Mr. Gensic stated the Washington Park bike grant connector (Madison Ave to Madison Ave) was in bid phase review now and would move toward construction. He stated the city was moving forward with the Rugby Ave trail; it was in the right of way authorization phase now. He thought that project could go to bid in the summer and be under construction in shortly after.

TJPDC/CAMPO

Mr. Mickles noted he thought the on-street parking, coupled with the bike lane on Monticello Avenue (Ridge St – Avon St) might be problematic for cyclists (possible issues with dooring/vehicles and vehicles parked in middle of adjacent bicycle lane, etc). He also asked if new or updated counts/counters were available or in progress on city and urban county trails. Mr. Gensic provided an update. Mr. Mickles noted he had contacted Ms. Amanda Poncy regarding the city OneMap files. Ms. Poncy indicated he should speak with Mr. Mark Simpson at the city.

Mr. Dawson asked for additional information on OneMap. Mr. Barnes and Mr. Krebs provided some institutional knowledge.

Rideshare

Ms. Shannon stated May was Bike Month and Clean Commute Month. A drawing contest was being initiated this year where the public could draw themselves doing clean commute activities. Drawings can be placed on social media #cleancommutecville. Ms. Shannon noted prizes included gift certificates to Stonefield; she noted two bike shops donated $50 gift cards and T-shirts. They were still looking for additional prizes to provide winners. More information would be sent to stakeholders and partners asking people to share notices about it. A webpage was also developed.

Ms. Pennington stated Rideshare had a card designed by a local firm specifically for cyclists. The Apps and Rewards program syncs with STRAVA; cards will be placed in local bicycle shops. Rideshare was

open to ideas on how to reach cyclists. Ms. Pennington stated Rideshare would be printing cards next week.

Mr. Krebs asked if Ms. Pennington would be doing publicity in May. Ms. Pennington stated there would be some posting, social media, and radio advertisements. Mr. Krebs stated he would help get the word out. C3 also signed on to get the word out. Ms. Pennington noted several sponsors would also share information on their social media.

City of Charlottesville:
No new updates.

Virginia Department of Transportation:
No new updates.

7. Matters from the Public.
Mr. Krebs stated Piedmont Mobility Alliance meeting was coming. He thought Loundon County, Va had robust rural roads preservation program. Loundon officials would be speaking about preserving rural roads. He wanted to ask Loundon Co. officials if their rural roads program has a special designation or treatment for roads that are not gravel but are still being designated for recreation besides installing bikes on roads sign.

Mr. Krebs noted Charlottesville bike fest was held last weekend with the necessary permits obtained. He thought it could be interesting if there was a year to plan out what a Charlottesville bike festival could be. Mr. Krebs stated it would be a cool idea to have a Charlottesville bike festival in the spring and an Albemarle bike festival in the fall.

Mr. Safranek and Mr. Geisert stated they hoped to attend the mobility summit.

There being no further discussion, the meeting adjourned at 11:00am.

Committee materials and meeting recording may be found at https://tjpdc.org/our-work/bike-and-pedestrian/
