Introduction

Purpose and Objective

The Virginia Department of Transportation (VDOT) allocates part of the State Planning and Research (SPR) funding to provide annual transportation planning assistance for non-urbanized areas within the Commonwealth. The Rural Transportation Planning (RTP) Program was created to aid the State in fulfilling the requirements of the State Planning Process to address the transportation needs of non-metropolitan areas. Funds appropriated under 23 U.S.C. 307(c) (SPR funds) are used in cooperation with the Department of Transportation, Commonwealth of Virginia for transportation planning as required by Section 135, Title 23, U.S. Code. These Federal funds provide 80 percent funding and require a 20 percent local match.

In FY-2025 each planning district commission / regional commission that has rural areas will receive \$58,000 from VDOT's Rural Transportation Planning Assistance Program. The corresponding planning district commission / regional commission will provide a local match of \$14,500 to conduct rural transportation planning activities. This resource may be supplemented with additional planning funds. The arrangement of all such funds involves the development of a scope of work, approval and other coordination in the Transportation & Mobility Planning Division's (TMPD) administrative work programs.

The scope of work shall include specific activities as requested by VDOT and/or the Federal Highway Administration. The scope of work may also include activities or studies addressing other transportation planning-related issues that may be of specific interest to the region. The criteria for the determination of eligibility of studies for inclusion as part of this work program are based upon 23 U.S.C. 307 (c), State Planning and Research.

Highlights of FY24

In FY24, the Rural Transportation Program focused on a variety of outcomes. The program dedicated significant time to continued work on regional transit planning. While TJPDC staff conducted its regular administration of the program and provided a variety of other services to the region and its members, the following highlights the more substantive efforts.

REGIONAL TRANSIT PLANNING – TJPDC staff worked with consultants through a Department of Rail and Public Transportation (DRPT) technical assistance grant to complete the Regional Transit Governance Study began in the fall of 2022. While the technical assistance grant covered the costs of the consultants completing the work, the costs for the TJPDC staff administration and engagement with the program has been supplemented through the Rural Work Program and the Charlottesville-Albemarle Metropolitan Planning Organization's (CA-MPO) Unified Planning Work Program.

COMPREHENSIVE SAFETY ACTION PLAN – In FY23, the TJPDC was notified that it was awarded a grant through the U.S. Department of Transportation's Safe Streets and Roads for All Discretionary Grant Program to develop a Comprehensive Safety Action Plan for all six of its member jurisdictions. To utilize the grant funding most effectively, the TJPDC allocated additional staff effort to support the plan development through the Rural Work Program and the Charlottesville-Albemarle Metropolitan Planning Organization's (CA-MPO) Unified Planning Work Program. The Comprehensive Safety Action Plan will continue into FY25.

COMMUTER ASSISTANCE PROGRAM STRATEGIC PLAN – The TJPDC undertook completion of the required five-year strategic plan for its RideShare program in FY24. Consultant expenses were paid for through a Department of Rail and Public Transportation technical assistance grant, and staff effort was supported through the Rural Work Program and the Charlottesville-Albemarle Metropolitan Planning Organization's (CA-MPO) Unified Planning Work Program. The bulk of the plan was completed in FY24.

Task 2.1 – Comprehensive Safety Action Plan - \$30,000

DESCRIPTION OF ACTIVITIES:

- The TJPDC was awarded a federal Safe Streets and Roads for All Discretionary Grant to develop Comprehensive Safety Action Plans for each of the six jurisdictions. To effectively leverage the funding, the TJPDC is committing additional staff support for the development of the safety action plans through both the Rural Work Program and the CA-MPO's Unified Planning Work Program. Once funding is released, there is a two-year performance period for the development of the Comprehensive Safety Action Plan, which will identify strategies for each locality to reduce the number of fatalities and serious injuries occurring along their roadways. TJPDC will partner with VDOT to complete an analysis of crashes throughout the region to determine the priority corridors outside of the federal grant in order to maximize the use of the grant resources.

One significant effort that will be underway in FY24 is the development of a Strategic Plan for TJPDC's commuter assistance program, RideShare. The TJPDC has applied for a technical assistance grant to retain a consultant, and the TJPDC will provide staffing support to develop elements of the Strategic Plan through the Rural Work Program and the CA-MPO's Unified Planning Work Program. Other efforts that will be programmed in this task include ongoing coordination with the Regional Transit Partnership and coordination of bike/ped projects with state funding applications.
