Introductions.
Group introductions

OneMap.
Mr. Ryan Mickles and Ms. Ruth Emerick provided an update to the Cmte. Several CAMPO staff members met internally to discuss goals and objectives. CAMPO/PDC would use OneMap as a planning tool, requesting updates from local government staff once or twice a year on new facilities constructed (eg. bicycle/pedestrian, bicycle only, and ped. only). Current attributes in the previous effort will be maintained. City data information may come once the city hired additional staff. Mr. Mickles noted county data on-hand was more than one-year old and the university data was more than 2-years. CAMPO staff would followup at a future meeting.

Safe Streets for All Grant Opportunity (SS4A).
Ms. Sandy Shackelford gave a powerpoint presentation on the SS4A program and comprehensive safety action plan application. PDC staff would be preparing and applying for a regional grant application to include all six jurisdictions; the application due date was Sep15. Kimley Horn LLC would assist with application and cost estimates; VDOT staff agreed to perform a regional crash analysis.

Roundtable Updates and Public Comment.
Charlottesville: Mr. Chris Gensic and Mr. Brennan Duncan provided updates for the city.
Albemarle: Ms. Jessica Hersh-Ballering, Mr. Alberic Karina-Plun, and Mr. Dan Butch provided updates for county.
CAMPO: Ms. Lucinda Shannon provided an update for MPO. Mr. Mickles referenced the last Cmte. meeting and request; he would contact guest speaker(s) for the next Cmte. meeting.

Matters from the Public.

In reference to the city's update, Mr. Geisert was pleased that pedestrian improvements were being incorporated (downtown/Hight Street).

There being no further discussion, the meeting adjourned at 10:45am.
