4. MATTERS FROM THE PUBLIC (MINUTE 3:49)

None.

5. DRAFT IMPLEMENTATION PLAN DISCUSSION (MINUTE 4:21)

Jennifer DeBruhl, RK&K, gave a project overview. She shared their illustrative implementation strategy. She shared their implementation strategy and offered three items for discussion at the meeting.

She continued with different tiers of funding options and key definitions. She shared base and blended scenarios for the Board to consider. There was a great deal of discussion about the scenarios.

She presented the next steps for the implementation strategy and there was an extensive question and answer session.

Ms. DeBruhl noted that the specifics about transit services being asked in the meeting cannot be handled at this time with the current deadline. The legislative “ask” will not dive that deeply. Those questions will need to be asked, but that is for a later time. This study is to provide a prioritized list of services that local governments could use to ask the General Assembly for additional transit funding.

The next meeting will be in person on September 24, 2026 at the Water Street Center in Charlottesville, VA.

6. ADJOURN

Ms. Oschrein adjourned the meeting at 6:04 p.m.

Moving Northern Virginia Forward

Investing in Northern Virginia's Transportation Future

In 2013, the Virginia General Assembly passed **House Bill 2313**, providing NVTa with a dedicated funding stream to invest in transportation projects that reduce congestion.

HB 2313 divided revenue into **two funding categories:**

Regional Revenue Fund (70%)

NVTa's Regional Revenue Fund supports regional transportation projects focused on congestion reduction. NVTa selects these projects through eligibility review, qualitative and quantitative analysis and public comment.

Local Distribution Fund (30%)

30% of NVTa's total funding is directly returned to Northern Virginia's cities, counties and towns. Each jurisdiction has the flexibility to use these funds for its own transportation priorities.

NVTA's Planning & Funding Programs

Long-Range Plan

- Updated every five years
- Fiscally and geographically unconstrained
- Identifies current/future transportation needs & priorities
- Analyzes regional impacts
- Develops a plan and project list
- *Next update underway.
Anticipated adoption: Dec. 2027*

Funding Program

- Allocates funding to multimodal, congestion-reducing projects
- Updated every two years
- Eight (8) funding programs adopted
- *Most Recent SYP Adopted:
July 2026*

Nearly **\$6 Billion** Programmed
400+ Multimodal Projects

Bike/Ped

\$390 Million

Roadway

\$2.66 Billion

Bus

More People

NVTA and our partners are **connecting people** by delivering **multimodal projects** that make travel **safer** and more **efficient**.

Planning for and investing in road, rail, bus, bicycle/pedestrian and intersection/interchange projects

Partnering with jurisdictions and agencies to deliver regionally significant projects

Prioritizing projects that alleviate strain on existing infrastructure

28 Routes. One System. BRT ACTION PLAN.

NVTA's **BRT Action Plan** is a strong blueprint for jurisdictions and agencies to develop BRT lines incrementally in addition to supplying the information necessary to demonstrate how they can successfully function as an integrated system once fully implemented.

Our BRT Action Plan outlines up to 28 routes to expand connectivity across the DMV

If implemented by 2045:

47M

Annual riders (143,000 daily)

27K

Daily car trips shifted to transit

23 tons

CO₂ avoided daily

NVTA's Current BRT Investments

\$1.1 Billion Invested

Five Routes

The One, incl. Widening	\$754M
Route 7 BRT	\$102M
West End Transitway	\$20M
Duke Street Transitway	\$102M
A1X / Metroway	\$36M
